Dear Stockholder:

This notice of action by written consent and the accompanying information statement (the “Information Statement”) is being furnished by the Board of Directors (the “Board”) of Ekso Bionics Holdings, Inc., a Nevada corporation (“Ekso,” the “Company,” “we,” “us” or “our”), to the holders of record at the close of business on February 20, 2026 of the outstanding shares of our common stock, \$0.001 par value (the “Common Stock”), and Series B preferred stock, \$0.001 par value (the “Series B Preferred Stock,” and together with the Common Stock, the “Capital Stock”), pursuant to Rule 14c-2 promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

The purpose of the Information Statement is to inform the Company’s stockholders that on February 20, 2026, holders of approximately 50.4% of the outstanding Capital Stock acted by written consent (the “Written Consent”) in lieu of a special meeting of stockholders to approve: (i) the Contribution and Exchange Agreement, dated as of February 15, 2026 (the “Contribution and Exchange Agreement”), by and among the Company, APLD Intermediate Holdco LLC (“APLD Intermediate”), APLD ChronoScale HoldCo LLC (“Contributor”) and Applied Digital Cloud Corporation (“Cloud”), each a direct or indirect wholly owned subsidiary of Applied Digital Corporation (“Applied Parent”), pursuant to which Contributor will contribute all of its equity interest in its wholly owned subsidiary Cloud to the Company, in exchange for 138,216,820 newly issued shares of Common Stock (the “Exchanged Shares”) with Cloud becoming a wholly owned subsidiary of the Company (the “Business Combination”), and the Investor Rights Agreement, by and between the Company and Contributor (the “Investor Rights Agreement”) granting Contributor and its affiliates certain rights as the majority stockholder of the Company following the consummation of the Transactions (as defined below); (ii) an amendment and restatement of the Company’s Articles of Incorporation (the “Second Amended and Restated Articles of Incorporation”) to, among other things, (a) increase the number of authorized shares of Common Stock from 141,428,571 to 290,000,000 (the “Share Increase”), (b) waive corporate opportunities for certain members of the Board and stockholders, (c) elect not to be governed by the Nevada Revised Statutes (“NRS”) 78.411 through NRS 78.444, inclusive, (d) generally permit removal of directors only for cause and only by the affirmative vote of not less than 75% of the voting power of all of the then outstanding shares of stock entitled to vote in the election of directors cast at a meeting called for such purpose, and (e) change the name of the Company from “Ekso Bionics Holdings, Inc.” to “ChronoScale Corporation;” (iii) for purposes of Nasdaq Listing Rule 5635, the reservation and issuance of shares of Common Stock in connection with the consummation of the Business Combination and the Applied Parent Equity Financing (as defined below), as described in the Information Statement (the “Proposed Issuance”); and (iv) the adoption of the ChronoScale Corporation 2026 Omnibus Equity Incentive Plan (the “2026 Plan”). Approval of the Contribution and Exchange Agreement, the Business Combination, the Second Amended and Restated Articles of Incorporation, the Proposed Issuance and the 2026 Plan are referred to herein collectively as “Stockholder Approved Actions.”

In addition, immediately preceding the closing under the Contribution and Exchange Agreement (the “Closing”), we expect that Applied Parent will subscribe for and purchase, pursuant to a securities purchase agreement, at least \$15 million of Common Stock in an offering exempt from the registration requirements of the Securities Act of 1933, as amended (the “Securities Act”), at a price per share of Common Stock at or above the Minimum Price (as defined in the accompanying Information Statement) and in compliance with the rules and regulations of the Nasdaq Stock Market LLC (“Nasdaq,” and such offering, the “Applied Parent Equity Financing”). We expect that the closing of the Applied Parent Equity Financing will be conditioned upon all conditions to the Closing being satisfied or waived and the Business Combination occurring substantially concurrently with the Applied Parent Equity Financing, as well as certain other conditions.

In connection with and effective upon the Closing, the Company and Contributor will enter into the Investor Rights Agreement, pursuant to which the Contributor or any other APLD Investor (as defined in the Investor Rights Agreement) designated by the Contributor in writing (the “APLD Designator”), for so long as the APLD Investors collectively beneficially own a majority of the outstanding shares of the voting stock of the Company, has the right to designate four (4) of the seven (7) directors on ChronoScale’s Board, including the Chairman (each such director, an “APLD Designee”). The other initial members of the ChronoScale Board are expected to include the Company’s current Chief Executive Officer, Scott Davis, and up to an additional two (2) directors mutually agreed upon by the APLD Designator and the Company prior to Closing.

The Investor Rights Agreement also provides the APLD Investor (or group of APLD Investors) with (i) customary registration rights with respect to the resale of the Exchanged Shares received in the Business Combination and the shares of Common Stock issued in the Applied Parent Equity Financing, (ii) certain preemptive rights so long as the APLD Investors collectively beneficially own at least 10% of ChronoScale’s voting securities, (iii) consent rights so long as the APLD Investors beneficially own at least 30% of ChronoScale’s voting securities and (iv) certain governance, information and other rights with respect to ChronoScale.

Following the Closing, the Company also intends to change its fiscal year end to May 31st.

We expect that the closing of the Applied Parent Equity Financing will be conditioned upon all conditions to the Closing being satisfied or waived and the Business Combination occurring substantially concurrently with the Applied Parent Equity Financing, as well as certain other conditions. As a result of the Business Combination, Cloud will become a wholly owned subsidiary of the Company. The shares of Common Stock issued in the Applied Parent Equity Financing will be issued in a private placement exempt from registration under the Securities Act will initially bear customary restrictive legends and will be subject to legend removal in accordance with a securities purchase agreement and applicable law, including Rule 144 promulgated under the Securities Act, when the conditions therefor are met.

Recommendation of the Board; Reasons for the Business Combination

After careful consideration, the Board approved the Contribution and Exchange Agreement and recommended the approval of the Stockholder Approved Actions by the Company's stockholders.

The Board believed that the Contribution and Exchange Agreement and the Business Combination were advisable and in the best interests of the Company. For a discussion of the material factors that the Board considered in determining to approve the Contribution and Exchange Agreement, please see the section of this Information Statement entitled "[The Business Combination—Reasons for the Business Combination](#)" beginning on page [37](#).

Opinion of Ekso’s Financial Advisor to the Board

In connection with the Business Combination, Lake Street Capital Markets, LLC, the Company’s financial advisor (“Lake Street”) delivered a fairness opinion (the “Fairness Opinion”) to the Board as to the fairness, from a financial point of view and as of the date of such opinion, of the consideration to be paid by Ekso in the Business Combination pursuant to the terms of the Contribution and Exchange Agreement described in more detail in the section titled “[The Business Combination—Opinion of Ekso’s Financial Advisor to the Board](#)” beginning on page [40](#).

The full text of the Fairness Opinion, which describes the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by Lake Street in connection with the Fairness Opinion, is attached as [Annex E](#) to this document.

The Fairness Opinion was for the information of, and was directed to, the Board (in its capacity as such) for its information and assistance in connection with its consideration of the financial terms of the Business Combination. The Fairness Opinion addressed only the fairness, from a financial perspective, to Ekso of the consideration to be paid in connection with the Business Combination. It did not address the underlying business decision of the Board or Ekso to proceed with or effect the Business Combination or constitute a recommendation to the Board in connection with the Business Combination or any other matter, and it does not constitute a recommendation to any stockholder of Ekso or any stockholder of any other entity as to how to vote in connection with the Business Combination or as to any other action that a stockholder should take with respect to the Business Combination.

The full text of the Fairness Opinion should be read carefully in its entirety for a description of the procedures followed, the assumptions made, the matters considered, and the qualifications and limitations upon the review undertaken by Lake Street in connection with the Fairness Opinion.

Approval of the Business Combination; Record Date; Action by Stockholder Consent

Effective February 20, 2026, the Principal Stockholders delivered to the corporate secretary of the Company an irrevocable written consent approving the Stockholder Approved Actions (the “Written Consent”). As of the Record Date, the Principal Stockholders beneficially owned Capital Stock representing approximately 50.4% of the voting power of all the outstanding voting securities of the Company. Accordingly, the adoption of the Stockholder Approved Actions by the Principal Stockholders was effected in accordance with NRS 78.320 as of February 20, 2026. No further approval of the stockholders of the Company under the NRS is required to complete the Stockholder Approved Actions. As a result, the Company has not solicited and will not be soliciting your vote for the approval of the Stockholder Approved Actions and does not intend to call a meeting of stockholders for purposes of voting on the approval of the Stockholder Approved Actions. If the Contribution and Exchange Agreement is terminated in accordance with its terms, the Written Consent will be of no further force and effect.

Federal securities laws state that the Stockholder Approved Actions may not be completed until twenty (20) calendar days after the mailing date of this Information Statement to the Company’s stockholders. Therefore, notwithstanding the execution and delivery of the Written Consent, the Stockholder Approved Actions will not occur until that time has elapsed. We currently expect the Business Combination to be completed in the second calendar quarter of 2026, subject to any required regulatory reviews and approvals and the satisfaction of the other conditions to Closing in the Contribution and Exchange Agreement. However, there can be no assurance that the Business Combination will be completed on or prior to that time, or at all.

This Information Statement shall constitute notice to you from the Company that the Stockholder Approved Actions have been adopted by the holders of a majority of the voting power of the Common Stock and Series B Preferred Stock by written consent in lieu of a meeting in accordance with the NRS.

Please see the section of this Information Statement entitled “[The Contribution and Exchange Agreement—Required Approval of the Business Combination; Record Date; Action by Stockholder Consent](#)” beginning on page 39.

Certain Effects of the Business Combination

Upon the consummation of the Business Combination, Cloud will become a wholly owned subsidiary of the Company, with the Company holding 100% of the equity interests of Cloud. The Company, which will be renamed “ChronoScale Corporation” shall continue its existence under the laws of the State of Nevada. All debts, liabilities, obligations, restrictions, disabilities, and duties of Cloud shall remain the debts, liabilities, obligations, restrictions, disabilities, and duties of Cloud, as the wholly owned subsidiary of ChronoScale.

Please see the section of this Information Statement entitled “[The Business Combination—Certain Effects of the Business Combination](#)” beginning on page 47.

Governance Matters Following the Closing of the Business Combination

In connection with and effective upon the Closing, the Company and Contributor will enter into the Investor Rights Agreement, pursuant to which the APLD Designator, for so long as the APLD Investors collectively beneficially own a majority of the outstanding shares of the voting stock of the Company, has the right to designate four (4) of the seven (7) directors on the ChronoScale Board of Directors (“ChronoScale Board”), including the Chairman. The initial APLD Designees as of the Closing shall be Wes Cummins, Jason Zhang, Ella Benson and Richard Nottenburg. The other initial members of the ChronoScale Board are expected to include the Company’s current Chief Executive Officer, Scott Davis, and up to an additional two (2) directors mutually agreed upon by the APLD Designator and the Company prior to Closing.

In addition, if the APLD Investors beneficially own less than a majority of the outstanding voting securities of ChronoScale, the APLD Designator will be entitled to designate (i) if the APLD Investors beneficially own 25% or more of such voting securities, three (3) directors, (ii) if the APLD Investors beneficially own at least 10% (but less than 25%) of such voting securities, two (2) directors, and (iii) if the APLD Investors beneficially own less than 10% of such voting securities, one (1) director. Any changes to the size of ChronoScale’s Board while the APLD Investors collectively beneficially own at least 30% of ChronoScale’s voting securities will require the written consent of the APLD Designator.

The Investor Rights Agreement also provides the APLD Investor (or any group of APLD Investors) with, among other things, (i) customary registration rights with respect to the resale of the Exchanged Shares received in the Business Combination and the shares of Common Stock issued in the Applied Parent Equity Financing, (ii) certain preemptive rights so long as the APLD Investors collectively beneficially own at least 10% of ChronoScale’s voting securities in the aggregate, (iii) specified consent rights so long as the APLD Investors beneficially own at least 30% of ChronoScale’s voting securities in the aggregate and (iv) certain governance, information and other rights with respect to ChronoScale.

Please see the section of this Information Statement entitled “[The Business Combination—Governance Matters Following the Closing of the Business Combination](#)” beginning on page 47.

If the Business Combination is not completed for any reason, the Company and Cloud will remain separate, independent companies. In addition, if the Closing of the Business Combination does not occur, the Second Amended and Restated Articles of Incorporation will not be filed with the Secretary of State of the State of Nevada and will not become effective, and the 2026 Plan will not be adopted.

Please see the section of this Information Statement entitled “[The Business Combination—Effects on the Company if the Business Combination is Not Completed](#)” beginning on page [47](#).

Termination

The Contribution and Exchange Agreement may be terminated, and the Business Combination may be abandoned, at any time prior to the effective time in the following circumstances:

- by mutual written consent of the Company and APLD Intermediate;
- by either the Company or APLD Intermediate if the Business Combination shall not have been consummated on or prior to 5:00 p.m. New York City time, on July 15, 2026 (the “End Date”); provided, further, that the right to terminate under the foregoing premise shall not be available to a party if the failure of the Business Combination to be consummated by such date shall be proximately caused by the material breach or inaccuracy of, or failure to comply with, any representation, warranty, covenant or other agreement of such party set forth in the Contribution and Exchange Agreement by such party;
- by either the Company or APLD Intermediate if an order shall have been issued restraining, enjoining or otherwise prohibiting the consummation of the Business Combination and such order shall have become final and nonappealable; provided that the right to terminate under this premise shall not be available to a party if such order was proximately caused by the material breach or inaccuracy of, or failure to comply with, any representation, warranty, covenant or other agreement of such party set forth in the Contribution and Exchange Agreement by such party;
- by the Company, if Contributor, APLD Intermediate or Cloud shall have materially breached or there is a material inaccuracy in any of their respective representations and warranties, or shall have materially breached or failed to perform any of its covenants or other agreements contained in the Contribution and Exchange Agreement, which breach, inaccuracy or failure to perform (i) if it occurred or was continuing to occur on the Closing Date, would result in a failure of certain conditions of the Contribution and Exchange Agreement and (ii) is either not curable or is not cured by the earlier of (A) the End Date and (B) the date that is thirty (30) days following delivery of written notice from the Company to Contributor, APLD Intermediate or Cloud, as applicable, of such breach, inaccuracy or failure.
- by APLD Intermediate, if the Company shall have materially breached or there is any material inaccuracy in any of its representations or warranties, or shall have materially breached or failed to perform any of its covenants or other agreements contained in the Contribution and Exchange Agreement, which breach, inaccuracy or failure to perform (i) if it occurred or was continuing to occur on the Closing Date, would result in a failure of a condition set forth in certain conditions of the Contribution and Exchange Agreement and (ii) is either not curable or is not cured by the earlier of (A) the End Date and (B) the date that is thirty (30) days following delivery of written notice from Contributor or APLD Intermediate to the Company of such breach, inaccuracy or failure;
- by APLD Intermediate, at any time prior to receiving the Stockholder Approval, in the event that the Company fails to obtain the Written Consent and deliver the same to APLD Intermediate prior to the deadline set forth in the Contribution and Exchange Agreement; provided, that, if the Written Consent is not obtained by such deadline and APLD Intermediate elects to cause the Company to initiate the procedures to call a meeting of the stockholders of the Company, then in the event that the Company fails to obtain the Stockholder Approval prior to the deadline for the meeting set forth in the Contribution and Exchange Agreement; or
- by APLD Intermediate, at any time after or concurrently with the announcement of a Sale of Applied Parent. For purposes of this provision, “Sale of Applied Parent” shall mean (a) a “person” or “group” (within the meaning of Section 13(d)(3) of the Exchange Act), other than Applied Parent or its wholly owned subsidiaries, or their respective employee benefit plans, files any report with the SEC indicating that such person or group has become the direct or indirect “beneficial owner” (as defined below) of shares of the common stock of Applied Parent representing more than fifty percent (50%) of the voting power of all of the common stock of Applied Parent; (b) the consummation of a sale or other disposition, in one or more transactions, of all or substantially all of the assets of Applied Parent and its subsidiaries, taken as a whole; or (c) the consummation of any transaction or series of related transactions in connection with which (whether by means of merger, consolidation, share exchange, combination, reclassification, recapitalization, acquisition, liquidation or otherwise) all of the common stock of Applied Parent is exchanged for, converted into, acquired for, or constitutes solely the right to receive, other securities, cash or other property.

Please see the section of this Information Statement entitled "[The Contribution and Exchange Agreement—Termination](#)" beginning on page [67](#).

Amendment and Restatement of the Articles of Incorporation

Immediately prior to the Closing of the Business Combination, the Company will amend and restate in its entirety its Articles of Incorporation and file with the Secretary of State of the State of Nevada the Second Amended and Restated Articles of Incorporation, a form of which is attached as [Annex C](#) to this Information Statement, to, among other things, (i) increase the number of authorized shares of Common Stock from 141,428,571 to 290,000,000, (ii) waive corporate opportunities for certain members of the Board and stockholders, (iii) elect not to be governed by NRS 78.411 through NRS 78.444, inclusive, (iv) generally permit removal of directors only for cause and only by the affirmative vote of not less than 75% of the voting power of all of the then outstanding shares of stock entitled to vote in the election of directors cast at a meeting called for such purpose, and (v) change the name of the Company from "Ekso Bionics Holdings, Inc." to "ChronoScale Corporation."

Please see the section of this Information Statement entitled "[Second Amended and Restated Articles of Incorporation](#)" beginning on page [84](#).

Change of Control and Proposed Issuance (Nasdaq Rule 5635)

The Common Stock is currently listed on Nasdaq. As a result, the Common Stock is subject to the Nasdaq Listing Rules.

Pursuant to Nasdaq Listing Rule 5635(a), stockholder approval is required prior to the issuance of common stock or other securities convertible into or exercisable for common stock, in connection with the acquisition of the stock or assets of another company, if such securities are not issued in a public offering for cash and (1) the common stock has, or will have upon issuance, voting power equal to or in excess of 20% of the voting power outstanding before the issuance of such securities, or (2) the number of shares of common stock to be issued is or will be equal to or in excess of 20% of the number of shares of common stock outstanding before the issuance of such securities.

Pursuant to Nasdaq Listing Rule 5635(b), stockholder approval must be obtained prior to the issuance of securities when the issuance or potential issuance will result in a "change of control" of a company, which is generally understood to occur when, after a transaction, an investor (or a group of investors) would hold 20% or more of a company's then-outstanding capital stock (a "Change of Control").

In addition, pursuant to Nasdaq Listing Rule 5635(d), stockholder approval must be obtained prior to the issuance of securities in connection with a transaction other than a public offering involving the sale, issuance, or potential issuance of common stock (or securities convertible into or exercisable for common stock) equal to 20% or more of common stock, or 20% or more of voting power, outstanding before such issuance, at a price per share that is less than the lower of: (i) the closing price of the common stock immediately preceding the signing of the applicable binding agreement; or (ii) the average closing price of shares of common stock for the five trading days immediately preceding the signing of the applicable binding agreement governing such issuance (the "Minimum Price").

Upon the consummation of the Business Combination and the Applied Parent Equity Financing as described in this Information Statement, based on the shares outstanding as of February 20, 2026, Contributor is expected to hold approximately 96% of ChronoScale's outstanding shares of Common Stock and Applied Parent is expected to hold approximately 1% of ChronoScale's outstanding shares of Common Stock, assuming full conversion of the Series B Preferred Stock, full vesting of outstanding director restricted stock units that are expected to vest upon the Closing in accordance with their terms and the Company issuing \$15.0 million of Common Stock in the Applied Parent Equity Financing at an assumed price per share of \$11.81, the closing price of the Common Stock on March 12, 2026 (which is subject to change). Therefore, the issuance of the shares of Common Stock in the Business Combination will, and the issuance of Common Stock in the Applied Parent Equity Financing, if aggregated with the Business Combination would, constitute (i) a transaction in which the Common Stock will have upon issuance, voting power equal to or in excess of 20% of the voting power outstanding before the issuance of such securities subject to stockholder approval under Nasdaq Rule 5635(a) and (ii) a Change of Control under Nasdaq Rule 5635(b), where stockholder approval must be obtained prior to any such issuance.

In addition, either the Business Combination or the Applied Parent Equity Financing may constitute a transaction other than a public offering for which stockholder approval is required pursuant to Nasdaq Rule 5635(d) if it is determined that (i) in the case of the Business Combination, the price per share of Common Stock is below the Minimum Price, and (ii) in the case of the Applied Parent Equity Financing, the issuance of Common Stock to Applied Parent is equal to 20% or more of the Common Stock outstanding before such issuance at a price per share that is below the Minimum Price. Applied Parent expects to consummate the Applied Parent Equity Financing at or above the Minimum Price. However, the terms of the Applied Parent Equity Financing are not known at this time. It is possible that the consummation of the Applied Parent Equity Financing would fall under this rule if such offering is not priced at or above the Minimum Price, because the number of shares of Common Stock issuable upon the completion of the Applied Parent Equity Financing may equal or exceed 20% of the number of shares of Common Stock outstanding prior to the Applied Parent Equity Financing, as the Applied Parent Equity Financing will be consummated immediately prior to the Business Combination.

Please see the section of this Information Statement entitled "[Approval of the Proposed Issuance—Nasdaq Rule 5635](#)" beginning on page [82](#).

Adoption of the 2026 Plan

In connection with the Business Combination, the Principal Stockholders approved the adoption of the 2026 Plan, to be effective immediately upon the consummation of the Business Combination. A copy of the 2026 Plan is set forth as [Annex D](#) to this Information Statement. The purpose of the 2026 Plan is to provide a means whereby eligible employees, officers, non-employee directors and other service providers develop a sense of proprietorship and personal involvement in the development and financial success of ChronoScale and to encourage them to devote their best efforts to the business of ChronoScale, thereby advancing the interests of ChronoScale and its stockholders. The key provisions of the 2026 Plan are as follows:

- The 2026 Plan will continue until terminated by the Board, but no awards shall be granted on or after the 10th anniversary of the date of the 2026 Plan's initial adoption by the Board.
- The 2026 Plan provides for the grant of stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares, and performance stock units, incentive bonus awards, other cash-based awards and other stock-based awards to eligible employees, non-employee directors and other service providers, to be granted from time to time as determined by the Board or its designees.
- An aggregate of 22,500,000 shares of Common Stock will be initially authorized for issuance pursuant to awards under the 2026 Plan.
- The 2026 Plan will be administered by the Board or, if designated by the Board, the committee of the Board delegated with the authority to administer the 2026 Plan.

Please see the section of this Information Statement entitled "[2026 Plan](#)" beginning on page [94](#).

Material U.S. Federal Income Tax Consequences of the Business Combination

The receipt of equity interests of Cloud by the Company is not expected to be a taxable event for the Company or a holder of the Capital Stock, and accordingly there should be no U.S. federal income tax consequences to the Company or to a holder of the Capital Stock as a result of the Business Combination.

Accounting Treatment of the Business Combination

The Company prepares its financial statements in accordance with U.S. generally accepted accounting principles (“GAAP”) and its pro forma financial statements in accordance with Article 11 of Regulation S-X, as required by the SEC. The Business Combination will be accounted for as an acquisition under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 805, Business Combinations, with Cloud being considered the acquirer of the Company for accounting purposes.

QUESTIONS AND ANSWERS ABOUT THE BUSINESS COMBINATION, THE SECOND AMENDED AND RESTATED ARTICLES OF INCORPORATION, THE PROPOSED ISSUANCE AND THE 2026 PLAN

The following questions and answers are intended to briefly address some commonly asked questions regarding the Business Combination, the Second Amended and Restated Articles of Incorporation and the Proposed Issuance. These questions and answers may not address all questions that may be important to you as a stockholder. You should read the more detailed information contained elsewhere in this Information Statement, the annexes to this Information Statement and the documents referred to or incorporated by reference in this Information Statement.

Q: Why am I receiving this Information Statement?

A: On February 15, 2026, the Company entered into the Contribution and Exchange Agreement with Contributor and Cloud, among others, and, on February 20, 2026, the Principal Stockholders approved the Stockholder Approved Actions, including the Contribution and Exchange Agreement and the Business Combination. In connection with the Business Combination, and as a condition precedent to the Closing, the Company intends to consummate the Applied Parent Equity Financing, as described elsewhere in this Information Statement. Immediately following the consummation of the Business Combination and the Applied Parent Equity Financing, based on the shares outstanding as of February 20, 2026, the Company securityholders as of immediately prior to the consummation of the Business Combination are expected to collectively hold approximately 3% of ChronoScale's outstanding shares of Common Stock, Contributor is expected to hold approximately 96% of ChronoScale's outstanding shares of Common Stock and Applied Parent is expected to hold approximately 1% of ChronoScale's outstanding shares of Common Stock, in each case, assuming full conversion of the Series B Preferred Stock, full vesting of outstanding director restricted stock units that are expected to vest upon the Closing in accordance with their terms and the Company issuing \$15.0 million of Common Stock in the Applied Parent Equity Financing at an assumed price per share of \$11.81, the closing price of the Common Stock on March 12, 2026 (which is subject to change). Prior to the Closing Date, the Company will need to amend the Articles of Incorporation to, among other things, increase the number of authorized shares of Common Stock in order to provide for the Proposed Issuance. In addition to the Second Amended and Restated Articles of Incorporation, the Principal Stockholders approved the Proposed Issuance for purposes of Nasdaq Listing Rule 5635, as further described in this Information Statement, in part, because the Business Combination constitutes a change of control transaction under Rule 5635, as well as the adoption of the 2026 Plan. Applicable provisions of Nevada law and certain securities regulations require us to provide you with information regarding the Stockholder Approved Actions, even though your vote or consent is neither required nor requested to approve the Contribution and Exchange Agreement and the Proposed Issuance, to adopt the Second Amended and Restated Articles of Incorporation, to adopt the 2026 Plan or to approve and complete the other Stockholder Approved Actions.

Q: When the Business Combination closes, what happens to my shares of Common Stock?

A: Your ownership of shares of Common Stock will not change as a result of the Closing. There will be neither any exchange of nor any new consideration received for your shares of Common Stock. All of the preferences, relative rights and other rights you have in your shares of Common Stock will be unaffected. However, the Business Combination will have a dilutive effect on the percentage of your ownership interest in the Company. After giving effect to the Contribution and the Applied Parent Equity Financing, based on the shares outstanding as of February 20, 2026, the Company's existing securityholders are expected to collectively hold approximately 3% of ChronoScale's outstanding shares of Common Stock assuming full conversion of the Series B Preferred Stock, full vesting of outstanding director restricted stock units that are expected to vest upon the Closing in accordance with their terms and the Company issuing \$15.0 million of Common Stock in the Applied Parent Equity Financing at an assumed price per share of \$11.81, the closing price of the Common Stock on March 12, 2026 (which is subject to change).

Q: Will the common stock of ChronoScale continue to trade on an exchange?

A: Yes, the common stock of ChronoScale will continue to trade on Nasdaq, subject to Nasdaq's approval of the listing application (which we intend to file concurrently with or shortly following the date of this Information Statement), under its new name, ChronoScale Corporation, and a new symbol "CHRN."

Q: When the Business Combination closes, what happens to my shares of Series B Preferred Stock in the Company?

A: Your ownership of your shares of Series B Preferred Stock will not change as a result of the Closing. There will be neither any exchange of nor any consideration received for your shares of Series B Preferred Stock. All of the preferences, relative rights and other rights you have in your shares of Series B Preferred Stock will be unaffected. However, the Business Combination will have a dilutive effect on the percentage of your ownership interest in the Company. On a go forward basis, the Company's Series B Preferred holders as of immediately prior to the consummation of the Business Combination are expected to hold approximately 0.5% of the shares of the combined company capital stock.

Q: When is the Business Combination expected to close?

A: The closing of the Business Combination cannot occur until 20 calendar days after the Company mails this Information Statement to its stockholders, assuming all of the other closing conditions specified in the Contribution and Exchange Agreement have been satisfied. We currently expect the Transactions to be completed in the second calendar quarter of 2026, subject to certain approvals and the satisfaction of the other conditions to Closing in the Contribution and Exchange Agreement. However, there can be no assurance that the Transactions will be completed in that period, or at all.

Q: What happens if the Business Combination does not close?

A: If the Business Combination does not close for any reason, the Company and Cloud will remain separate, independent companies. In addition, if the Closing of the Business Combination does not occur, the Second Amended and Restated Articles of Incorporation will not be filed with the Secretary of State of the State of Nevada and will not become effective, and the 2026 Plan will not be adopted.

Q: Why did the Board approve the Business Combination and the Contribution and Exchange Agreement?

A: After careful consideration and evaluation of the Business Combination, our Board approved and declared advisable the Contribution and Exchange Agreement, the Business Combination and the other transactions contemplated by the Contribution and Exchange Agreement.

For a discussion of the factors that the Board considered in determining to approve the Contribution and Exchange Agreement, please see the section of this Information Statement entitled "[The Business Combination—Reasons for the Business Combination.](#)"

Q: Did the Board obtain a third-party valuation or fairness opinion in determining whether or not to proceed with the Business Combination?

A: Yes. The Board engaged Lake Street to render an opinion as to the fairness, from a financial point of view, of the consideration to be paid by the Company in the Business Combination (the "Fairness Opinion"). Lake Street is a full-service securities firm that provides, among other things, investment banking services and regularly is engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, underwriting and secondary distributions of securities, private placements and other valuations for estate, corporate and other purposes. The Board received an opinion from Lake Street to the effect that, as of the date of such opinion and based upon and subject to the assumptions made, procedures followed, matters and factors considered, and limitations and qualifications set forth therein, the consideration to be paid by the Company in the Business Combination pursuant to the terms of the Business Combination Agreement is fair, from a financial point of view, to the Company. Please see the section entitled "[The Business Combination—Opinion of Ekso's Financial Advisor to the Board.](#)"

Q: What factors did the Board consider in evaluating the Contribution and Exchange Agreement and the Business Combination?

A: In evaluating the Business Combination, the Board consulted with the Company's management, as well as its legal and financial advisors, including Lake Street who rendered the Fairness Opinion to the Board, and considered a number of factors, weighing both perceived benefits of the Business Combination as well as potential risks of the Business Combination. In the course of its deliberations, the Board considered a variety of factors and information that it believes supports its determinations and recommendations, including the following (which are not all-inclusive and not necessarily presented in order of relative importance):

- the Company's expectations regarding the dynamic growth of Cloud and the broader artificial intelligence industry, as well as Cloud's near-term values and financial projections;
- the Company's expectations regarding the high market demand for cloud computing, the significant investment being made in the sector and the stock price appreciation for companies in the sector;
- the Company's expectations that pursuing the Business Combination would allow for additional time and capital to evaluate strategic alternatives for the Company's existing business;
- the Company's expectations regarding potential alternatives to the Business Combination, which were extremely limited and included growth through acquiring a competitor or its technology or continuing to seek external financing to fund the Company's operations, each of which would require significant additional capital that may be unavailable or, if available, was expected to be difficult and highly dilutive and would not be expected to be sufficient to fund the Company through profitability;
- the Company's belief that, based on its historical operating results, the Company's ability to organically achieve profitability through scale entailed significant execution risk, even if the Company was able to obtain sufficient interim funding;
- the Company's business outlook, which was challenged given the limited historical growth in Indego Therapy device sales and the limited growth prospects for EksoNR sales;
- the Company's expectations that it would have limited cash resources available to fund its ongoing operations, even after giving effect to its recent fundraising efforts. In such circumstances, the Company's available liquidity would be insufficient to sustain operations for the next twelve months;
- the receipt of the Fairness Opinion that, subject to the assumptions, qualifications, and limitations set forth therein, the issuance of the Exchanged Shares by the Company in connection with the transactions contemplated by the Contribution and Exchange Agreement is fair, from a financial point of view, to the Company; and
- the recommendation of the Business Combination by the Company's management team.

The foregoing factors are some of the principal factors considered by the Board. The Board did not assign relative weights to the factors it considered or determine that any factor was of particular importance. For a discussion of the factors that the Board considered in determining to approve the Contribution and Exchange Agreement, please see the section of this Information Statement entitled "[The Business Combination—Reasons for the Business Combination.](#)"

Q: Is stockholder approval required for the adoption or effectuation of the Contribution and Exchange Agreement, the Second Amended and Restated Articles of Incorporation, the Proposed Issuance and the 2026 Plan? Why am I not being asked to vote on such matters?

A: Under Nevada law and applicable Nasdaq Listing Rules, the approval of the Contribution and Exchange Agreement, the Business Combination, the Second Amended and Restated Articles of Incorporation, the Proposed Issuance and the adoption of the 2026 Plan requires approval by the Board and a majority of the voting power of the Common Stock and Series B Preferred Stock voting as a single class. Per the NRS, stockholder approval may be obtained at a stockholders' meeting or by written consent in lieu of a stockholders' meeting. The stockholder approval was obtained effective February 20, 2026, the date on which the Principal Stockholders delivered to the corporate secretary of the Company the Written Consent adopting the Stockholder Approved Actions. As of February 20, 2026, the Principal Stockholders beneficially held approximately 50.4% of the voting power of all the outstanding voting securities of the Company. Accordingly, the Company obtained the required stockholder approval of the Stockholder Approved Actions in accordance with the NRS.

No further approval of the stockholders of the Company is required to adopt or effect the Stockholder Approved Actions. As a result, the Company has not solicited and will not be soliciting your vote for the approval of the Stockholder Approved Actions and does not intend to call a meeting of stockholders for purposes of voting on the approval of the Stockholder Approved Actions.

Q: Am I entitled to appraisal rights in connection with the Business Combination?

A: The Business Combination and the other transactions contemplated by the Contribution and Exchange Agreement do not give rise to any appraisal rights or similar rights for the Company's stockholders.

Q. Who will be the officers and directors of ChronoScale following the consummation of the Business Combination?

A. In connection with and effective upon the Closing, the Company and Contributor will enter into the Investor Rights Agreement, pursuant to which the APLD Designator, for so long as the APLD Investors collectively beneficially own a majority of the outstanding shares of the voting stock of the Company, has the right to designate four (4) of the seven (7) directors on ChronoScale's Board, including the Chairman. The initial APLD Designees as of the Closing shall be Wes Cummins, Jason Zhang, Ella Benson and Richard Nottenburg. The other initial members of the ChronoScale Board are expected to include the Company's current Chief Executive Officer, Scott Davis, and up to an additional two (2) directors mutually agreed upon by the APLD Designator and the Company prior to Closing. Please see the section entitled "[Agreements Related to the Business Combination – Investor Rights Agreement](#)" of this Information Statement.

The Board expects to appoint ChronoScale's officers at Closing. Scott Davis, the current Chief Executive Officer of the Company, is expected to be the Chief Executive Officer of Ekso Bionics, Inc., a wholly owned subsidiary of ChronoScale upon Closing. In addition, Jerome Wong is expected to continue in his role as Chief Financial Officer and become the Chief Financial Officer of ChronoScale upon Closing. For more information, see the section entitled "[Governance Matters Following the Closing of the Business Combination](#)" of this Information Statement.

Q. Do any of the Company's directors or executive officers have any interests in the Business Combination that are different from or in addition to the interests of the Company's stockholders?

