PNMG Inc. is a development stage company and currently has no operations. Any investment in the shares offered herein involves a high degree of risk. You should only purchase shares if you can afford a loss of your investment. Our independent registered public accountant has issued an audit opinion for PNMG INC. which includes a statement expressing substantial doubt as to our ability to continue as a going concern.

There has been no market for our securities and a public market may never develop, or, if any market does develop, it may not be sustained. Our common stock is not traded on any exchange or on the over-the-counter market. After the effective date of the registration statement relating to this prospectus, we hope to have a market maker file an application with the Financial Industry Regulatory Authority ("FINRA") for our common stock to be eligible for trading on the Over-the-Counter Bulletin Board. We do not yet have a market maker who has agreed to file such application. There can be no assurance that our common stock will ever be quoted on a stock exchange or a quotation service or that any market for our stock will develop.

Because we generated less than \$1 billion in total annual gross revenues during our most recently completed fiscal year, we qualify as an "emerging growth company" under the Jumpstart Our Business Startups ("JOBS") Act.

We will lose our emerging growth company status on the earliest occurrence of any of the following events:

1. On the last day of any fiscal year in which we earn at least \$1 billion in total annual gross revenues, which amount is adjusted for inflation every five years;
2. On the last day of the fiscal year of the issuer following the fifth anniversary of the date of our first sale of common equity securities pursuant to an effective registration statement;
3. On the date on which we have, during the previous 3-year period, issued more than \$1 billion in non-convertible debt; or
4. On the date on which such issuer is deemed to be a "large accelerated filer", as defined in section 240.12b-2 of title 17, Code of Federal Regulations, or any successor thereto."

A "large accelerated filer" is an issuer that, at the end of its fiscal year, meets the following conditions:

1. It has an aggregate worldwide market value of the voting and non-voting common equity held by its non-affiliates of \$700 million or more as of the last business day of the issuer's most recently completed second fiscal quarter;
2. It has been subject to the requirements of section 13(a) or 15(d) of the Act for a period of at least twelve calendar months; and
3. It has filed at least one annual report pursuant to section 13(a) or 15(d) of the Act.

As an emerging growth company, exemptions from the following provisions are

available to us:

1. Section 404(b) of the Sarbanes-Oxley Act of 2002, which requires auditor attestation of internal controls;
2. Section 14A(a) and (b) of the Securities Exchange Act of 1934, which require companies to hold shareholder advisory votes on executive compensation and golden parachute compensation;
3. Section 14(i) of the Exchange Act (which has not yet been implemented), which requires companies to disclose the relationship between executive compensation actually paid and the financial performance of the company;
4. Section 953(b) (1) of the Dodd-Frank Act (which has not yet been implemented), which requires companies to disclose the ratio between the annual total compensation of the CEO and the median of the annual total compensation of all employees of the companies; and
5. The requirement to provide certain other executive compensation disclosure under Item 402 of Regulation S-K. Instead, an emerging growth company must only comply with the more limited provisions of Item 402 applicable to smaller reporting companies, regardless of the issuer's size.

Pursuant to Section 107 of the JOBS Act, an emerging growth company may choose to forgo such exemption and instead comply with the requirements that apply to an issuer that is not an emerging growth company. We have elected to maintain our status as an emerging growth company and take advantage of the JOBS Act provisions.

THE PURCHASE OF THE SECURITIES OFFERED THROUGH THIS PROSPECTUS INVOLVES A HIGH DEGREE OF RISK. YOU SHOULD CAREFULLY READ AND CONSIDER THE SECTION OF THIS PROSPECTUS ENTITLED "RISK FACTORS" ON PAGES 5 THROUGH 10 BEFORE BUYING ANY SHARES OF PNMG INC.'S COMMON STOCK.

NEITHER THE SEC NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR PASSED UPON THE ADEQUACY OR ACCURACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

THE INFORMATION IN THIS PROSPECTUS IS NOT COMPLETE AND MAY BE CHANGED. WE WILL NOT SELL THESE SECURITIES UNTIL THE REGISTRATION STATEMENT FILED WITH THE U.S. SECURITIES COMMISSION HAS BEEN CLEARED OF COMMENTS AND IS DECLARED EFFECTIVE. PROSPECTUS SUMMARY

AS USED IN THIS PROSPECTUS, UNLESS THE CONTEXT OTHERWISE REQUIRES, "WE," "US," "OUR," AND "PNMG INC." REFERS TO PN MED GROUP INC. THE FOLLOWING SUMMARY IS NOT COMPLETE AND DOES NOT CONTAIN ALL OF THE INFORMATION THAT MAY BE IMPORTANT TO YOU. YOU SHOULD READ THE ENTIRE PROSPECTUS BEFORE MAKING AN INVESTMENT DECISION TO PURCHASE OUR COMMON STOCK.

PNMG INC.

We were incorporated in the State of Nevada on January 30, 2012. PN Med Group

Inc. (or "the company" or "PNMG") is a distributor of medical supplies and equipment to municipalities, hospitals, pharmacies, care centers, and clinics in Chile. We are a development stage company, and have not yet commenced operations or generated revenues to date. We intend to provide reliable and fast service with low prices to our customers. We expect to generate revenues from sales of our supplies to customers. A customer will order our supplies by telephone, from our website www.pnmedgroup.com using special form, or directly at an arranged meeting with our representative. We will import all the supplies and equipment straight from the manufacturer in China and deliver them to our potential clients in Chile without the help of commission base agents. We intend to use the net proceeds from this offering to develop our business operations (See "Description of Business" and "Use of Proceeds"). To implement our plan of operations we need (\$24,450) and pay ongoing legal fee associated with this offering (\$10,000); we require a minimum of \$34,450 for the next twelve months as described in our Plan of Operations. Our monthly burn rate is approximately \$2,871. This is a simple monthly estimate of company's expenses that include all the expenses described in our plan of operations; it is calculated by dividing \$34,450 by 12 months. Being a development stage company, we have very limited operating history. We will seek to implement our plan of operations even if we are unable to raise \$34,450 through this offering. If we raise less than 25% of the offering, we will spend our proceeds as described in the \$25,000 scenario. When we will require additional funds, we will attempt to raise them through sale of additional common stock or through director loans. We do not have any arrangements to raise additional funds at this time. A more detailed breakdown of costs is included in our plan of operations. The month on which we will run out of funds will depend on the amount of funds we raise in this offering.

Our principal executive office is located at San Isidro 250, depto 618, Santiago, Chile, 8240400. Our telephone number is (569) 65922350.

From inception on January 30, 2012 until the date of this filing, we have had limited operating activities. Our financial statements from inception on January 30, 2012 through March 31, 2012 report no revenues and a net loss of \$4,657. Our independent registered public accounting firm has issued an audit opinion for PNMG Inc which includes a statement expressing substantial doubt as to our ability to continue as a going concern.

We do not anticipate earning revenues until such time as we enter into commercial operation. Since we are presently in the development stage of our business, we can provide no assurance that we will successfully sell our products.

As of the date of this prospectus, there is no public trading market for our common stock and no assurance that a trading market for our securities will ever develop.

Registration Costs	We estimate our total offering registration costs to be approximately \$10,000.
Risk Factors	See "Risk Factors" and the other information in this prospectus for a discussion of the factors you should consider before deciding to invest in shares of our common stock.

4 RISK FACTORS

An investment in our common stock involves a high degree of risk. You should carefully consider the risks described below and the other information in this prospectus before investing in our common stock. If any of the following risks occur, our business, operating results and financial condition could be seriously harmed. The trading price of our common stock, when and if we trade at a later date, could decline due to any of these risks, and you may lose all or part of your investment.

RISKS ASSOCIATED TO OUR BUSINESS

WITHOUT THE FUNDING FROM THIS OFFERING WE WILL BE UNABLE TO IMPLEMENT OUR

BUSINESS PLAN.

Our current operating funds are less than necessary to complete our intended operations of distributing medical supplies and equipment to Chile. We will need the funds from this offering to commence activities listed in our business plan. As of March 31, 2012, we had cash in the amount of \$8,443 and liabilities of \$4,657. We currently do not have any operations and we have no income.

WE HAVE YET TO EARN REVENUE AND OUR ABILITY TO SUSTAIN OUR OPERATIONS IS DEPENDENT ON OUR ABILITY TO RAISE FINANCING FROM THIS OFFERING. AS A RESULT, THERE IS SUBSTANTIAL DOUBT ABOUT OUR ABILITY TO CONTINUE AS A GOING CONCERN.

We have accrued net losses of \$4,657 for the period from our inception on January 30, 2012 to March 31, 2012, and have no revenues to date. Our future is dependent upon our ability to obtain financing from this offering. Further, the finances required to fully develop our plan cannot be predicted with any certainty and may exceed any estimates we set forth. These factors raise substantial doubt that we will be able to continue as a going concern. Silberstein Ungar, PLLC, our independent registered public accountant, has expressed substantial doubt about our ability to continue as a going concern. This opinion could materially limit our ability to raise funds. If we fail to raise sufficient capital when needed, we will not be able to complete our business plan. As a result we may have to liquidate our business and you may lose your investment. You should consider our independent registered public accountant's comments when determining if an investment in PNMG Inc. is suitable.

WE MAY FACE DAMAGE TO OUR PROFESSIONAL REPUTATION IF OUR FUTURE CLIENTS ARE NOT SATISFIED WITH OUR SERVICES. IN THIS CASE, IT IS UNLIKELY THAT WE WILL BE ABLE TO OBTAIN FUTURE ENGAGEMENTS. IF WE ARE UNABLE TO OBTAIN ENGAGEMENTS, INVESTORS ARE LIKELY TO LOSE THEIR ENTIRE INVESTMENT.

As a distribution company, we depend and will continue to depend to a large extent on referrals and new engagements from our former customers, as we will attempt to establish a reputation for professional service company and integrity to attract and customers. As a result, if a customer is not satisfied with our services, such lack of satisfaction may be more damaging to our business than it may be to other businesses. Accordingly, no assurances can be given that we will obtain customers in the foreseeable future.

IF WE DO NOT ATTRACT POTENTIAL CUSTOMERS, WE WILL NOT MAKE A PROFIT, WHICH ULTIMATELY WILL RESULT IN A CESSATION OF OPERATIONS.

We currently have no signed agreements with our potential customers to purchase our services. At this time we have approached five local potential clients with view to offer our product to them: Hospital Claudio Vicuna, Dr. Juan Villagran Gacia, Municipality of Puerto Montt, EquilLab LTDA, and Santa Maria Clinic. There is no guarantee we will ever conduct business with these or any other potential customers. Even if we obtain business from the above listed potential customers, there is no guarantee that we will generate a profit. If we cannot generate a profit, we will have to suspend or cease operations. You are likely to lose your entire investment if we cannot sell our products at prices that generate a profit.

5

THE DISTRIBUTION INDUSTRY IS CYCLICAL AND IS SENSITIVE TO CHANGING ECONOMIC CONDITIONS; WE ARE IN THE MIDST OF AN INDUSTRY AND GENERAL ECONOMIC SLOWDOWN OR RECESSION THAT COULD MATERIALLY ADVERSELY IMPACT OUR BUSINESS.