A: Yes. Certain of the Company's directors and executive officers may have interests in the Business Combination that may be different from, or in addition to, the interests of the Company's stockholders generally. These interests may present actual or potential conflicts of interest, and you should be aware of these interests. The members of the Board were aware of and considered these interests in reaching the determination to approve the Contribution and Exchange Agreement and deemed the Contribution and Exchange Agreement, the Business Combination and the other transactions contemplated by the Contribution and Exchange Agreement to be fair to, and in the best interests of, the Company.

These interests include, among other things, the expected continued employment and directorship of Scott Davis, Chief Executive Officer and director of the Company, and continued employment of Jerome Wong, Chief Financial Officer of the Company, as well as the indemnification agreements to which each existing member of the Board and officer of the Company is a party, and the Articles of Incorporation currently in effect, and the Second Amended and Restated Articles of Incorporation to be adopted immediately prior to the Closing, pursuant to which Ekso's directors and executive officers will be entitled to certain ongoing indemnification, including after the cessation of their service to Ekso, to the fullest extent permissible under Nevada law against liabilities that may arise by reason of their service to Ekso or at Ekso's direction. In addition, prior to or on the Closing Date, the Company has agreed to obtain a non-cancellable "tail" directors' and officers' liability, employment practices liability, and fiduciary liability insurance policies ("D&O Tail Policy") with an extended reporting period of six (6) years from the Closing Date insuring claims for conduct, acts, and omissions occurring prior to the Closing Date. Furthermore, certain of our directors and officers are entitled to severance benefits, as well as vesting of certain awards upon the consummation of the Business Combination.

For a more detailed discussion, see "[The Business Combination—Interests of the Company's Directors and Executive Officers in the Business Combination](#)."

Q: What are the U.S. federal income tax consequences of the Business Combination?

A: The receipt of equity interests of Cloud by the Company is not expected to be a taxable event for us or a holder of our Capital Stock, and accordingly there should be no U.S. federal income tax consequences to us or to a holder of our Capital Stock as a result of the Business Combination.

Q: What is householding and how does it affect me?

A: The SEC permits companies to send a single set of certain disclosure documents to stockholders who share the same address and have the same last name, unless contrary instructions have been received, but only if the applicable company provides advance notice and follows certain procedures. In such cases, each stockholder continues to receive a separate set of disclosure documents. This practice, known as "householding," is designed to reduce duplicate mailings and save significant printing and postage costs as well as natural resources.

If you received a household mailing and you would like to have additional copies of this Information Statement mailed to you, or you would like to opt out of this practice for future mailings, please submit your request to the Company by phone at (510) 984-1761 or by mail to 101 Glacier Point, Suite A, San Rafael, California 94901, Attn: Investor Relations. We will promptly send additional copies of this Information Statement upon receipt of such request.

Q: Who can help answer my questions?

A: If you have questions about the Business Combination after reading this Information Statement, please contact the Company by phone at (510) 984-1761 or by mail at 101 Glacier Point, Suite A, San Rafael, California 94901, Attn: Investor Relations.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Any statements in this Information Statement regarding the Second Amended and Restated Articles of Incorporation, the Business Combination, the expected timetable for completing the Business Combination, future financial and operating results, future capital structure and liquidity and benefits of the Business Combination, future opportunities for ChronoScale, general business outlook and any other statements about the future expectations, beliefs, goals, plans or prospects of the Board or management of the Company constitute forward-looking statements. Any statements that are not statements of historical fact (including statements containing the words “expects,” “intends,” “anticipates,” “estimates,” “predicts,” “believes,” “should,” “potential,” “may,” “forecast,” “objective,” “plan,” or “targets,” and their variants and other similar expressions) are intended to identify forward-looking statements.

There are a number of factors that could cause actual results or events to differ materially from those indicated by such forward-looking statements, including:

- risks and uncertainties relating to the Business Combination, including the possibility that the Business Combination does not close when expected or at all because conditions to Closing are not satisfied on a timely basis or at all;
- potential adverse reactions or changes to business or employee relationships, including those resulting from the announcement or the Closing;
- the possibility that the anticipated benefits of the Business Combination are not realized when expected or at all, including as a result of the impact of, or problems arising from, the integration of the two companies;
- the Company’s inability to operate as a standalone business if the Business Combination is not consummated;
- the possibility that the Business Combination may be more expensive to complete than anticipated, including as a result of unexpected factors or events;
- diversion of management’s attention from ongoing business operations and opportunities;
- limitations on the Company’s ability to attract and retain key personnel, including executive officers and Board members of ChronoScale;
- customer concentration, and an inability to renew existing customer agreements;
- changes in operational and capital plans;
- the inability to consummate the Applied Parent Equity Financing;
- higher than expected costs and expenses;
- the Company having sufficient cash to fund operations through the Closing or, if the Contribution and Exchange Agreement is terminated, for any period of time thereafter;
- uncertainties with the Forecasts (as defined below), including the assumptions and estimates used in developing the Forecasts;
- unexpected future capital expenditures;
- the fact that the Company may experience negative reactions from the financial markets, including negative impacts on its stock price, and it is uncertain when, if ever, the price of the shares would return to the prices at which the shares currently trade;
- reputational harm, including relationships with investors, customers, and business partners due to the adverse perception of the Company pursuing a line of business that is unrelated to its existing business and any failure to successfully complete the Business Combination;
- economic and competitive conditions;
- debt and equity market conditions, including the availability and costs of financing to fund ChronoScale’s operations;
- the parties’ inability to obtain regulatory approval for the Business Combination and the parties’ inability to comply with regulations, developments and changes in regulations;
- the success of ChronoScale’s risk management activities, including any failure by ChronoScale to implement and maintain effective internal controls;
- litigation, including potential litigation concerning the Business Combination; and
- the other factors and financial, operational and legal risks or uncertainties described in the Company’s public filings with the SEC, including its Annual Report on Form 10-K for the year ended December 31, 2025, which is incorporated by reference into this Information Statement.

In light of these risks and uncertainties, there can be no assurance that the forward-looking statements contained in this filing will in fact occur.

RISK FACTORS

An investment in ChronoScale may include different risks than an investment in the Company on a stand-alone basis. Moreover, because of the pending Business Combination, and the potential change in the business of ChronoScale as compared to the Company's business as currently conducted, the nature of the investment by each stockholder of the Company will change. In addition to the other information contained in or incorporated by reference in this Information Statement, including the risk factors contained in the Company's annual report on Form 10-K for the year ended December 31, 2025, you should carefully review the risks described below together with all of the other information included in this Information Statement. Additional risks and uncertainties not presently known to the Company or Cloud, or that are not currently believed to be important to you, if they materialize, may also adversely affect the Business Combination and ChronoScale. See "Where You Can Find Additional Information" for the location of information incorporated by reference into this Information Statement.

We have grouped the risks into three categories for ease of reading, and without any reflection on the importance of, or likelihood of, any particular category.

Risks Relating to the Business Combination

The Business Combination may not be completed on the terms or timeline currently contemplated or at all, which could have a material adverse effect on the Company's business, financial condition and results of operations.

The Contribution and Exchange Agreement provides that the Closing is subject to certain conditions, including, among other things: (i) an Information Statement must be cleared by the SEC and sent to the Company's stockholders; (ii) no order or law shall have been entered, adopted, enacted, issued, promulgated or enforced, in each case, by a governmental entity that prevents, enjoins, prohibits, restrains or makes illegal the consummation of the Business Combination or the other transactions contemplated by the Contribution and Exchange Agreement; (iii) all requisite approvals or waivers as required by the terms of the Contribution and Exchange Agreement shall have been obtained; (iv) the Company shall have cash and cash equivalents equal to at least \$15,000,000; and (v) the Second Amended and Restated Articles of Incorporation shall have been duly adopted by all necessary corporate action on the Company's part, filed with the Secretary of State of the State of Nevada, and shall be in full force and effect as of immediately prior to the Closing.

The obligation of each party to consummate the Business Combination is also conditioned upon (i) performance and compliance by the other party in all material respects with its pre-Closing obligations and covenants under Contribution and Exchange Agreement; (ii) the accuracy of the representations and warranties of the other party as of the Closing (subject to customary materiality qualifiers); (iii) in both Cloud's and the Company's case, the absence of a continuing material adverse effect with respect to the other party; (iv) in Cloud's case, that (a) certain third-party consents as required by the terms of the Contribution and Exchange Agreement shall have been obtained, (b) the Nasdaq listing application shall have been submitted and approved, (c) the Investor Rights Agreement shall be in full force and effect at Closing, and (d) certain tail insurance policies as described in the Contribution and Exchange Agreement have been bound, paid for and in effect.

While it is currently anticipated that the Business Combination will be consummated in the second quarter of 2026, there can be no assurance that the foregoing conditions will be satisfied in a timely manner or at all, or that an event, development or change will not transpire that could delay or prevent these conditions from being satisfied. If the Business Combination is not consummated for any reason, the trading price of the Common Stock may decline, and the Company may also be subject to additional risks if the Business Combination is not completed, including:

- the Company expects to have limited cash resources available to fund its ongoing operations, even after giving effect to its recent fundraising efforts. In such circumstances, the Company's available liquidity would be insufficient to sustain operations for the next twelve months;

- incurring substantial costs related to the Business Combination, such as financial advisory, legal, accounting and other professional services fees that have already been incurred or will continue to be incurred until and following the Closing;
- the Company may experience negative reactions from the financial markets, including negative impacts on its stock price, and it is uncertain when, if ever, the price of the shares would return to the prices at which the shares currently trade;
- the requirement in the Contribution and Exchange Agreement that, unless the Contribution and Exchange Agreement is terminated in accordance with its terms, the Company shall pay, at the Closing, all fees and expenses of the parties, including the fees and expenses of advisers, counsel, accountants and other experts, if any, as well as all other out-of-pocket expenses incurred by such parties in connection with the negotiation, preparation, execution, and delivery of the Contribution and Exchange Agreement. If the Contribution and Exchange Agreement is terminated in accordance with its terms, each party shall be responsible for its own expenses, and APLD Intermediate and Contributor shall be responsible for any expenses incurred by Cloud;
- limitations on the Company's ability to attract and retain key personnel;
- reputational harm, including relationships with investors, customers, and business partners due to the adverse perception the Company pursuing a line of business that is unrelated to its existing business and of any failure to successfully complete the Business Combination; and
- potential disruption to the Company's business and distraction of its workforce and management team to pursue other opportunities that could be beneficial to the Company, in each case without realizing any of the benefits of having the Business Combination completed.

Absent the Business Combination, the Company does not believe there is a reasonable prospect for its business to achieve or sustain profitability or positive cash flow in the near term without significant additional capital fundraising. Any such financing, if available at all, would likely be on terms that are difficult and highly dilutive to existing stockholders and could include the issuance of substantial amounts of equity, convertible securities, or other instruments with preferential rights. There can be no assurance that the Company would be able to obtain additional financing on acceptable terms, or at all. If the Company is unable to secure sufficient funding, the Company may be forced to liquidate assets, restructure, seek bankruptcy protection, or otherwise wind down the Company's operations, which could result in a complete loss of stockholders' investment.

The pendency of the Business Combination has and could continue to negatively impact the Company's business, financial condition and results of operations.

The pendency of the Business Combination has and could continue to adversely affect the Company's business, financial condition and results of operations and may result the departure of key personnel. In connection with the Business Combination, some of the Company's customers, suppliers, vendors, and other business partners may delay or defer decisions or may end their relationships with the Company, which could negatively affect the Company's revenue, earnings, and cash flows, regardless of whether the Business Combination is completed. Similarly, the Company's employees may experience uncertainty about their future roles with the Company following the Business Combination, which may materially adversely affect the Company's ability to attract and retain key personnel during the pendency of the Business Combination.

Until the Closing or the termination of the Contribution and Exchange Agreement in accordance with its terms, the Company is prohibited from entering into certain transactions and taking certain actions that might otherwise be beneficial to the Company and its stockholders.

The Contribution and Exchange Agreement imposes customary "no-shop" restrictions on the Company's ability to solicit alternative acquisition proposals, to furnish information to, and participate in discussions or negotiations with, third parties regarding any alternative acquisition proposals. Neither Contributor nor APLD Intermediate shall solicit, discuss or negotiate any acquisition proposal with respect to Cloud other than with the Company; however, transactions involving Cloud as part of any proposed sale of APLD are not restricted. These restrictions may prevent the Company from making changes to its business or organizational structure or from pursuing business opportunities that may arise prior to the Closing. It is possible that these or other provisions in the Contribution and Exchange Agreement might discourage a potential competing acquiror that might have an interest in acquiring all or a significant part of the Company's outstanding capital stock from considering or proposing an acquisition or might result in a potential competing acquiror proposing to pay a lower per share price to acquire the Company's capital stock than it might otherwise have proposed to pay. Adverse effects arising from these restrictions could be exacerbated by any delays in the consummation of the Business Combination or the termination of the Contribution and Exchange Agreement.

The Company has incurred, and will continue to incur, direct and indirect costs as a result of the Business Combination.

The Company has incurred, and will continue to incur, significant costs and expenses, including fees for professional services and other transaction costs in connection with the Business Combination, for which the Company will receive little or no benefit if the Business Combination is not completed. There are a number of factors beyond the Company's control that could affect the total amount or the timing of these costs and expenses. Many of these fees and costs will be payable by the Company even if the Business Combination is not completed and may relate to activities that the Company would not have undertaken other than to complete the Business Combination.

Litigation challenging the Contribution and Exchange Agreement may prevent the Business Combination from being consummated within the expected timeframe or at all.

Lawsuits may be filed in the future against the Company, the Board, or other parties to the Contribution and Exchange Agreement, challenging the adequacy of the transaction disclosures or making other claims in connection with the Business Combination. Such lawsuits may be brought by purported stockholders or other interested parties, seeking, among other things, to enjoin the consummation of the Business Combination. One of the conditions to the consummation of the Business Combination is that no order or law shall have been entered, adopted, enacted, issued, promulgated or enforced, in each case, by a governmental entity that prevents, enjoins, prohibits, restrains or makes illegal the consummation of the Business Combination or the other transactions contemplated by the Contribution and Exchange Agreement. As such, if the plaintiffs in such potential lawsuits are successful in obtaining an injunction prohibiting the defendants from completing the Business Combination on the agreed upon terms, then such injunction may prevent the Business Combination from becoming effective within the expected timeframe or at all.

The Proposed Issuance will dilute the percentage ownership interests of the Company's stockholders.

Immediately following consummation of the Transactions, based on the shares outstanding as of February 20, 2026, the Company expects that Applied Parent and Contributor will collectively own approximately 97% of ChronoScale's outstanding shares of Common Stock assuming full conversion of the Series B Preferred Stock, full vesting of outstanding director restricted stock units that are expected to vest upon the Closing in accordance with their terms and the Company issuing \$15.0 million of Common Stock in the Applied Parent Equity Financing at an assumed price per share of \$11.81, the closing price of the Common Stock on March 12, 2026 (which is subject to change). As a result of these Transactions, current stockholders of the Company will have much less influence on management and policies of ChronoScale than they have now on the management and policies of the Company.

The market price of the Common Stock may be volatile, and holders of the Common Stock could lose a significant portion of their investment due to drops in the market price of the Common Stock.

The market price of the Common Stock may be volatile, including changes in price caused by factors unrelated to the Company's operating performance or prospects.

Specific factors that may have a significant effect on the market price of the Common Stock include, among others, the following:

- changes in stock market analyst recommendations or earnings estimates regarding the Common Stock, other companies comparable to it or companies in the industries they serve;
- actual or anticipated fluctuations in the Company's operating results of future prospects;
- reaction to public announcements by the Company;
- strategic actions taken by the Company or its competitors, such as the Business Combination;
- failure of the Company to achieve the perceived benefits of the Business Combination, including financial results, as rapidly as or to the extent anticipated by financial or industry analysts;
- adverse conditions in the financial market or general U.S. or international economic conditions, including those resulting from war, incidents of terrorism, global instability and responses to such events; and
- sales of Common Stock by the Company, members of its management team or significant stockholders.

Any significant decline in the market price of the Common Stock could cause the Company's investors to lose all or part of their investment.

The Company may have difficulty attracting, motivating and retaining executives and other employees in light of the Business Combination.

Uncertainty about the effect of the Business Combination on the Company's employees may impair its ability to attract, retain and motivate personnel until the Business Combination is completed. Employee retention may be particularly challenging during the pendency of the Business Combination, as employees may feel uncertain about their future roles with the Company. In addition, the Company may have to provide additional compensation in order to retain employees. If employees depart because of issues relating to the uncertainty and difficulty of integration or a desire not to become employees of the Company, the Company's ability to realize the anticipated benefits of the Business Combination could be adversely affected.

The financial information considered by the Company and its financial advisor may not be realized, which may adversely affect the market price of the Common Stock following the Closing.

In performing its analyses and rendering its opinion regarding fairness, from a financial point of view, of the Business Combination, Lake Street relied on, among other things, certain non-publicly available information concerning Cloud, including internal financial analyses and forecasts (A) as adjusted by management of Cloud, and (B) prepared by management of Cloud, which Lake Street was directed by the Company to use for purposes of its analysis. None of these analyses and forecasts were prepared with a view towards public disclosure or compliance with the published guidelines of the SEC, GAAP, or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of financial forecasts. The projections are inherently based on various estimates and assumptions that are subject to the judgment of those preparing them. The projections are also subject to significant economic, competitive, industry and other uncertainties and contingencies, all of which are difficult or impossible to predict and many of which are beyond the control of the Company and Cloud. There can be no assurance that ChronoScale's financial condition or results of operations will be consistent with those set forth in such analyses and forecasts, which could have a material impact on the market price of the Common Stock following the Closing.

The opinion of the Company's financial advisor will not reflect changes in circumstances between the signing of the Contribution and Exchange Agreement and the Closing.

The Company has received an opinion from its financial advisor in connection with the signing of the Contribution and Exchange Agreement but has not obtained any updated opinion from its financial advisor as of the date of this Information Statement. Changes in the operations and prospects of the Company or Cloud, general market and economic conditions and other factors that may be beyond the control of the Company or Cloud and, on which the Company's financial advisor's opinion was based, may significantly alter the value of the Company or Cloud, or the prices of the shares of Common Stock by the Closing. The opinion does not speak as of the Closing Date or as of any date other than the date of such opinion.

The financial projections included under "Certain Financial Forecasts – Important Information Concerning Cloud Management Forecasts" in this Information Statement reflect numerous variables, estimates and assumptions and are inherently uncertain. If any of these variables, estimates and assumptions prove to be wrong, the actual results for the combined company's business may be materially different from the results reflected in the financial projections.

The Forecasts (as defined herein) were provided by Cloud's management to the Board for the purposes of considering, analyzing and evaluating the Business Combination and to Lake Street for use in connection with the rendering of its Fairness Opinion to the Board and performing its financial analyses in connection therewith. The Forecasts reflect numerous variables, estimates, and assumptions made at the time the Forecasts were prepared that are inherently uncertain and may be beyond the control of Cloud's management.

In addition, the Forecasts cover multiple years and such information by its nature becomes less reliable with each successive year. Moreover, the risks and uncertainties regarding the financial projections increase with each successive year and the likelihood that the actual results will differ materially from the projected results increases with each successive year. The financial projections also do not reflect general business, economic, market and financial conditions and any changes in any of these conditions over the period of the projections could result in the actual results differing materially from the results reflected in the financial projections.

Furthermore, the Forecasts do not take into account any circumstances or events occurring after the date it was prepared. Cloud can give no assurance that, had the Forecasts been prepared as of the date of the Contribution and Exchange Agreement, or the date of this Information Statement, similar estimates and assumptions would be used. Except as required by applicable securities laws, Cloud does not intend to, and disclaims any obligation to, make publicly available any update or other revision to the Forecasts to reflect circumstances existing since their preparation or to reflect the occurrence of unanticipated events, even in the event that any or all of the underlying assumptions are shown to be inappropriate, including with respect to the accounting treatment of the Business Combination under GAAP, or to reflect changes in general economic or industry conditions.

The Forecasts do not take into account the possible financial and other effects of the Business Combination and do not attempt to predict or suggest future results following the Business Combination. The Forecasts do not give effect to the Business Combination, including the impact of negotiating or executing the Contribution and Exchange Agreement, the expenses that have been or may be incurred in connection with completing the Business Combination, the effect of any business or strategic decision or action that has been or will be taken as a result of the Contribution and Exchange Agreement having been executed, or the effect of any business or strategic decisions or actions that would likely have been taken if the Contribution and Exchange Agreement had not been executed, but that were instead altered, accelerated, postponed or not taken in anticipation of the Business Combination. Because the Forecasts were developed without giving effect to the Business Combination, they do not reflect any changes to Cloud's operations or strategy that may be implemented after completion of the Business Combination or any disruption in its operations that may be the result of the Business Combination. The inclusion of the Forecasts herein should not be deemed an admission or representation by Cloud, Ekso, or any of their affiliates, or any other person that it is viewed as material information of Cloud or the ChronoScale, particularly in light of the inherent risks and uncertainties associated with such forecasts.

Risks Relating to the Business of the Company upon the Closing

ChronoScale may fail to realize the anticipated benefits of the Business Combination and may assume unanticipated liabilities.

The success of the Business Combination will depend on, among other things, ChronoScale's ability to combine the Company's and Cloud's businesses in a manner that realizes the various benefits and opportunities identified by the companies. Achieving the anticipated benefits of the Business Combination is subject to a number of risks and uncertainties. It is uncertain whether the Company's and Cloud's existing operations can be integrated in an efficient and effective manner. If the Business Combination is consummated, ChronoScale will be subject to risks related to, among other things, ChronoScale's ability to successfully integrate the Company's market opportunities, technology, personnel and operations and to achieve expected benefits, including the possibility that the expected strategic benefits from the transaction will not be realized or will not be realized within the expected time period or that general economic conditions or updated accounting or regulatory requirements could have a material adverse effect on ChronoScale after the Closing.

ChronoScale's Board and management team have not been fully determined.

The composition of ChronoScale's Board following the Closing has not yet been fully determined. In connection with and effective upon the Closing, the Company and Contributor will enter into the Investor Rights Agreement, pursuant to which the APLD Designator, for so long as the APLD Investors collectively beneficially own a majority of the outstanding shares of the voting stock of the Company, has the right to designate four (4) of the seven (7) directors on ChronoScale's Board including the Chairman. The initial APLD Designees as of the Closing shall be Wes Cummins, Jason Zhang, Ella Benson and Richard Nottenburg. The other initial members of the ChronoScale Board are expected to include the Company's current Chief Executive Officer, Scott Davis, and up to an additional two (2) directors mutually agreed upon by the APLD Designator and the Company prior to Closing.

APLD Designator and the Company have not finalized the individuals who will fill the additional two seats, and the Company cannot currently predict the ultimate composition of ChronoScale's Board or the perspectives, experience or independence of those directors.

Although the Company and the Contributor expect that the ChronoScale Board will appoint a management team at Closing, which may include certain members of the Company's existing management team, including Scott Davis, the Company's current Chief Executive Officer, who is expected to be the Chief Executive Officer of Ekso Bionics, Inc. (a wholly owned subsidiary of ChronoScale at Closing) and Jerome Wong, the Company's current Chief Financial Officer, who is expected to continue in his role as the Chief Financial Officer of ChronoScale upon Closing, ChronoScale may be required to recruit additional executives to fill one or more key roles. There can be no assurance that ChronoScale will be able to identify, hire and retain individuals with the necessary qualifications, experience and leadership capabilities to serve in these positions on a timely basis, or at all. Any delay in filling key executive positions, or the appointment of individuals who are not able to effectively perform in their roles, could disrupt ChronoScale's operations and adversely affect ChronoScale's financial condition and results of operations.

ChronoScale will be a “controlled company” under Nasdaq’s corporate governance rules and, as a result, qualify for, and intends to rely on, exemptions from certain corporate governance requirements. As a result, investors in ChronoScale would not have the same protections afforded to stockholders of companies that are subject to such requirements.

As of the date of this Information Statement, Contributor is expected to hold approximately 96% of ChronoScale’s outstanding shares of Common Stock and Applied Parent is expected to hold approximately 1% of ChronoScale’s outstanding shares of Common Stock immediately following the consummation of the Business Combination and the Applied Parent Equity Financing, and assuming full conversion of the Series B Preferred Stock, full vesting of outstanding director restricted stock units that are expected to vest upon the Closing in accordance with their terms and the Company issuing \$15.0 million of Common Stock in the Applied Parent Equity Financing at an assumed price per share of \$11.81, the closing price of the Common Stock on March 12, 2026 (which is subject to change). As a result, ChronoScale will be a “controlled company” within the meaning of Nasdaq’s corporate governance standards. Under these rules, a listed company of which more than 50% of the voting power is held by an individual, group, or another company is a “controlled company” and may elect not to comply with certain corporate governance requirements, including:

- the requirement that a majority of the Board consists of independent directors;
- the requirement that its director nominees be selected or recommended for the Board’s selection by a majority of the Board’s independent directors in a vote in which only independent directors participate or by a nominating committee comprised solely of independent directors, in either case, with board resolutions or a written charter, as applicable, addressing the nominations process and related matters as required under the federal securities laws; and
- the requirement that its compensation committee be composed entirely of independent directors with a written charter addressing the compensation committee’s purpose and responsibilities.

ChronoScale intends to rely on some or all of these exemptions. To the extent ChronoScale determines to rely on these exemptions, the ChronoScale Board would not have a majority of independent directors, its compensation committee would not consist entirely of independent directors and its directors would not be nominated or selected by independent directors, as applicable. Accordingly, investors would not have the same protections afforded to stockholders of companies that are subject to all of Nasdaq’s corporate governance requirements.

ChronoScale will need to establish new internal controls over financial reporting, which could have a material adverse effect on ChronoScale’s business, financial condition and results of operations.

In connection with the preparation of Applied Parent's consolidated financial statements for the fiscal year ended May 31, 2025, Applied Parent previously identified a material weakness in the design of its internal controls as it did not design and maintain effective controls around the accounting and assessment of complex financial instruments associated with Cloud. The material weakness did not result in changes to previously released financial results, including any results presented herein.

During the quarter ended August 31, 2025, Applied Parent completed its testing and evaluation of the newly designed and implemented controls around the accounting and assessment of complex financial instruments and determined that as of August 31, 2025, the controls had been in place and had operated effectively for a sufficient period of time for management to conclude the material weakness had been remediated. Applied Parent's remediation measures included hiring additional qualified accounting personnel, as well as engaging with a third-party consultant to assist with analyzing and documenting the treatment of complex financial instruments.

Following the Closing, ChronoScale will need to design, implement and document a comprehensive system of internal controls over financial reporting. The Company’s existing internal controls may not be adequate for ChronoScale, and substantial time and resources may be required to establish, test and maintain the effectiveness of ChronoScale’s internal controls over financial reporting. During this transition period, ChronoScale may identify material weaknesses or other deficiencies in ChronoScale’s internal control over financial reporting. Any failure to implement and maintain effective internal controls could have a material adverse effect on ChronoScale’s business, financial condition and results of operations.

The pro forma financial statements presented for illustrative purposes may not be indicative of ChronoScale's financial condition or results of operations following the Business Combination.

The pro forma financial information contained in this Information Statement is presented for illustrative purposes only and may not be indicative of ChronoScale's financial condition or results of operations following the Business Combination for several reasons. The pro forma financial information has been derived from the Company's and Cloud's historical financial statements, and certain adjustments and assumptions have been made regarding the Company after giving effect to the Business Combination. The information upon which these adjustments and assumptions have been made is preliminary, and these kinds of adjustments and assumptions are difficult to make with complete accuracy. Moreover, the pro forma financial information does not reflect all costs that are expected to be incurred by the Company in connection with the Business Combination. For example, the impact of any incremental costs incurred in integrating the two companies is not reflected in the pro forma financial information. As a result, the actual financial condition and results of operations of the Company following the Business Combination may not be consistent with, or evident from, this pro forma financial information.

The assumptions used in preparing the pro forma financial information may not prove to be accurate, and other factors may affect the Company's financial condition or results of operations following the Business Combination. Any potential decline in the Company's financial condition or results of operations could cause the stock price of the Company to decline.

Combining the businesses of the Company and Cloud may be more difficult, costly and time-consuming than expected, which may adversely affect ChronoScale's results and negatively affect the value of the Common Stock following the Business Combination.

The Company and Cloud have entered into the Contribution and Exchange Agreement because each believes that combining the businesses of the Company and Cloud will be beneficial. However, the Company and Cloud have historically operated as independent companies and will continue to do so until the Closing. Following the Closing, ChronoScale's management will need to integrate the Company's and Cloud's respective business. The combination of two independent businesses is a complex, costly and time-consuming process and ChronoScale's management may face significant challenges in implementing such integration, many of which may be beyond the control of management, including, without limitation:

- difficulties in achieving anticipated business opportunities and growth prospects;
- the possibility of faulty assumptions underlying expectations regarding the integration process, including with respect to the intended tax efficient transactions;
- unanticipated changes in applicable laws and regulations; and
- unforeseen expenses or delays associated with the Business Combination.

Some of these factors will be outside of the control of ChronoScale and any one of them could result in increased costs and diversion of management's time and energy, as well as decreases in the amount of expected revenue that could materially impact the business, financial condition and results of operations of ChronoScale. The integration process and other disruptions resulting from the Business Combination may also adversely affect the Company's relationships with employees, suppliers, customers, distributors, licensors and others with whom the Company and/or Cloud have business or other dealings, and difficulties in integrating the businesses of the Company and Cloud could harm the reputation of ChronoScale.

If ChronoScale is not able to successfully combine the businesses of the Company and Cloud in an efficient, cost-effective and timely manner, the anticipated benefits of the Business Combination may not be realized fully, or at all, or may take longer to realize than expected, and the value of the Common Stock, the revenues, levels of expenses and results of operations of ChronoScale may be affected adversely. If ChronoScale is not able to adequately address integration challenges, ChronoScale may be unable to successfully integrate the Company's and Cloud's operations or realize the anticipated benefits of the Business Combination.

ChronoScale expects to need to raise external funds to support its business plan. Such capital raises are expected to cause dilution to ChronoScale's shareholders.

ChronoScale expects to need to raise external funds to support its business plan through a combination of equity offerings, debt financings and potentially joint venture agreements. Any additional fundraising efforts may divert ChronoScale's management from their day-to-day activities, which may adversely affect its business. To the extent that ChronoScale raises additional capital through the sale of equity or convertible debt securities, the stockholders' ownership interest will be diluted, and the terms of these securities may include liquidation or other preferences that adversely affect stockholder rights. Debt financing or refinancing may result in the imposition of debt covenants, increased fixed payment obligations or other restrictions that may affect ChronoScale's business. Furthermore, ChronoScale's ability to raise additional capital may be adversely impacted by global macroeconomic conditions and volatility in the credit and financial markets in the U.S. and worldwide, over which ChronoScale may have no or little control. Its failure to raise capital as and when needed or on acceptable terms would have a negative impact on its financial condition and its ability to pursue its business strategy.

If ChronoScale no longer qualifies as a smaller reporting company or otherwise does not qualify for applicable exemptions, ChronoScale will be subject to additional laws and regulations affecting public companies that will increase ChronoScale's costs and the demands on management and could harm ChronoScale's operating results.

The Company currently qualifies as a "smaller reporting company," which enables the Company to take advantage of exemptions from various requirements such as an exemption from the requirement to have its independent auditors attest to its internal control over financial reporting under Section 404, as well as reduced disclosure obligations available to smaller reporting companies in its Exchange Act reports and information statements. If ChronoScale no longer qualifies as a smaller reporting company or otherwise does not qualify for these exemptions, it will be required to comply with the additional legal and regulatory requirements applicable to public companies and will incur significant legal, accounting and other expenses to do so. If ChronoScale is not able to comply with the requirements in a timely manner or at all, ChronoScale's financial condition or the market price of the Common Stock may be harmed. For example, if ChronoScale or its independent auditor identifies deficiencies in ChronoScale's internal control over financial reporting that are deemed to be material weaknesses, ChronoScale could face additional costs to remedy those deficiencies, the market price of the Common Stock could decline or ChronoScale could be subject to sanctions or investigations by the SEC or other regulatory authorities, which would require additional financial and management resources.

Risks Relating to the Cloud Business and Operations

The Cloud business has and is expected to continue to have significant customer concentration.

During fiscal year ended May 31, 2025, two customers accounted for all of Cloud's revenue. Cloud currently generates all of its revenue from one customer, Together AI. In the event that this customer chooses to terminate or not renew its contract with Cloud, ChronoScale's operating results would suffer dramatically until it obtains replacement customers, which could result in a material adverse effect on ChronoScale's business, results of operations and future prospects.

Cloud expects that one or a limited number of its customers will continue to account for a high percentage of its revenue for the foreseeable future. The concentration of its customer base increases risks related to the financial condition of its customers, and the deterioration in financial condition of a single customer or the failure of a single customer to perform its obligations could have a material adverse effect on its results of operations and cash flow. If Cloud's current customer or future customers were to experience harm or loss due to unforeseen circumstances, it could negatively impact their businesses. In addition, in the event that Cloud's current customer or future customers experience a decline in their equipment usage for any reason, or decide to discontinue the use of Cloud's facilities, Cloud may be compelled to lower its lease prices or risk losing its only customer or a significant future customer. Such developments would adversely affect ChronoScale's prospects and results of operations.

Cloud has a history of net losses and may continue to incur net losses for the foreseeable future.

Cloud has experienced net losses throughout its operating history and has historically relied on Applied Parent to provide financing for its operations. Cloud's net losses were \$72.7 million and \$20.2 million for the fiscal year ended May 31, 2025, and the six months ended November 30, 2025, respectively. Following the Closing, Cloud is expected to continue to experience net losses for the foreseeable future and Cloud's transition to profitability is dependent on many factors, including, favorable market conditions, continued demand for its products and successful integration of Ekso's business and operation of the ChronoScale business. Because Cloud has a limited operating history, it is difficult to predict Cloud's future operating results. As a combined company, we will need to generate and sustain increased revenue and manage our costs to achieve profitability. We cannot predict when or whether we will reach or be able to maintain profitability.

Failure to attract, grow and retain a diverse and balanced customer base, including key magnet customers, could harm Cloud's business and operating results.

Cloud's ability to attract and grow a diverse and balanced customer base, consisting of cloud service providers, some of which Cloud considers to be key magnets drawing in other customers, may affect Cloud's ability to maximize its revenues. Cloud's ability to attract customers will depend on a variety of factors, including the presence of carriers, the overall mix of customers, the presence of key customers attracting business through ecosystems, operating reliability and security and Cloud's ability to effectively market its services. Cloud's inability to develop, provide or effectively execute any of these factors may hinder the development, growth and retention of a diverse and balanced customer base and adversely affect Cloud's business, financial condition and results of operations.

Cloud's new services and changes to existing services could fail to attract or retain customers or generate revenue and profits, or otherwise adversely affect Cloud's business.