Distribution services historically have been subject to substantial cyclical variation characterized by periods of oversupply and weak demand. We believe that many factors affect the industry, including consumer confidence in the economy, the level of personal discretionary spending, interest rates, fuel prices, credit availability and unemployment rates. At this time, we cannot predict the severity or duration of the slowdown and we cannot assure that our business will not be materially adversely affected if it continues or worsens. Accordingly, you are likely to lose your entire investment if the current slump in distribution industry continues.

WE OPERATE IN A HIGHLY COMPETITIVE ENVIRONMENT, AND IF WE ARE UNABLE TO COMPETE WITH OUR COMPETITORS, OUR BUSINESS, FINANCIAL CONDITION, RESULTS OF OPERATIONS, CASH FLOWS AND PROSPECTS COULD BE MATERIALLY ADVERSELY AFFECTED.

We operate in a highly competitive environment. Our competition includes small and midsized companies, and many of them may sell the same services at competitive prices. Highly competitive environment could materially adversely affect our business, financial condition, results of operations, cash flows and prospects.

BECAUSE WE DO NOT HAVE AN ESCROW OR TRUST ACCOUNT FOR YOUR SUBSCRIPTION, IF WE FILE FOR BANKRUPTCY PROTECTION OR ARE FORCED INTO BANKRUPTCY, OR A CREDITOR OBTAINS A JUDGMENT AGAINST US AND ATTACHES THE SUBSCRIPTION.

Your funds will not be placed in an escrow or trust account. Accordingly, if we file for bankruptcy protection or a petition for involuntary bankruptcy is filed by creditors against us, your funds will become part of the bankruptcy estate and administered according to the bankruptcy laws. If a creditor sues us and obtains a judgment against us, the creditor could garnish the bank account and take possession of the subscriptions. As such, it is possible that a creditor could attach your subscription that could preclude or delay the return of money to you.

IF WE ARE UNABLE TO RECRUIT, MOTIVATE AND RETAIN QUALIFIED PERSONAL, OUR BUSINESS, FINANCIAL CONDITION, RESULTS OF OPERATIONS AND CASH FLOWS COULD BE MATERIALLY AND ADVERSELY AFFECTED.

The success of our business will depend upon our ability to attract and retain through independent contractor or other arrangements, qualified employees who possess the skills and experience necessary to meet the needs of our operations. We will compete in markets in which unemployment is generally relatively low and the competition for skilled employees is intense.

We cannot assure that qualified employees will be available in sufficient numbers and on terms acceptable to us. The inability to attract and retain qualified personal, could materially and adversely affect our business, financial condition, results of operations and cash flows.

BECAUSE OUR CURRENT PRESIDENT AND OFFICERS DEVOTE LIMITED AMOUNT OF TIME TO THE COMPANY, THEY MAY NOT BE ABLE OR WILLING TO DEVOTE A SUFFICIENT AMOUNT OF TIME TO OUR BUSINESS OPERATIONS, CAUSING OUR BUSINESS TO FAIL.

Pedro Perez Nikltschek, our President, currently devotes approximately 20 hours per week providing management services to us. While he presently possesses adequate time to attend to our interest, it is possible that the demands on him from other obligations could increase, with the result that he would no longer be able to devote sufficient time to the management of our business. The loss of Mr. Nikltschek to our company could negatively impact our business development.

Mr. Urra, our secretary and executive officer, currently devotes approximately 20 hours per week providing management services to us. While he presently possesses adequate time to attend to our interest, it is possible that the demands on him from other obligations could increase, with the result that he would no longer be able to devote sufficient time to the management of our

6

business. The loss of Mr. Urra to our company could negatively impact our business development.

OUR PRESIDENT MR. NIKLITSCHKEK INFORMALLY AGREED TO ADVANCE US THE FUNDS NECESSARY TO PAY PROFESSIONAL FEES AND OPERATING EXPENSES; HOWEVER, HE HAS NOT LEGALLY OBLIGATED TO PROVIDE SUCH FUNDING POTENTIALLY CAUSING OUR BUSINESS TO FAIL.

Mr. Niklitschek informally agreed to advance us the funds for professional fees and operating expenses; however, he has not formally agreed to do so and therefore not legally obligated to provide such funding. Since we have no formal agreement with Mr. Niklitschek for the advancement of funds, Mr. Niklitschek may fail to advance us the funds, if needed.

OUR PRESIDENT, WHO IS ALSO A PROMOTER, WILL HOLD 50% OF OUR OUTSTANDING SHARES OF COMMON STOCK AFTER THE OFFERING AND CONTROL US.

Our sole director, who is also a promoter will hold 50% of our outstanding shares of common stock after the offering and controls us. As a result, Mr. Niklitschek will be able to elect all of our directors and control our operations.

OUR EXECUTIVE OFFICERS AND DIRECTOR DO NOT HAVE ANY PRIOR EXPERIENCE CONDUCTING A BEST-EFFORT OFFERING, OR MANAGING A PUBLIC COMPANY

Our executive officers and director do not have any experience conducting a best-effort offering or managing a public company. Consequently, we may not be able to raise any funds or run our public company successfully. If we are not able to raise sufficient funds, we may not be able to fund our operations as planned, and our business will suffer and your investment may be materially adversely affected. Also, our executive's officers' and director's lack of experience of managing a public company could cause you to lose some or all of your investment.

THERE IS NO MINIMUM NUMBER OF SHARES THAT HAS TO BE SOLD IN ORDER FOR THE OFFERING TO PROCEED

We do not have a minimum amount of funding set in order to proceed with the offering. If not enough money is raised to begin operations, you might lose your entire investment because we may not have enough funds to implement our business plan.

WE HAVE NO REVENUE AND LIMITED ASSETS

We have no revenue and limited assets and our registered certified public accountants have issued an opinion expressing substantial doubt about our ability to continue as a going concern; our limited operations and the likelihood that we will incur losses for the foreseeable future represent material risks to our potential investors.