Cloud's ability to retain, increase, and engage its customer base and to increase its revenue depends heavily on its ability to continue to evolve its services and to create successful new services, both independently and in conjunction with developers or other third parties. Cloud may introduce significant changes to its existing services or acquire or introduce new and unproven services, including using technologies with which Cloud has little or no prior development or operating experience. These efforts, including the introduction of new services or changes to existing services, may result in new or enhanced governmental or regulatory scrutiny, litigation, ethical concerns, or other complications that could adversely affect Cloud's business, reputation, or financial results. If Cloud's new services fail to engage users or developers, or if its business plans are unsuccessful, Cloud may fail to attract or retain users or to generate sufficient revenue, operating margin, or other value to justify its investments, and its business may be adversely affected.

Any disruption of service experienced by certain of Cloud's third-party service providers, or Cloud's ineffective management of relationships with third-party service providers could harm its business, financial condition, operating results, cash flows, and prospects.

Cloud relies on several third-party service providers for services that are essential to its business model. As Cloud continues to build its business, Cloud also expects to rely on third parties to lease or sell it equipment, which Cloud then leases to its customers. In addition, Cloud may depend upon outside advisors who may not be available on reasonable terms as needed, or at all. To supplement the business experience of Cloud's officers and directors, Cloud may be required to employ technical experts, appraisers, attorneys, or other consultants or advisors. Furthermore, it is anticipated that such persons may be engaged on an "as needed" basis without a continuing fiduciary or other obligation to Cloud. In the event Cloud considers it necessary to hire outside advisors, it may elect to hire persons who are affiliates, if they are able to provide the required services. If these third parties or other outside advisors experience difficulty providing the services Cloud requires, or if they experience disruptions or financial distress or cease operations temporarily or permanently, or if the products they supply are defective or cease to operate for any reason, it could make it difficult for Cloud to execute its operations. If Cloud is unsuccessful in identifying or finding highly qualified third-party service providers or employees, if Cloud fails to negotiate cost-effective relationships with them or if Cloud is ineffective in managing and maintaining these relationships, it could materially and adversely affect its business and financial condition, operating results, cash flows, and prospects.

Cloud and its third-party providers may be vulnerable to cyberattacks and security breaches that could materially disrupt or compromise its operations, data and results.

Cloud relies on computer systems, hardware, software, online sites and networks, as well as physical, digital and operational technology infrastructure to support its internal and external operations (collectively, “Information Systems”). Cloud owns, operates, and manages complex, global Information Systems and also relies on third-party providers for a range of Information Systems and other products and services, including cloud computing. Cloud faces evolving risks that threaten the confidentiality, integrity, and availability of Information Systems and data, including from state-sponsored espionage actors, financially motivated hackers, hacktivists and insiders, as well as through diverse attack vectors, such as social engineering/phishing, malware (including ransomware), human or technological error, or due to “bugs,” misconfigurations and known and unknown vulnerabilities in hardware, software, systems and processes that support its business.

Attacks, breaches or disruptions to Cloud’s, or any providers’ or customers’, Information Systems or controls could result in, among other things, unauthorized access to Cloud’s or customers’ physical assets or Information Systems, misappropriation of Cloud’s or customers’ sensitive or proprietary information, disruptions to Cloud’s or its customers’ operations, breaches of legal and regulatory (e.g., privacy laws such as GDPR) or contractual obligations, and/or other operational and business impacts. The foregoing could expose Cloud to material lawsuits, regulatory actions, penalties or fines, monetary damages, loss of existing or potential customers, harm to Cloud’s reputation and significant increases in its security and insurance costs, and other adverse effects on its business and financial results.

Cloud’s customers frequently make advance deposits based on anticipated future usage.

In Cloud’s business, customers often make deposits to finance the equipment they intend to lease from Cloud. If Cloud is unable to meet the contract requirements or deliver Graphic Processing Unit (“GPU”) clusters to their satisfaction for any reason, we may be obligated to refund these deposits. Any such refunds or issuances of credit could have an adverse effect on our business, results of operations, and financial condition.

Applied Digital Cloud Corporation

Cloud specializes in providing graphic processing unit ("GPU") computing solutions to empower customers in executing critical workloads related to AI, machine learning ("ML"), rendering, and other High Performance Computing ("HPC") tasks at scale in a capacity-constrained market and was among the first platforms to deploy NVIDIA's H100 GPUs at scale in 2023, demonstrating its ability to source, integrate, and operate next-generation GPU infrastructure ahead of broader market adoption.

Cloud currently operates in three states: Colorado, Minnesota, and Utah, by renting space at third party colocation centers and providing its customers with company-owned equipment to generate revenue. As of December 31, 2025, Cloud had one customer, Together AI. In Cloud's industry, it is common to have a concentrated number of customers and relatively short-term contracts with customers (typically, on a month to month or annual basis). Please see "*Risk Factors—Risks Relating to the Cloud Business and Operations*" for additional information.

The Cloud operating business generated a twelve-month revenue of approximately \$65.9 million as of November 30, 2025, reflecting strong, growing demand for dedicated accelerated compute delivered through cloud-based platforms. The revenue recognized during the fiscal year ended May 31, 2025 and 2024 was \$84.4 million and \$29.0 million, respectively.

During the fiscal year ended May 31, 2025, Cloud renegotiated the majority of its computing equipment finance leases to extend the amortization period on these computing equipment finance leases to five years, which is better aligned with their expected useful life. Subsequent to the year ended May 31, 2025, we further renegotiated the majority of our finance leases to extend the duration of the lease agreements, thus extending finance lease payments through fiscal year 2028.

As of December 31, 2025, Cloud had received and deployed a total of 6,144 GPUs; all of which are actively recognizing revenue. As the business moves forward, Cloud expects to acquire and deploy additional GPUs and increase revenue.

Background of the Business Combination

The following chronology summarizes the key meetings and events that led to the signing of the Contribution and Exchange Agreement. The following chronology does not purport to catalogue every conversation among the Ekso board of directors or committees thereof or the representatives (including management) of Ekso and other parties.

In the ordinary course of business, the Board, along with the Company’s senior management, which includes Messrs. Scott Davis, current Chief Executive Officer, Jerome Wong, Chief Financial Officer, and Jason Jones, Chief Operating Officer, regularly review the Company’s businesses, its strategic direction, performance and prospects in the context of developments in the industry in which it operates and the competitive landscape in the markets in which it operates. The Board and the Company’s senior management regularly discuss potential strategic alternatives, including possible transactions that could maximize stockholder value and transactions that could enhance the Company’s strategic outlook. The Board and the Company’s senior management also regularly discuss the Company’s cash position and financing needs, and the Company would engage with investment banks from time to time regarding such matters.

The Company has recognized net losses throughout its operating history and has funded operations through a combination of cash on hand and debt and equity financing. Such external financing has in recent years become increasingly difficult and dilutive. For example, in March 2025, the Company completed a warrant inducement transaction where Lake Street acted as the Company’s financial advisor, whereby the Company reduced the exercise price on certain of its warrants, the holder of such warrants exercised the warrants for cash at the reduced exercise price resulting in net proceeds to the Company of \$3.8 million and the Company issued to such holder a new warrant to purchase up to 10.5 million shares of Common Stock. If such new inducement warrant was exercised, it would have related to approximately 37.2% of the then outstanding shares of Common Stock. Following such financing, the Company continued to engage with Lake Street on financing alternatives.

In its Form 10-Q for the quarter ended June 30, 2025 filed with the SEC on July 28, 2025 and related earnings materials, the Company reported significantly reduced revenue and increased net losses. After announcing its earnings, Mr. Davis met with representatives from Lake Street to discuss financing and strategic alternatives, including pursuing a crypto treasury strategy targeting digital asset exposure.

Between July 29, 2025, and August 1, 2025, representatives from Lake Street introduced Messrs. Davis and Wong to Saidal Mohmand, the Chief Financial Officer of Applied Parent.

On August 3, 2025, Mr. Davis met with Mr. Mohmand to discuss a crypto treasury strategy and potential capital asset strategies.

On August 4, 2025 and August 5, 2025, management of the Company discussed with representatives from Lake Street a potential engagement of Lake Street to advise the Company on a potential private placement of securities in connection with a crypto treasury strategy, which discussions were subsequently expanded to also contemplate an artificial intelligence power provider strategy with Applied Parent. As part of such discussions, management of the Company and Lake Street negotiated a related engagement letter, a draft of which was circulated to the Board.

At a Board meeting on August 5, 2025, the Board discussed the considerations related to a strategic pivot for the Company and certain funding strategies, which included fundraising opportunities in connection with a crypto treasury strategy and/or an artificial intelligence power provider strategy with Applied Parent. Representatives of Lake Street were present at the meeting and presented on the considerations and terms of the potential strategies and the capital raising opportunities for such strategies. The Board also discussed the Lake Street engagement letter and the Company's alternatives to such potential strategies, including selling the Company, which was expected to lead to a lower return for the Company's stockholders as the counterparties interested in buying the Company's assets were not interested in assuming the associated public company entity. Following its discussion, the Board approved entering into engagement letter with Lake Street for a private placement of the Company's securities in connection with a crypto treasury strategy and was supportive of management continuing to engage with Applied Parent on strategic matters.

On August 7, 2025, representatives from Lake Street facilitated a meeting with members of the Company's management and representatives from Applied Parent to refine a potential capital asset strategy involving artificial intelligence power production after deciding to abandon the previously discussed crypto treasury strategy.

On August 8, 2025, the Company received the first draft of an exclusivity agreement from Applied Parent (the "Initial Exclusivity Agreement").

On August 11, 2025, the Company entered into a confidentiality agreement with Applied Parent and thereafter the Company and Applied Parent began to negotiate the terms of the Initial Exclusivity Agreement related to the Company becoming a dedicated artificial intelligence power provider for Applied Parent.

At a Board meeting on August 18, 2025, the Board discussed the Company's outlook for 2025 and 2026, including potentially available financing options and a strategic transaction with Applied Parent to purchase power supply for data centers. Mr. Davis provided an overview of the terms of the Initial Exclusivity Agreement. The Board expressed its support of management pursuing such strategic transaction given the long-term cash requirements of the Company's medical device business, the high market demand for cloud computing, the significant investment being made in the sector and the stock price appreciation for companies in the sector. The Board also approved the Company's entrance into the Initial Exclusivity Agreement, provided that any substantive changes to the Initial Exclusivity Agreement would be presented to the Board prior to execution.

On August 20, 2025, the Company entered into the Initial Exclusivity Agreement with Applied Parent regarding the potential for the Company to become a dedicated artificial intelligence power provider for Applied Parent. The Initial Exclusivity Agreement provided for an exclusivity period that lasted until October 4, 2025, subject to certain exceptions. The exclusivity period also automatically extended for successive additional 15 calendar day periods until the date of execution and delivery of a definitive agreement regarding the potential for the Company to become a dedicated artificial intelligence power provider for Applied Parent.

On August 26, 2025, members of the Company's management, representatives from Lake Street and Wilson Sonsini Goodrich and Rosati, P.C., ("Wilson Sonsini"), legal counsel to the Company, as well as representatives from Applied Parent and from Lowenstein Sandler LLP ("Lowenstein"), legal counsel to Applied Parent, attended an initial diligence call to discuss certain diligence requests regarding the Company.

On September 6, 2025, members of the Company's management met with representatives from Applied Parent to discuss transitioning the strategic transaction from the Company becoming a dedicated artificial intelligence power provider for Applied Parent to the Company acquiring Cloud.

On September 10, 2025, Mr. Davis met with representatives from Lake Street and Applied Parent to discuss the Company's potential acquisition of Cloud and initial high-level pricing terms were discussed.

On September 11, 2025, Messrs. Davis and Wong met with Stanley Stern from Bradley Woods & Co. ("Bradley Woods"), who also previously served on the Board from December 2014 to April 2023 and as a member of the Company advisory council from October 2023 to present, and representatives from Wilson Sonsini to discuss transitioning the strategic transaction from the Company becoming a dedicated artificial intelligence power provider for Applied Parent to the Company acquiring Cloud and the initial pricing terms. On September 25, 2025, the Company commenced preliminary due diligence on Cloud's business.

From September 11, 2025 to September 26, 2025, Mr. Davis was routinely in communication with the other members of the Board regarding the potential strategies and to solicit feedback from the Board regarding the potential strategies. In these communications, the Board was supportive of Mr. Davis's continued efforts, including management's continued discussions with Applied Parent.

On September 26, 2025, the Board met to discuss the Company's outlook for 2025, including available financing options and the potential strategic transactions to purchase Cloud. The Board discussed the Company's current business outlook, which was challenged given the limited historical growth in Indego device sales and the limited growth prospects for EksoNR sales. Messrs. Davis and Wong also discussed the Company's cash runway, which was only expected to fund the Company's operations into the first quarter of 2026. The Board expressed its support of management continuing to pursue discussions with Applied. The Board also approved the Company's engagement of Lake Street to advise the Company in a registered direct offering.

On September 26, 2025, the Company entered into an engagement letter with Lake Street to engage Lake Street as the placement agent in connection with an offering of the Company's equity or equity linked securities.

On October 13, 2025, members of the Company's management attended a call with representatives from Applied Parent to discuss the timeline of the Term Sheet (as defined below) and the Business Combination, the Company's cash position and the process regarding due diligence.

On October 17, 2025, the Company received the first draft of a proposed term sheet for the Business Combination (the "Term Sheet") from representatives from Applied Parent, which contemplated, among other things, a \$300 million valuation of Cloud that would be paid in preferred stock and a \$75 million private placement of preferred stock, which would result in Applied Parent, such private placement investors and the Company's stockholders owning approximately 77%, 19% and 4% of the combined company's common stock on a fully diluted basis, respectively, as well as certain negative consent rights, preemptive rights and registration rights that the Contributor would have after the Closing.

Between October 2025 and December 2025, Mr. Davis was routinely in communication with the other members of the Board to discuss the Term Sheet, to solicit feedback from the Board regarding the substantive negotiations and to update the Board regarding potential terms of engaging Bradley Woods to serve as financial advisor to the Company. In these communications, the Board was supportive of management's negotiating strategy with Applied Parent and the proposed advisor engagements.

October 23, 2025, the Board met to discuss the Company's business and financial results for the third quarter of 2025, including the Company's limited cash position and the proposed terms of a registered direct offering of Common Stock. Management provided an update on its discussions with Applied Parent, including that, due to business changes at Applied Parent, Applied Parent and management had determined to pursue the Company's acquisition of Cloud rather than the Company serving as a power supplier for Applied Parent. The Board discussed such matters and the Company's disclosure obligations related to its evaluation of strategic alternatives. Following such discussion, the Board approved the potential registered direct offering and expressed its support of the Company engaging Bradley Woods.

On October 24, 2025, Applied Parent waived its right to exclusivity under the Initial Exclusivity Agreement to allow the Company to pursue a potential registered direct offering of Common Stock.

On October 28, 2025, the Company filed its Form 10-Q for the third quarter ended September 30, 2025 with the SEC and released its financial results, disclosing, among other things, that the Company was in the process of exploring one or more strategic transactions with certain third parties, which transactions may include the acquisition of a line of business that is in a different industry than the Company's current business and/or the sale of all or substantially all of the Company's current business.

On October 29, 2025, the Company announced a registered direct offering of Common Stock for gross proceeds of approximately \$3.7 million at an offering price of \$4.81 per share, where Lake Street served as the Company's placement agent.

On November 6, 2025, the Company, in conjunction with Wilson Sonsini, sent a revised draft of the Term Sheet to Applied Parent and Lowenstein, which contemplated, among other things, that post-closing of the Business Combination the Company's stockholders would be entitled to a contingent value right if the Company was able to sell its existing business post-closing and removed the proposed consent and preemptive rights. Later that day, Messrs. Davis and Mohmand discussed the Company's revisions to the Term Sheet.

On November 26, 2025, Applied Parent, in conjunction with Lowenstein, circulated a further revised draft of the Term Sheet to the Company and Wilson Sonsini, which removed the proposed contingent value right and added back the proposed consent and preemptive rights.

On December 2, 2025, members of the Company's management, Mr. Stern from Bradley Woods, who also previously served as a member of the Company's advisory council from October 2023 to October 2025, and representatives of Wilson Sonsini met with representatives of Applied Parent and Lowenstein to discuss the latest draft of the Term Sheet. Following that discussion, a representative of Lowenstein communicated to a representative of Wilson Sonsini that Applied Parent was proposing to revise the Term Sheet such that Applied Parent would receive Common Stock rather than preferred stock and that Applied Parent would require an investor rights agreement to be entered into in connection with closing that would contemplate certain board designation rights, negative consent rights, preemptive rights and registration rights in the combined company.

On December 3, 2025, Messrs. Davis and Stern met to discuss the possibility of the Company entering into an engagement letter with Bradley Woods whereby Bradley Woods would serve as an advisor to the Company for the Business Combination.

From December 5, 2025 to December 8, 2025, representatives of Wilson Sonsini and Lowenstein exchanged drafts of the Term Sheet to refine the terms of the proposal that Lowenstein had orally presented and refined Applied Parent's board designation, negative consent and preemptive rights.

On December 9, 2025, representatives of Lowenstein circulated a revised draft of the Term Sheet, which, among other things, revised the consideration to propose that Applied Parent would receive a number of shares of Common Stock equal to 97% of the Common Stock on a fully diluted basis and the Company's stockholders would retain 3% of the Common Stock on a fully diluted basis, with each constituency sharing in the potential dilution from the Applied Parent Equity Financing on a pro rata basis.

On December 10, 2025, members of the Company's and Applied Parent's management, representatives of Lake Street, Mr. Stern and representatives of Wilson Sonsini and Lowenstein held a call to discuss the updated consideration presented in the draft Term Sheet and the amended draft of the Exclusivity Agreement (the "Amended Exclusivity Agreement"). During this call, Mr. Mohmand explained that Applied Parent would need to disclose the existence of the Term Sheet prior to a time that the parties would be able to negotiate definitive transaction documents.

The Board met on December 11, 2025 and discussed, among other things, the latest draft Term Sheet, management's due diligence of the Cloud business and the 2026 annual operating plan. In such discussion, the Board discussed that the Company had experienced significant difficulty in its recent financings, valuations for many of the Company's peers were down significantly and a challenging operating environment was limiting the Company's prospects. The Board also discussed that the Business Combination would provide meaningful potential upside to the Company's stockholders. The Board also discussed that Applied Parent would receive a number of shares of Common Stock equal to 97% of the Common Stock on a fully diluted basis and the Company's stockholders would retain 3% of the Common Stock on a fully diluted basis, with each constituency sharing in the potential dilution from the Applied Parent Equity Financing on a pro rata basis. Mr. Davis explained to the Board that management's view was that the Company's stock price reaction to the public announcement that the Company was evaluating strategic alternatives did not reflect the underlying valuation of the Company existing business, which was materially lower than the current trading price.

On December 11, 2025, representatives from Applied Parent granted data room access to the Company to diligence Cloud and Cloud's business.

On December 12, 2025, representatives of Wilson Sonsini circulated a revised draft of the Term Sheet to representatives of Lowenstein that, among other things, replaced the proposed relative percentage ownership split with a valuation range of \$325 million to \$425 million for Cloud. On the same day, Lowenstein circulated a further revised draft of the Term Sheet that contemplated, among other things, a yet to be determined set valuation of Cloud and a fixed amount of shares as consideration that related to Applied Parent owning approximately 97% of the combined company on a fully diluted basis.

On December 12, 2025, the Company entered into an engagement letter with Bradley Woods for the Business Combination.

On December 12, 2025, Messrs. Davis and Mohmand discussed the remaining business points on the Term Sheet, including pricing terms, with Mr. Mohmand noting that Applied Parent was unwilling to have further discussions on the proposed terms and would not move forward if the Company did not concede to such proposed terms.

On December 14, 2025, members of the Company's management and representatives of Wilson Sonsini held a call to discuss the remaining business points on the Term Sheet, including pricing terms.

Between December 12, 2025 and December 15, 2025, Mr. Davis solicited feedback from the Board regarding the remaining business points on the Term Sheet, including pricing terms, in light of the feedback provided by Applied Parent.

On December 15, 2025, at the direction of Mr. Davis, representatives of Wilson Sonsini circulated a further revised draft of the Term Sheet that substantively accepted the terms most recently proposed by Applied Parent, which was subject to further discussion with, and approval from, the Board.

Between December 16, 2025 and December 18, 2025, members of the Company's management and Mr. Stern met to discuss Cloud's business and other trading comparables.

On December 18, 2025, Messrs. Davis and Mohmand had a call to discuss the Term Sheet approval process and the Company's upcoming Board meeting. Messrs. Davis and Mohmand also discussed the public announcement of the Term Sheet in conjunction with Applied Parent's commercial planning.

On December 21, 2025, the Board met and discussed the proposed final Term Sheet, the public disclosure considerations and the due diligence process. Wes Cummins, Applied Parent's Chief Executive Officer, also attended a portion of the Board meeting and provided an overview of Applied Parent's business. Following a discussion of such matters, the Board approved the Term Sheet and the terms presented to the Board for the Business Combination.

Reasons for the Business Combination

In evaluating the Business Combination, the Board consulted with the Company's management, as well as its legal and financial advisors, including Lake Street, who rendered the Fairness Opinion to the Board, and considered a number of factors, weighing both perceived benefits of the Business Combination as well as potential risks of the Business Combination. In the course of its deliberations, the Board considered a variety of factors and information that it believes support its determinations and recommendations, including the following (which are not all-inclusive and not necessarily presented in order of relative importance):

- the Company's expectations regarding the dynamic growth of Cloud and the broader artificial intelligence industry, as well as Cloud's near-term values and financial projections;

- the Company's expectations regarding the high market demand for cloud computing, the significant investment being made in the sector and the stock price appreciation for companies in the sector;
- the Company's expectations that pursuing the Business Combination would allow for additional time and capital to evaluate strategic alternatives for the Company's existing business;
- the Company's expectations regarding potential alternatives to the Business Combination, which were extremely limited and included growth through acquiring a competitor or its technology or continuing to seek external financing to fund the Company's operations, each of which would require significant additional capital that may be unavailable or, if available, was expected to be difficult and highly dilutive and would not be expected to be sufficient to fund the Company through profitability;
- the Company's belief that, based on its historical operating results, the Company's ability to organically achieve profitability through scale entailed significant execution risk, even if the Company was able to obtain sufficient interim funding;
- the Company's business outlook, which was challenged given the limited historical growth in Indego Therapy device sales and the limited growth prospects for EksoNR sales;
- the Company's expectations that it would have limited cash resources available to fund its ongoing operations, even after giving effect to its recent fundraising efforts. In such circumstances, the Company's available liquidity would be insufficient to sustain operations for the next twelve months;
- the receipt of the Fairness Opinion that, subject to the assumptions, qualifications, and limitations set forth therein, the issuance of the Exchanged Shares by the Company in connection with the transactions contemplated by the Contribution and Exchange Agreement is fair, from a financial point of view, to the Company; and
- the recommendation of the Business Combination by the Company's management team.

In the course of its deliberations, the Board also considered a variety of risks, uncertainties and other potentially negative factors, including the following (which are not necessarily all-inclusive and not presented in order of relative importance):

- incurring substantial costs related to the Business Combination, such as financial advisory, legal, accounting and other professional services fees that have already been incurred or will continue to be incurred until and following the Closing;
- the fact that the Company may experience negative reactions from the financial markets, including negative impacts on its stock price, and it is uncertain when, if ever, the price of the shares would return to the prices at which the shares currently trade;
- the requirement in the Contribution and Exchange Agreement that, unless the Contribution and Exchange Agreement is terminated in accordance with its terms, the Company shall pay, at the Closing, all fees and expenses of the parties, including the fees and expenses of advisers, counsel, accountants and other experts, if any, as well as all other out-of-pocket expenses incurred by such parties in connection with the negotiation, preparation, execution, and delivery of the Contribution and Exchange Agreement. If the Contribution and Exchange Agreement is terminated in accordance with its terms, each party shall be responsible for its own expenses, and APLD Intermediate and Contributor shall be responsible for any expenses incurred by Cloud;
- limitations on the Company's ability to attract and retain key personnel;
- reputational harm, including relationships with investors, customers, and business partners due to the adverse perception of the Company pursuing a line of business that is unrelated to its existing business and any failure to successfully complete the Business Combination;

- potential disruption to the Company's business and distraction of its workforce and management team to pursue other opportunities that could be beneficial to the Company, in each case without realizing any of the benefits of having the Business Combination completed;
- the fact that the integration of Cloud and the Company may not be as successful as expected and that the anticipated benefits of the Business Combination may not be realized in full or in part; and
- various other risks described in the section entitled "[Risk Factors](#)" beginning on page [17](#).

The Board considered all of these factors as a whole and unanimously concluded that they supported a determination to approve the Contribution and Exchange Agreement and the transactions contemplated thereby, including the issuance of shares of Common Stock in connection with the Business Combination. The foregoing discussion of the information and factors considered by the Board is not exhaustive. In view of the wide variety of factors considered by the Board in connection with its evaluation of the Business Combination and the complexity of these matters, the Board did not consider it practical to, nor did it attempt to, quantify, rank or otherwise assign relative weights to the specific factors that it considered in reaching its decision. In considering the factors described above and any other factors, individual members of the Board may have viewed factors differently or given different weight or merit to different factors.

Required Approval of the Stockholder Approved Actions; Record Date; Action by Stockholder Consent

Under Nevada law and the Articles of Incorporation and Bylaws, the Stockholder Approved Actions required the affirmative vote or written consent of the holders of a majority of the voting power of all capital stock of the Company entitled to vote. Such Written Consent constituted approval of the Stockholder Approved Actions by the holders of the requisite number of shares of Common Stock and Series B Preferred Stock in accordance with the NRS and, accordingly, the approval of the Stockholder Approved Actions by the Company's stockholders was effective February 20, 2026. Federal securities laws state that the Stockholder Approved Actions may not be completed until 20 calendar days after the mailing date of this Information Statement to the Company's stockholders. Therefore, notwithstanding the execution and delivery of the Written Consent, the Business Combination will not occur until that time has elapsed. We currently expect the Business Combination to be completed in the second quarter of 2026, subject to certain government regulatory reviews and approvals and the satisfaction of the other conditions to closing in the Contribution and Exchange Agreement. However, there can be no assurance that the Business Combination will be completed on or prior to that time, or at all.

- approved, adopted, declared advisable and authorized the Contribution and Exchange Agreement, the Business Combination and the other transactions contemplated by the Contribution and Exchange Agreement, on the terms and subject to the conditions set forth in the Contribution and Exchange Agreement;

- Certain publicly available business and financial information related to Cloud from Applied Parent's Quarterly Report on Form 10-Q for the quarter ended November 30, 2025 and from its Annual Report on Form 10-K for the fiscal year ended May 31, 2025;

For its analysis and opinion, Lake Street assumed and relied upon, without independent verification, the accuracy and completeness of the information that was publicly available or supplied or otherwise made available to it by Ekso, Cloud, or their respective representatives, which formed a substantial basis for such opinion. With respect to the financial projections, Lake Street was advised by management of Cloud and assumed that they were reasonably prepared on bases reflecting the best currently available estimates and judgments of the management of Cloud of the future financial performance of Cloud, and Lake Street expressed no view as to the assumptions on which they were based. In addition, Lake Street assumed that the final executed Contribution and Exchange Agreement would not differ in any material respect from the draft Contribution and Exchange Agreement reviewed by Lake Street, that the consideration would consist solely of the issuance of the Ekso's shares of Common Stock and that the Business Combination would be consummated in accordance with the terms set forth in the Contribution and Exchange Agreement without any waiver, amendment or delay of any terms or conditions. Lake Street also assumed that in connection with the receipt of all the necessary governmental, regulatory or other approvals and consents required for the proposed Business Combination, no delays, limitations, conditions or restrictions would be imposed that would have an adverse effect on Ekso or the contemplated benefits expected to be derived in the proposed Business Combination.

Lake Street is not a legal, tax, accounting or regulatory advisor. Lake Street is a financial advisor only and relied upon, without independent verification, the assessment of Ekso and its legal, tax, accounting and regulatory advisors with respect to legal, tax, accounting and regulatory matters. Lake Street's opinion did not address the underlying business decision of the Board to enter into the Business Combination or the relative merits of the Business Combination compared to any other alternative business transaction, or other alternatives, or whether such alternatives could be achieved or are available. Lake Street did not make any independent valuation or appraisal of the assets or liabilities (fixed, contingent or otherwise) of Cloud, nor was Lake Street furnished with any such valuations or appraisals, nor did Lake Street assume any obligation to conduct, nor did Lake Street conduct any physical inspection of the properties, facilities or other assets of Cloud. Lake Street did not evaluate the solvency of Cloud under any law of any jurisdiction relating to bankruptcy, insolvency or similar matters. Lake Street is not a legal expert, and for purposes of its analysis, Lake Street did not make any assessment of the status of any outstanding litigation involving Cloud and excluded the effects of any such litigation in its analysis. Lake Street's opinion was based on financial, economic, market and other conditions as in effect on, and the information made available to it as of, the date of its opinion. Events occurring after the date of Lake Street's opinion may affect the opinion and the assumptions used in preparing it, and Lake Street did not assume any obligation to update, revise or reaffirm its opinion.

Lake Street's opinion addressed only fairness from a financial point of view, as of the date thereof, to the Board of the consideration to be issued in the Business Combination. The issuance of Lake Street's opinion was approved by a fairness opinion committee of Lake Street.

Summary of Material Financial Analyses

The following is a summary of the material financial analyses reviewed by Lake Street and reviewed by the Board in connection with Lake Street's Fairness Opinion and does not purport to be a complete description of the financial analyses performed by Lake Street. The rendering of an opinion is a complex analytic process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Therefore, this summary does not purport to be a complete description of the analyses performed by Lake Street or of its presentation to the Board. The order of analyses described below does not represent the relative importance or weight given to those analyses by Lake Street. Some of the summaries of the financial analyses include information presented in tabular format. To fully understand Lake Street's financial analyses, the tables must be read together with the text of each summary, as the tables alone do not constitute a complete description of the financial analyses. Considering the data below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of Lake Street's financial analyses.

In performing its analyses, Lake Street made numerous assumptions with respect to industry performance, general business and economic conditions and other matters, many of which are beyond the control of Ekso and Cloud. Lake Street does not assume any responsibility if future results are materially different from those discussed. Any estimates contained in these analyses are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than as set forth below.

Comparable Public Company Analysis

To assess how the public market values capital stock of publicly traded companies similar to Cloud, Lake Street reviewed and compared certain financial information relating to Cloud with selected companies, which, in the exercise of its professional judgment and based on its knowledge of the industry, Lake Street deemed relevant to Cloud. Although none of the selected companies is identical to Cloud, Lake Street selected these companies because they had publicly traded equity securities and were determined to be similar to Cloud in one or more respects, including the nature of their business, financial characteristics, and the fact that their equity securities are listed on major U.S. exchanges. The selected comparable companies were:

Company	Ticker
CoreWeave, Inc.	CRWV
Nebius Group N.V.	NBIS
IREN Limited	IREN
Applied Digital Corporation	APLD
TeraWulf Inc.	WULF
Cipher Mining Inc.	CIFR
Hut 8 Corp.	HUT
Core Scientific, Inc.	CORZ
MARA Holdings, Inc.	MARA
WhiteFiber, Inc.	WYFI

Lake Street obtained financial metrics and projections for the selected companies from public filings they made with the SEC and from S&P Capital IQ ("Capital IQ"). In its analysis, Lake Street derived and compared multiples for Cloud and the selected companies, calculated as follows:

- Total enterprise value ("TEV") as a multiple of estimated revenue for calendar year 2026 ("CY 2026E")
- TEV as a multiple of estimated revenue for calendar year 2027 ("CY 2027E")
- TEV as a multiple of estimated EBITDA for CY 2026E

[Table of Contents](#)

- TEV as a multiple of estimated EBITDA for CY 2027E

TEV refers to market capitalization plus all outstanding debt and leases, plus preferred stock, plus any minority interest, and less cash and cash equivalents. EBITDA refers to earnings before interest, taxes, depreciation, and amortization. This analysis indicated the following:

Financial Multiple	25th Percentile	Median	Average	75th Percentile
CY 2026E TEV / Revenue	5.5x	8.0x	11.6x	15.7x
CY 2027E TEV / Revenue	3.2x	5.2x	5.9x	7.4x
CY 2026E TEV / EBITDA	8.6x	18.4x	18.1x	27.7x
CY 2027E TEV / EBITDA	4.7x	10.1x	10.2x	13.6x

No company used in the comparable company analysis is identical to Cloud. In reviewing this analysis, Lake Street also considered, among other things, the relative comparability of the selected companies to Cloud. Based upon the foregoing and applying its professional judgment, Lake Street selected the representative ranges of the 25th to 75th percentile for each metric. Lake Street then applied the respective representative ranges to CY 2026E revenue and EBITDA, and CY 2027E revenue and EBITDA for Cloud resulting in ranges of implied total enterprise values. A summary of these enterprise value ranges is shown in the table below:

Financial Multiple	Representative Range			Implied Enterprise Value*		
CY 2026E TEV / Revenue	5.5x	-	15.7x	\$569	-	\$1,616
CY 2027E TEV / Revenue	3.2x	-	7.4x	\$388	-	\$892
CY 2026E TEV / EBITDA	8.6x	-	27.7x	\$552	-	\$1,783
CY 2027E TEV / EBITDA	4.7x	-	13.6x	\$364	-	\$1,054

* Dollars in Millions

In evaluating the financial multiples for the selected companies, Lake Street made judgments and assumptions with regard to industry performance, general business, economic, market and financial conditions, and other matters. Accordingly, Lake Street's comparison of selected companies to Cloud and analysis of the results of such comparisons was not solely quantitative, but instead necessarily involved qualitative considerations and professional judgments concerning differences in financial and operating characteristics and other factors that could affect the relative value of Cloud.

Precedent M&A Transactions Analysis

Lake Street performed a selected precedent transactions analysis, which is designed to imply a value for a company based on publicly available financial terms of the selected transactions that share some characteristics with the Business Combination. Lake Street reviewed and selected precedent transactions that, in the exercise of its professional judgment, were deemed to be relevant to its analysis after meeting the following criteria: (i) the target company operated in the data center infrastructure industry, (ii) transactions that closed since January 1, 2020, with publicly available financial terms, and (iii) the acquisition was not of a minority interest. In its analysis, Lake Street reviewed the following precedent transactions:

Close Date	Target	Buyer
March - 2024	Verne Holdings	Ardian France SA
December - 2022	Switch, Inc.	DigitalBridge and IFM Investors
March - 2022	Cyrus One Inc.	KKR & Global Infrastructure Partners
December - 2021	CoreSite Realty Corporation	American Tower Investments LLC
August - 2021	QTS Realty Trust, LLC	Blackstone Funds
March - 2020	InterXion Holding N.V.	Digital Realty Trust, Inc.

[Table of Contents](#)

For each precedent transaction listed above, using publicly available company filings, Capital IQ, and press releases, Lake Street calculated TEV multiples based on the target company's LTM revenue and EBITDA as of the closing date. From this analysis, Lake Street derived the 25th and 75th percentile multiple range for the selected precedent transactions. These multiples were then applied to Cloud's estimated revenue and EBITDA for CY 2026E and CY 2027E. The resulting precedent transaction enterprise value ranges were then discounted to present value using an estimate of Cloud's weighted average cost of capital as the discount rate. This discount rate was determined by considering market-based and company-specific risks, relying on Lake Street's professional judgment and experience. The resulting multiple range and respective implied enterprise value range is set forth in the following table:

Financial Multiple	Representative Range		Implied Enterprise Value*			
CY 2026E TEV / Revenue	13.1x	-	16.1x	\$1,110	-	\$1,368
CY 2027E TEV / Revenue	13.1x	-	16.1x	\$1,038	-	\$1,279
CY 2026E TEV / EBITDA	26.7x	-	34.1x	\$1,412	-	\$1,804
CY 2027E TEV / EBITDA	26.7x	-	34.1x	\$1,360	-	\$1,737

Lake Street noted that, although the selected transactions were used for comparison purposes, no business of any selected company was either identical or directly comparable to the Cloud business. Accordingly, Lake Street's comparison of selected companies to Cloud and analyses of the results of such comparisons was not purely mathematical, but instead necessarily involved complex considerations and judgments concerning differences in financial and operating characteristics and other factors that could affect the relative values of the selected companies and Cloud.

Discounted Cash Flow Analysis

Lake Street conducted a discounted cash flow analysis for Cloud on a stand-alone basis, which is designed to estimate the implied value of a company by calculating the present value of the estimated future unlevered free cash flows and terminal value of the company. Lake Street calculated a range of implied enterprise values of Cloud based on forecasts of future unlevered free cash flows from an estimated transaction close date as of April 2026, through calendar year 2029 provided by the management of Cloud. Lake Street first calculated unlevered free cash flows (calculated as earnings before taxes, less taxes, plus depreciation and amortization, less the amount of any increase or plus the amount of any decrease in net working capital, less capital expenditures) of Cloud for calendar years 2026 to 2029, using an assumed tax rate of 24.0%.

Lake Street then calculated terminal values for Cloud using the terminal value method based on revenue and EBITDA multiples. The terminal value based on revenue and EBITDA multiples were calculated by applying terminal LTM revenue multiples of 13.1x to 16.1x and terminal LTM EBITDA multiples of 26.7x to 34.1x (selected based on Lake Street's professional judgment after consideration of the precedent M&A transactions multiples) to Cloud's revenue and EBITDA forecast for fiscal year 2029.

[Table of Contents](#)

These unlevered free cash flows and terminal values were then discounted to their respective present values as of April 2026, using a range of discount rates of 19.8% to 29.8% (selected based on Lake Street’s professional judgment and derived from an analysis of the estimated weighted average cost of capital using Cloud comparable company data) to calculate a range of implied total enterprise values for Cloud. From this analysis, Lake Street derived the 25th and 75th percentiles for the values produced from the discounted cash flow analysis set forth in the following table:

Financial Multiple	Representative Range			Implied Enterprise Value*		
Terminal Revenue Multiple	13.1x	-	16.1x	\$717	-	\$1,046
Terminal EBITDA Multiple	26.7x	-	34.1x	\$816	-	\$1,242

* Dollars in Millions

Lake Street noted that the median value of these implied enterprise values equaled \$1,098 million (the “Cloud Median Implied Value”).

Summary

Lake Street noted that the fully diluted enterprise value of Ekso was \$27 million and that the negotiated Cloud enterprise value was \$937 million (the “Negotiated Value”), as of December 29, 2025. The Negotiated Value was calculated as the equity value of the Contributed Shares based on Ekso’s closing share price on December 29, 2025, plus Cloud net debt, including the estimated present value of future finance lease obligations discounted using a rate provided by Cloud management. Lake Street also noted that the implied value of the consideration (the “Implied Consideration”) to Ekso shareholders was \$33 million, based on Ekso’s pro forma equity ownership of 3.0% multiplied by the Cloud Median Implied Value. Finally, Lake Street noted that both the \$1,098 million Cloud Median Implied Value and the \$33 million Implied Consideration exceeded the Negotiated Value and the Ekso enterprise value as of December 29, 2025.

Certain Financial Forecasts – Important Information Concerning Cloud Management Forecasts

Cloud does not, as a matter of course, regularly prepare or publicly disclose long-term forecasts or internal projections as to future performance, revenues, earnings or other results, due to, among other reasons, the unpredictability of the underlying assumptions and estimates and the inherent difficulty of accurately predicting financial performance for future periods.

However, in connection with the review of the proposed Contribution and Exchange Agreement, Cloud’s management prepared unaudited financial projections for calendar years 2026 through 2029 on a risk-adjusted basis (the “Forecasts”), based on the best currently available information and the reasonable estimates and good faith judgments of Cloud’s management at such time and speak only as of that time. Lake Street used and relied upon the Forecasts in connection with the rendering of its Fairness Opinion to the Board and performing its financial analyses in connection therewith.

The Forecasts were prepared by Cloud’s management based on estimates they reasonably believed to be achievable. The Forecasts reflect numerous assumptions and estimates, including (i) market size, market share, customer demand, competition and pricing for Cloud’s products; (ii) sales, general and administrative expenses, costs of goods sold, GPU lease payments, and other operating expenses and capital expenditures; (iii) general economic and business conditions; (iv) the timing of GPU deployments within previously unutilized colocation capacity; and (v) other relevant factors relating to Cloud’s strategic plan, as well as how certain of these assumptions and estimates may change over time, in each case assuming Cloud operated on a standalone basis. Modeling and forecasting the future in Cloud’s industries is a highly speculative endeavor. The Forecasts should be evaluated, if at all, in conjunction with the historical financial statements and other information contained herein. In addition, the Forecasts do not take into account any circumstances or events occurring after the respective date on which the Forecasts were prepared, which was January 28, 2026.

The foregoing is a summary of certain key assumptions and estimates and does not purport to be a comprehensive overview of all assumptions and estimates reflected in the projections prepared by Cloud's management. The Forecasts are summarized below.

Cloud Management Forecasts

The following table presents estimates of selected operating data of Cloud.

Cloud Management Forecasts
Calendar Year Ending December 31
(Amounts in \$ Millions)

Selected Operating Data:	2026E	2027E	2028E	2029E

GPU Lease Expense	(49)	(44)	(40)	(37)

(1) EBITDA is a non-GAAP financial measure that is calculated as total revenue minus operating costs.

(2) Net Operating Profit is a non-GAAP financial measure that is calculated as EBITDA less GPU lease expense.

Additional Information Concerning the Forecasts

The summary of the Forecasts is included in this Information Statement solely to give Ekso shareholders access to certain financial forecasts that were made available to the Board and used by Lake Street in rendering its Fairness Opinion and is not being included in this Information Statement for any other purpose. The inclusion of this information should not be regarded as an indication that the Company's directors or their advisors, or any other person, considered, or now considers, such financial forecasts to be material or to be necessarily predictive of actual future results, and the Forecasts should not be relied upon as such. The Forecasts were generated solely for internal use and not developed with a view toward public disclosure or with a view toward complying with the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial data or published guidelines of the SEC regarding forward-looking statements or GAAP. Neither the independent registered accounting firms of Cloud nor the Ekso or any other independent accountants, have compiled, examined or performed any procedures with respect to the Forecasts contained herein, nor have they expressed any opinion or any other form of assurance on such information or their achievability, and Cloud's and Ekso's independent registered accounting firms, respectively, assume no responsibility for, and disclaim any association with, the Forecasts. The Forecasts are forward-looking statements.

The Forecasts contain EBITDA and Net Operating Profit, which are non-GAAP financial measures. Cloud management included EBITDA and Net Operating Profit in the Forecasts because Cloud management believed that such measures may be useful in evaluating, on a prospective basis, the potential operating performance and cash flow of Cloud. Cloud has not provided reconciliations of the non-GAAP measures included in the Forecasts because of the inherent difficulty in forecasting and quantifying the measures that are necessary for such reconciliation. Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information presented in accordance with GAAP. EBITDA and Net Operating Profit should not be considered as an alternative to operating income or net income as a measure of operating performance or cash flow or as a measure of liquidity.

The inclusion of the Forecasts in this Information Statement should not be regarded as an indication that Ekso or any of its affiliates, advisors, officers, directors or representatives considered or consider the Forecasts to be predictive of actual future events, and the Forecasts should not be relied upon as such or construed as financial guidance. Neither Cloud, Ekso, nor any of their affiliates, advisors (including their financial advisors), officers, directors or representatives assume any responsibility for the accuracy, reliability, appropriateness or completeness of the Forecasts. Neither Cloud, Ekso, nor any of their affiliates, advisors (including their financial advisors), officers, directors or representatives can give any assurance that actual results will not differ from the Forecasts, and, except as may be required by applicable securities laws, none of them undertakes any obligation to update or otherwise revise or reconcile the Forecasts to reflect circumstances existing after the date the Forecasts were generated or to reflect the occurrence of future events even in the event that any or all of the assumptions underlying the Forecasts are shown to be incorrect. The Forecasts do not take into account the possible financial and other effects of the Business Combination and do not attempt to predict or suggest future results following the Business Combination. The Forecasts do not give effect to the Business Combination, including the impact of negotiating or executing the Contribution and Exchange Agreement, the expenses that have been or may be incurred in connection with completing the Business Combination, the effect of any business or strategic decision or action that has been or will be taken as a result of the Contribution and Exchange Agreement having been executed, or the effect of any business or strategic decisions or actions that would likely have been taken if the Contribution and Exchange Agreement had not been executed, but that were instead altered, accelerated, postponed or not taken in anticipation of the Business Combination. Because the Forecasts were developed without giving effect to the Business Combination, they do not reflect any changes to Cloud's operations or strategy that may be implemented after completion of the Business Combination or any disruption in its operations that may be the result of the Business Combination. Cloud does not intend to make publicly available any update or other revision to the Forecasts, except as may otherwise be required by law. Neither Ekso nor any of its affiliates, advisors, officers, directors, or representatives has made or makes any representation to any securityholder regarding the information included in the Forecasts or the ultimate performance of Cloud, Ekso, ChronoScale or any of their affiliates compared to the information contained in the Forecasts, the likelihood that the Forecasts will be achieved, or the overall future performance of Cloud. Cloud has made no representation to Ekso in the Contribution and Exchange Agreement or otherwise, concerning the Forecasts.

The assumptions and estimates underlying the Forecasts, all of which are difficult to predict and many of which are beyond the control of Cloud, may not be realized. There can be no assurance that the forecasted results or underlying assumptions will be realized, and actual results likely will differ, and may differ materially, from those reflected in the Forecasts, whether or not the Transactions are consummated. In addition, the Forecasts may be affected by Cloud's ability to achieve strategic goals, objectives and targets over the applicable period. Neither Cloud, Ekso, nor any of their affiliates assumes any responsibility to the Company's stockholders for the accuracy of this information.

General

The summary set forth above does not contain a complete description of the analyses performed by Lake Street but does summarize the material analyses performed by Lake Street in rendering its opinion. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Lake Street believes that its analyses and the summary set forth above must be considered as a whole and that selecting portions of its analyses or of the summary, without considering the analyses as a whole or all of the factors included in its analyses, would create an incomplete view of the processes underlying the analyses set forth in Lake Street's opinion. In arriving at its opinion, Lake Street considered the results of all its analyses and did not attribute any particular weight to any factor or analysis. Instead, Lake Street made its determination as to fairness on the basis of its experience and financial judgment after considering the results of all of its analyses. The fact that any specific analysis has been referred to in the summary above is not meant to indicate that such analysis was given greater weight than any other analysis. In addition, the ranges of valuations resulting from any particular analysis described above should not be taken to be Lake Street's view of the actual value of Ekso or Cloud.

Lake Street is a full-service securities firm engaged in securities trading and brokerage activities, as well as providing investment banking and other financial services. The Board selected Lake Street to act as its financial advisor in connection with the transactions contemplated by the Contribution and Exchange Agreement because Lake Street is a nationally recognized investment banking firm and because Lake Street, as part of its investment banking business, is consistently engaged in the valuation of companies and their securities in connection with merger and acquisition transactions, public and private offerings and placements of securities and other securities related activities. Lake Street has had no relationship with Ekso or Cloud in the past three years for which it has received or may receive any compensation, except as described below. Further, in the ordinary course of its business Lake Street and its affiliates may acquire, hold or sell, for it and its affiliates' own accounts and for the accounts of customers, equity, debt and other securities and financial instruments (including bank loans and other obligations) of Ekso and the other parties to the Business Combination, and, accordingly, may at any time hold a long or a short position in such securities.

Lake Street acted as a financial advisor to the Ekso Board in connection with the Business Combination. Pursuant to its engagement letter with Lake Street, Ekso agreed to pay Lake Street a \$200,000 opinion fee due upon the delivery of its written opinion on February 14, 2026. These fees were determined by Lake Street and proposed to the Ekso Board. Further, Ekso has agreed to reimburse our expenses and indemnify us against certain liabilities that may arise in relation to our engagement. Over the period from 2024 through 2026, Lake Street has provided a range of investment banking and advisory services to Ekso, including acting as financial advisor and placement agent in connection with follow-on and registered offerings, warrant-related advisory matters, and private placement transactions. In connection with these engagements, Lake Street has received, in the aggregate, approximately \$810,000 in cash fees, customary expense reimbursements, and equity-linked compensation in the form of warrants to purchase 29,627 shares of Common Stock. Over the period from 2022 through 2025, Lake Street has also provided investment banking and advisory services to APLD Intermediate HoldCo LLC, including serving as a co-manager in connection with its initial public offering and a Rule 144A convertible debt offering, as well as acting as financial advisor and agent with respect to its at-the-market equity program. In connection with these engagements, Lake Street has received, in the aggregate, approximately \$780,000 in cash fees.

The Fairness Opinion was for the information of, and was directed to, the Board (in its capacity as such) for its information and assistance in connection with its consideration of the financial terms of the Business Combination. The Fairness Opinion addressed only the fairness, from a financial perspective, to Ekso of the consideration to be paid in connection with the Business Combination. It did not address the underlying business decision of the Board or Ekso to proceed with or effect the Business Combination or constitute a recommendation to the Board in connection with the Business Combination or any other matter, and it does not constitute a recommendation to any stockholder of Ekso or any stockholder of any other entity as to how to vote in connection with the Business Combination or as to any other action that a stockholder should take with respect to the Business Combination.

The full text of the Fairness Opinion, which is attached as Annex E to this Information Statement, should be read carefully in its entirety for a description of the procedures followed, the assumptions made, the matters considered, and the qualifications and limitations upon the review undertaken by Lake Street in connection with the Fairness Opinion.

Mr. Wong is a Canadian Chartered Professional Accountant and has a B.A. in Finance and Accounting from The University of British Columbia.

Controlled Company Status

We expect that ChronoScale will qualify as a "controlled company" under the listing rules of Nasdaq because following the Business Combination, more than 50% of the voting power of our Common Stock will be owned by Contributor.

As a "controlled company," ChronoScale will be entitled to rely on certain exemptions from Nasdaq's corporate governance requirements, including:

- the requirement that a majority of the Board consists of independent directors;
- the requirement that our director nominees be selected or recommended for the Board's selection by a majority of the Board's independent directors in a vote in which only independent directors participate or by a nominating committee comprised solely of independent directors, in either case, with board resolutions or a written charter, as applicable, addressing the nominations process and related matters as required under the federal securities laws; and
- the requirement that our compensation committee be composed entirely of independent directors with a written charter addressing the compensation committee's purpose and responsibilities.

These requirements will not apply to ChronoScale as long as it remains a “controlled company.” ChronoScale may and intends to elect to take advantage of such exemptions.

Effects on the Company if the Business Combination is not Completed

If the Business Combination is not completed for any reason, the Company and Cloud will remain separate, independent companies and Contributor will continue to own 100% of the equity interest of Cloud. In addition, if the Closing of the Business Combination does not occur, the Second Amended and Restated Articles of Incorporation will not be filed with the Secretary of State of the State of Nevada and will not become effective and the 2026 Plan will not be adopted.

If the Business Combination is not completed, there is no assurance as to the effect of these risks and opportunities on the future value of your shares of Common Stock, including the risk that the market price of the Common Stock may decline to the extent that the current market price of the Common Stock reflects a market assumption that the Business Combination will be completed. If the Business Combination is not completed, there is no assurance that any other transaction acceptable to the Company will be offered or that the business, operations, financial condition, earnings or prospects of the Company will not be adversely impacted. Pursuant to the Contribution and Exchange Agreement, under certain circumstances the Company and Cloud are permitted to terminate the Contribution and Exchange Agreement. Please see the section of this Information Statement entitled “[The Contribution and Exchange Agreement—Termination](#),” beginning on page 67.

The Applied Parent Equity Financing

In connection with the Business Combination and immediately preceding the Closing, we expect that Applied Parent will subscribe for and purchase, pursuant to a securities purchase agreement, at least \$15 million of Common Stock in an offering exempt from the registration requirements of the Securities Act at a price per share of Common Stock at or above the Minimum Price (as defined in this Information Statement) and in compliance with the rules and regulations of Nasdaq. The Applied Parent Equity Financing will satisfy the PIPE Investment closing condition under the Contribution and Exchange Agreement.

The shares of Common Stock to be issued in the Applied Parent Equity Financing will not be registered under the Securities Act and will be issued and sold in reliance on the exemption from registration requirements thereof provided by Section 4(a)(2) of the Securities Act as a transaction by an issuer not involving a public offering. At the closing of the Applied Parent Equity Financing, the Company expects to provide Applied Parent with certain resale registration rights with respect to the shares of Common Stock issued in the Applied Parent Equity Financing.

Business Combination Consideration

Upon the Closing of the Business Combination, and subject to the terms and conditions of the Contribution and Exchange Agreement, all of the equity of Cloud shall be contributed to the Company in exchange for 138,216,820 shares of Common Stock.

Interests of the Company’s Directors and Executive Officers in the Business Combination

Certain of the Company’s directors and executive officers may have interests in the Business Combination that may be different from, or in addition to, the interests of the Company’s stockholders generally. These interests may present actual or potential conflicts of interest, and you should be aware of these interests. The members of the Board were aware of and considered these interests in reaching the determination to approve the Contribution and Exchange Agreement and deemed the Contribution and Exchange Agreement, the Business Combination and the other transactions contemplated by the Contribution and Exchange Agreement to be fair to, and in the best interests of, the Company.

Continued employment and directorships

These interests include, among other things, the expected continued employment and directorship of Scott Davis, current Chief Executive Officer and director of the Company, and continued employment of Jerome Wong, Chief Financial Officer of the Company following the consummation of the Business Combination. Mr. Davis is expected to be the Chief Executive Officer of Ekso Bionics, Inc. (the wholly owned subsidiary of ChronoScale at Closing) and a director of ChronoScale, and Mr. Wong is expected to continue in his role as Chief Financial Officer.

Continued Indemnification and Insurance Coverage

Pursuant to the terms of certain indemnification agreements and the Articles of Incorporation currently in effect, the Company's directors and executive officers will be entitled to certain ongoing indemnification, including after the cessation of their service to the Company, to the fullest extent permissible under Nevada law against liabilities that may arise by reason of their service to the Company or at the Company's direction, and the Company may be required to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

In addition, prior to or on the Closing Date, the Company will have obtained a non-cancellable D&O Tail Policy with an extended reporting period of six (6) years from the Closing Date insuring claims for conduct, acts, and omissions occurring prior to the Closing Date.

Severance Benefits

On or about November 5, 2025, the Company entered into Change in Control and Severance Agreements (each, a "Severance Agreement") with each of Scott G. Davis, Jerome Wong and Jason C. Jones (each, a "Named Executive Officer"). Each Severance Agreement superseded all prior understandings with respect to severance benefits entered into between the Company and the applicable Named Executive Officer.

In the event of a termination of employment by a member of the Company Group (as defined in each Severance Agreement) without Cause (as defined in each Severance Agreement), but excluding a termination by reason of death or disability, which occurs outside the period commencing on and ending twelve months following a Change in Control (as defined in the Ekso Bionics Holdings, Inc. Amended and Restated 2014 Equity Incentive Plan (the "2014 Plan")), in addition to each Named Executive Officer's then-accrued compensation, the Severance Agreements provide for continuing payment of base salary over a period of 6 months (or 9 months with respect to Mr. Davis) in accordance with the Company's normal payroll procedures.

In the event of a termination of employment either (A) by a member of the Company Group without Cause, but excluding a termination by reason of death or disability, or (B) by the Named Executive Officer for Good Reason (as defined in each Severance Agreement) in either case on or within the twelve months following consummation of a Change in Control, in addition to each Named Executive Officer's then-accrued compensation, the Severance Agreements provide for the following severance payments or benefits: (i) a single lump sum payment equal to 9 months' base salary (or 18 months' with respect to Mr. Davis); (ii) payment or reimbursement of the cost of premiums for continued medical coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended ("COBRA"), for the applicable Named Executive Officer and his eligible dependents for a period of up to 9 months (or up to 18 months with respect to Mr. Davis); and (iii) full vesting acceleration and exercisability for all Company equity awards held by the applicable Named Executive Officer that are subject to time-based vesting requirements.

Payment of amounts under the Severance Agreements are subject to the effectiveness and non-revocation of a release of claims by the applicable Named Executive Officer in favor of the Company.

Additionally, any amounts that would be paid to the Named Executive Officers pursuant to the Severance Agreements that would otherwise be subject to the excise tax imposed by Sections 280G and 4999 of the Internal Revenue Code of 1986, as amended (the “Code”), will either (A) be paid in full or (B) reduced so that no portion of such payments will be subject to such excise tax, if such reduction would lead to a better after-tax result for the applicable Named Executive Officer.

Phantom Performance-Based Restricted Stock Units

On November 5, 2025, the Company granted phantom performance-based restricted stock units (“Phantom PSUs”) to the Named Executive Officer in the following amounts: (i) 185,000 to Mr. Davis; (ii) 40,000 to Mr. Wong; and (iii) 32,000 to Mr. Jones. Each Phantom PSU represents a notional share of Common Stock. The Phantom PSUs were granted under and are subject to the terms and conditions of the 2014 Plan. Each award of Phantom PSUs vests upon achievement of each of the following two performance requirements within the five-year period following the date of grant, in each case subject to the applicable Named Executive Officer’s continued employment through the applicable date of achievement: (i) the occurrence of a Change in Control (as defined in the 2014 Plan) and (ii) achievement of a Stock Price (as defined below) of at least \$7.50.

For purposes of the Phantom PSUs, “Stock Price” means either (i) the average closing price of a share of Company capital stock as reported on the securities exchange constituting the primary market for the Company’s capital stock for any consecutive five trading day period occurring in the three month period immediately preceding the occurrence of a Change in Control or (ii) the closing price of a share of Company capital stock on the Change in Control date.

Upon vesting, the Phantom PSUs will be settled in cash.

Quantification of Payments and Benefits to Named Executive Officers

This section sets forth the information required by Item 402(t) of Regulation S-K regarding the compensation of each of the Named Executive Officers pursuant to Item 402(t) of Regulation S-K. None of the Named Executive Officers, were as of February 20, 2026, party to any agreement or understanding, whether written or unwritten, between such Named Executive Officer and the Company or, concerning any type of compensation, whether present, deferred or contingent, that is based on or otherwise relates to an acquisition, merger, consolidation, sale or other disposition of all or substantially all assets of Company, except as described in more detail in the sections titled “*Severance Benefits*” and “*Phantom Performance-Based Restricted Stock Units*” above.

The table below sets forth, for the purposes of this golden parachute disclosure, estimates of the amount of payments and benefits (on a pre-tax basis) that each of the Named Executive Officers would receive concerning any type of compensation, whether present, deferred or contingent, that is based on or otherwise relates to an acquisition, merger, consolidation, sale or other disposition of all or substantially all assets of the Company, as a result of the Business Combination, assuming the following: (1) the Business Combination is completed on _____, 2026, the latest practicable date prior to the filing of this Information Statement, (2) each Named Executive Officer is terminated immediately following the Business Combination without Cause and other than due to death or disability, (3) there is no increase in each Named Executive Officer's base salary between the filing of this Information Statement and the date of termination, (4) each Named Executive Officer’s Phantom PSUs vest upon consummation of the Business Combination, and (5) each Named Executive Officer properly executes any required release and complies with all requirements necessary in order to receive the payments and benefits set forth in the table below. In addition, these estimates are based on certain other assumptions that are described in the footnotes accompanying the table below. Accordingly, the ultimate values to be received by a Named Executive Officer in connection with the Business Combination may materially differ from the amounts set forth below.

[Table of Contents](#)

Payments that are conditioned on both the occurrence of the Business Combination as well as the Named Executive Officer's termination of employment are payable on a "double-trigger" basis (as described under the "Severance Benefits" heading above) and payments that are conditioned only upon the occurrence of the Business Combination as being payable on a "single-trigger" basis (as described under the "Phantom Performance-Based Restricted Stock Units" above).

Golden Parachute Compensation

Named Executive Officer*	Cash(1) (\$)	Equity(2) (\$)	Perquisites/Benefits(3) (\$)	Total (\$)
Scott G. Davis	637,500	2,151,550	50,135	2,839,185
Jerome Wong	243,750	465,200	1,428	710,378
Jason C. Jones	243,750	372,160	35,387	651,297

(1) The dollar amounts in this column represent the maximum amount of cash severance payable by the Company to each of our Named Executive Officers pursuant to their respective Severance Agreements (as described under the "Severance Benefits" heading above). Pursuant to the Severance Agreements, in the event of the termination of a Named Executive Officer's employment either (A) by the Company other than for Cause but excluding a termination by reason of death or disability or (B) by the Named Executive Officer's resignation for Good Reason, in either case on or within the twelve months following consummation of the Business Combination, the Named Executive Officer will become eligible to receive a single lump sum cash payment equal to 9 months' base salary (or 18 months' with respect to Mr. Davis), subject to the execution of a release of claims in favor of the Company. The cash severance amounts in this column are "double-trigger" as they will only become payable in the event of a qualifying termination of employment on or within the twelve months following consummation of the Business Combination.

(2) On November 5, 2025, the Company granted the Named Executive Officers awards of Phantom PSUs (as described under the "Phantom Performance-Based Restricted Stock Units" above). Each award of Phantom PSUs is scheduled to vest upon achievement of each of the following two performance requirements within the five-year period following the date of grant, in each case subject to the applicable Named Executive Officer's continued employment through the applicable date of achievement: (i) the occurrence of a Change in Control (including the Business Combination), and (ii) achievement of a Stock Price of at least \$7.50. Upon vesting, the Phantom PSUs will be settled only in cash and not in shares of Company Common Stock. The Phantom PSUs will vest in connection with the consummation of the Business Combination. The amounts in this column are "single-trigger" as they will vest solely in connection with the consummation of the Business Combination.

The following table quantifies the value of such vesting, which is calculated for each such award of Phantom PSUs by multiplying (i) the number of shares subject to such awards of Phantom PSUs, by (ii) \$11.63, which is the average closing market price of the Company's shares over the first five business days following the filing of the Form 8-K announcing the Business Combination on February 17, 2026.

Scott G. Davis	-	2,151,550	185,000
Jerome Wong	-	465,200	40,000
Jason C. Jones	-	372,160	32,000

(3) The dollar amounts in this column represent the estimated maximum cost to the Company of continuation of medical benefits pursuant to each Named Executive Officer's respective Severance Agreement (as described under the "Severance Benefits" heading above). Pursuant to the Severance Agreements, in the event of the termination of a Named Executive Officer's employment either (A) by the Company other than for Cause but excluding a termination by reason of death or disability or (B) by the Named Executive Officer's resignation for Good Reason, in either case on or within the twelve months following consummation of the Business Combination, the Named Executive Officer will become eligible to receive payment or reimbursement of the cost of premiums for continued medical coverage under COBRA, for the Named Executive Officer and his eligible dependents for a period of 9 months (or 18 months with respect to Mr. Davis), subject to execution of a release of claims in favor of the Company. The COBRA benefits disclosed in this column are "double-trigger" as they will only become payable in the event of a qualifying termination of employment on or within the twelve months following consummation of the Business Combination.

Material U.S. Federal Income Tax Consequences of the Business Combination

The receipt of equity interests of Cloud by the Company is not expected to be a taxable event for the Company or a holder of the Capital Stock, and accordingly there should be no U.S. federal income tax consequences to the Company or to a holder of the Capital Stock as a result of the Business Combination.

This means that Cloud will allocate the purchase price to the estimated fair value of the Company's tangible and intangible assets and liabilities at the acquisition date, with the excess purchase price, if any, being recorded as goodwill. In accordance with GAAP, goodwill is not amortized but is tested for impairment at least annually.

Under the Investor Rights Agreement, any director that will be designated by the APLD Designator may only be removed with the consent of the APLD Designator, or by the stockholders in accordance with applicable law, and the APLD Designator will be entitled to appoint replacement designees in the event a vacancy is created with respect to one of its designees.

Under the Investor Rights Agreement, the Company will agree to include the applicable designees in its slate of nominees for election at any stockholder meetings and to use reasonable best efforts to cause each designee to be elected.

For so long as the APLD Investors continue to beneficially own at least thirty percent (30%) of the aggregate outstanding voting securities of ChronoScale, the Board will be prohibited from increasing the total number of directors on the Board to greater than seven (7) and, in no event shall any decrease in the number of directors on the Board, in any instance, eliminate, abridge, or otherwise modify the APLD Designator's designation rights, in each case, without the consent of the APLD Designator.

Observer Rights

For so long as any APLD Investor is a party to the Investor Rights Agreement, the APLD Investors will have the right to invite two (2) observers to all meetings of the Board, to participate in all deliberations thereof, in a non-voting observer capacity, so long as such observers' presence, or participation in, such meetings shall not pose a conflict of interest or threat to attorney-client privilege or work product privilege.

Approval Rights

Under the Investor Rights Agreement, for so long as the APLD Investors continue to beneficially own at least thirty percent (30%) of the aggregate outstanding voting securities of ChronoScale, the Company will agree not to take the following specified actions (as more fully set forth in the Investor Rights Agreement) without the prior written consent of the APLD Designator, which such approval rights may be waived by the APLD Designator, in whole or in part, from time to time:

- commence or approve any dissolution, liquidation or winding up of the Company or any subsidiary, including similar transactions, or merge or consolidate with any person, or sell, lease, transfer otherwise dispose of all or substantially all of the assets or voting power of the Company or any subsidiary;
- make any fundamental change in the nature of the Company's or any subsidiary's business or purpose;
- relocate the Company's principal office;
- create, authorize, designate, issue or obligate the Company or any subsidiary to issue any securities that are senior to the Common Stock with respect to dividends, liquidation or voting;
- amend the Company's Articles of Incorporation or the Company's bylaws, stockholders' agreement or similar governing or organizational document;
- issue any shares of Preferred Stock;
- declare, set aside or pay any dividends or other distributions on any capital stock;
- enter into any agreement that restricts the ability of the Company or any subsidiary to comply with the pre-emptive rights of the APLD Investors in the Investor Rights Agreement;
- incur, create, assume or guarantee any indebtedness for borrowed money, subject to certain exceptions;
- make or commit to make any acquisition, joint venture, partnership, strategic alliance or formation of any subsidiary, or any investment in, or loans or advances to, any person, subject to certain exceptions;
- create, incur, assume or permit to exist any Lien (as defined in the Investor Rights Agreement) on any property or asset now owned or hereafter acquired by the Company or any subsidiary, assign or sell any income or revenues (including accounts receivable) or rights in respect thereof, other than Permitted Liens (as defined in the Investor Rights Agreement);
- enter into, amend, waive, supplement or terminate any transaction or agreement with any stockholder, director, officer or employee of the Company or any subsidiary, or any affiliate of the foregoing, subject to certain exceptions;
- sell, transfer, assign, exclusively license, pledge, encumber or otherwise dispose of any assets valued individually or collectively in excess of \$100 million, subject to certain exceptions;
- hire, appoint, terminate or materially change the compensation or duties of the Chief Executive Officer or Chief Financial Officer of the Company;
- appoint, remove or change the Company's independent public accountants (other than to a nationally recognized or regional accounting firm);
- prosecute, commence, defend, settle or compromise any litigation, arbitration, administrative or regulatory Proceeding, investigation or claim that could reasonably be expected to (i) result in obligations (including fees and expenses) exceeding \$1 million, (ii) impose injunctive or other equitable relief materially adverse to the Company or the conduct of the business, or (iii) adversely affect the rights of any APLD Investor;
- enter into any agreement that purports to bind any APLD Investor;
- make any political or charitable contribution in excess of \$1,000 in any instance or \$10,000 in the aggregate in any fiscal year, subject to applicable law;
- enter into any agreement that restricts the ability of the Company or any subsidiary to conduct any material aspect of its business, to compete in any material respect, or to operate in any geographic area, other than customary restrictions in commercial agreements entered into in the ordinary course of business; and
- agree, approve, adopt a plan or policy, or commit, resolve or obligate the Company or any subsidiary to do any of the foregoing.

Preemptive Rights

The APLD Investors will be entitled to preemptive rights for so long as they collectively beneficially own at least ten percent (10%) of the Company's aggregate outstanding voting securities. When the Company proposes to issue new equity securities, it must provide the APLD Investors with written notice specifying the securities to be offered, the price, and other material terms. Within ten (10) days of receiving this notice, the APLD Investors may elect to purchase up to the lesser of (i) 150% of their pro rata share of outstanding equity securities or (ii) 75% of the new securities being offered, with an oversubscription right for any unsubscribed securities.

If the APLD Investors do not subscribe for all offered securities, the Company may sell the remaining securities to third parties within ninety (90) days, provided the terms are no more favorable than those initially offered to the APLD Investors. If the Company fails to complete a sale within this period, or if such agreement is not consummated within thirty (30) days of the execution thereof, the preemptive rights revive and the offered securities may not be sold without restarting the process.

These rights will extend to equity securities issued by subsidiaries of the Company, subject to exceptions for de minimis issuances by any subsidiary of the Company required by law and intracompany issuances or issuances to the Company or any wholly owned subsidiaries of the Company.

The preemptive rights will not apply to issuances under employee benefits or equity incentive plans and will terminate upon a Deemed Liquidation Event (as defined in the Investor Rights Agreement).

Registration Rights

The Company will be required to file a registration statement with the SEC covering the resale of all registrable securities held by the APLD Investors by the date that is sixty (60) days after Closing. The registration statement must be on Form S-3, or if Form S-3 is unavailable, on another appropriate form, with the Company obligated to convert to a Form S-3 shelf registration statement within thirty (30) days of becoming eligible. The Company will be obligated to use commercially reasonable efforts to have the registration statement declared effective within thirty (30) calendar days of the filing deadline (or sixty (60) days if the SEC reviews the filing).

The Company will bear all registration expenses, excluding underwriting discounts, selling commissions, and the APLD Investors' legal fees. The Company will be obligated to maintain the effectiveness of the registration statement until there are no longer any registrable securities outstanding, subject to certain permitted suspension periods not exceeding forty-five (45) consecutive trading days or ninety (90) total trading days in any 365-day period. If the SEC limits the securities eligible for registration under Rule 415, the Company will be obligated to use commercially reasonable efforts to advocate for full registration and, if unsuccessful, allocate any required cutbacks among the APLD Investors on a pro rata basis. The Company will also be obligated to take reasonable steps to facilitate sales under Rule 144, maintain stock exchange listings, and promptly notify investors of any material misstatements requiring prospectus amendments.