RISKS ASSOCIATED WITH THIS OFFERING

THE TRADING IN OUR SHARES WILL BE REGULATED BY THE SECURITIES AND EXCHANGE COMMISSION RULE 15G-9 WHICH ESTABLISHED THE DEFINITION OF A "PENNY STOCK."

The shares being offered are defined as a penny stock under the Securities and Exchange Act of 1934, as amended (the "Exchange Act"), and rules of the Commission. The Exchange Act and such penny stock rules generally impose

additional sales practice and disclosure requirements on broker-dealers who sell our securities to persons other than certain accredited investors who are, generally, institutions with assets in excess of \$5,000,000 or individuals with net worth in excess of \$1,000,000 (exclusive of the value of investor's primary residence) or annual income exceeding \$200,000 (\$300,000 jointly with spouse), or in transactions not recommended by the broker-dealer. For transactions covered by the penny stock rules, a broker dealer must make certain mandated disclosures in penny stock transactions, including the actual sale or purchase price and actual bid and offer quotations, the compensation to be received by the broker-dealer and certain associated persons, and deliver certain disclosures required by the Commission. Consequently, the penny stock rules may make it difficult for you to resell any shares you may purchase, if at all.

7

WE ARE SELLING THIS OFFERING WITHOUT AN UNDERWRITER AND MAY BE UNABLE TO SELL ANY SHARES.

This offering is self-underwritten, that is, we are not going to engage the services of an underwriter to sell the shares; we intend to sell our shares through our President, who will receive no commissions. He will offer the shares to friends, family members, and business associates, however, there is no guarantee that he will be able to sell any of the shares. Unless he is successful in selling all of the shares and we receive the proceeds from this offering, we may have to seek alternative financing to implement our business plan. We do not have any plans where to seek this alternative financing at present time.

DUE TO THE LACK OF A TRADING MARKET FOR OUR SECURITIES, YOU MAY HAVE DIFFICULTY SELLING ANY SHARES YOU PURCHASE IN THIS OFFERING.

We are not registered on any market or public stock exchange. There is presently no demand for our common stock and no public market exists for the shares being offered in this prospectus. We plan to contact a market maker immediately following the completion of the offering and apply to have the shares quoted on the Over-the-Counter Bulletin Board ("BB"). The OTCBB is a regulated quotation service that displays real-time quotes, last sale prices and volume information in over-the-counter securities. The OTCBB is not an issuer listing service, market or exchange. Although the OTCBB does not have any listing requirements per se, to be eligible for quotation on the OTCBB, issuers must remain current in their filings with the SEC or applicable regulatory authority. Market makers are not permitted to begin quotation of a security whose issuer does not meet this filing requirement. Securities already quoted on the OTCBB that become delinquent in their required filings will be removed following a 30 to 60 day grace period if they do not make their required filing during that time. We cannot guarantee that our application will be accepted or approved and our stock listed and quoted for sale. As of the date of this filing, there have been no discussions or understandings between PN Med Group Inc. and anyone acting on our behalf, with any market maker regarding participation in a future trading market for our securities. If no market is ever developed for our common stock, it will be difficult for you to sell any shares you purchase in this offering. In such a case, you may find that you are unable to achieve any benefit from your investment or liquidate your shares without considerable delay, if at all. In addition, if we fail to have our common stock quoted on a public trading market, your common stock will not have a quantifiable value and it may be difficult, if not impossible, to ever resell your shares, resulting in an inability to realize any value from your investment.

WE WILL INCUR ONGOING COSTS AND EXPENSES FOR SEC REPORTING AND COMPLIANCE. WITHOUT REVENUE WE MAY NOT BE ABLE TO REMAIN IN COMPLIANCE, MAKING IT DIFFICULT FOR INVESTORS TO SELL THEIR SHARES, IF AT ALL.

Our business plan allows for the payment of the estimated \$10,000 cost of this registration statement to be paid from existing cash on hand. If necessary, Mr. Niklitschek, our Chairman, has verbally agreed to loan the company funds to complete the registration process. We plan to contact a market maker immediately following the close of the offering and apply to have the shares quoted on the OTC Electronic Bulletin Board. To be eligible for quotation, issuers must remain current in their filings with the SEC. In order for us to remain in compliance we will require future revenues to cover the cost of these filings, which could comprise a substantial portion of our available cash resources. If we are unable to generate sufficient revenues to remain in compliance it may be difficult for you to resell any shares you may purchase, if at all.

WE HAVE ELECTED TO USE THE EXTENDED TRANSITION PERIOD FOR COMPLYING WITH NEW OR REVISED ACCOUNTING STANDARDS UNDER SECTION 102(B)(1). AS A RESULT OF THIS ELECTION OUR FINANCIAL STATEMENTS MAY NOT BE COMPARABLE TO COMPANIES THAT COMPLY WITH PUBLIC COMPANY EFFECTIVE DATES.

PNMG has elected to use the extended transition period for complying with new or revised accounting standards under Section 102(b)(1) which allows us to delay the adoption of new or revised accounting standards that have different effective dates for public and private companies until those standards apply to private companies. As a result our financial statements may not be comparable to companies that comply with public company effective dates.

8

FORWARD LOOKING STATEMENTS

This prospectus contains forward-looking statements that involve risk and uncertainties. We use words such as "anticipate", "believe", "plan", "expect", "future", "intend", and similar expressions to identify such forward-looking

statements. Investors should be aware that all forward-looking statements contained within this filing are good faith estimates of management as of the date of this filing. Our actual results could differ materially from those anticipated in these forward-looking statements for many reasons, including the risks faced by us as described in the "Risk Factors" section and elsewhere in this prospectus.