The Applied Parent Equity Financing

Immediately preceding the Closing, and as a condition precedent thereto, we expect that Applied Parent will subscribe for and purchase, pursuant to a securities purchase agreement, at least \$15 million of Common Stock in an offering exempt from the registration requirements of the Securities Act at a price per share of Common Stock at or above the Minimum Price (as defined in this Information Statement) and in compliance with the rules and regulations of Nasdaq. The Applied Parent Equity Financing is expected to close immediately prior to the Closing and will satisfy the PIPE Investment closing condition.

The shares of Common Stock to be issued in the Applied Parent Equity Financing will not be registered under the Securities Act and will be issued and sold in reliance on the exemption from registration requirements thereof provided by Section 4(a)(2) of the Securities Act as a transaction by an issuer not involving a public offering. At the closing of the Applied Parent Equity Financing, the Company will provide Applied Parent with the same resale registration rights as described above in the section titled "[Agreements Related to the Business Combination—Investor Rights Agreement—Registration Rights](#)" with respect to the shares of Common Stock issued to Applied Parent.

The Company also intends to apply for Nasdaq listing of the Common Stock issuable in the Applied Parent Equity Financing and to take all appropriate action to increase the authorized number of shares of Common Stock available for issuance by the filing of the Second Amended and Restated Articles of Incorporation. The closing of the Applied Parent Equity Financing is expected to be conditioned upon all conditions to the Closing being satisfied or waived and the Business Combination occurring substantially concurrently with the Applied Parent Equity Financing.

EKSO BIONICS HOLDINGS, INC.
UNAUDITED PRO FORMA COMBINED FINANCIAL INFORMATION

Introduction

Certain terms used below, but not otherwise defined in this section, shall have the meanings ascribed to them elsewhere in the Information Statement.

On February 15, 2026, Ekso entered into the Contribution and Exchange Agreement. Pursuant to the Contribution and Exchange Agreement, Contributor will contribute all of its right, title and interest in and to 1,200 shares of the common stock of Cloud, constituting 100% of the issued and outstanding equity of Cloud, to Ekso in exchange for 138,216,820 newly issued shares of Common Stock. Immediately following the consummation of the Business Combination and the Applied Parent Equity Financing, based on the shares outstanding as of February 20, 2026, Ekso's securityholders as of immediately prior to the consummation of the Business Combination are expected to collectively hold approximately 3% of ChronoScale's outstanding shares of Common Stock, Contributor is expected to hold approximately 96% of ChronoScale's outstanding shares of Common Stock and Applied Parent is expected to hold approximately 1% of ChronoScale's outstanding shares of Common Stock, in each case, assuming full conversion of the Series B Preferred Stock, full vesting of outstanding director restricted stock units that are expected to vest upon the Closing in accordance with their terms and the Company issuing \$15.0 million of Common Stock in the Applied Parent Equity Financing at an assumed price per share of \$11.81, the closing price of the Common Stock on March 12, 2026 (which is subject to change). The Exchanged Shares and the shares of Common Stock issued in the Applied Parent Equity Financing will be issued in a private placement transaction exempt from the registration requirements under the Securities Act.

In addition, immediately preceding the Closing, Ekso expects that Applied Parent will subscribe for and purchase, pursuant to a securities purchase agreement, at least \$15 million of Common Stock in an offering exempt from the registration requirements of the Securities Act, at a price per share of Common Stock at or above the Minimum Price (as defined in this Information Statement) and in compliance with the rules and regulations of Nasdaq. Ekso expects that the closing of the Applied Parent Equity Financing will be conditioned upon all conditions to the Closing being satisfied or waived and the Business Combination occurring substantially concurrently with the Applied Parent Equity Financing, as well as certain other conditions. The Business Combination and the Applied Parent Equity Financing are referred to collectively in this Information Statement as "the Transactions."

The following unaudited pro forma condensed combined financial information ("unaudited pro forma financial information") has been prepared based on the historical audited consolidated financial statements of Ekso and the historical audited and unaudited combined financial statements of Cloud, as indicated below, after giving effect to the Transactions. The unaudited pro forma condensed combined balance sheet as of December 31, 2025, combines the historical audited consolidated balance sheet of Ekso as of December 31, 2025, and the historical unaudited combined balance sheet of Cloud as of November 30, 2025, as if the Transactions had occurred on December 31, 2025. The unaudited pro forma condensed combined statement of operations and comprehensive loss for the year ended December 31, 2025, combines the historical audited consolidated statement of operations and comprehensive loss of Ekso for the year ended December 31, 2025, with the historical unaudited combined statement of operations of Cloud for the twelve months ended November 30, 2025, as derived from the unaudited combined financial statements of Cloud as indicated below, as if the Transactions had occurred on January 1, 2025.

The unaudited pro forma financial information was prepared using and should be read in conjunction with:

- the accompanying notes to the unaudited pro forma financial information;
- the historical audited consolidated financial statements of Ekso as of and for the year ended December 31, 2025, included in Ekso's annual report on Form 10-K, filed with the SEC on February 23, 2026;

- the historical unaudited combined statement of operations of Cloud for the twelve months ended November 30, 2025. This information is derived from the historical audited combined statement of operations of Cloud for the year ended May 31, 2025, which is adjusted by adding the results from the six months ended November 30, 2025, and removing the results from the six months ended November 30, 2024, and the unaudited combined balance sheet of Cloud as of November 30, 2025.

The unaudited pro forma condensed combined financial information has been prepared using the acquisition method of accounting, as further described in Note 2, with Cloud as the acquirer of Ekso. Accordingly, consideration paid or exchanged by Cloud to complete the Business Combination will generally be allocated to assets, liabilities and noncontrolling interests of Ekso based on their estimated fair values with any excess allocated to goodwill. The acquisition method of accounting is dependent upon certain valuation assumptions, including those related to the preliminary purchase price allocation of the assets acquired, liabilities assumed and noncontrolling interests of Ekso. The actual purchase price allocation may vary based on final analyses of the fair value of the acquired assets, assumed liabilities, and noncontrolling interests, which is expected to be completed no later than 12 months after the date of completion of the Business Combination. These changes may result in material adjustments to the unaudited pro forma financial information.

The historical financial statements have been adjusted in the accompanying unaudited pro forma financial information to give effect to pro forma events that are applicable to business combination accounting as required under generally accepted accounting principles in the United States (“U.S. GAAP”). The unaudited pro forma adjustments are based upon currently available information, estimates and assumptions. The unaudited pro forma financial information is for informational purposes only, is not intended to represent or to be indicative of actual results of operations or financial position of ChronoScale had the Transactions been completed on the dates assumed and should not be taken as indicative of future consolidated results of operations or financial position. The actual results may differ significantly from those reflected in the unaudited pro forma condensed combined statement of operations for a number of reasons, including, but not limited to, differences between the assumptions used to prepare the unaudited pro forma statements of operations and actual amounts. The unaudited pro forma financial information contained herein does not include integration costs or benefits from synergies that may result from the Transactions.

The unaudited pro forma financial information is presented for informational purposes only. The information has been prepared in accordance with Article 11 of Regulation S-X of the SEC as amended by the final rule, Release No. 33-10786 “*Amendments to Financial Disclosures about Acquired and Disposed Businesses*,” using the assumptions set forth in the notes to the unaudited pro forma financial information.

Note 1 – Description of the Transaction

On February 15, 2026, Ekso entered into a business combination transaction with APLD Intermediate, Contributor and Cloud, each a direct or indirect wholly-owned subsidiary of Applied Parent. As part of the transaction, Contributor will transfer 100% of the issued and outstanding equity of Cloud in exchange for 138,216,820 newly issued shares of Common Stock. Immediately following the consummation of the Business Combination, based on the shares outstanding as of February 20, 2026, Ekso securityholders as of immediately prior to the consummation of the Business Combination are expected to collectively hold approximately 3% of ChronoScale's outstanding shares of Common Stock and Contributor is expected to hold approximately 97% of ChronoScale's outstanding shares of Common Stock, in each case, without giving effect to the Applied Parent Equity Financing and assuming full conversion of the Series B Preferred Stock and full vesting of outstanding restricted stock units that are expected to vest upon the Closing in accordance with their terms. Upon Closing, Cloud will become a wholly owned subsidiary of Ekso, and Ekso, as the continuing parent company, will be renamed "ChronoScale Corporation." Legacy Ekso stockholders will retain their existing shares, which will represent their ownership in ChronoScale, but will not receive any cash consideration as part of the transaction.

In connection with and as a condition to Closing, Ekso intends to complete the Applied Parent Equity Financing with Applied Parent, via a private placement of its Common Stock for gross proceeds of at least \$15.0 million. A separate closing condition requires Ekso to have at least \$15.0 million in cash and cash equivalents on its balance sheet, inclusive of the net proceeds received from the PIPE Investment (as defined in the Contribution and Exchange Agreement). The Applied Parent Equity Financing will satisfy the PIPE Investment closing condition. The final terms of this financing, including its potential impact on interest expense and the balance sheet, have not yet been determined.

Note 2 – Basis of Presentation

The accompanying unaudited pro forma financial information presents the unaudited pro forma statement of operations and unaudited pro forma balance sheet of ChronoScale prepared in accordance with Article 11 of SEC Regulation S-X, as amended by the final rule, Release No. 33-10786 "*Amendments to Financial Disclosures about Acquired and Disposed Businesses.*" Ekso has historically operated on a fiscal year ended December 31, whereas Cloud has historically operated on a fiscal year ended May 31. In accordance with applicable SEC rules, if the fiscal year end of an acquired entity differs from the acquirer's fiscal year end by more than 93 days, the acquired entity's income statement must be brought up within one fiscal quarter of the acquirer's fiscal year-end. Financial information for Cloud for the twelve months ended November 30, 2025, has been derived for purposes of the preparation of the unaudited pro forma financial information. The unaudited pro forma statements of operations were prepared using:

- the historical audited consolidated statement of operations of Ekso for the year ended December 31, 2025; and
- the historical unaudited condensed combined statement of operations of Cloud for the twelve months ended November 30, 2025, which has been derived by adding information from the historical unaudited condensed combined statement of operations from the six months ended November 30, 2025, to the information from the historical audited combined statement of operations for the fiscal year ended May 31, 2025, and removing information from the historical unaudited condensed combined statement of operations from the six months ended November 30, 2024.

The Business Combination will be accounted for using the acquisition method of accounting as described in Accounting Standards Codification Topic 805, *Business Combinations* (“ASC 805”), under which the estimated purchase price will be allocated to Ekso’s assets acquired and liabilities assumed based upon their estimated fair values, utilizing fair value concepts defined in ASC Topic 820, *Fair Value Measurement*, with any excess recognized as goodwill. Significant judgment is required in determining the preliminary fair values of identified intangible assets, property and equipment, certain other assets and other assumed liabilities. These preliminary valuations of assets acquired, and liabilities assumed are determined using market, income and cost approaches from the perspective of a market participant, which requires estimates and assumptions including, but not limited to, estimating future cash flows in addition to developing the appropriate market discount rates and obtaining available market pricing for comparable assets. Additionally, the final determination of the merger consideration and purchase price allocation, upon the completion of the merger, will be based on Ekso’s share price and net assets as of the closing date of the merger and will depend on a number of factors that cannot be predicted with certainty at this time. The final valuation may materially change the allocation of the purchase price, which could materially affect the fair values assigned to the assets and liabilities and could result in a material change to the unaudited pro forma condensed combined financial information.

Although Ekso is the legal acquirer, the Business Combination is treated as a reverse acquisition under ASC 805, with Cloud identified as the accounting acquirer. This determination is based on evidence that the former owners of Cloud will control ChronoScale. The primary indicators of control are that, based on the shares outstanding as of February 20, 2026, the Contributor is expected to hold approximately 97% of ChronoScale’s outstanding shares of Common Stock, without giving effect to the Applied Parent Equity Financing (or approximately 96% taking into account the Applied Parent Equity Financing assuming the Company issues \$15.0 million of Common Stock at an assumed price per share of \$11.81, the closing price of the Common Stock on March 12, 2026 (which is subject to change)) and assuming full conversion of the Series B Preferred Stock and full vesting of outstanding restricted stock units that are expected to vest upon the Closing in accordance with their terms, and will have the right to designate a majority of the board of directors (four of seven members), a further indicator that the fair value of Cloud significantly exceeds the fair value of Ekso prior to the Business Combination.

The historical audited consolidated financial statements of Ekso and the historical audited and unaudited condensed combined financial statements of Cloud are prepared in accordance with U.S. GAAP and are reported in U.S. dollars.

The unaudited pro forma condensed combined balance sheet gives effect to the Transactions as if they had occurred on December 31, 2025. The unaudited pro forma condensed combined statement of operations and comprehensive loss gives effect to the Transactions as if they had occurred on January 1, 2025.

Note 3 – Purchase price

Pursuant to the Contribution and Exchange Agreement, immediately following the consummation of the Business Combination, based on the shares outstanding as of February 20, 2026, Ekso securityholders as of immediately prior to the consummation of the Business Combination are expected to collectively hold approximately 3% of ChronoScale's outstanding shares of Common Stock and Contributor is expected to hold approximately 97% of ChronoScale's outstanding shares of Common Stock, in each case, without giving effect to the Applied Parent Equity Financing and assuming full conversion of the Series B Preferred Stock and full vesting of outstanding restricted stock units that are expected to vest upon the Closing in accordance with their terms. The estimated preliminary purchase price, which represents the consideration transferred to Ekso's security holders in this reverse acquisition, is calculated based on the number of equity interests Cloud would have had to issue to give Ekso the same percentage equity interest in ChronoScale that results from the reverse acquisition. The accompanying unaudited pro forma condensed combined financial information reflects an estimated purchase price of approximately \$51.4 million, consisting of equity consideration to the Company's former securityholders. This amount reflects the value of approximately 4,353,486 shares of common stock Cloud would have had to issue to Ekso securityholders at Closing pursuant to the Contribution and Exchange Agreement based on Ekso's closing share price of \$11.81 on Nasdaq on March 12, 2026, which is used as a proxy for the market price of the Ekso shares at Closing.

The following table presents the preliminary estimate of the fair value of the consideration transferred for the Transactions:

<i>(in thousands, except per share information)</i>	Estimated total purchase price
Common Stock Issued	3,563
Convertible Preferred Stock Issued	712
Assumed Restricted Stock Units	78
Total shares and related equity awards outstanding as of the Merger Date	4,353
Assumed Ekso's closing share price	\$ 11.81
Total Consideration Transferred	<u>\$ 51,415</u>

The preliminary value of the consideration does not purport to represent the actual value of the total purchase price that will be received by the Ekso securityholders when the Business Combination is completed. The actual value of the Exchanged Shares to be issued will depend on the per share price of Common Stock at Closing, and therefore, the actual total purchase price of the Business Combination and, in turn, goodwill will fluctuate with the market price of the Common Stock until the Business Combination is consummated.

The following table illustrates the effect of changes in the Common Stock price and the resulting impact on the estimated total purchase price (in thousands except for the share price):

Change in stock price	Ekso's share price	Estimated total purchase price
As presented	\$ 11.81	\$ 51,415
Increase of 10%	\$ 12.99	\$ 56,556
Increase of 20%	\$ 14.17	\$ 61,698
Decrease of 10%	\$ 10.63	\$ 46,273
Decrease of 20%	\$ 9.45	\$ 41,132

Note 4 – Preliminary Fair Values of Assets Acquired and Liabilities Assumed

The following table presents our preliminary estimates of the fair values of the assets acquired, liabilities assumed and noncontrolling interests. Our preliminary estimates are based on the information that was available as of the date of this information statement. As discussed in Note 2 herein, the preliminary estimated allocation will be subject to further refinement as new information becomes available and may result in material changes. These changes, as discussed in Note 5 herein, will primarily relate to the allocation of consideration transferred and the fair value assigned to all tangible and intangible assets and liabilities acquired and identified. The final purchase price and goodwill could differ significantly from the current estimate, which could materially impact these unaudited pro forma condensed combined financial statements.

(in thousands)	Estimated Fair Value

The preliminary purchase price allocation is based on a preliminary assessment of the fair values of the assets acquired and liabilities assumed as of December 31, 2025.

Note 5 – Adjustments to the Unaudited Pro Forma Condensed Combined Balance Sheet

- a. Represents the elimination of \$431 thousand of existing Ekso goodwill and the recognition of \$36.7 million of goodwill arising from the Business Combination. Goodwill is calculated as the difference between the preliminary estimated purchase price and the fair values assigned to the identifiable tangible and intangible assets acquired and liabilities assumed of Ekso. The fair value of assets acquired, and liabilities assumed is preliminary and will be finalized upon completion of the Business Combination. This amount may increase or decrease based on the final purchase price allocation. Goodwill recorded in connection with the acquisition is not deductible for income tax purposes.
- b. Represents the recognition of an additional \$6.1 million in identifiable intangible assets attributable to the Business Combination. The preliminary valuation affirms the continuing value of the existing \$3.5 million intangible assets, resulting in a total of \$9.6 million as follows:

<i>(in thousands, except useful lives)</i>	Estimated useful life (in years)	Estimated Fair Value
Trade names	7	\$ 3,500
Developed technology	7	6,100
Total intangible assets acquired		\$ 9,600

The recognition of additional identifiable intangible results in additional deferred tax liability of approximately \$1.5 million, calculated using a combined estimated U.S. federal and state statutory tax rate of 25%. This rate is subject to change when Ekso performs a complete tax analysis after the Transactions are completed. Ekso maintains a full valuation allowance against its deferred tax assets and, after giving effect to these pro forma adjustments, continues to have a net deferred tax asset position fully offset by a valuation allowance. Therefore, the pro forma adjustments result in no net impact to income tax expense for the periods presented.

- c. Represents adjustments to equity including the following:
- Elimination of Ekso's historical securityholders' equity of \$9.0 million;
 - Reclassification of Cloud's parent company net investment of \$(98.5) million, of which \$(169.3) million is reclassified to Retained earnings, being Cloud's historical accumulated deficit, with the balance of \$267.8 million reclassified to Additional paid-in capital; and
 - Recording estimated purchase consideration of \$51.4 million, of which \$143 thousand is included in Common stock as par value of 142,570,306 shares outstanding (4,353,486 issued to Ekso's former securityholders and 138,216,820 issued to Cloud in the business combination) of ChronoScale at a par value of \$0.001 per share, with the balance of \$51.3 million included in Additional paid-in capital.
- d. Represents the accrual of Cloud non-recurring transaction costs of \$5.0 million related to the Business Combination including fees expected to be paid for financial advisors, legal services, and professional accounting services.

Note 6 – Adjustments to the Unaudited Pro Forma Condensed Combined Statement of Operations and Comprehensive Loss

- a. Reflects the reversal of \$330 thousand in historical intangible assets amortization and the recognition of \$500 thousand in new amortization expense related to trade names identified as part of the estimated purchase price allocation. A 10% change in the valuation of trade names would cause a corresponding increase or decrease in the annual amortization expense of approximately \$50 thousand.
- b. Reflects the recognition of \$871 thousand in new amortization expense related to developed technology identified as part of the estimated purchase price allocation. A 10% change in the valuation of developed technology would cause a corresponding increase or decrease in the annual amortization expense of approximately \$87 thousand.
- c. Reflects an increase in the weighted average shares outstanding for the period, after accounting for the issuance of;
 - 138,216,820 shares of Common Stock to Cloud,
 - 1,270,110 shares related to the Applied Parent Equity Financing, and
 - 78,183 shares for conversion of Restricted Stock Units to Common Stock.

The pro forma basic and diluted loss per share is calculated as follows:

<i>(in thousands, except per share information)</i>	Year ended December 31, 2025
Numerator:	
Pro forma net loss applicable to common stockholders	\$ (80,132)
Adjustment for deemed dividend (1)	(226)
Pro forma adjusted net loss used for basic and diluted calculation	\$ (80,358)
Denominator:	
Weighted-average number of common shares, basic and diluted (2)	141,991
Net loss per share applicable to common shareholders, basic and diluted	\$ (0.57)

(1) Deemed dividend represents Ekso's incremental fair value of the Inducement Warrant over the gross proceeds received, which reduces income available to common stockholders used for the basic and diluted net loss per common share calculation.

(2) Warrants for potential shares of common stock were excluded from the calculation of diluted pro forma net loss per common share because to do so would be anti-dilutive as of the end of the period presented.

Note 7 – Applied Parent Equity Financing Adjustments

Represents receipt of \$15.0 million in proceeds from the Applied Parent Equity Financing. In this private placement, which is expected to close concurrently with the Business Combination, Ekso will issue additional shares of its Common Stock to Applied Parent or a subsidiary thereof at an assumed price of \$11.81 per share, the closing share price on March 12, 2026, which is used as a proxy for the market price of the Ekso shares at Closing, which will result in the issuance by Ekso of 1,270,110 shares of Common Stock in the Applied Parent Equity Financing at an assumed gross amount of \$15.0 million.

The terms of the Applied Parent Equity Financing may be materially different than those assumed in these unaudited pro forma condensed combined financial statements, including that the per share price may be different than the assumed \$11.81 per share, the amount of the gross proceeds or that the Applied Parent Equity Financing may not happen at all. Below is a sensitivity analysis showing the potential impact of a change in the stock price on the number of shares to be issued in the Applied Parent Equity Financing. Further, each additional \$1.0 million of gross proceeds in the Applied Parent Equity Financing would result in the issuance of approximately 84,674 additional shares of Common Stock at an assumed price of \$11.81 per share.

Change in stock price	Ekso's share price	Estimated Common Stock to be issued (in thousands)
As presented	\$ 11.81	1,270
Increase of 10%	\$ 12.99	1,155
Increase of 20%	\$ 14.17	1,058
Decrease of 10%	\$ 10.63	1,411
Decrease of 20%	\$ 9.45	1,588

APPROVAL OF THE PROPOSED ISSUANCE - NASDAQ RULE 5635

General

On February 14, 2026, the Board unanimously approved and, on February 20, 2026, holders of approximately 50.4% of the outstanding Capital Stock acted by Written Consent in lieu of a special meeting of stockholders to approve, the Contribution and Exchange Agreement, dated as of February 15, 2026, by and among the Company, APLD Intermediate, Contributor and Cloud, pursuant to which Contributor will contribute all of its equity interest in its wholly owned subsidiary, Cloud, to the Company, in exchange for 138,216,820 newly issued shares of Common Stock.

In addition, immediately preceding the Closing, we expect that Applied Parent will subscribe for and purchase, pursuant to a securities purchase agreement, at least \$15 million of Common Stock in an offering exempt from the registration requirements of the Securities Act at a price per share of Common Stock at or above the Minimum Price (as defined in this Information Statement) and in compliance with the rules and regulations of Nasdaq. The Applied Parent Equity Financing is expected to close immediately prior to the Closing. We expect that the closing of the Applied Parent Equity Financing will be conditioned upon all conditions to the Closing being satisfied or waived and the Business Combination occurring substantially concurrently with the Applied Parent Equity Financing, as well as certain other conditions. The Applied Parent Equity Financing and the Business Combination are referred to collectively in this Information Statement as the “Transactions.” Immediately following the consummation of the Transactions, based on the shares outstanding as of February 20, 2026, Contributor and Applied Parent collectively are expected to hold approximately 97% of ChronoScale’s outstanding shares of Common Stock assuming full conversion of the Series B Preferred Stock, full vesting of outstanding director restricted stock units that are expected to vest upon the Closing in accordance with their terms and the Company issuing \$15.0 million of Common Stock in the Applied Parent Equity Financing at an assumed price per share of \$11.81, the closing price of the Common Stock on March 12, 2026 (which is subject to change). The shares of Common Stock issuable upon consummation of the Transactions are referred to herein as the “Proposed Issuance.”

The Proposed Issuance may result in the issuance of a number of shares of Common Stock exceeding the threshold for which stockholder approval is required under Nasdaq Rule 5635 as further discussed below. To ensure compliance with Nasdaq Rule 5635, the Principal Stockholders approved, among other things, the issuance of the Common Stock under the Contribution and Exchange Agreement and the Proposed Issuance, including for purposes of Nasdaq Rule 5635. Thus, the Board, at its discretion, may cause the Company to pursue the Proposed Issuance or to abandon it if it determines that such actions are not in the best interests of the Company.

Nasdaq Listing Rule 5635

The Common Stock is currently listed on Nasdaq. As a result, the shares of Common Stock are subject to the Nasdaq Listing Rules.

Pursuant to Nasdaq Listing Rule 5635(a), stockholder approval is required prior to the issuance of common stock or other securities convertible into or exercisable for common stock, in connection with the acquisition of the stock or assets of another company, if such securities are not issued in a public offering for cash and (1) the common stock has, or will have upon issuance, voting power equal to or in excess of 20% of the voting power outstanding before the issuance of such securities, or (2) the number of shares of common stock to be issued is or will be equal to or in excess of 20% of the number of shares of common stock outstanding before the issuance of such securities.

Pursuant to Nasdaq Listing Rule 5635(b), stockholder approval must be obtained prior to the issuance of securities when the issuance or potential issuance will result in a “change of control” of a company, which is generally understood to occur when after a transaction, an investor (or a group of investors) would hold 20% or more of a company’s then-outstanding capital stock (a “Change of Control”).

Therefore, the issuances of the shares of Common Stock in the Business Combination and the Applied Parent Equity Financing will constitute (i) a transaction in which the Common Stock will have upon issuance or conversion, voting power equal to or in excess of 20% of the voting power outstanding before the issuance of such securities subject to stockholder approval under Nasdaq Rule 5635(a) and (ii) a Change of Control under Nasdaq Rule 5635(b), where stockholder approval must be obtained prior to such issuance.

In addition, pursuant to Nasdaq Listing Rule 5635(d), stockholder approval must be obtained prior to the issuance of securities in connection with a transaction other than a public offering involving the sale, issuance, or potential issuance of common stock (or securities convertible into or exercisable for common stock) equal to 20% or more of common stock, or 20% or more of voting power, outstanding before such issuance, at a price per share that is less than the Minimum Price. For purposes of Rule 5635(d), "Minimum Price" means a price that is the lower of: (i) the closing price (as reflected on Nasdaq) immediately preceding the signing of the binding agreement; or (ii) the average closing price of the Common Stock (as reflected on Nasdaq) for the five trading days immediately preceding the signing of the binding agreement. Applied Parent expects to consummate the Applied Parent Equity Financing at or above the Minimum Price. However, the terms of the Applied Parent Equity Financing are not known at this time. It is possible that the consummation of the Applied Parent Equity Financing, if such offering is not priced at or above the Minimum Price, would fall under this rule because the number of shares of Common Stock issuable upon the completion of the Applied Parent Equity Financing may equal or exceed 20% of the number of shares of Common Stock outstanding prior to the Applied Parent Equity Financing, as the Applied Parent Equity Financing will be consummated immediately prior to the Business Combination.

For purposes of complying with Nasdaq Listing Rules, 5635(a), 5635(b) and 5635(d) as described above, the Principal Stockholders have approved the Proposed Issuance. Such approval for purposes of Nasdaq Rule 5635 was taken by Written Consent pursuant NRS 78.320, which provides that any action required or permitted to be taken at a meeting of the stockholders may be taken without a meeting if, before or after the action, a written consent thereto is signed by stockholders holding at least a majority of the voting power, except that if a different proportion of voting power is required for such an action at a meeting, then that proportion of written consents is required.

Effect of Approval of the Proposed Issuance on Our Stockholders

The Contribution and Exchange Agreement contemplates that, upon the consummation of the Business Combination, the Company will issue 138,216,820 shares of Common Stock to Contributor. The issuance of the share consideration under the Contribution and Exchange Agreement will not affect the rights of the holders of our outstanding shares of Common Stock, but the issuance of such shares will have a dilutive effect on holders of our Common Stock, including the voting power, liquidation value, book value and economic rights of existing stockholders, and may result in a decline in the Company's stock price or greater price volatility.

As a result, immediately following the consummation of the Business Combination and the Applied Parent Equity Financing, based on the shares outstanding as of February 20, 2026, upon Closing, the Company securityholders as of immediately prior to the consummation of the Business Combination are expected to collectively hold approximately 3% of ChronoScale's outstanding shares of Common Stock, Contributor is expected to hold approximately 96% of ChronoScale's outstanding shares of Common Stock and Applied Parent is expected to hold approximately 1% of ChronoScale's outstanding shares of Common Stock, in each case, assuming full conversion of the Series B Preferred Stock, full vesting of outstanding director restricted stock units that are expected to vest upon the Closing in accordance with their terms and the Company issuing \$15.0 million of Common Stock in the Applied Parent Equity Financing at an assumed price per share of \$11.81, the closing price of the Common Stock on March 12, 2026 (which is subject to change).

Notwithstanding the foregoing, we believe the benefits of the effectiveness of the approval of the Proposed Issuance exceed the potential dilutive effects and related risks described above. Our ability to succeed on our business plans and ultimately generate value for our stockholders is dependent on our ability to consummate the Transactions.

The Board and the Principal Stockholders have approved the Proposed Issuance.

SECOND AMENDED AND RESTATED ARTICLES OF INCORPORATION

Description of the Proposed Amendment and Restatement

Effective February 14, 2026, the Board unanimously approved the Contribution and Exchange Agreement, the Business Combination, and the transactions contemplated therein, including the Second Amended and Restated Articles of Incorporation immediately prior to the Business Combination, subject to required stockholder approval and the requirements of Regulation 14C, to, among other things (i) increase the number of authorized shares of Common Stock from 141,428,571 to 290,000,000, (ii) waive corporate opportunities for certain members of the Board and stockholders, (iii) elect not to be governed by NRS 78.411 through NRS 78.444, inclusive, (iv) generally permit removal of directors only for cause and only by the affirmative vote of not less than 75% of the voting power of all of the then outstanding shares of stock entitled to vote in the election of directors cast at a meeting called for such purpose, and (v) change the name of the corporation from “Ekso Bionics Holdings, Inc.” to “ChronoScale Corporation.” The Second Amended and Restated Articles of Incorporation will be effected immediately prior to Closing upon a filing with the Secretary of State of the State of Nevada. The principal text of the proposed Second Amended and Restated Articles of Incorporation is set out in [Annex C](#) to this Information Statement. The text of the proposed Second Amended and Restated Articles of Incorporation is subject to modification to include such changes as may be required by the office of the Secretary of State of the State of Nevada or as the Board deems necessary and advisable to effect the Second Amended and Restated Articles of Incorporation.

Following approval of the Second Amended and Restated Articles of Incorporation by the Board, action was taken without a meeting of the stockholders effective February 20, 2026, to approve the Second Amended and Restated Articles of Incorporation by written consent signed by a majority of the voting power of the stockholders as required by Nevada law. As of the Record Date, there were 3,563,381 shares of Common Stock issued and outstanding, of which each share of Common Stock was entitled to one vote, and 5,852 shares of Series B Preferred Stock issued and outstanding, of which each share of Series B Preferred Stock was entitled to vote on an as converted to Common Stock basis having the voting power of an aggregate of 711,922 shares of Common Stock. Effective February 20, 2026, the Principal Stockholders, who collectively and beneficially own shares of Common Stock and Series B Preferred Stock representing approximately 50.4% of the voting power of all the outstanding voting securities of the Company, delivered to the corporate secretary of the Company an irrevocable written consent adopting, among other things, the Second Amended and Restated Articles of Incorporation.

Therefore, the Second Amended and Restated Articles of Incorporation have been approved by the Board and a majority of the Company’s voting power but will not become effective until immediately prior to Closing, when the Second Amended and Restated Articles of Incorporation is filed with the Secretary of State of the State of Nevada. No filing of the Second Amended and Restated Articles of Incorporation can be made with the Secretary of State of the State of Nevada until at least twenty (20) calendar days following the filing of this Information Statement with the SEC and the transmission of this Information Statement to all holders of record of the Common Stock and Series B Preferred Stock as of the Record Date.

Share Increase

Purpose and Reasons for the Share Increase

The Board determined to increase the number of authorized shares of Common Stock because the current number of authorized shares of Common Stock is insufficient to issue the 138,216,820 shares of Common Stock issuable in the Business Combination to Contributor in exchange for its contribution of 100% of its equity interest in Cloud, to issue any shares of Common Stock contemplated by the Applied Parent Equity Financing, and to reserve 22,500,000 shares of Common Stock under the 2026 Plan, as well as have shares available for future issuances. Currently, there are 141,428,571 shares of Common Stock authorized, and 3,563,381 shares of Common Stock issued and outstanding. Additionally, 711,922 shares of Common Stock are reserved for issuance upon conversion of the issued and outstanding shares of Series B Preferred Stock. Upon the consummation of the Business Combination, the Company is expected to issue, and Contributor will receive 138,216,820 newly issued shares of Common Stock. In addition, at an assumed price per share of Common Stock of \$11.81 (the closing price of the Company’s Common Stock on March 12, 2026 (which is subject to change)) and for assumed gross proceeds of \$15.0 million, the Company would issue to Applied Parent 1,270,110 shares of Common Stock in the Applied Parent Equity Financing.

The Board believes it would be prudent and advisable to have the additional shares available to consummate the Transactions and to provide additional flexibility for the potential use of shares of Common Stock for business and financial purposes in the future. Having an increased number of authorized but unissued shares of Common Stock would allow us to take prompt action with respect to corporate opportunities that develop, without the delay and expense of convening a special meeting of stockholders for the purpose of approving an increase in our authorized shares. The additional shares could be used for various purposes without further stockholder approval. These purposes may include: (i) raising capital, if we have an appropriate opportunity, through offerings of Common Stock or securities that are convertible into common; (ii) expanding our business through potential strategic transactions; (iii) establishing strategic relationships with other companies; (iv) exchanges of Common Stock, or securities that are convertible into Common Stock for other outstanding securities; (v) providing equity incentives pursuant to our equity incentive plans, or another plan we may adopt in the future, to attract and retain employees, officers or directors; and (vi) other general corporate purposes. We intend to use the additional shares of Common Stock that will be available to undertake any such issuances described above.

Therefore, the Board has determined that it is in the best interests of the Company to increase the number of authorized shares of Common Stock from 141,428,571 to 290,000,000. The increase would become effective immediately prior to Closing upon filing of the proposed Second Amended and Restated Articles of Incorporation, in form and substance set out in [Annex C](#) to this Information Statement, with the Secretary of State of the State of Nevada.

Effect of the Share Increase

The increase in authorized shares of our Common Stock will not have any immediate effect on the rights of existing stockholders. However, because our stockholders do not have any preemptive rights, future issuance of shares of Common Stock or securities exercisable for or convertible into shares of Common Stock could have a dilutive effect on our earnings per share, book value per share, and the voting rights of stockholders and could have a negative effect on the price of our Common Stock.

Disadvantages to an increase in the number of authorized shares of Common Stock may include:

- Stockholders may experience further dilution of their ownership.
- Stockholders will not have any preemptive or similar rights to subscribe for or purchase any additional shares of Common Stock that may be issued in the future, and therefore, future issuances of Common Stock, depending on the circumstances, will have a dilutive effect on the earnings per share, voting power and other interests of our existing stockholders.
- The additional shares of Common Stock for which authorization is sought in this proposal would be part of the existing class of Common Stock and, if and when issued, would have the same rights and privileges as the shares of common stock presently outstanding.