USE OF PROCEEDS

Our offering is being made on a self-underwritten basis: no minimum number of shares must be sold in order for the offering to proceed. The offering price per share is \$0.02. The following table sets forth the uses of proceeds assuming the sale of 25%, 50%, 75% and 100%, respectively, of the securities offered for sale by the Company. There is no assurance that we will raise the full \$100,000 as anticipated. This is the maximum net proceeds and there is no minimum and no guarantee we will raise any funds in this offering.

	\$25,000	\$50,000	\$75,000	\$100,000

Legal and professional fees	\$10,000	\$10,000	\$10,000	\$10,000

We will allocate our proceeds as described in each of the scenarios described in the Use of Proceeds table and the following disclosures.

Regardless of the amount of funds raised we will initially seek to use the proceeds of the offering to cover our legal and professional fees of \$10,000 for all of our scenarios.

\$25,000

Legal and professional fees will include legal fees, accounting fees, audit fees, Edgar filing fees, transfer agent fees; PNMG's legal and professional fees are estimated to be \$10,000 for the year, regardless of the amount of funds raised in this offering.

Ordering supplies and equipment section will consist of potential orders of medical supplies and equipment. We intend to purchase supplies and equipment utilizing proceeds from this offering and funds from Mr. Niklitschek if necessary. Our first order will be in the amount of \$7,000.

If necessary, Mr. Niklitschek, our president, has verbally agreed to loan the company funds to complete the registration process and to implement our complete business plan.

DETERMINATION OF OFFERING PRICE

The offering price of the shares has been determined arbitrarily by us. The price does not bear any relationship to our assets, book value, earnings, or other established criteria for valuing a privately held company. In determining the number of shares to be offered and the offering price, we took into consideration our cash on hand and the amount of money we would need to implement our business plan. Accordingly, the offering price should not be considered an indication of the actual value of the securities.

DILUTION

Dilution represents the difference between the offering price and the net tangible book value per share immediately after completion of this offering. Net tangible book value is the amount that results from subtracting total liabilities and intangible assets from total assets. Dilution arises mainly as a result of our arbitrary determination of the offering price of the shares being offered. Dilution of the value of the shares you purchase is also a result of the lower book value of the shares held by our existing stockholders.

The price of the current offering is fixed at \$0.02 per common share. This price is significantly higher than the price paid by our director and officers for common equity since the Company's inception on January 30, 2012. There are 5,000,000 shares of common stock issued and outstanding as of the date of this prospectus. Mr. Niklitschek, our director and president, paid \$.001 per share for the 5,000,000 common shares. Assuming completion of the offering, there will be up to 10,000,000 common shares outstanding. The following table illustrates the per common share dilution that may be experienced by investors at various

funding levels.

MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Our cash balance is \$8,443 as of March 31, 2012. We believe our cash balance is not sufficient to fund our limited levels of operations for any period of time. We have been utilizing and may utilize funds from Mr. Niklitschek, our president, who has informally agreed to advance funds to us. Our president has no formal commitment, arrangement or legal obligation to advance or loan funds to the company. In order to achieve our business plan goals, we will need the funding from this offering. We are a development stage company and have generated no revenue to date.

Our independent registered public accountant has issued a going concern opinion. This means that there is substantial doubt that we can continue as an on-going business for the next twelve months unless we obtain additional capital to pay our bills. This is because we have not generated revenues and no revenues are anticipated until we complete our initial business development. There is no assurance we will ever reach that stage.

To meet our need for cash we are attempting to raise money from this offering. We believe that we will be able to raise enough money through this offering to expand operations but we cannot guarantee that once we expand operations we will stay in business after doing so. If we are unable to successfully find customers we may quickly use up the proceeds from this offering and will need to find alternative sources. At the present time, we have not made any arrangements to raise additional cash, other than through this offering.

PLAN OF OPERATION

Our sales and marketing strategy will expand our customer's base as quickly as possible. The marketing thrust will consist of direct contact to the responsible personal at selected hospitals, clinics, and care centers, the distribution of our product list along with our guarantee of fast services to Pharmacies, Municipalities, and home based care centers, and direct mailing to new high worth individuals using the resources of a list company.

We will not be conducting any product research or development. We do not expect to purchase or sell plant of any kind. Upon completion of our public offering, our specific goal is to profitably sell our products. Our plan of operations is as follows:

	\$25,000	\$50,000	\$75,000	\$100,000
Legal and professional fees	\$10,000	\$10,000	\$10,000	\$10,000
Order supplies and equipment	\$ 7,000	\$13,000	\$37,000	\$62,000
Establishing an office	\$ 850	\$13,000	\$13,000	\$13,000
Advertising	\$ 500	\$ 500	\$ 500	\$ 500
Web development	\$ 150	\$ 1,500	\$ 2,500	\$ 2,500
Car	\$ 6,500	\$12,000	\$12,000	\$12,000

Cost of lease for a year \$6,000.

ADVERTISING OUR PRODUCTS TO POTENTIAL CLIENTS

Period: 8-10 months

Realizing 25%-100% sales of common stock from our offering, PNMG will receive our products from the manufacturer. The Company will deliver our products to our potential customers. We will advertise our products by printing our products list brochures for our potential clients and it will cost us approximately \$500. We also plan to list our products free of charge on a national webpage www.mercadopublico.cl PNMG will begin approaching hospitals, clinics, care centers, pharmacies and municipalities and offering our products and services to their representatives; negotiating price, payment details, delivery times. The Company will begin blogging, e-newsletters, social networking, searching engine optimizer (SEO). We will follow up with our current customers and try to generate new referrals as well as continue looking for potential customers throughout the territory of Chile.

WEB DEVELOPMENT

Period: 1-3 months

Twelve months hosting with registration of our domain will cost the company \$150 (www.hostgator.com). If we realize 50% sales from our offering, we will pay additional \$1,350 to add sample projects slideshows realized in 3D, video galleries of product demos, customizable forms to capture valuable info from customers, addition of PayPal account to offer a reliable way to make payments to the company account, maps and driving directions for locals. Facebook and twitter accounts were added as a way of communicating with potential clients. If the company realizes 75%-100% of sales from our offering, additional Future Website Maintenance to pages will be required for our website including updating links and making minor changes to a sentence or paragraph. It does not include major page reconstruction, new pages, guestbooks, discussion webs, navigation structure changes. Major page code and/or graphics changes and additions will be made by our designer. This will cost us additional \$1,000.

BUYING 2ND CAR, HIRING EMPLOYEES, NEW AGREEMENTS

Period: 10th-12th month

To start delivering our supplies and equipment we will be using Pedro Niklitschek's car (2007 Suzuki). Mr. Niklitschek will bill us \$.25 per each km driven only after we realize some revenue. We did not include this expense in the Use of Proceeds table because these costs will be paid out of the revenue that we will generate. We will not use the proceeds from this offering to pay Mr. Niklitschek for this expense.

If the Company realizes 25% sales from our offering we will lease one or more cars that will be used for deliveries in addition to Mr. Niklitschek's car. This will cost us \$6,500 for the year. If we raise 50%-100% of sales from this offering PNMG will purchase additional car for our operations. The number of new cars will depend on the amount of revenue that we have available. We will purchase 2007-2009 Peugeot Partner (cost estimated \$12,000).

In this term we also plan to hire two more sales representatives and two more drivers to make deliveries to our potential clients. Compensation will be in form or commission payment from sales.

Total: \$25,000

To implement our plan of operations (\$25,000) and pay ongoing legal fee associated with this offering (\$10,000) we require a minimum of \$35,000 for the next twelve months as described in our Plan of Operations. If we only sell 25% or less of our offered shares we will still seek to implement our plan of operations. If we require an additional investment to implement our plan of operations and can not raise it through our offering, Mr. Niklitschek informally agreed to advance us the funds for professional fees and operating expenses; however, he has not formally agreed to do so and therefore not legally obligated to provide such funding. We have no written agreement that after twelve months period we may need additional financing. We do not currently have any arrangements for additional financing.

13

Until we start to sell our products we do not believe that our operations will be profitable. If we are unable to attract customers to order supplies with us we may have to suspend or cease operations.

Mr. Niklitschek, our president, will be devoting approximately 20 hours per week of his time to our operations. Once we expand operations, and are able to attract more and more customers to buy our product, our president has agreed to commit more time as required. Because Mr. Niklitschek will only be devoting limited time to our operations, our operations may be sporadic and occur at times which are convenient to him. As a result, operations may be periodically interrupted or suspended which could result in a lack of revenues and a cessation of operations.

OFF-BALANCE SHEET ARRANGEMENTS

We have no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

RESULTS OF OPERATIONS

FROM INCEPTION JANUARY 30, 2012 TO MARCH 31, 2012

- e) Kangtai Medical Devices Co. offers us free shipping, discount prices and a fast processing time.
- f) Without limitation, the following events shall constitute grounds for termination by Manufacturer:
 - (a) if Distributor shall file or have filed against it a petition in bankruptcy or insolvency or if Distributor shall make an assignment for benefit of its creditors or if Distributor's viability as a going concern should, in Manufacturer's judgment, become impaired;

- h) Upon termination by either Manufacturer or Distributor, Manufacturer shall have the option of buying back from Distributor any new unsold Products purchased from Manufacturer, at the prices charged to Distributor, less Manufacturer's then applicable restocking charge, if any, and less any additional expenses incurred by Manufacturer arising out of termination by Distributor

14

With the expansion of the company we intend to sign more agreements with suppliers and factories in other countries such as India, Philippines, Turkey, Poland, and Kazakhstan.

We have hired a contractor, Caroline Olmedo at Olmedo Web Designs, to develop our website www.pnmedgroup.com. The following sections were added: Home/Concept/Products/Forum/Contact us. Our customers will be able to submit order requests, view current orders online and/or contact us via email linked to our website. The contractor used Macromedia(R) Dreamweaver for our website development. The goal was to design a website to fully work in multiple browsers and multiple versions of code/pages. Caroline Olmedo represents and warrants that the website will be supported by the following versions: Microsoft(R) Internet Explorer versions 5 and higher, Netscape Navigator/ Communicator version 4 and higher, Mozilla Firefox version 1.0 and above. While the Contractor made reasonable efforts to design a fully-functional website, Caroline Olmedo warranty does not cover AOL, text-based browsers or requested special effects that were not advised by Contractor. HTML and Flash technologies were merged to ensure that the website is positioned higher in search engine rankings. The website is operational as of February 2012. It will cost \$150 for domain hosting for the year.

Our loss since inception is \$4,657 for filing costs related to the incorporation of the Company and cost of Nevada business license and bank fees. In the first quarter we used our cash we had to pay expenses associated with this offering. Our current cash on hand will be used to pay the fees and expenses of this offering.

Since inception, we have sold a total of 5,000,000 shares of common stock to our secretary and our director for net proceeds of \$5,000.

LIQUIDITY AND CAPITAL RESOURCES

As of March 31, 2012 the Company had \$8,443 cash and our liabilities were

\$4,236, comprising \$4,236 owed to Pedro Niklitschek, our president. Since inception through March 31, 2012, we have sold 5,000,000 shares of common stock. Mr. Niklitschek our president has paid a price of \$0.001 per share, for aggregate proceeds of \$5,000. To meet our need for cash we are attempting to raise money from this offering. We cannot guarantee that we will be able to sell all the shares required. If we are successful, any money raised will be applied to the items set forth in the Use of Proceeds section of this prospectus. We will attempt to raise the necessary funds to proceed with all phases of our plan of operation. Proceed of \$25,000 from this offering will likely allow us to operate for at least one year.