Additionally, the issuance of authorized but unissued shares of Common Stock could be used to deter a potential takeover of us that may otherwise be beneficial to stockholders by diluting the shares held by a potential suitor or issuing shares to a stockholder that will vote in accordance with the Board's desires. A takeover may be beneficial to independent stockholders because, among other reasons, a potential suitor may offer such stockholders a premium for their shares of stock compared to the then-existing market price. We do not have any plans or proposals to adopt provisions or enter into agreements that may have material anti-takeover consequences.

We have no specific plan, commitment, arrangement, understanding or agreement, either oral or written, regarding the issuance of Common Stock or Preferred Stock subsequent to this proposed increase in the number of authorized shares of Common Stock at this time, and we have not allocated any specific portion of the proposed increase in the authorized number of shares of Common Stock to any particular purpose, other than the consummation of the Transactions and reservation of 22,500,000 shares of Common Stock for issuance under the 2026 Plan.

The Common Stock is currently registered under Section 12(g) of the Exchange Act, and, as a result, the Company is subject to the periodic reporting and other requirements of the Exchange Act. The Share Increase will not affect the registration of the Common Stock under the Exchange Act. If the proposed Second Amended and Restated Articles of Incorporation is implemented, the Common Stock will continue to be reported on Nasdaq under the new symbol “CHRN.”

Name Change

The Board believes that changing the Company’s name from Ekso Bionics Holdings, Inc. to ChronoScale Corporation (the “Name Change”) more closely aligns with ChronoScale’s future strategic initiatives and development of the ChronoScale platform. Our Common Stock is currently traded on Nasdaq and the Name Change will result in a change in our CUSIP number and a change in our trading symbol. We will provide definitive information on our new trading symbol and CUSIP number in a Current Report on Form 8-K to be filed with the SEC to report the Closing of the Business Combination, which may be after the effective date of the Name Change.

The Name Change would become effective upon filing of the proposed Second Amended and Restated Articles of Incorporation with the Secretary of State of the State of Nevada immediately prior to Closing.

Other Material Differences between the Articles of Incorporation and the Second Amended and Restated Articles of Incorporation.

The following is a brief description of some of the other differences that we consider material. This discussion is not intended to be a complete statement of the other differences but rather is intended to be a summary of the more significant differences affecting the rights of our stockholders. The identification of certain provisions or differences is not meant to indicate that other equally or more significant differences do not exist. The following summary discussion is qualified in its entirety by reference to the NRS, the proposed Second Amended and Restated Articles of Incorporation, and the Bylaws.

Voting Rights

The Articles of Incorporation do not contain provisions regarding voting rights of holders of Common Stock. The Second Amended and Restated Articles of Incorporation provide that each share of Common Stock shall entitle the holder thereof to one vote, in person or by proxy, on any matter on which action of the stockholders of the Company is sought. The holders of shares of Preferred Stock shall have no right to vote such shares, except (i) as determined by the Board in accordance with the provisions of Section 3 of Article FOURTH of the Second Amended and Restated Articles of Incorporation, or (ii) as otherwise provided by the NRS, as amended from time to time.

Blank Check Preferred Stock Authority

The Articles of Incorporation contains a “blank check” preferred stock authorization provision. The Second Amended and Restated Articles of Incorporation also contains a “blank check” preferred stock authorization provision, but provides in more detail that the authority of the Board with respect to each series shall include, but not be limited to, determination of the following: (i) the number of shares constituting such series and the distinctive designation of such series; (ii) the dividend rate on the shares of such series, whether dividends shall be cumulative and, if so, from which date or dates, and the relative rights of priority, if any, of payment of dividends on shares of such series; (iii) whether such series shall have voting rights, in addition to the voting rights provided by law, and, if so, the terms of such voting rights; (iv) whether such series shall have conversion privileges, and, if so, the terms and conditions of such conversion privileges, including provision for the adjustment of the conversion rate; (v) whether or not the shares of such series shall be redeemable, and, if so, the terms and conditions of such redemption; (vi) whether that series shall have a sinking fund for the redemption or purchase of shares of such series, and, if so, the terms and amount of such sinking fund; (vii) the rights of the shares of such series in the event of voluntary or involuntary liquidation, dissolution or winding up of the Company, and the relative rights of priority, if any, of payment of shares of such series; and (viii) any other relative rights, preferences and limitations of such series.

Dividend Priority and Liquidation Preferences

The Articles of Incorporation do not contain provisions relating to dividends and liquidation preferences for Preferred Stock. The Second Amended and Restated Articles of Incorporation provide that dividends on issued and outstanding shares of Preferred Stock shall be paid or declared and set apart for payment prior to any dividends being paid or declared and set apart for payment on the shares of Common Stock with respect to the same dividend period. If, upon any voluntary or involuntary liquidation, dissolution or winding up of the Company, the assets of the Company available for distribution to holders of shares of Preferred Stock of all series shall be insufficient to pay such holders the full and complete preferential amount to which such holders are entitled, then such assets shall be distributed ratably among the shares of all series of Preferred Stock in accordance with the respective preferential amounts, including unpaid cumulative dividends, if any, payable with respect thereto.

Limitation of Liability of Directors and Officers

The Articles of Incorporation do not contain provisions relating to the limitation of liability of the directors and officers of the Company. The Second Amended and Restated Articles of Incorporation provides that the personal liability of any director or officer of the Corporation shall be eliminated or limited to the fullest extent permitted by the NRS. The Second Amended and Restated Articles of Incorporation further provides that any repeal or modification of such article by the stockholders of the Company shall not adversely affect any right or protection of any director of the Company existing at the time of such repeal or modification.

Number of Directors and Board Governance

The Articles of Incorporation set forth the names and addresses of the members of the Board. The Second Amended and Restated Articles of Incorporation provide that the management of the business and the conduct of the affairs of the Company shall be vested in the Board. The number of directors which shall constitute the whole Board shall be fixed by, or in the manner provided in, the Bylaws. Directors shall be elected by the holders of shares entitled to vote thereon at the annual meeting of shareholders and until their respective successors have been elected and qualified.

Removal of Directors

The Articles of Incorporation do not contain specific provisions regarding the removal of directors beyond those provided by the NRS. The Second Amended and Restated Articles of Incorporation provide that any director or the entire Board may be removed at any time, but only for cause and only by the affirmative vote of the holders of seventy-five percent (75%) or more of the voting power of the issued and outstanding stock of the Company entitled to vote generally in the election of directors (considered for this purpose as one class) cast at a meeting of the stockholders of the Company called for that purpose. Notwithstanding the foregoing, and except as otherwise required by law, whenever the holders of any one or more series of preferred stock shall have the right, voting separately as a class, to elect one or more directors of the Company, this provision shall not apply with respect to the director or directors elected by such holders of preferred stock.

Amendment of Bylaws

The Articles of Incorporation do not provide for amendment of the Bylaws. The Second Amended and Restated Articles of Incorporation provide that the Board shall have the power to make, adopt, alter, amend and repeal from time to time the Bylaws, subject to the right of the shareholders entitled to vote with respect thereto to adopt, alter, amend and repeal bylaws made by the Board. However, the Bylaws shall not be adopted, altered, amended or repealed by the stockholders of the Company, except by the vote of the holders of not less than two-thirds (2/3) of the outstanding shares of stock entitled to vote upon the election of directors.

Corporate Opportunity Waiver

The Articles of Incorporation do not contain provisions relating to the renunciation of corporate opportunities. The Second Amended and Restated Articles of Incorporation contain substantial provisions relating to the renunciation of corporate opportunities. To the fullest extent permitted by the laws of the State of Nevada, the Company renounces all interest and expectancy that it otherwise would be entitled to have in, and all rights to be offered an opportunity to participate in, any business opportunity that from time to time may be presented to: (A) Applied Parent, a Nevada corporation (together with its subsidiaries, "APLD"), any directors who are employees of or Affiliates (as defined therein) (other than the Company or its subsidiaries) of APLD or any of their respective principals, members, directors, partners, stockholders, officers, employees or other representatives (other than any such director who is also an employee of the Company or its subsidiaries), or (B) any director or stockholder who is not employed by the Company or its subsidiaries (each such person, an "Exempt Person"). No Exempt Person will have any duty to refrain from engaging in a corporate opportunity in the same or similar lines of business in which the Company or its subsidiaries from time to time is engaged or proposes to engage, or otherwise competing, directly or indirectly, with the Company or any of its subsidiaries. If any Exempt Person acquires knowledge of a potential transaction or other business opportunity which may be a corporate opportunity both for such Exempt Person or any of his or her respective affiliates, on the one hand, and for the Company or its subsidiaries, on the other hand, such Exempt Person shall have no duty to communicate or offer such transaction or business opportunity to the Company or its subsidiaries and such Exempt Person may take any and all such transactions or opportunities for itself or offer such transactions or opportunities to any other Person (as defined therein).

However, this corporate opportunity waiver shall not apply to any potential transaction or business opportunity that is expressly offered to a director, officer or employee of the Company or its subsidiaries, solely in his or her capacity as a director, officer or employee of the Company or its subsidiaries.

Combinations with Interested Stockholders

The Articles of Incorporation do not contain express provisions electing out of Nevada's interested stockholder statutes. The Second Amended and Restated Articles of Incorporation expressly provide that the Company elects not to be governed by NRS 78.411 through 78.444, inclusive, as from time to time in effect or any successor provision thereto. These sections of the NRS generally restrict business combinations between a Nevada corporation and an "interested stockholder" (generally defined as a person beneficially owning 10% or more of the corporation's voting stock) for a period of time following the date such person became an interested stockholder.

Reserved Rights to Amend

The Articles of Incorporation do not contain provisions reserving the right to amend. The Second Amended and Restated Articles of Incorporation provide that the Company reserves the right at any time, and from time to time, to amend, alter, change or repeal any provision contained in the Second Amended and Restated Articles of Incorporation, and other provisions authorized by the laws of the State of Nevada at the time in force may be added or inserted, in the manner now or hereafter prescribed by law; and all rights, preferences and privileges of any nature conferred upon stockholders, directors or any other persons by and pursuant to the Second Amended and Restated Articles of Incorporation in its present form or as hereafter amended are granted subject to this reserved right.

Capital Stock Assessability

The Articles of Incorporation do not contain express provisions regarding the assessability of capital stock. The Second Amended and Restated Articles of Incorporation provide that capital stock issued by the Company after the amount of the subscription price or par value therefor has been paid in full shall not be subject to pay debts of the Company, and no capital stock issued by the Company and for which payment has been made shall ever be assessable or assessed.

Interested Director Transactions

The Articles of Incorporation does not contain express provisions relating to interested director transactions. The Second Amended and Restated Articles of Incorporation provides that no contract or other transaction between the Company and any other corporation, whether or not a majority of the shares of the capital stock of such other corporation is owned by the Company, and no act of the Company shall in any way be affected or invalidated by the fact that any of the directors of the Company are pecuniarily or otherwise interested in, or are directors or officers of such other corporation. Any director of the Company, individually, or any firm of which such director may be a member, may be a party to, or may be pecuniarily or otherwise interested in any contract or transaction of the Company; provided, however, that the fact that he or such firm is so interested shall be disclosed or shall have been known to the Board, or a majority thereof; and any director of the Company who is also a director or officer of such other corporation, or who is so interested, may be counted in determining the existence of a quorum at any meeting of the Board that shall authorize such contract or transaction, and may vote thereat to authorize such contract or transaction.

Rights of Additional Authorized Shares

The Share Increase will not have any effect on the par value per share of our Common Stock. The additional Common Stock to be authorized will have the same privileges as the shares of Common Stock currently authorized and issued and will not otherwise alter or modify the rights, preferences, privileges or restrictions of our Common Stock. Our Common Stock is a single class, with equal voting, distribution, liquidation and other rights. The additional Common Stock to be authorized will have rights identical to our currently outstanding Common Stock. If our Board issues additional shares of Common Stock, existing stockholders would not have any preferential rights to purchase any newly authorized shares of Common Stock solely by virtue of their ownership of shares of our Common Stock, and their percentage ownership of our then outstanding Common Stock could be reduced. The issuance of additional shares of Common Stock could have the effect of diluting existing stockholder earnings per share, book value per share and voting power.

No Preemptive Rights

Except as described in the section of this Information Statement entitled “[Agreements Related to the Business Combination—Investor Rights Agreement—Preemptive Rights](#)” beginning on page [71](#), holders of our Common Stock do not have any preemptive or similar rights to acquire or subscribe for or purchase any additional shares of any class of capital stock that may be issued in the future and, therefore, future issuances of our Common Stock may, depending on the circumstances, have a dilutive effect on the earnings per share, voting power and other interests of our existing stockholders.

The Second Amended and Restated Articles of Incorporation are attached as [Annex C](#) to this Information Statement. However, the Second Amended and Restated Articles of Incorporation are subject to revision to include such changes as may be required by the Secretary of State of the State of Nevada and as the Board deems necessary and advisable to effect the Share Increase.

DESCRIPTION OF CAPITAL STOCK

We have authorized capital stock consisting of 141,428,571 shares of Common Stock and 10,000,000 shares of Preferred Stock, of which 5,852 shares have been designated as shares of Series B Preferred Stock, as of January 22, 2026. Unless stated otherwise, the following discussion summarizes the terms and provisions of our Articles of Incorporation and our Bylaws. This description is summarized from, and qualified in its entirety by reference to, our Articles of Incorporation and our Bylaws, and the applicable provisions of the NRS.

Common Stock

Dividends. The holders of outstanding shares of Common Stock are entitled to receive dividends out of assets or funds legally available for the payment of dividends of such times and in such amounts as the Board from time to time may determine.

Voting. Holders of Common Stock are entitled to one vote for each share held on all matters submitted to a vote of stockholders. There is no cumulative voting of the election of directors then standing for election.

Pre-emptive Rights, Redemption, Conversion and Sinking Fund Provisions. The Common Stock is not entitled to pre-emptive rights and is not subject to conversion, redemption or sinking fund provisions.

Liquidation Rights. Upon liquidation, dissolution or winding up of our Company, the assets legally available for distribution to stockholders are distributable ratably among the holders of the Common Stock after payment of liquidation preferences, if any, on any outstanding payment of other claims of creditors. Each outstanding share of Common Stock is duly and validly issued, fully paid and non-assessable.

Transfers. There are no restrictions on the transfer of our Common Stock except such restrictions as may be imposed by applicable securities laws.

Series B Preferred Stock

Voting. Except as otherwise required by law, holders of Series B Preferred Stock shall not be entitled to any separate voting rights and shall vote together with the holders of Common Stock on an as-converted basis. Each Holder of the Series B Preferred Stock shall not be entitled to have, on an as-converted basis and in the aggregate, together with votes attributable to any other voting securities beneficially owned by such holder and such holder's affiliates, a number of votes representing more than 19.99% of the then-combined voting power of all of the voting securities of the Company outstanding as of the time of such vote.

Duration and Conversion. The Series B Preferred Stock has no stated maturity and will remain outstanding indefinitely unless converted into Common Stock. The Series B Preferred Stock will be convertible into shares of Common Stock at a conversion price of \$8.22 per share, subject to customary adjustments (the "Conversion Price"). Each share of Series B Preferred Stock shall be convertible into such number of shares of Common Stock that results from dividing the Stated Value, or \$1,000, by the Conversion Price.

Limitations on Conversion. Holders of Series B Preferred Stock are prohibited from converting shares of Series B Preferred Stock into shares of Common Stock if, as a result of such conversion, such holder, together with its affiliates, would beneficially own in excess of 9.99% of the then-combined voting power of all of the voting securities of the Company outstanding immediately after giving effect to such conversion.

Protective Provisions. For so long as any shares of Series B Preferred Stock are outstanding, the Company may not take any of the following actions without the affirmative vote of the holders of a majority of the then outstanding shares of the Series B Preferred Stock: (i) alter, waive or change adversely the powers, preferences or rights given to the Series B Preferred Stock or alter or amend the Certificate of Designation of the Powers, Preferences and Relative, Participating, Option and Other Restrictions of the Series B Preferred Stock (the “Certificate of Designation”), (ii) authorize, create or issue any class of stock ranking as to dividends, redemption or distribution of assets upon a Liquidation (as defined in the Certificate of Designation) senior to, or otherwise pari passu with, the Series B Preferred Stock, (iii) increase or decrease the authorized number of shares of Series B Preferred Stock, or (iv) amend the Company’s articles of incorporation or bylaws or file any articles of amendment, certificate of designation, preferences, limitations and relative rights of any series of preferred stock in any manner that adversely affects any rights given to the Series B Preferred Stock regardless of whether any such action shall be by means of amendment to its articles of incorporation or by merger, consolidation or otherwise.

Redemption. The shares of Series B Preferred Stock are redeemable at the Company’s or the holder’s option at the Stated Value starting at the one-year anniversary of the closing of the private placement entered into by the Company and certain institutional and accredited investors on January 22, 2026. The shares of Series B Preferred Stock are also redeemable at the holder’s option at the Stated Value upon a Trading Failure (as defined in the Certificate of Designation), subject to certain exceptions.

Combination with Interested Stockholders Statute

NRS 78.411 to 78.444, inclusive, which apply to any Nevada corporation subject to the reporting requirements of Section 12 of the Exchange Act, including us, prohibits an “interested stockholder” from entering into a “combination” with the corporation for two years, unless certain conditions are met. A “combination” includes:

- any merger of the corporation or any subsidiary of the corporation with an “interested stockholder,” or any other entity, whether or not itself an “interested stockholder,” which is, or after and as a result of the merger would be, an affiliate or associate of an “interested stockholder;”
- any sale, lease, exchange, mortgage, pledge, transfer, or other disposition in one transaction, or a series of transactions, to or with an “interested stockholder” or any affiliate or associate of an “interested stockholder,” of assets of the corporation or any subsidiary:
 - having an aggregate market value equal to more than 5% of the aggregate market value of the corporation’s assets, determined on a consolidated basis;
 - having an aggregate market value equal to more than 5% of the aggregate market value of all outstanding voting shares of the corporation; or
 - representing more than 10% of the earning power or net income, determined on a consolidated basis, of the corporation;
- the issuance or transfer by the corporation or any subsidiary, of any shares of the corporation or any subsidiary to an “interested stockholder” or any affiliate or associate of an “interested stockholder,” having an aggregate market value equal to 5% or more of the aggregate market value of all of the outstanding voting shares of the corporation, except under the exercise of warrants or rights to purchase shares offered, or a dividend or distribution paid or made, pro rata to all stockholders of the resident domestic corporation;
- the adoption of any plan, or proposal for the liquidation or dissolution of the corporation, under any agreement, arrangement or understanding, with the “interested stockholder,” or any affiliate or associate of the “interested stockholder;”
- if any of the following actions occurs:

- o a reclassification of the corporation's securities, including, without limitation, any splitting of shares, share dividend, or other distribution of shares with respect to other shares, or any issuance of new shares in exchange for a proportionately greater number of old shares;
 - o recapitalization of the corporation;
 - o merger or consolidation of the corporation with any subsidiary;
 - o or any other transaction, whether or not with or into or otherwise involving the interested stockholder,
 - o under any agreement, arrangement or understanding, whether or not in writing, with the interested stockholder or any affiliate or associate of the interested stockholder, which has the immediate and proximate effect of increasing the proportionate share of the outstanding shares of any class or series of voting shares or securities convertible into voting shares of the corporation or any subsidiary of the corporation which is beneficially owned by the interested stockholder or any affiliate or associate of the interested stockholder, except as a result of immaterial changes because of adjustments of fractional shares.
- any receipt by an "interested stockholder" or any affiliate or associate of an "interested stockholder," except proportionately as a stockholder of the corporation, of the benefit of any loan, advance, guarantee, pledge or other financial assistance or any tax credit or other tax advantage provided by or through the corporation.

An "interested stockholder" is a person who is:

- o directly or indirectly, the beneficial owner of 10% or more of the voting power of the outstanding voting shares of the corporation; or
- o an affiliate or associate of the corporation, which at any time within two years immediately before the date in question was the beneficial owner, directly or indirectly, of 10% or more of the voting power of the then outstanding shares of the corporation.

A corporation to which the "Combinations with Interested Stockholders Statute" applies may not engage in a "combination" within two years after the interested stockholder first became an interested stockholder, unless the combination meets all of the requirements of the corporation's articles of incorporation and (i) the combination or the transaction by which the person first became an interested stockholder is approved by the board of directors before the person first became an interested stockholder, or (ii)(a) the combination is approved by the board of directors and (b) at or after that time, the combination is approved at an annual or special meeting of the stockholders, and not by written consent, by the affirmative vote of the stockholders representing at least sixty percent (60%) of the outstanding voting power of the corporation not beneficially owned by the interested stockholder or the affiliates or associates of the interested stockholder.

If this approval is not obtained, the combination may be consummated after the two year period expires if either (i) the combination or transaction by which the person first became an interested stockholder is approved by the board of directors before such person first became an interested stockholder, (ii) the combination is approved by a majority of the outstanding voting power of the corporation not beneficially owned by the interested stockholder or any affiliate or associate of the interested stockholder, or (iii) the combination otherwise meets the requirements of the Combination with Interested Stockholders statute. Alternatively, a combination with an interested stockholder engaged in more than two years after the date the person first became an interested stockholder may be permissible if the aggregate amount of cash and the market value of consideration other than cash to be received by holders of shares of Common Stock and holders of any other class or series of shares meets the minimum requirements set forth in the statute, and prior to the Closing, except in limited circumstances, the interested stockholder has not become the beneficial owner of additional voting shares of the corporation.

Acquisition of Controlling Interest Statute

In addition, Nevada’s “Acquisition of Controlling Interest Statute,” prohibits an acquiror, under certain circumstances, from voting shares of a target corporation’s stock after crossing certain threshold ownership percentages, unless the acquiror obtains the approval of the target corporation’s stockholders. NRS 78.378 to 78.3793, inclusive, only apply to Nevada corporations with at least 200 stockholders, including at least 100 record stockholders who are Nevada residents, that do business directly or indirectly in Nevada and whose articles of incorporation or bylaws in effect ten (10) days following the acquisition of a controlling interest by an acquiror do not prohibit its application.

We do not intend to “do business” in Nevada within the meaning of the Acquisition of Controlling Interest Statute. Therefore, we believe it is unlikely that this statute will apply to us. The statute specifies three thresholds that constitute a controlling interest:

- at least one-fifth but less than one-third;
- at least one-third but less than a majority; and
- a majority or more, of the outstanding voting power.

Once an acquiror crosses one of these thresholds, shares which it acquired in the transaction taking it over the threshold (or within ninety days preceding the date thereof) become “control shares” which could be deprived of the right to vote until a majority of the disinterested stockholders restore that right.

A special stockholders’ meeting may be called at the request of the acquiror to consider the voting rights of the acquiror’s shares. If the acquiror requests a special meeting and gives an undertaking to pay the expenses of said meeting, then the meeting must take place no earlier than 30 days (unless the acquiror requests that the meeting be held sooner) and no more than 50 days (unless the acquiror agrees to a later date) after the delivery by the acquiror to the corporation of an information statement which sets forth the range of voting power that the acquiror has acquired or proposes to acquire and certain other information concerning the acquiror and the proposed control share acquisition.

If no such request for a stockholders’ meeting is made, consideration of the voting rights of the acquiror’s shares must be taken at the next special or annual stockholders’ meeting. If the stockholders fail to restore voting rights to the acquiror, or if the acquiror fails to timely deliver an information statement to the corporation, then the corporation may, if so provided in its articles of incorporation or bylaws, call certain of the acquiror’s shares for redemption at the average price paid for the control shares by the acquiror.

The Acquisition of Controlling Interest Statute provides that in the event the stockholders restore full voting rights to a holder of control shares that owns a majority of the voting stock, then all other stockholders who do not vote in favor of restoring voting rights to the control shares may demand payment for the “fair value” of their shares as determined by a court in dissenters rights proceeding pursuant to NRS Chapter 92A.

2026 PLAN**General**

On February 14, 2026, the Board unanimously approved the 2026 Plan, and the Principal Stockholders approved the adoption of the 2026 Plan on February 20, 2026, which will only become effective immediately upon Closing.

The general purpose of the 2026 Plan is to provide a means whereby eligible employees, officers, non-employee directors and other service providers develop a sense of proprietorship and personal involvement in the development and financial success of ChronoScale and to encourage them to devote their best efforts to the business of ChronoScale, thereby advancing the interests of ChronoScale and its stockholders.

The following table sets forth information concerning the awards that may be issued under the 2026 Plan and the 2014 Plan:

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (excluding securities reflected in column (a))
2014 Plan	—	—	—
2026 Plan	—	—	22,500,000
Total	—	—	22,500,000

The Ekso Bionics Holdings, Inc. 2017 Employee Stock Purchase Plan and the 2014 Plan will be terminated immediately prior to the Closing, provided that the 2014 Plan shall continue in effect with respect to equity awards outstanding thereunder.

Description of the 2026 Plan

The following description of the principal terms of the 2026 Plan is a summary and is qualified in its entirety by the full text of the 2026 Plan, which is attached as [Annex D](#) hereto.

Administration. In general, the 2026 Plan will be administered by the Board or, if designated by the Board, the committee of the Board delegated with the authority to administer the 2026 Plan (the “Administrator”). The Administrator will determine the eligible employees, non-employee directors and other service providers to whom stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares, and performance stock units, incentive bonus awards, other cash-based awards and other stock-based awards (the “Awards”) may be granted. The Administrator may prescribe, amend, and rescind rules and regulations relating to the 2026 Plan. No Awards may be made under the 2026 Plan on or after February 14, 2036, but the Awards granted prior to such date may extend beyond such date. Notwithstanding anything in the 2026 Plan or in any award agreement to the contrary, the Administrator shall retain the discretion to adjust, up or down, or add, remove or otherwise modify, waive or suspend, any performance goals, either based on a formula or on a discretionary basis or any combination thereof, with respect to an outstanding Award in any respect without a participant’s consent. All determinations, interpretations, exercises of authority or other actions made by the Administrator or ChronoScale under the 2026 Plan or any award agreement shall be taken or made by the Administrator or ChronoScale, as applicable, in its sole and absolute discretion, and shall be final and binding on all persons, including, without limitation, ChronoScale and all 2026 Plan participants.

Eligibility. Persons eligible to be granted Awards under the 2026 Plan are those employees, officers, directors, consultants, advisors and other service providers of ChronoScale and any subsidiary who is determined by the Administrator to be a prospective employee, officer, director, consultant, advisor or any other service provider of ChronoScale or any subsidiary. As of February 20, 2026, the Company and its subsidiaries had approximately 64 persons who were eligible to participate in the 2026 Plan, including three executive officers, four non-employee directors, 57 employees (including all current officers who are not executive officers, as a group) and one consultant, advisor and service provider, as a group. As of February 20, 2026, no person is eligible to participate as a result of a determination by the Compensation Committee that that person is a prospective employee, officer, director, consultant, advisor or other individual service provider of the Company or any subsidiary. However, these numbers remain subject to change as it is not possible at this time to predict how many employees will remain with the Company post-Closing nor how many additional employees will become employees of ChronoScale (that are currently employees of Cloud) upon Closing. In addition, as awards under the 2026 Plan are within the discretion of the Compensation Committee, we cannot determine how many individuals in each of the categories described above will receive awards.

Shares Subject to the 2026 Plan. The maximum aggregate number of shares of Common Stock available for issuance under all Awards granted to participants under the 2026 Plan is 22,500,000. In no event will the aggregate number of shares of Common Stock that may be issued upon the exercise of Incentive Stock Options (“ISOs”) exceed 22,500,000.

To the extent that any Award payable in shares of Common Stock is forfeited, canceled, returned to ChronoScale for failure to satisfy vesting requirements or upon the occurrence of other forfeiture events, or otherwise terminates without payment being made thereunder, the shares of Common Stock covered thereby will no longer be counted against the foregoing maximum share limitations and may again be made subject to Awards under the 2026 Plan pursuant to such limitations. If shares of Common Stock are withheld to cover withholding taxes on options or other awards or applied to the payment of the exercise price of an option or purchase price of an award, the number of shares as to which such option or award was forfeited, withheld or paid, will be available for future grants under the 2026 Plan. Awards settled in cash will not count against the number of shares available for issuance under the 2026 Plan.

No non-employee director may receive awards in any calendar year having a fair market value in excess of \$750,000 (inclusive of any cash awards to the non-employee director for such year that are not made pursuant to the 2026 Plan); provided that in the case of a new non-employee director, such amount is increased to \$1,000,000 for the initial year of the non-employee director’s term.

The number of shares authorized for issuance under the 2026 Plan and the foregoing share limitations are subject to customary adjustments for stock splits, stock dividends, similar transactions or any other change affecting the Common Stock, or any other corporate transaction directly or indirectly affecting the Awards or any performance goals or ChronoScale’s financial performance, condition or result of operations.

Terms and Conditions of Options. Options granted under the 2026 Plan may be either ISOs or “nonstatutory stock options” (“NSOs”) that do not meet the requirements of Section 422 of the Code. The Administrator will determine the exercise price of options granted under the 2026 Plan. The exercise price of stock options may not be less than 100% of the fair market value per share of the Common Stock on the date of grant (or 110% of fair market value in the case of ISOs granted to a ten-percent stockholder).

If on the date of grant the Common Stock is listed on a stock exchange or is quoted on the automated quotation system of the Nasdaq Capital Market, the fair market value will generally be the closing sale price on the date of grant (or the last trading day before the date of grant if no trades occurred on the date of grant). If no such prices are available, the fair market value will be determined in good faith by the Administrator based on the reasonable application of a reasonable valuation method. On February 20, 2026, the closing sale price of a share of Common Stock on the Nasdaq Capital Market was \$11.18.

No option may be exercisable for more than ten years (five years in the case of an ISO granted to a ten-percent stockholder) from the date of grant. Options granted under the 2026 Plan will be exercisable at such time or times as the Administrator prescribes at the time of grant. No employee may receive ISOs that first become exercisable in any calendar year in an amount exceeding \$100,000.

Except as otherwise determined in an applicable award agreement, following a termination of service, an optionee may exercise the vested shares subject to an option for up to 90 days (or one year if such termination of service is due to death or disability), subject to the term of the option.

The Administrator may, in its discretion, permit a holder of an option to exercise the option before it has otherwise become exercisable, in which case the shares of Common Stock issued to the recipient will continue to be subject to the vesting requirements that applied to the option before exercise.

Generally, the option price may be paid in cash or by certified or bank check. The Administrator may permit other methods of payment, including (a) through delivery of shares of Common Stock having a fair market value equal to the exercise price, (b) subject to the approval of the Administrator, by a full recourse, interest bearing promissory note having such terms as the Administrator may permit, (c) by surrendering to ChronoScale shares of Common Stock otherwise receivable on exercise of the option, (d) a cashless exercise program implemented by the Administrator in connection with the 2026 Plan and/or (e) such other method as may be approved by the Administrator.

No option may be transferred other than by will or by the laws of descent and distribution, and during a recipient's lifetime an option may be exercised only by the recipient or such recipient's guardian or legal representative. However, the Administrator may permit the holder of NSOs, SAR or certain other awards to transfer such Awards to immediate family members, a family trust for estate planning purposes or by gift to charitable institutions. The Administrator will determine the extent to which a holder of a stock option may exercise the option following termination of service with us.

Stock Appreciation Rights. The Administrator may grant SARs under the 2026 Plan. The Administrator will determine the other terms applicable to SARs. The base price for any grant of a SAR will not be less than 100% of the fair market value of a share of the Common Stock on the date of grant, as determined by the Administrator. The maximum term of any SAR granted under the 2026 Plan is ten years from the date of grant. Generally, each SAR will entitle a participant upon exercise to an amount equal to:

- the excess of the fair market value of a share of Common Stock on the date of exercise of the SAR over the base price of such SAR, multiplied by
- number of shares as to which such SAR is exercised.

Payment may be made in shares of Common Stock, in cash, or partly in Common Stock and partly in cash, all as approved by the Administrator.

Restricted Stock and Restricted Stock Units. The Administrator may award restricted common stock and/or restricted stock units under the 2026 Plan. Restricted stock awards consist of shares of stock that are transferred to a participant subject to restrictions that may result in forfeiture if specified conditions are not satisfied. Restricted stock units confer the right to receive shares of Common Stock, cash, or a combination of shares and cash, at a future date upon or following the attainment of certain conditions specified by the Administrator. The restrictions and conditions applicable to each award of restricted stock or restricted stock units may include performance-based conditions. Dividends or distributions with respect to restricted stock may be paid to the holder of the shares as and when dividends are paid to stockholders or at the time that the restricted stock vests, as determined by Administrator. If any dividends or distributions are paid in stock before the restricted stock vests they will be subject to the same restrictions. Dividend equivalent amounts may be paid with respect to restricted stock units either when cash dividends are paid to stockholders or when the units vest. Unless the Administrator determines otherwise, holders of restricted stock (but not restricted stock units) will have the right to vote the shares.

Performance Shares and Performance Stock Units. The Administrator may award performance shares and/or performance stock units under the 2026 Plan. Performance shares and performance stock units are awards, denominated in either shares or U.S. dollars, which are earned during a specified performance period subject to the attainment of performance criteria, as established by the Administrator. The Administrator will determine the restrictions and conditions applicable to each award of performance shares and performance units. As described above, the Administrator shall retain the discretion to adjust, up or down, or add, remove or otherwise waive or suspend, any performance goals, either based on a formula or on a discretionary basis or any combination thereof, with respect to an outstanding award in any respect without a participant's consent.

Incentive Bonuses. The Administrator may grant incentive bonus awards under the 2026 Plan from time to time. The terms of incentive bonus awards will be set forth in award agreements. Each award agreement will have such terms and conditions as the Administrator determines, including performance goals and amount of payment based on achievement of such goals. Incentive bonus awards are payable in cash and/or shares of Common Stock.

Other Stock-Based and Cash-Based Awards. The Administrator may award other types of equity-based or cash-based awards under the 2026 Plan, including the grant or offer for sale of shares of Common Stock that do not have vesting requirements and the right to receive one or more cash payments subject to satisfaction of such conditions as the Administrator may impose.

Effect of Certain Corporate Transactions. The Administrator may, at the time of the grant of an award provide for the effect of a change in control (as defined in the 2026 Plan) on any award, including (i) accelerating or extending the time periods for exercising, vesting in, or realizing gain from any award, (ii) eliminating, suspending, adjusting or modifying the performance or other conditions of an award, (iii) providing for the cash settlement of an award for an equivalent cash value, as determined by the Administrator or (iv) such other modification or adjustment to an Award as the Administrator deems appropriate to maintain and protect the rights and interests of Award holders upon or following a change in control. The Administrator may without the need for the consent of any recipient of an award, also take one or more of the following actions contingent upon the occurrence of a change in control: (a) cause any or all outstanding options and SARs to become immediately exercisable, in whole or in part; (b) cause any other Awards to become non-forfeitable, in whole or in part; (c) cancel any option or SAR in exchange for a substitute option; (d) cancel any award of restricted stock, restricted stock units, performance shares or performance stock units in exchange for a similar award of the capital stock of any successor corporation; (e) redeem any restricted stock for cash and/or other substitute consideration; (f) cancel or terminate any award for cash and/or other substitute consideration in exchange for an amount of cash and/or property equal to the amount, if any, that would have been attained upon the exercise of such award or realization of the participant's rights as of the date of the occurrence of the change in control, but if the change in control consideration with respect to any option or SAR does not exceed its exercise price, the option or SAR may be canceled without payment of any consideration; (g) cancel any unvested award without consideration therefore; or (h) take any other action necessary or appropriate to carry out the terms of any definitive agreement controlling the terms and conditions of the change in control or make such other modifications, adjustments or amendments to outstanding awards as the Administrator deems necessary or appropriate.