As of the date of this registration statement, the current funds available to the Company will not be sufficient to continue maintaining a reporting status. The company's director, Pedro Niklitschek, has indicated that he may be willing to provide funds required to maintain the reporting status in the form of a non-secured loan for the next twelve months as the expenses are incurred if no other proceeds are obtained by the Company. However, there is no contract in place or written agreement securing this agreement. Management believes if the company cannot maintain its reporting status with the SEC it will have to cease all efforts directed towards the company. As such, any investment previously made would be lost in its entirety.

Our auditors have issued a "going concern" opinion, meaning that there is substantial doubt if we can continue as an on-going business for the next twelve months unless we obtain additional capital. No substantial revenues are anticipated until we have completed the financing from this offering and implemented our plan of operations. Our only source for cash at this time is investments by others in this offering. We must raise cash to implement our strategy and stay in business. The amount of the offering will likely allow us to operate for at least one year and have the capital resources required to cover the material costs with becoming a publicly reporting. The company anticipates over the next 12 months the cost of being a reporting public company will be approximately \$10,000.

Management believes that current trends toward lower capital investment in start-up companies, volatility in the distribution industry will pose the most significant challenges to the Company's success over the next year and in future years. Additionally, the Company will have to meet all the financial disclosure and reporting requirements associated with being a publicly reporting company. PNMG has elected to use the extended transition period for complying with new or

15

revised accounting standards under Section 102(b)(1) which allows us to delay the adoption of new or revised accounting standards that have different effective dates for public and private companies until those standards apply to private companies. As a result our financial statements may not be comparable to companies that comply with public company effective dates.

The Company's management will have to spend additional time on policies and procedures to make sure it is compliant with various regulatory requirements, especially that of Section 404 of the Sarbanes-Oxley Act of 2002. This additional corporate governance time required of management could limit the amount of time management has to implement its business plan and impede the speed of its operations.

Should the Company fail to sell less than all its shares under this offering the Company would be forced to scale back or abort completely the implementation of its 12-month plan of operations.

SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The Company reports revenues and expenses using the cash basis method of accounting for financial and tax reporting purposes.

USE OF ESTIMATES

Management uses estimates and assumption in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses.

DEPRECIATION, AMORTIZATION AND CAPITALIZATION

The Company records depreciation and amortization when appropriate using both straight-line and declining balance methods over the estimated useful life of the assets (five to seven years). Expenditures for maintenance and repairs are charged to expense as incurred. Additions, major renewals and replacements that increase the property's useful life are capitalized. Property sold or retired, together with the related accumulated depreciation is removed from the appropriated accounts and the resultant gain or loss is included in net income.

INCOME TAXES

PN Med Group Inc. accounts for its income taxes in accordance with Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes." Under Statement 109, a liability method is used whereby deferred tax assets and liabilities are determined based on temporary differences between basis used of financial reporting and income tax reporting purposes. Income taxes are provided

based on tax rates in effect at the time such temporary differences are expected to reverse. A valuation allowance is provided for certain deferred tax assets if it is more likely than not, that the Company will not realize the tax assets through future operations.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial Accounting Standards statements No. 107, "Disclosures About Fair Value of Financial Instruments", requires the Company to disclose, when reasonably attainable, the fair market values of its assets and liabilities which are deemed to be financial instruments. The Company's financial instruments consist primarily of cash.

PER SHARE INFORMATION

The Company computes per share information by dividing the net loss for the period presented by the weighted average number of shares outstanding during such period.

16 DESCRIPTION OF BUSINESS

GENERAL

We were incorporated in the State of Nevada on January 30, 2012. PN Med Group Inc. is a distributor of medical supplies and equipment to municipalities, hospitals, pharmacies, care centers, and clinics in Chile. We are a development stage company, and have not yet commenced operations or generated revenues to date. The Company will import all the supplies and equipment directly from the manufacturers in China and deliver them to our potential clients in Chile.

At this stage, we have no revenues. The operations we have engaged in are the development of our website, business plan as well as a distribution agreement with Kangtai Medical Devices Co. who is our product supplier in China. We have approached five potential clients ranging from hospitals, clinics, and office-based physicians with view to offer our product to them. They have expressed interest in our product but we did not obtain any guarantees or commitments from them to date.

The majority of our business will be initially marketed in Chile but as our operations expand, we plan to expand to other South American markets.

CONCEPT

PNMG will focus on providing helpful customer service. We will have vast selection of products as well as same-day delivery services within 100 miles radius. We also offer a no minimum order size and no shipping charges, as well as returns of unused, saleable products for an instant credit.

CUSTOMERS

At this time we had preliminary talks with potential clients: Hospital Claudio Vicuna, Dr. Juan Villagran Garcia, Municipality of Puerto Montt, EquiLab LTDA, and Santa Maria Clinic. All of them have specified to us the products that they require on regular basis and we are going to include them in every one of our orders. These potential clients have expressed interest in our product and verbally agreed to give us the preference when ordering. However we did not execute any agreement with these potential clients and they do not have any obligation to purchase our product.

MARKETING

Initially, our main way of promoting our services will be by soliciting prospective clients directly and describing our list of products and services. Another way will be by arranging a meeting directly with the potential customer thru referrals.

17

Once we have ordered our initial inventory of products based on the "wish list" from our potential clients and more, we will be checking the following website www.mercadopublico.cl to see the products requirements by future potential clients. The website lists all the clinics and hospitals which are looking for specific equipment and supplies; they put up their requests daily and the lists remain online for the duration of 10-30 days being updated everyday. Once we will have the product that is being listed, we then contact the customer to

negotiate the price, time frame, payment and delivery. Once we will complete the order, we will try to arrange for future orders.

Another main communications channel will be the digital media via Internet. We plan to promote our products at our website www.pnmedgroup.com. Our website will list the benefits of using our products. We will print business cards and have our website listed on it. The client will also be able to submit order requests, view current orders online and/or contact us via email linked to our website or call our company directly.

Furthermore, we plan to attend different fairs and trade shows to further promote our business, hand out business cards, meet potential clients and referrals.

At last, the best marketing of our business will be our low prices. We will focus on sourcing our product from suppliers with high quality product and competitive pricing. Involving no commission base agents we will take the product straight from the factory to the buyer, keeping the prices low.

CUSTOMER SERVICE

We intend to follow-up on our previous orders to make sure everything worked out well and our potential clients don't have any problems or concerns. We will offer same-day delivery on a regular basis with no minimum order size and no shipping charges. Customer order received by or before 10:30 am will be delivered same day within a 100 miles radius. Within 30 miles radius, the order will be delivered the same day if received by noon. At first, Mr. Niklitschek or the secretary will use Pedro Niklitschek's car (2007 Suzuki) to deliver products. Mr. Niklitschek will bill us \$.25 per each km driven as soon as we generate some revenue. We have not included this expense in the use of proceeds section because these costs will be paid out of the revenue that we generate. We will not use the proceeds from this offering to pay Mr. Niklitschek for this expense. We may require more cars on the road to service our potential clients; we will then rent one or more cars for the cost of \$6,500. When our operations expand by March 2013 we plan on purchasing 2007-2009 Peugeot Partner (cost \$12,000).

Returns of unused, saleable products will be accepted for an instant credit and left in our inventory for resale to another client.

PRICES AND PAYING

Chile has a free-trade agreement with China, so we will not need to pay any duties on our products coming from there. It will take approximately 2-3 months to receive our order. Our prices on products will have an additional Chilean government obligatory 19% tax. Payments shall be made to one of our accounts without any deductions.

Payments by Customer shall be due upon receipt of the invoice. Customer agrees to make payment within 14 days. Upon the expiry of this deadline, Customers shall be in default of payment.

COMPETITION

The principal competitive factors in our industry are pricing and availability of product, service and delivery capabilities, ability to assist with problem-solving, customer relationships, and geographic coverage. Many of our competitors have greater financial capacity and are able to withstand any potential market fluctuations better than we can. To maintain a competitive position, PNMG will focus on providing helpful customer service. We will have vast selection of products as well as same-day delivery services within 100 miles radius. We also offer a no minimum order size and no shipping charges, as well as returns of unused, saleable products for an instant credit. Our competition will include other distribution companies, importers, and agents with the same or similar product list. However, the medical field grows rapidly and there is a constant need for new and more sophisticated equipment as well as more supplies. We expect competition to continue to intensify in the future. Competitors include companies with a more substantial customer bases. There can be no assurance that we can maintain a competitive position against current or future competitors, particularly those with greater financial, marketing, service, and support, technical and other resources. Our failure to maintain a

19

competitive position within the market could have a material adverse effect on our business, financial condition and results of operations. There can be no assurance that we will be able to compete successfully against current and future competitors, and competitive pressures faced by us may have a material adverse effect on our business, financial condition and results of operations.

INSURANCE

We do not maintain any insurance and do not intend to maintain insurance in the future. Because we do not have any insurance, if we are made a party of a products liability action, we may not have sufficient funds to defend the litigation. If that occurs a judgment could be rendered against us, which could cause us to cease operations.

Report of Independent Registered Public Accounting Firm

To the Board of Directors of
 PN Med Group Inc.
 Santiago, Chile

We have audited the accompanying balance sheet of PN Med Group Inc. (the "Company") as of March 31, 2012, and the related statements of operations, stockholder's equity, and cash flows for the period from January 30, 2012 (Date of Inception) through March 31, 2012. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of PN Med Group Inc. as of March 31, 2012 and the results of its operations and its cash flows for the period from January 30, 2012 (Date of Inception) through March 31, 2012 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 8 to the financial statements, the Company has limited working capital, has not yet received revenue from sales of products or services, and has incurred losses from operations. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management's plans with regard to these matters are described in Note 8. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 7 - INCOME TAXES

As of March 31, 2012, the Company had net operating loss carry forwards of approximately \$4,600 that may be available to reduce future years' taxable income in varying amounts through 2032. Re: PN Med Group Inc.
Amendment No. 4 to Registration Statement on Form S-1
Filed July 11, 2012
File No. 333-181229

As per your comments dated July 18, 2012 please see the following responses:

Use of Proceeds, page 9

1. We note your response to comment 1 in our letter dated July 9, 2012, and we reissue, in part, the comment. We note that you will allocate \$10,000 to legal and professional fees in all of your scenarios and your disclosure on page 10 that if you are unable to raise at least \$25,000 you will allocate your proceeds as described in the \$25,000 scenario. However, it remains unclear how you intend to use any additional proceeds if you raise less than \$25,000. Please your use of proceeds section and your plan of operations to state, if true, that once you have paid your legal and professional fees of \$25,000, you will allocate your proceeds proportionally to the other uses described in your \$25,000 scenario.

Response: We have revised our plan of operations and use of proceeds section to state that if we raise less than \$25,000, we will spend \$10,000 on legal and professional fees and then allocate the remaining proceeds to other uses proportionally as described in the \$25,000 scenario.

Sincerely,

/s/ Pedro Perez Niklitschek