Clawback/Recoupment. Awards granted under the 2026 Plan will be subject to the requirement that the awards be reduced, forfeited or amounts repaid to ChronoScale after they have been distributed to the participant (i) to the extent set forth in an award agreement or (ii) to the extent covered by any clawback policy adopted by ChronoScale from time to time, or any applicable laws that impose mandatory forfeiture or recoupment, under circumstances set forth in such applicable laws.

Amendment, Termination. The Board may at any time suspend, terminate or amend the 2026 Plan at any time and from time to time in such respects as the Board may deem advisable or in the best interests of ChronoScale, provided that, no such amendment, suspension or termination shall materially and adversely affect the rights of any holder of outstanding Awards, without the consent of such holder, and further provided that without the consent of ChronoScale's stockholders, the Board may not (a) increase the number of shares of Common Stock available under the 2026 Plan and (b) change the persons or class of persons eligible to receive Awards.

Other Information

A "new plan benefits" table, as described in the SEC's proxy rules, is not provided because the grant of options and other awards under the 2026 Plan, if approved by the stockholders, is discretionary, and ChronoScale cannot determine now the specific number or type of options or awards to be granted in the future to any particular person or group.

U.S. Federal Income Tax Consequences

Following is a summary of the U.S. federal income tax consequences of option and other grants under the 2026 Plan. Optionees and recipients of other rights and awards granted under the 2026 Plan are advised to consult their personal tax advisors before exercising an option or SAR or disposing of any stock received pursuant to the exercise of an option or SAR or following the vesting and payment of any award. In addition, the following summary is based upon an analysis of the Code as currently in effect, existing laws, judicial decisions, administrative rulings, regulations and proposed regulations, all of which are subject to change and does not address state, local, foreign or other tax laws.

Treatment of Options

The Code treats incentive stock options and nonstatutory stock options differently. However, as to both types of options, no income will be recognized to the optionee at the time of the grant of the options under the 2026 Plan, nor will ChronoScale be entitled to a tax deduction at that time.

Generally, upon exercise of a nonstatutory stock option (including an option intended to be an incentive stock option but which has not continued to so qualify at the time of exercise), an optionee will recognize ordinary income tax on the excess of the fair market value of the stock on the exercise date over the option price. ChronoScale will be entitled to a tax deduction in an amount equal to the ordinary income recognized by the optionee in the fiscal year which includes the end of the optionee's taxable year. ChronoScale will be required to satisfy applicable withholding requirements in order to be entitled to a tax deduction. In general, if an optionee, in exercising a nonstatutory stock option, tenders shares of Common Stock in partial or full payment of the option price, no gain or loss will be recognized on the tender. However, if the tendered shares were previously acquired upon the exercise of an incentive stock option and the tender is within two years from the date of grant or one year after the date of exercise of the incentive stock option, the tender will be a disqualifying disposition of the shares acquired upon exercise of the incentive stock option.

For incentive stock options, there is no taxable income to an optionee at the time of exercise. However, the excess of the fair market value of the stock on the date of exercise over the exercise price will be taken into account in determining whether the "alternative minimum tax" will apply for the year of exercise. If the shares acquired upon exercise are held until at least two years from the date of grant and more than one year from the date of exercise, any gain or loss upon the sale of such shares, if held as capital assets, will be long-term capital gain or loss (measured by the difference between the sales price of the stock and the exercise price). Under current federal income tax law, a long-term capital gain will be taxed at a rate which is less than the maximum rate of tax on ordinary income. If the two-year and one year holding period requirements are not met (a "disqualifying disposition"), an optionee will recognize ordinary income in the year of disposition in an amount equal to the lesser of (i) the fair market value of the stock on the date of exercise minus the exercise price and (ii) the amount realized on disposition minus the exercise price. The remainder of the gain will be treated as long-term capital gain, depending upon whether the stock has been held for more than a year. If an optionee makes a disqualifying disposition, ChronoScale will be entitled to a tax deduction equal to the amount of ordinary income recognized by the optionee.

In general, if an optionee, in exercising an incentive stock option, tenders shares of Common Stock in partial or full payment of the option price, no gain or loss will be recognized on the tender. However, if the tendered shares were previously acquired upon the exercise of another incentive stock option and the tender is within two years from the date of grant or one year after the date of exercise of the other option, the tender will be a disqualifying disposition of the shares acquired upon exercise of the other option.

As noted above, the exercise of an incentive stock option could subject an optionee to the alternative minimum tax. The application of the alternative minimum tax to any particular optionee depends upon the particular facts and circumstances which exist with respect to the optionee in the year of exercise. However, as a general rule, the amount by which the fair market value of the Common Stock on the date of exercise of an option exceeds the exercise price of the option will constitute an item of “adjustment” for purposes of determining the alternative minimum taxable income on which the alternative tax may be imposed. As such, this item will enter into the tax base on which the alternative minimum tax is computed and may therefore cause the alternative minimum tax to become applicable in any given year.

Treatment of Stock Appreciation Rights

Generally, the recipient of a SAR will not recognize any income upon grant of the SAR, nor will ChronoScale be entitled to a deduction at that time. Upon exercise of a SAR, the holder will recognize ordinary income, and ChronoScale will generally be entitled to a corresponding deduction, equal to the excess of fair market value of the Common Stock at that time over the exercise price.

Treatment of Stock Awards

Generally, absent an election to be taxed currently under Section 83(b) of the Code (or, a Section 83(b) Election), there will be no federal income tax consequences to either the recipient or us upon the grant of a restricted stock award or award of performance shares. At the expiration of the restriction period and the satisfaction of any other restrictions applicable to the restricted shares, the recipient will recognize ordinary income and ChronoScale will generally be entitled to a corresponding deduction equal to the fair market value of the Common Stock at that time. If a Section 83(b) Election is made within 30 days after the date the restricted stock award is granted, the recipient will recognize an amount of ordinary income at the time of the receipt of the restricted shares, and ChronoScale will generally be entitled to a corresponding deduction, equal to the fair market value (determined without regard to applicable restrictions) of the shares at such time, less any amount paid by the recipient for the shares. If a Section 83(b) Election is made, no additional income will be recognized by the recipient upon the lapse of restrictions on the shares (and prior to the sale of such shares), but, if the shares are subsequently forfeited, the recipient may not deduct the income that was recognized pursuant to the Section 83(b) Election at the time of the receipt of the shares.

The recipient of an unrestricted stock award, including a performance stock unit award, will recognize ordinary income, and ChronoScale will generally be entitled to a corresponding deduction, equal to the fair market value of the Common Stock that is the subject of the award when the award is made.

The recipient of a restricted stock unit generally will recognize ordinary income as and when the units vest and are settled. The amount of the income will be equal to the fair market value of the shares of Common Stock issued at that time, and ChronoScale will be entitled to a corresponding deduction. The recipient of a restricted stock unit will not be permitted to make a Section 83(b) Election with respect to such award.

Treatment of Incentive Bonus Awards and Other Stock or Cash Based Awards

Generally, the recipient of an incentive bonus or other stock or cash-based award will not recognize any income upon grant of the award, nor will ChronoScale be entitled to a deduction at that time. Upon payment with respect to such an award, the recipient will recognize ordinary income, and ChronoScale generally will be entitled to a corresponding deduction, equal to the amount of cash paid and/or the fair market value of the Common Stock issued at that time.

Section 409A

If an award is subject to Section 409A of the Code but does not comply with the requirements of Section 409A of the Code, the taxable events as described above could apply earlier than described and could result in the imposition of additional taxes and penalties. Participants are urged to consult with their tax advisors regarding the applicability of Section 409A of the Code to their awards.

Potential Limitation on ChronoScale Deductions

Section 162(m) of the Code generally disallows a tax deduction for compensation in excess of \$1 million paid in a taxable year by a publicly held corporation to its chief executive officer and certain other “covered employees.” The Board and the Administrator intend to consider the potential impact of Section 162(m), on grants made under the 2026 Plan, but reserve the right to approve grants of options and other awards for an executive officer that exceed the deduction limit of Section 162(m).

Restrictions on Resale

Certain officers and directors of ChronoScale may be deemed to be “affiliates” of ChronoScale as that term is defined under the Securities Act. The Common Stock acquired under the 2026 Plan by an affiliate may be reoffered or resold only pursuant to an effective registration statement or pursuant to Rule 144 under the Securities Act or another exemption from the registration requirements of the Securities Act. It is intended that the shares issuable pursuant to the 2026 Plan will be registered under the Securities Act.

Tax Withholding

As and when appropriate, ChronoScale shall have the right to require each optionee purchasing shares of Common Stock and each grantee receiving an award of shares of Common Stock under the 2026 Plan to pay any federal, state or local taxes required by law to be withheld.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth the number of outstanding shares of our Common Stock beneficially owned by (1) each of our current directors and director nominees, (2) each of our named executive officers that are not directors, (3) all of our directors and executive officers as a group, and (4) all persons known by us to beneficially own more than 5% of our outstanding voting shares.

INFORMATION ABOUT CLOUD

Description of Business

Cloud specializes in providing GPU computing solutions to empower customers in executing critical workloads related to AI, machine learning (“ML”), rendering, and other High Performance Computing (“HPC”) tasks at scale in a capacity-constrained market and was among the first platforms to deploy NVIDIA’s H100 GPUs at scale in 2023, demonstrating its ability to source, integrate, and operate next-generation GPU infrastructure ahead of broader market adoption.

Cloud currently operates in three states: Colorado, Minnesota, and Utah, by renting space at third party colocation centers and providing its customers with company-owned equipment to generate revenue.

The Cloud operating business generated a twelve-month revenue of approximately \$65.9 million as of November 30, 2025, reflecting a continued strong, growing demand for dedicated accelerated compute delivered through cloud-based platforms. The revenue recognized during the fiscal year ended May 31, 2025 and 2024, respectively, was \$84.4 million and \$29.0. During fiscal year ended 2025, two customers accounted for all of Cloud’s revenue. As of December 31, 2025, Cloud had one customer, Together AI. In Cloud’s industry, it is common to have a concentrated number of customers and relatively short-term contracts with customers (typically, on a month to month or annual basis). Please see “[Risk Factors—Risks Relating to the Cloud Business and Operations](#)” for additional information.

Description of Property

Cloud currently leases space at third party colocation centers located in the three states where Cloud operates, providing its customers with company-owned equipment to generate revenue.

During the fiscal year ended May 31, 2025, Cloud renegotiated the majority of its computing equipment finance leases to extend the amortization period on these computing equipment finance leases to five years, which is better aligned with their expected useful life. Subsequent to the year ended May 31, 2025, we further renegotiated the majority of our finance leases to extend the duration of the lease agreements, thus extending finance lease payments through fiscal year 2028.

As of December 31, 2025, Cloud had received and deployed a total of 6,144 GPUs; all of which are actively recognizing revenue. As the business moves forward, Cloud expects to acquire and deploy additional GPUs and increase revenue.

Competition

The cloud computing industry is largely dominated by a few hyperscalers, with the remaining market share being split among smaller global and regional providers. Businesses are increasingly adopting multi-cloud strategies and demanding advanced AI and analytics capabilities, intensifying competition as providers invest heavily in infrastructure and differentiated services to capture growth.

Management's Discussion and Analysis of Financial Condition and Results of Operations of Cloud

You should read the following discussion and analysis of Cloud's financial condition and results of operations together with Cloud's combined financial statements and related notes appearing in this Information Statement. Some of the information contained in this discussion and analysis or set forth elsewhere in this Information Statement, including information with respect to Cloud's plans and strategy for Cloud's business, includes forward-looking statements that involve risks and uncertainties. Cloud has historically existed and functioned as part of the consolidated business of Applied Parent. The accompanying combined financial statements are prepared on a standalone basis and are derived from Applied Parent's historical accounting records. Cloud has not previously operated as a separate standalone legal entity and has been comprised of three wholly owned subsidiaries of Applied Parent: Applied Digital Cloud Corporation, SAI Computing LLC, and SAI Computing Holdings LLC. The combined financial statements are presented as carve-out financial statements and reflect the combined historical operations, financial position and cash flows of Cloud for the period presented in conformity with GAAP. Therefore, the combined financial statements may not be indicative of Cloud's future performance and do not necessarily reflect what the financial position, results of operations and cash flows would have been had it operated as a standalone business during the period presented. As a result of many factors, including those factors set forth in the "Risk Factors" section of this Information Statement, Cloud's actual results could differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis. All references to "we," "us," or "our" mean Applied Digital Cloud Corporation, SAI Computing LLC, and SAI Computing Holdings LLC.

Overview

Applied Digital Cloud Corporation ("Cloud"), SAI Computing LLC, and SAI Computing Holdings LLC, each a wholly owned subsidiary of Applied Parent constitute the cloud business of Applied Parent's operations (the "Cloud Business"), which provides cloud services to customers, such as AI and machine learning developers by renting space at third party co-location centers, providing customers with access to its cloud computing equipment.

On February 15, 2026, Cloud, Ekso and certain Applied Parent subsidiaries, including the Contributor, entered into the Contribution and Exchange Agreement for purposes of consummating the Business Combination, as a result of which (i) 100% of the equity interests in Cloud (representing the entirety of the Cloud Business immediately prior to Closing) will be contributed to Ekso, such that Cloud will become a wholly owned subsidiary of Ekso, (ii) Ekso will, immediately after the consummation of the Business Combination continue as the parent of ChronoScale, and (iii) Ekso will change its name to ChronoScale Corporation, which will go forward as an accelerated compute platform purpose built to support AI workloads. As a result of and upon the consummation of the Transactions, Contributor and Applied Parent collectively are expected to own approximately 97% of ChronoScale's outstanding equity.

Trends and Other Factors Affecting Our Business

Regulatory Environment

The regulatory landscape surrounding cloud computing is still evolving, and we anticipate increased scrutiny and potential regulation in the near and long term. Any such developments may significantly impact our business and operations in ways that are difficult to predict.

We closely monitor legislative and regulatory developments and engage in dialogue with relevant stakeholders to ensure our business practices align with the evolving legal and regulatory framework. Despite the uncertainties posed by the changing regulatory landscape, we remain committed to delivering innovative and responsible solutions in cloud services while prioritizing compliance and risk management. However, if we fail to comply with applicable laws and regulations, we may be subject to significant liabilities, including fines and penalties, and our business, financial condition, or results of operations could be adversely affected.

Business Update

During fiscal year ended May 31, 2025, we recognized \$84.4 million in revenue. We recognized \$35.1 million in revenue during the six months ended November 30, 2025. We currently operate in three states: Colorado, Minnesota, and Utah, by renting space at third party colocation centers and providing our customers with Company-owned equipment to generate revenue. As of November 30, 2025, we had one customer, Together AI.

During the fiscal year ended May 31, 2025, we renegotiated the majority of our computing equipment finance leases to extend the amortization period on these computing equipment finance leases to five years, which is better aligned with their expected useful life. Subsequent to the fiscal year ended May 31, 2025, we further renegotiated the majority of our finance leases to extend the duration of the lease agreements, thus extending finance lease payments through fiscal year 2028. As such, during the fiscal year ended May 31, 2025, amortization expense decreased comparatively.

Debt Financing

During the fiscal year ended May 31, 2025, we entered into two Simple Agreement for Future Equity (“SAFE”) agreements totaling \$12.0 million with an investor.

Recent Developments

On February 15, 2026, Cloud, Ekso and certain Applied Parent subsidiaries, including the Contributor, entered into the Contribution and Exchange Agreement for purposes of consummating the Business Combination which, once closed, will go forward as ChronoScale Corporation. The consummation of the Business Combination is subject to the execution of certain final binding documentation, completion of customary due diligence, customary regulatory and stockholder approvals, and satisfaction of closing conditions (as described in this Information Statement).

Commentary on Results of Operations for the Six Months Ended November 30, 2025:

Revenue

Revenue was \$35.1 million for the six months ended November 30, 2025, driven by revenue from one customer.

Cost of revenues

Cost of revenues was \$47.9 million for the six months ended November 30, 2025. The components of cost of revenues were as follows:

- approximately \$29.3 million in depreciation and amortization related to assets directly supporting revenue;
- approximately \$13.5 million in lease and lease related expenses for the use of data center space;
- approximately \$1.6 million in energy costs related to the data centers;
- approximately \$1.3 million in personnel expenses for employee costs directly attributable to generating revenue; and
- approximately \$2.2 million in other expenses directly attributable to generating revenue.

Selling, general and administrative expense

Selling, general and administrative expense was \$1.1 million for the six months ended November 30, 2025 comprised of professional, personnel and other expenses that were not directly attributable to generating revenue.

Loss on abandonment of assets

Loss on abandonment of assets was \$0.5 million for the six months ended November 30, 2025, driven by the write down of assets to their fair value upon disposal.

Interest expense, net

Interest expense, net was \$5.8 million for the six months ended November 30, 2025 driven by finance lease interest.

Sources of Liquidity

As of November 30, 2025, we had cash of \$2,158 and a working capital deficit of \$87.2 million, which raised substantial doubt about our ability to continue as a going concern. Historically, we have incurred losses and have relied on Applied Parent to provide financing for our operations. Following the consummation of the Business Combination, Cloud will be subject to numerous risks inherent in the business and operations of a newly combined business. Please see the section of this Information Statement titled "[Risk Factors](#)" beginning on page [17](#).

[Table of Contents](#)

During the six months ended November 30, 2025, we further renegotiated the majority of our finance leases to extend the duration of the lease agreements, thus extending finance lease payments through fiscal year 2028. Subsequent to the six months ended November 30, 2025 and through February 28, 2026, we made finance lease payments of approximately \$21.5 million and operating lease payments of \$5.3 million. We expect positive cash flows from operations to support our operations. Finally, we have the ability to modify the timing of our capital spending and extend our payment terms with vendors, if necessary.

Based on this analysis, we believe that substantial doubt to continue as a going concern has been alleviated. Management believes these events are sufficient to allow us to meet our obligations for at least one year after the date these carve-out financial statements are issued.

Material Contractual Obligations

In the ordinary course of business, we enter into contractual arrangements that require future cash payments. The following table sets forth information regarding our anticipated future cash payments under our contractual obligations as of November 30, 2025 (in thousands):

	Payments Due by Period						
	Total	Remainder of FY 2026	FY 2027	FY 2028	FY 2029	FY 2030	Thereafter

Funding Requirements

We have experienced net losses through the period ended November 30, 2025. Our transition to profitability is dependent on the successful operation of our business.

We expect to have sufficient liquidity, including cash on hand, payments from customers, access to debt financing, and access to public capital markets, to support ongoing operations and meet our working capital needs for at least the next 12 months and all of our known requirements and plans for cash. However, we may be unable to raise additional funds or enter into such arrangements when needed on favorable terms, or at all, which would have a negative impact on our financial condition and could force us to delay, limit, reduce or terminate our ongoing operations and development plans. We have based our estimates as to how long we expect we will be able to fund our operations on assumptions that may prove to be wrong, and we could use our available capital resources sooner than we currently expect, in which case, we would be required to obtain additional financing sooner than currently projected, which may not be available to us on acceptable terms, or at all. Our failure to raise capital as and when needed would have a negative impact on our financial condition and our ability to pursue our business strategy.

We expect that our general and administrative expenses and our operating expenditures will continue to increase as we continue to expand our operations.

Summary of Cash Flows

The following table provides information about our net cash flow for the six months ended November 30, 2025:

\$ in thousands	Six Months Ended November 30, 2025
Net cash provided by operating activities	\$ 14,543
Net cash used in investing activities	(5,776)
Net cash used in financing activities	(11,163)
Net decrease in cash	(2,396)
Cash at beginning of period	2,398
Cash at end of period	<u>\$ 2</u>

Commentary on cash flows during the Six Months Ended November 30, 2025Operating Activities

The net cash provided by operating activities was \$14.5 million for the six months ended November 30, 2025. The balance was primarily impacted by Cloud recognizing a net loss of \$20.2 million and cash used in operating assets and liabilities of \$5.8 million which was offset by depreciation and amortization expense of \$29.4 million and lease expense of \$10.4 million during the six months ended November 30, 2025.

Investing Activities

The net cash used in investing activities was \$5.8 million for the six months ended November 30, 2025 due to purchases of property and equipment during the six months ended November 30, 2025.

Financing Activities

The net cash used in financing activities was \$11.2 million for the six months ended November 30, 2025 driven by the repayment of finance leases during the six months ended November 30, 2025 offset by net transactions with our parent.

Operating results for the fiscal year ended May 31, 2025

Commentary on Results of Operations for the fiscal year ended May 31, 2025

Revenue

Revenue was \$84.4 million for the fiscal year ended May 31, 2025 driven by revenue from our two customers.

Cost of revenues

Cost of revenues was \$115.3 million for the fiscal year ended May 31, 2025. Cost of revenues is comprised of the following categories:

- approximately \$79.6 million in depreciation and amortization expense related to owned and leased assets directly supporting revenue;
- approximately \$23.8 million in lease and lease related expenses for the use of data center space;
- approximately \$4.7 million in personnel expenses for employee costs directly attributable to generating revenue resulting from increased headcount;
- approximately \$3.0 million in energy costs related to the data centers; and
- approximately \$4.2 million in other expenses directly attributable to generating revenue.

Selling, general and administrative expense

Selling, general and administrative expense was \$24.8 million for the fiscal year ended May 31, 2025. Selling, general and administrative expense is comprised of the following categories:

- approximately \$14.8 million in lease and lease related expenses;
- approximately \$9.5 million of bad debt expense;
- approximately \$1.0 million in depreciation and amortization expense;
- approximately \$0.9 million in professional service expense; and
- approximately \$0.5 million in personnel and other expenses that were not directly attributable to generating revenue.

These expenses were partially offset by approximately \$1.9 million in allocated stock-based compensation contra-expense due to the cancellation of certain performance-based awards and terminations during the period, accompanied by forfeitures of previously issued awards, resulting in a reversal of the expense previously recognized for the associated awards.

Gain on abandonment of assets

Gain on abandonment of assets was \$0.4 million for the fiscal year ended May 31, 2025, due to Cloud receiving a refund upon termination of three operating leases.

Interest expense, net

Interest expense, net was \$17.4 million for the fiscal year ended May 31, 2025 primarily comprised of finance lease interest.

Funding Requirements

We have experienced net losses through the period ended May 31, 2025. Our transition to profitability is dependent on the successful operation of our business.

We expect to have sufficient liquidity, including cash on hand, payments from customers, access to debt financing, and access to public capital markets, to support ongoing operations and meet our working capital needs for at least the next 12 months and all of our known requirements and plans for cash. However, we may be unable to raise additional funds or enter into such arrangements when needed on favorable terms, or at all, which would have a negative impact on our financial condition and could force us to delay, limit, reduce or terminate our ongoing operations and development plans. We have based our estimates as to how long we expect we will be able to fund our operations on assumptions that may prove to be wrong, and we could use our available capital resources sooner than we currently expect, in which case, we would be required to obtain additional financing sooner than currently projected, which may not be available to us on acceptable terms, or at all. Our failure to raise capital as and when needed would have a negative impact on our financial condition and our ability to pursue our business strategy.

We expect that our general and administrative expenses and our operating expenditures will continue to increase as we continue to expand our operations.

Sources of Liquidity

As of May 31, 2025, we had cash of \$2.4 million and a working capital deficit of \$151.2 million which raised substantial doubt about our ability to continue as a going concern. Historically, we have incurred losses and have relied on the Parent to provide financing for our operations.

During the fiscal year ended May 31, 2025, we renegotiated the majority of our computing equipment finance leases to extend the amortization period on these computing equipment finance leases to five years, which is better aligned with their expected useful life. Subsequent to the year ended May 31, 2025, we further renegotiated the majority of our finance leases to extend the duration of the lease agreements, thus extending finance lease payments through fiscal year 2028. Additionally, after year end and through February 28, 2026, we made finance lease payments of approximately \$74.9 million and operating lease payments of \$15.7 million. We expect positive cash flows from operations to support our obligations. Finally, we have the ability to modify the timing of our capital spending and extend our payment terms with vendors, if necessary.

Based on this analysis, we believe that substantial doubt to continue as a going concern has been alleviated. Management believes these events are sufficient to allow us to meet our obligations for at least one year after the date these carve-out financial statements are issued.

Recent Financing Activities

During the fiscal year ended May 31, 2025, we entered into two Simple Agreement for Future Equity (“SAFE”) agreements totaling \$12.0 million with an investor. See “Note 5 - Debt” for further discussion.

Material Contractual Obligations

In the ordinary course of business, we enter into contractual arrangements that require future cash payments. The following table sets forth information regarding our anticipated future cash payments under our contractual obligations as of May 31, 2025 (in thousands):

	Payments Due by Period						
	Total	FY 2026	FY 2027	FY 2028	FY 2029	FY 2030	Thereafter

Financing lease obligations ⁽³⁾	140,296	140,296	—	—	—	—	—

- Debt obligations presented in the table reflect SAFE agreements which were accounted for in accordance with ASC 480 as described in Note 5 to the combined financial statements for further discussion.
- Operating lease obligations include future minimum payments for our operating leases.
- Financing lease obligations include future minimum payments for our finance leases.

Summary of Cash Flows

The following table provides information about our net cash flow for the fiscal year ended May 31, 2025.

	Fiscal Year Ended May 31, 2025
\$ in thousands	
Net cash used in operating activities	\$ (7,222)
Net cash used in investing activities	(1,376)
Net cash provided by financing activities	10,996
Net increase in cash	2,398
Cash at beginning of period	—
Cash at end of period	\$ 2,398

Commentary on the cash flows during the fiscal year ended May 31, 2025**Operating Activities**

The net cash used in operating activities was \$7.2 million for the fiscal year ended May 31, 2025. This was primarily driven by net loss of \$72.7 million and a decrease in deferred revenue due to changes in our customer base. This period activity was offset by a decrease in lease liabilities as we renegotiated the majority of our computing equipment finance leases to extend the amortization period on these computing equipment finance leases to five years, which is better aligned with their expected useful life. Also offsetting this change was an increase in fixed asset depreciation as more assets were placed in service during the period as well as an increase in lease expense as we entered into additional leases during the fiscal year ended May 31, 2025.

Investing Activities

The net cash used in investing activities was \$1.4 million for the fiscal year ended May 31, 2025 primarily driven by purchases of property and equipment made during the fiscal year ended May 31, 2025.

Financing Activities

The net cash provided by financing activities was \$11.0 million for the fiscal year ended May 31, 2025 driven by parent transactions and \$12.0 million in SAFE agreements partially offset by \$114.7 million in finance lease repayments during the fiscal year ended May 31, 2025.

Recent Accounting Pronouncements

For a discussion of recently issued financial accounting standards, refer to “Note 2 - Significant Accounting Policies.”

Critical Accounting Estimates and Significant Judgments

Our combined financial statements are prepared in accordance with generally accepted accounting principles in the U.S. (“GAAP”). In connection with the preparation of our combined financial statements, we are required to make assumptions and estimates about future events and apply judgments that affect the reported amounts of assets, liabilities, revenue, expenses and the related disclosures. We base our assumptions, estimates and judgments on historical experience, current trends and other factors that management believes to be relevant at the time our combined financial statements are prepared. On a regular basis, management reviews the accounting policies, assumptions, estimates and judgments to ensure that our financial statements are presented fairly and in accordance with GAAP. However, because future events and their effects cannot be determined with certainty, actual results could differ from our assumptions and estimates, and such differences could be material.

While our significant accounting policies are described in more detail in Note 2 to our combined financial statements, we believe that the following accounting policies are those most critical to the judgments and estimates used in the preparation of our combined financial statements.

Allocations From Applied Parent

The combined financial statements include expense allocations prior to the Business Combination for certain expenses provided by Applied Parent on a centralized basis, including, but not limited to, payroll, stock-based compensation and income taxes, and other expenses that are either specifically identifiable or clearly applicable to the Cloud Business. These expenses have been allocated to us on the basis of direct usage when identifiable, with the remainder allocated on a pro rata basis using an applicable measure of headcount or other allocation methodologies that are considered to be a reasonable reflection of the utilization of services provided or the benefit received by the Cloud Business during the periods presented. Management considers that such allocations have been made on a reasonable basis; however, these allocations may not be indicative of the actual expense that would have been incurred had we operated as an independent, stand-alone public entity.

Changes in and Disagreements with Accountants

None.

Quantitative and Qualitative Disclosures About Market Risk

Notes to the Condensed Combined Financial Statements (Unaudited)

For the Six Months Ended November 30, 2025

1. Business and Basis of Presentation

Applied Digital Cloud Corporation, SAI Computing LLC, and SAI Computing Holdings LLC (together, the “Company”), provide cloud services to customers, such as AI and machine learning developers by renting space at third party co-location centers and providing the customers with access to its cloud computing equipment. They are wholly owned subsidiaries of Applied Digital Corporation (“Applied Digital” or the “Parent”). All references to “we,” “us,” “our” or the “Company” mean Applied Digital Cloud Corporation, SAI Computing LLC, and SAI Computing Holdings LLC.

On December 30, 2025, Applied Digital announced it had entered into a non-binding term sheet for a proposed business combination with EKSO Bionics Holdings, Inc. (Nasdaq: EKSO) (“EKSO”), which, once closed, will go forward as ChronoScale Corporation, an accelerated compute platform purpose-built to support AI workloads (the “Proposed Transaction”). Upon closing of the Proposed Transaction, the Parent expects to initially own, indirectly through an intermediary entity, approximately 97% of ChronoScale, which will operate under the name “ChronoScale Corporation.” The Company and EKSO businesses will continue to operate upon consummation of the Proposed Transaction. As of the date of these financial statements, the transaction has not been completed.

The Company has historically existed and functioned as part of the consolidated business of the Parent. The accompanying unaudited condensed combined financial statements are prepared on a standalone basis and are derived from the Parent's historical accounting records. The Company has not operated as a separate standalone legal entity and is comprised of three wholly-owned subsidiaries of the Parent: Applied Digital Cloud Corporation, SAI Computing LLC, and SAI Computing Holdings LLC. The unaudited condensed combined financial statements reflect the combined historical operations, financial position and cash flows of the Company for the period presented in conformity with generally accepted accounting principles in the United States (“GAAP”). The unaudited condensed combined financial statements may not be indicative of the Company's future performance and do not necessarily reflect what the financial position, results of operations and cash flows would have been had it operated as a standalone business during the period presented. The assets, liabilities, revenue and expenses of the Company have been reflected in these unaudited condensed combined financial statements on a historical cost basis, as included in the condensed consolidated financial statements of the Parent, using the historical accounting policies applied by the Parent.

All intercompany transactions within the Company have been eliminated and all intercompany transactions between the Company and other legal entities, or components of legal entities, controlled by the Parent which are not being sold as part of the transaction have been included in the unaudited condensed combined financial statements. The aggregate net effect of intercompany transactions that will not be settled in cash have been reflected in the unaudited condensed combined balance sheet as Parent company net investment and in the unaudited condensed combined statement of cash flows as a financing activity.

The unaudited condensed combined statement of operations includes all revenues, costs, and expenses directly attributable to the Company, including allocation of expense associated with payroll, stock-based compensation and income taxes. Allocations are based on direct usage when identifiable, with the remainder allocated on a pro rata basis using an applicable measure of headcount or other allocation methodologies that are considered to be a reasonable reflection of the utilization of services provided or the benefit received by the Company during the periods presented. The allocated amounts are not necessarily indicative of the amounts that would be incurred or realized if the Company operated as a separate standalone entity during the period presented. Actual costs that the Company may have incurred if it were a standalone entity would depend on a number of factors, including whether functions were outsourced or performed by employees and strategic decisions made in areas of selling, general and administrative expense and infrastructure.

Notes to the Condensed Combined Financial Statements (Unaudited)

For the Six Months Ended November 30, 2025

Income tax amounts in the unaudited condensed combined financial statements have been calculated on a separate return method and presented as if operations were separate taxpayers in the respective jurisdictions.

The unaudited condensed combined balance sheet includes assets and liabilities that have been determined to be specifically identifiable or otherwise attributable to the Company. Cash includes cash held at legal entities within the Company. The Company does not utilize a centralized treasury management function for financing its operations; however, there are cash pooling activities consisting of transfers of cash to and from the Company and the Parent which are reflected as a component of Parent company net investment in the unaudited condensed combined balance sheet.

The equity balance in the unaudited condensed combined financial statements represents the excess of total assets over liabilities including the due to/from balances between the Company and the Parent (Parent company net investment). Parent company net investment is primarily impacted by intercompany payables and receivables and allocation of stock-based compensation. For further information, please refer to and read these interim unaudited condensed combined financial statements in conjunction with the Company's audited combined financial statements for the fiscal year ended May 31, 2025 included herein.

2. Significant Accounting Policies

Use of Estimates

The preparation of unaudited condensed combined financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the balance sheet and the reported amounts of revenue and expenses during the reporting periods. On an on-going basis, the Company evaluates the estimates, including those related to allocations from its parent such as payroll expense and stock-based compensation expense. Although these estimates are based on historical facts and various other assumptions that the Company believes are reasonable, actual results could differ from those estimates.

Allocations From Parent

The unaudited condensed combined financial statements include expense allocations prior to the carve-out for certain expenses provided by the Parent on a centralized basis, including, but not limited to, financing, payroll, stock-based compensation, and other expenses that are either specifically identifiable or clearly applicable to the Company. These expenses have been allocated to the Company on the basis of direct usage when identifiable, with the remainder allocated on a pro rata basis using an applicable measure of headcount or other allocation methodologies that are considered to be a reasonable reflection of the utilization of services provided or the benefit received by the Company during the periods presented. Management considers that such allocations have been made on a reasonable basis; however, these allocations may not be indicative of the actual expense that would have been incurred had the Company operated as an independent, stand-alone public entity.

Revenue Recognition

The Company recognizes revenue in accordance with Accounting Standards Codification 606, Revenue from Contracts with Customers.

The Company provides managed cloud infrastructure services to customers, such as artificial intelligence and machine learning developers, to help develop their advanced products. Customers pay a fixed rate to the Company in exchange for managed cloud services supported by Company-provided equipment. Revenues are recognized based on the fixed rate, net of any credits for non-performance, over the term of the agreements.

APPLIED DIGITAL CLOUD CORPORATION AND AFFILIATES

Notes to the Condensed Combined Financial Statements (Unaudited)

For the Six Months Ended November 30, 2025

Accounts Receivable

Accounts receivable are primarily comprised of billed and unbilled receivables for which the Company has an unconditional right to consideration and the performance obligations have been satisfied. The Company recognizes an allowance for the remaining lifetime expected credit losses based on management's expectation of collectability. The Company bases its estimate on multiple factors, including historical experience with bad debts, our relationship with our customers and their credit quality, the aging of respective asset balances, current macroeconomic conditions and management's expectations of conditions in the future. The Company writes off accounts receivable in the period when the likelihood of collection of a balance is considered remote.

Segments

For the six months ended November 30, 2025, the Company has identified one operating segment, which has also been determined to be the Company's primary reportable business segment. Operating segments are defined as components of an enterprise for which separate financial information is available and is evaluated regularly by the Chief Operating Decision Maker (CODM), which is the Company's Chief Executive Officer. The Company's CODM evaluates performance and makes operating decisions primarily based on revenue and profit (loss).

Liquidity

As of November 30, 2025, the Company had cash of \$2,158 and a working capital deficit of \$87.2 million which raises substantial doubt about the Company's ability to continue as a going concern. Historically, the Company has incurred losses and has relied on the Parent to provide financing for its operations.

During the six months ended November 30, 2025, the Company renegotiated the majority of its finance leases to extend the duration of the lease agreements, thus extending finance lease payments through fiscal year 2028. Additionally, subsequent to the six months ended November 30, 2025 and through February 28, 2026, the Company made finance lease payments of approximately \$21.5 million and operating lease payments of \$5.3 million. The Company expects positive cash flows from operations to support its obligations. Finally, the Company has the ability to modify the timing of its capital spending and extend its payment terms with vendors, if necessary.

Based on this analysis, the Company believes that substantial doubt to continue as a going concern has been alleviated. Management believes these events are sufficient to allow the Company to meet its obligations for at least one year after the date these carve-out financial statements are issued.

Recent Accounting Pronouncements

In December 2023, the FASB issued ASU 2023-09, Income Taxes ("Topic 740"): Improvements to Income Tax Disclosures. This ASU is intended to enhance the transparency and decision usefulness of income tax disclosures, primarily related to standardization and disaggregation of rate reconciliation categories and income taxes paid by jurisdiction. The guidance is effective for fiscal years beginning after December 15, 2024, with early adoption permitted, and can be applied either prospectively or retrospectively. The Company has adopted this ASU for the fiscal year beginning June 1, 2025 and will present updated disclosures for the fiscal year ended May 31, 2026.

In November 2024, the FASB issued ASU 2024-03, Income Statement – Reporting Comprehensive Income – Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses. This ASU is intended to enhance transparency of income statement disclosures primarily through additional disaggregation of relevant expense captions. In January 2025, the FASB issued ASU No. 2025-01, which revises the effective date of ASU No. 2024-03, to clarify that all public business entities are required to adopt the guidance in annual reporting periods beginning after December 15, 2026, and interim periods within annual reporting periods beginning after December 15, 2027, with early adoption permitted. The ASU allows prospective or retrospective application. The Company is currently evaluating the impact of this ASU on its financial statement presentation and disclosures and plans to adopt this pronouncement beginning with its fiscal year beginning June 1, 2027.

For the Six Months Ended November 30, 2025

In December 2025, the FASB issued ASU 2025-11, Interim Reporting (Topic 270) Narrow-Scope Improvements, which is intended to improve the navigability of the guidance in ASC 270, Interim Reporting, and clarify when it applies. Under the amendments, an entity is subject to ASC 270 if it provides interim financial statements and notes in accordance with GAAP. ASU 2025-11 also addresses the form and content of such financial statements, interim disclosures requirements, and establishes a principle under which an entity must disclose events since the end of the last annual reporting period that have a material impact on the entity. ASU 2025-11 is effective for interim reporting periods within annual reporting periods beginning after December 15, 2027, and early adoption is permitted. The Company is currently evaluating the impact of this ASU on its financial statements and plans to adopt this pronouncement beginning with its fiscal year beginning June 1, 2028.

4. Revenue from Contracts with Customers

During the six months ended November 30, 2025, the Company only had one customer.

Deferred Revenue

Changes in the Company's deferred revenue balances for the six months ended November 30, 2025 are shown in the following table (in thousands):

	Six Months Ended November 30, 2025
Balance, beginning of period	\$ 3,594
Advance billings	26,435

5. Debt

In the prior fiscal year, the Company entered into two SAFE agreements totaling \$12.0 million with an investor (the "SAFE Investor"). Under the terms of the SAFE agreements, the SAFE Investor has the right to certain shares of the Company's preferred stock.

The SAFE agreements were accounted in accordance with ASC 480: Distinguishing Liabilities from Equity. Per the SAFE agreements, as the underlying share class has not been issued yet and as such, equity classification cannot be determined based on redemption rights, these agreements were classified as liabilities and included in long-term debt at their face value on the Company's unaudited condensed combined balance sheets.

6. Leases

From time to time, the Company enters into leases for equipment and office space. The Company's lease agreements do not contain any material residual value guarantees or material restrictive covenants. The Company presents operating and finance lease right of use assets and liabilities separately on the unaudited condensed combined balance sheets as their own captions, with the liabilities split between current and long-term.

During the six months ended November 30, 2026, the Company renegotiated the majority of its finance leases to extend the duration of the lease agreements, thus extending finance lease payments through fiscal year 2028. In accordance with ASC 842, as the modifications were not separate contracts, the Company reassessed the classification of the leases, noting no change in classification. As such, the Company reallocated the remaining consideration in the contract and remeasured the lease liability using a discount rate for each of the leases determined at the effective date of the modification. The Company recognized the amount of the remeasurement of the lease liability for each of the modified leases as an adjustment to the corresponding right-of-use asset.

7. Related Party Transactions

The Company has not historically operated as a standalone business and the unaudited condensed combined financial statements are derived from the consolidated financial statements and accounting records of the Parent. The following disclosure summarizes activity between the Company and the Parent, including the affiliates of the Parent that are not part of the Proposed Transaction.

Cost allocations from Parent

The Parent provides shared services, utilizes cash pooling in situations where the Parent pays for an expense associated with the Company. Shared services consist, but are not limited to, financing, payroll, stock-based compensation, and other expenses that are either specifically identifiable or clearly applicable to the Company. These expenses have been allocated to the Company on the basis of direct usage when identifiable, with the remainder allocated on a pro rata basis using an applicable measure of headcount or other allocation methodologies considered to be a reasonable reflection of the utilization of services provided or the benefit received by the Company during the periods presented. Management considers that such allocations have been made on a reasonable basis; however, these allocations may not be indicative of the actual expense that would have been incurred had the Company operated as an independent, stand-alone public entity.

Net Parent Investment

Net transfers to Parent are included within Parent company net investment on the unaudited condensed combined statement of changes in parent company net investment and represent the net effect of transactions between the Company and the Parent. The components of Parent company net investment activity are as follows:

	Six Months Ended November 30, 2025
Cash pooling and general financing activities	\$ 39,442
Corporate overhead and other allocations	2,847
<i>Net transfers from the Parent as reflected in the Condensed Combined Statement of Cash Flows (unaudited)</i>	<u>42,289</u>

Net assets distributed from Parent	43
<i>Net transfers from the Parent as reflected in the Condensed Combined Statement of Changes in Parent Company Net Investment (unaudited)</i>	<u>\$ 42,500</u>

These transactions will not be settled in cash and therefore have been reflected in the unaudited condensed combined balance sheet as Parent company net investment.

8. Business Segments

The Company is currently organized and operates as one operating and reportable segment on a consolidated basis. The Company's chief executive officer, who is its chief operating decision maker ("CODM"), evaluates the performance of the Company's operating segment based on revenue and profit (loss) and is not provided with information regarding total assets by segment.

9. Subsequent Events

The Company evaluated subsequent events from November 30, 2025, the date of these financial statements, through March 20, 2026, which is the date these financial statements were available to be issued. The Company concluded that no subsequent events occurred during this period that would require recognition in the unaudited condensed combined financial statements or disclosure in the notes thereto, except as described below.

On December 30, 2025, Applied Digital announced it had entered into a non-binding term sheet for a proposed business combination of the Company with EKSO Bionics Holdings, Inc. (Nasdaq: EKSO) (“EKSO”), which, once closed, will go forward as ChronoScale Corporation, an accelerated compute platform purpose-built to support AI workloads (the “Proposed Transaction”). Upon closing of the Proposed Transaction, the Parent expects to initially own, indirectly through an intermediary entity, approximately 97% of ChronoScale. The Company and EKSO businesses would continue to operate upon consummation of the Proposed Transaction. The Proposed Transaction is subject to customary regulatory approvals and satisfaction of closing conditions.

Subsequent to November 30, 2025 and through February 28, 2026, the Company made finance lease payments of approximately \$21.5 million and operating lease payments of \$5.3 million.

APPLIED DIGITAL CLOUD CORPORATION AND AFFILIATES

Notes to the Combined Financial Statements
For the Fiscal Year Ended May 31, 2025

1. Business and Basis of Presentation

Applied Digital Cloud Corporation, SAI Computing LLC, and SAI Computing Holdings LLC (together, the “Company”), provide cloud services to customers, such as AI and machine learning developers by renting space at third party co-location centers and providing the customers with access to its cloud computing equipment. They are wholly owned subsidiaries of Applied Digital Corporation (“Applied Digital” or the “Parent”). All references to “we,” “us,” “our” or the “Company” mean Applied Digital Cloud Corporation, SAI Computing LLC, and SAI Computing Holdings LLC.

On December 30, 2025, Applied Digital announced it had entered into a non-binding term sheet for a proposed business combination with EKSO Bionics Holdings, Inc. (Nasdaq: EKSO) (“EKSO”), which, once closed, will go forward as ChronoScale Corporation, an accelerated compute platform purpose-built to support AI workloads (the “Proposed Transaction”). Upon closing of the Proposed Transaction, the Parent expects to initially own, indirectly through an intermediary entity, approximately 97% of ChronoScale. The Company and EKSO businesses would continue to operate upon consummation of the Proposed Transaction. As of the date of these financial statements, the transaction has not been completed.

The Company has historically existed and functioned as part of the consolidated business of the Parent. The accompanying combined financial statements are prepared on a standalone basis and are derived from the Parent's historical accounting records. The Company has not operated as a separate standalone legal entity and is comprised of three wholly-owned subsidiaries of the Parent: Applied Digital Cloud Corporation, SAI Computing LLC, and SAI Computing Holdings LLC. The combined financial statements reflect the combined historical operations, financial position and cash flows of the Company for the period presented in conformity with generally accepted accounting principles in the United States (“GAAP”). The combined financial statements may not be indicative of the Company's future performance and do not necessarily reflect what the financial position, results of operations and cash flows would have been had it operated as a standalone business during the period presented. The assets, liabilities, revenue and expenses of the Company have been reflected in these combined financial statements on a historical cost basis, as included in the consolidated financial statements of the Parent, using the historical accounting policies applied by the Parent.

All intercompany transactions within the Company have been eliminated and all intercompany transactions between the Company and other legal entities, or components of legal entities, controlled by the Parent which are not being sold as part of the transaction have been included in the combined financial statements. The aggregate net effect of intercompany transactions that will not be settled in cash have been reflected in the combined balance sheet as Parent company net investment and in the combined statement of cash flows as a financing activity.

The combined statement of operations includes all revenues, costs, and expenses directly attributable to the Company, including allocation of expense associated with payroll, stock-based compensation and income taxes. Allocations are based on direct usage when identifiable, with the remainder allocated on a pro rata basis using an applicable measure of headcount or other allocation methodologies that are considered to be a reasonable reflection of the utilization of services provided or the benefit received by the Company during the periods presented. The allocated amounts are not necessarily indicative of the amounts that would be incurred or realized if the Company operated as a separate standalone entity during the period presented. Actual costs that the Company may have incurred if it were a standalone entity would depend on a number of factors, including whether functions were outsourced or performed by employees and strategic decisions made in areas of selling, general and administrative expense and infrastructure.

Income tax amounts in the combined financial statements have been calculated on a separate return method and presented as if operations were separate taxpayers in the respective jurisdictions.

APPLIED DIGITAL CLOUD CORPORATION AND AFFILIATES

Notes to the Combined Financial Statements

For the Fiscal Year Ended May 31, 2025

The combined balance sheet includes assets and liabilities that have been determined to be specifically identifiable or otherwise attributable to the Company. Cash includes cash held at legal entities within the Company. The Company does not utilize a centralized treasury management function for financing its operations; however, there are cash pooling activities consisting of transfers of cash to and from the Company and the Parent which are reflected as a component of Parent company net investment in the combined balance sheet.

The equity balance in the combined financial statements represents the excess of total assets over liabilities including the due to/from balances between the Company and the Parent (Parent company net investment). Parent company net investment is primarily impacted by intercompany payables and receivables and allocation of stock-based compensation.

2. Significant Accounting Policies**Use of Estimates**

The preparation of combined financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the balance sheet and the reported amounts of revenue and expenses during the reporting periods. On an on-going basis, the Company evaluates the estimates, including those related to allocations from parent such as payroll expense and stock-based compensation expense. Although these estimates are based on historical facts and various other assumptions that the Company believes are reasonable, actual results could differ from those estimates.

Allocations From Parent

The combined financial statements include expense allocations prior to the carve-out for certain expenses provided by the Parent on a centralized basis, including, but not limited to, financing, payroll, stock-based compensation, and other expenses that are either specifically identifiable or clearly applicable to the Company. These expenses have been allocated to the Company on the basis of direct usage when identifiable, with the remainder allocated on a pro rata basis using an applicable measure of headcount or other allocation methodologies that are considered to be a reasonable reflection of the utilization of services provided or the benefit received by the Company during the periods presented. Management considers that such allocations have been made on a reasonable basis; however, these allocations may not be indicative of the actual expense that would have been incurred had the Company operated as an independent, stand-alone public entity.

Revenue Recognition

The Company recognizes revenue in accordance with Accounting Standards Codification 606, Revenue from Contracts with Customers.

The Company provides managed cloud infrastructure services to customers, such as artificial intelligence and machine learning developers, to help develop their advanced products. Customers pay a fixed rate to the Company in exchange for managed cloud services supported by Company-provided equipment. Revenues are recognized based on the fixed rate, net of any credits for non-performance, over the term of the agreements.

Accounts Receivable

Accounts receivable are primarily comprised of billed and unbilled receivables for which the Company has an unconditional right to consideration and the performance obligations have been satisfied. The Company recognizes an allowance for the remaining lifetime expected credit losses based on management's expectation of collectability. The Company bases its estimate on multiple factors, including historical experience with bad debts, our relationship with our customers and their credit quality, the aging of respective asset balances, current macroeconomic conditions and management's expectations of conditions in the future. The Company writes off accounts receivable in the period when the likelihood of collection of a balance is considered remote.

APPLIED DIGITAL CLOUD CORPORATION AND AFFILIATES

Notes to the Combined Financial Statements

For the Fiscal Year Ended May 31, 2025

Segments

For the year ended May 31, 2025, the Company has identified one operating segment, which has also been determined to be the Company's primary reportable business segment. Operating segments are defined as components of an enterprise for which separate financial information is available and is evaluated regularly by the Chief Operating Decision Maker (CODM), which is the Company's Chief Executive Officer. The Company's CODM evaluates performance and makes operating decisions primarily based on revenue and profit (loss).

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets (see "Note 3 - Property and Equipment"). Once an asset is identified for retirement or disposition, the related cost and accumulated depreciation or amortization are removed, and a gain or loss is included in earnings. Depreciation expense includes the amortization of assets recorded in association with our leases. Leasehold improvements and assets recorded in association with our leases are amortized over the shorter of the expected lease term or the estimated useful life of the asset. Construction in progress represents assets received but not placed into service as of May 31, 2025.

Impairment or Disposal of Long-Lived Assets

Our long-lived assets are reviewed for impairment on an annual basis or whenever events or changes in circumstances indicate that the carrying value of the asset may not be recoverable. We also evaluate the period of depreciation and amortization of long-lived assets to determine whether events or circumstances warrant revised estimates of useful lives. When indicators of impairment are present, we determine the recoverability of our long-lived assets by comparing the carrying value of our long-lived assets to future undiscounted net cash flows expected to result from the use of the assets and their eventual disposition. If the estimated future undiscounted cash flows demonstrate the long-lived assets are not recoverable, an impairment loss would be calculated based on the excess of the carrying amounts of the long-lived assets over their fair value. The Company's estimates of fair values are based on the best information available and require the use of estimates, judgments, and projections.

Lease Accounting

The Company determines whether an arrangement contains a lease at the inception of the arrangement. The Company leases office space under operating leases and equipment under finance leases. If a lease is determined to exist, the term of such lease is assessed based on the commencement date, which is the date on which the underlying asset is made available for the Company's use by the lessor. For leases with renewal periods or early terminations at the Company's option, the Company determines the expected lease term based on whether the exercise of any renewal option or early termination is reasonably certain at the inception of the lease.

At the commencement date of a lease, we recognize a right-of-use asset representing our right to use the underlying asset during the lease term and a lease liability for the present value of the future lease payments. As most leases do not provide an implicit rate, the Company uses its incremental borrowing rate based on the information available on the commencement date in determining the present value of lease payments.

For operating leases, we recognize fixed lease expense on a straight-line basis over the lease term. For finance leases, we recognize amortization expense on the right-of-use asset and interest expense on the lease liability over the lease term. Variable lease costs are recognized as incurred. Assets and liabilities related to finance leases are presented separately from those relating to operating leases on our combined balance sheets. We do not record lease contracts with a term of 12 months or less on our combined balance sheets. We have also elected for all leases to not separate lease and non-lease components.

APPLIED DIGITAL CLOUD CORPORATION AND AFFILIATES

Notes to the Combined Financial Statements

For the Fiscal Year Ended May 31, 2025

Income Taxes

Income tax amounts in the combined financial statements have been calculated on a separate return method and presented as if operations were separate taxpayers in the respective jurisdictions. Income taxes are accounted for under the asset and liability method. Under this method, deferred tax assets and liabilities are recognized based on the future tax consequences attributable to differences that exist between the financial statement carrying amounts of assets and liabilities and their respective tax bases, as well as tax attributes such as net operating loss, capital loss and tax credits carryforwards on a taxing jurisdiction basis. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the year in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Valuation allowances are established when necessary to reduce deferred tax assets to the amounts that are expected, more likely than not, to be realized in the future. A tax benefit from an uncertain income tax position may be recognized in the financial statements only if it is more likely than not that the position is sustainable, based solely on its technical merits and consideration of the relevant taxing authority's widely understood administrative practices and precedents. Recognized income tax positions are measured at the largest amount that has a greater than 50% likelihood of being realized. Any subsequent changes in recognition or measurement are reflected in the period in which the change in judgment occurs.

ASC Topic 740, Income Taxes, ("ASC 740"), clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The benefit of a tax position is recognized in the financial statements in the period during which, based on all available evidence, management believes it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any. Tax positions taken are not offset or aggregated with other positions.

ASC 740 also provides guidance on derecognition, classification, interest and penalties, accounting in interim period, disclosure, and transition.

The Company's policy for recording interest and penalties associated with unrecognized tax benefits is to record such interest and penalties as components of income tax expense.

Based on the Company's evaluation, it has been concluded that there are no significant uncertain tax positions requiring recognition in the Company's combined financial statements.

For further information on income taxes, see "Note 6 - Income Taxes" below.

Liquidity

As of May 31, 2025, the Company had cash of \$2.4 million and a working capital deficit of \$151.2 million which raises substantial doubt about the Company's ability to continue as a going concern. Historically, the Company has incurred losses and has relied on the Parent to provide financing for its operations.

Subsequent to the year ended May 31, 2025, the Company renegotiated the majority of its finance leases to extend the duration of the lease agreements, thus extending finance lease payments through fiscal year 2028. Additionally, after year end and through February 28, 2026, the Company made finance lease payments of approximately \$74.9 million and operating lease payments of \$15.7 million. The Company expects positive cash flows from operations to support its obligations. Finally, the Company has the ability to modify the timing of its capital spending and extend its payment terms with vendors, if necessary.

APPLIED DIGITAL CLOUD CORPORATION AND AFFILIATESNotes to the Combined Financial Statements
For the Fiscal Year Ended May 31, 2025

Based on this analysis, the Company believes that substantial doubt to continue as a going concern has been alleviated. Management believes these events are sufficient to allow the Company to meet its obligations for at least one year after the date these carve-out financial statements are issued.

Recent Accounting Pronouncements

In December 2023, the FASB issued ASU 2023-09, Income Taxes ("Topic 740"): Improvements to Income Tax Disclosures. This ASU is intended to enhance the transparency and decision usefulness of income tax disclosures, primarily related to standardization and disaggregation of rate reconciliation categories and income taxes paid by jurisdiction. The guidance is effective for fiscal years beginning after December 15, 2024, with early adoption permitted, and can be applied either prospectively or retrospectively. The Company is currently evaluating the impact of adopting this ASU on its disclosures and plans to adopt this pronouncement beginning with its fiscal year beginning June 1, 2025.

In November 2024, the FASB issued ASU 2024-03, Income Statement – Reporting Comprehensive Income – Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses. This ASU is intended to enhance transparency of income statement disclosures primarily through additional disaggregation of relevant expense captions. The standard is effective for annual reporting periods beginning after December 15, 2026, and interim periods within annual reporting periods beginning after December 15, 2027, with prospective or retrospective application permitted. The Company is currently evaluating the impact of this ASU on its financial statement presentation and disclosures and plans to adopt this pronouncement beginning with its fiscal year beginning June 1, 2027.

In December 2025, the FASB issued ASU 2025-11, Interim Reporting (Topic 270) Narrow-Scope Improvements, which is intended to improve the navigability of the guidance in ASC 270, Interim Reporting, and clarify when it applies. Under the amendments, an entity is subject to ASC 270 if it provides interim financial statements and notes in accordance with GAAP. ASU 2025-11 also addresses the form and content of such financial statements, interim disclosures requirements, and establishes a principle under which an entity must disclose events since the end of the last annual reporting period that have a material impact on the entity. ASU 2025-11 is effective for interim reporting periods within annual reporting periods beginning after December 15, 2027, and early adoption is permitted. The Company is currently evaluating the impact of this ASU on its financial statements and plans to adopt this pronouncement beginning with its fiscal year beginning June 1, 2028.

5. Debt

In the first fiscal quarter of 2025, the Company entered into two SAFE agreements totaling \$12.0 million with the SAFE Investor. Under the terms of the SAFE agreements, the SAFE Investor has the right to certain shares of the Company's preferred stock.

If an equity financing transaction is completed by the Company before the termination of the SAFE agreements, the SAFE agreements will automatically convert into the number of shares of preferred stock equal to the purchase amount divided by the discount price, which will be the lowest price per share of the preferred stock sold in the equity financing transaction multiplied by the discount rate (90%). If there is a liquidity event before the termination of the SAFE agreements, the SAFE Investor will automatically be entitled to receive a portion of proceeds, due and payable to the SAFE Investor immediately prior to, or concurrent with, the occurrence of such liquidity event, equal to the greater of (i) the purchase amount or (ii) the amount payable on the number of shares of common stock equal to the purchase amount divided by the liquidity price (the price per share equal to the fair market value of the common stock at the time of the liquidity event, as determined by reference to the purchase price payable in connection with such liquidity event, multiplied by the discount rate). If there is a dissolution event before the termination of the SAFE agreements, the SAFE Investor will automatically be entitled to receive a portion of proceeds equal to the purchase amount, due and payable to the SAFE Investor immediately prior to the occurrence of the dissolution event.

In a liquidity or dissolution event, the SAFE agreements are intended to operate like standard non-participating preferred stock. The SAFE Investor's right to receive the purchase amount is junior to payments for outstanding indebtedness and creditor claims, on par with payments for other SAFE agreements and preferred stock, and senior to payments for common stock. The SAFE agreements will automatically terminate immediately following the earliest to occur of: (i) the issuance of capital stock to the SAFE Investor pursuant to the automatic conversion of the SAFE agreements; or (ii) the payment, or setting aside for payment, of amounts due the SAFE Investor. The SAFE Investor shall have the right, but not the obligation, to purchase up to its Pro Rata Share (the ratio of (i) the purchase amount of the SAFE agreements to (ii) the aggregate purchase amounts of all SAFE agreements issued by the Company prior to the equity financing transaction) of the securities issued in the equity financing transaction, on the same terms, conditions and pricing afforded to the other investors participating in the equity financing transaction.

APPLIED DIGITAL CLOUD CORPORATION AND AFFILIATESNotes to the Combined Financial Statements
For the Fiscal Year Ended May 31, 2025

The SAFE agreements were accounted in accordance with ASC 480: Distinguishing Liabilities from Equity. Per the SAFE agreements, as the underlying share class has not been issued yet and as such, equity classification cannot be determined based on redemption rights, these agreements were classified as liabilities and included in long-term debt at their face value on the Company's combined balance sheets.

Notes to the Combined Financial Statements

For the Fiscal Year Ended May 31, 2025

Deferred income taxes reflect the temporary differences between the amounts at which assets and liabilities are recorded for financial reporting purposes and the amounts utilized for tax purposes. The primary components of the temporary differences that gave rise to the Company's deferred tax assets and liabilities for the fiscal year ended May 31, 2025 are as follows (in thousands):

	May 31, 2025
Deferred tax assets	
Net operating loss	\$ 43,712
Lease liability	18,903
Interest disallowance carryforward	6,800
Deferred tax assets, gross	69,415
Less: valuation allowance	(41,533)
Total deferred tax assets, net	27,882
Deferred tax liabilities	
Property and equipment	(4,702)
Right of use assets	(23,180)
Total deferred tax liability, net	(27,882)
Net deferred tax asset	\$ —

The Company had \$172.0 million of gross federal and state tax net operating loss as of May 31, 2025. At May 31, 2025, \$172.0 million is available indefinitely to offset future income.

A valuation allowance is provided when it is more likely than not that some portion or the entire net deferred tax asset will not be realized. The Company has recorded an increase in the valuation allowance of \$18.8 million as of May 31, 2025. The Company has provided a valuation allowance for the portion of the deferred tax assets that it has determined are not more likely than not to be recognized.

The valuation allowance is primarily attributable to deferred tax assets for net operating losses that management believes are more likely than not to remain unutilized. The ultimate realization of the deferred tax assets is dependent upon the generation of future taxable income of the appropriate character (i.e., capital or ordinary) during the period in which the temporary differences become deductible. Management considers, among other things, the scheduled reversals of deferred tax liabilities and the history of positive taxable income in evaluating the realizability of the deferred tax assets. Management believes that it is not likely that the results of future operations will generate sufficient taxable income to realize its deferred tax assets.

The Company did not have any unrecognized tax benefits for the year ended May 31, 2025. The Company recognizes interest expense related to unrecognized tax benefits in income tax expense. The Company did not have any interest expense or expense for penalties related to unrecognized tax benefits for the reported period.

7. Leases

The Company enters into leases for equipment and office space. The Company's lease agreements do not contain any material residual value guarantees or material restrictive covenants. The Company presents operating and finance right of use assets and liabilities separately on the balance sheet as their own captions, with the liabilities split between current and long-term, respectively.

8. Related Party Transactions

The Company has not historically operated as a standalone business and the combined financial statements are derived from the consolidated financial statements and accounting records of the Parent. The following disclosure summarizes activity between the Company and the Parent, including the affiliates of the Parent that are not part of the Proposed Transaction.

Cost allocations from Parent

The Parent provides shared services, utilizes cash pooling in situations where the Parent pays for an expense associated with the Company. Shared services consist, but are not limited to, financing, payroll, stock-based compensation, and other expenses that are either specifically identifiable or clearly applicable to the Company. These expenses have been allocated to the Company on the basis of direct usage when identifiable, with the remainder allocated on a pro rata basis using an applicable measure of headcount or other allocation methodologies considered to be a reasonable reflection of the utilization of services provided or the benefit received by the Company during the periods presented. Management considers that such allocations have been made on a reasonable basis; however, these allocations may not be indicative of the actual expense that would have been incurred had the Company operated as an independent, stand-alone public entity.

	Fiscal Year Ended May 31, 2025
Cost of revenues	\$ 2,772
Selling, general and administrative	(1,894)
	<u>\$ 878</u>

Net assets distributed to Parent	(1,186)
<i>Net transfers from the Parent as reflected in the Combined Statement of Changes in Parent Company Net Investment</i>	<u>\$ 111,090</u>

These transactions will not be settled in cash and therefore have been reflected in the combined balance sheet as Parent company net investment.

On December 30, 2025, Applied Digital announced it had entered into a non-binding term sheet for a proposed business combination with EKSO Bionics Holdings, Inc. (Nasdaq: EKSO) ("EKSO"), which, once closed, will go forward as ChronoScale Corporation, an accelerated compute platform purpose-built to support AI workloads (the "Proposed Transaction"). Upon closing of the Proposed Transaction, the Parent expects to initially own, indirectly through an intermediary entity, approximately 97% of ChronoScale. During the period from the date hereof until the earlier of the termination of this Agreement in accordance with its terms and the Closing, except (i) as may be required by applicable Law, (ii) with the prior written consent of Issuer (which shall not be unreasonably withheld, conditioned or delayed), (iii) for the purpose of consummating the Cloud Pre-Closing Restructuring, (iv) as permitted or contemplated by this Agreement or (v) as set forth in Section 4.2 of the Disclosure Schedules, Cloud shall not, and shall not permit any of its Subsidiaries (whether by merger, sale of shares, sale of assets, consolidation, formation of a joint venture or otherwise) to:

4.3 Access and Information.

(a) Prior to the Closing, APLD Intermediate and its officers, directors, managers, employees, consultants, equity partners, agents, advisors, financial advisors, attorneys, accountants and other representatives (collectively, "Representatives") shall be entitled to, at APLD Intermediate's sole cost and expense, make or cause to be made such investigation of Issuer and its business, assets and operations, and the financial and legal condition thereof, as APLD Intermediate reasonably deems necessary for the purposes of evaluating or implementing the Transactions, and Issuer shall reasonably cooperate with any such investigation. In furtherance of the foregoing, but not in limitation thereof, Issuer shall upon reasonable request during regular business hours, promptly provide APLD Intermediate and its Representatives or cause them to be permitted to have reasonable access to the premises, books and records of Issuer and shall promptly furnish such financial and operating data, projections, forecasts, business plans, strategic plans and other data relating to the business or operations of Issuer as APLD Intermediate or its Representatives shall reasonably request from time to time; provided, however that APLD Intermediate will take all reasonable actions to not interfere with the conduct of Issuer's business.

(b) Prior to the Closing, Issuer and its Representatives shall be entitled to, at Issuer's sole cost and expense, make or cause to be made such investigation of Contributor, APLD Intermediate and their respective businesses, assets and operations, and the financial and legal condition thereof, as Issuer reasonably deems necessary for the purposes of evaluating or implementing the Transactions, and APLD Intermediate and Contributor, as applicable, shall reasonably cooperate with any such investigation. In furtherance of the foregoing, but not in limitation thereof, APLD Intermediate and Contributor, as applicable, shall, upon reasonable request, provide Issuer and its Representatives or cause them to be permitted to have reasonable access to the premises, books and records of APLD Intermediate and Contributor upon reasonable notice during regular business hours; provided, however that Issuer will take all reasonable actions to not interfere with the conduct of neither Contributor's nor APLD Intermediate's business.

4.4 Written Consent; Information Statement; Proxy Statement.

(a) Issuer shall use its best efforts to obtain the Stockholder Approval by the Consent Deadline or the Meeting Approval Deadline, as applicable, and, if by Written Consent, deliver the same to APLD Intermediate immediately after execution thereof by the requisite stockholders of Issuer. Issuer shall comply with applicable Law and Issuer's Organizational Documents in connection with the Written Consent and Information Statement or the Proxy Statement, as applicable, including giving notice of the availability of dissenters' rights in accordance with the Nevada Revised Statutes to the holders of Issuer Voting Stock not executing the Written Consent or not voting in favor of the approval of the Stockholder Proposals, together with any additional information required by the Nevada Revised Statutes. The parties agree and acknowledge that the Stockholder Approval shall be void and of no further effect if this Agreement is terminated in accordance with the terms and conditions hereof. The Issuer shall timely file with the SEC, within two (2) business days of the execution of the Written Consent by stockholders holding a majority of the Issuer's voting power, the Written Consent under cover of Item 5.07 of a Current Report on Form 8-K.

(b) As promptly as reasonably practicable after delivery to APLD Intermediate of the Written Consent (but in any event, no later than March 13, 2026), Issuer shall prepare and file with the SEC, the preliminary Information Statement in form and substance reasonably satisfactory to each of Issuer and APLD Intermediate relating to the Contribution and the other Transactions contemplated hereby; provided, that, if the Issuer is required by APLD Intermediate to initiate the Meeting Procedures pursuant to [Section 4.4\(c\)](#), Issuer shall instead prepare and file with the SEC the preliminary Proxy Statement in form and substance reasonably satisfactory to each of Issuer and APLD Intermediate and in no event later than March 12, 2026 (or such later date as the Contributor may determine by written notice to the Issuer) and shall obtain the Stockholder Approval no later than the Meeting Approval Deadline; provided further that such filing deadlines shall be extended to the extent APLD Intermediate does not promptly provide the information relating to Contributor as required by this [Section 4.4\(b\)](#). Any SEC filing fees associated with the Information Statement or the Proxy Statement shall be split between APLD Intermediate and Issuer. APLD Intermediate and Issuer shall reasonably cooperate with the other party in the preparation of the preliminary Information Statement or the preliminary Proxy Statement, as applicable, the definitive Information Statement or the definitive Proxy Statement, as applicable, and any amendments or supplements thereto and APLD Intermediate will promptly furnish to Issuer the information relating to Contributor required by the Exchange Act and stock exchange requirements for inclusion therein. Prior to filing with the SEC, Issuer shall provide APLD Intermediate and its counsel a reasonable opportunity to review and comment on the Information Statement or the Proxy Statement, as applicable, and shall incorporate any comments to the Information Statement or the Proxy Statement, as applicable, made by APLD Intermediate or its counsel to the extent such comments are not in violation of applicable Law. Issuer shall notify APLD Intermediate immediately following the receipt of any comments from the SEC or its staff and of any request by the SEC or its staff for any amendments or supplements to the Information Statement or the Proxy Statement, as applicable. Issuer shall, after consultation with APLD Intermediate, respond as promptly as practicable to any comments of the SEC with respect to the preliminary Information Statement or the preliminary Proxy Statement, as applicable. Issuer shall cause the Information Statement or the Proxy Statement, as applicable, in definitive form to be mailed to the holders of Issuer Voting Stock as promptly as reasonably practicable after the filing of the definitive Information Statement or the definitive Proxy Statement, as applicable, with the SEC and in no event later than one (1) business day after the earliest of the SEC notifying Issuer that it is not reviewing or has completed its review of the Information Statement or Proxy Statement or the SEC has not timely notified Issuer of its intent to review the Information Statement or Proxy Statement. If at any time prior to the Closing any event shall occur, or fact or information shall be discovered, that should be set forth in an amendment or supplement to the Information Statement or the Proxy Statement, as applicable, so that such document would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they are made, not misleading, the party that discovers such information shall promptly notify the other parties hereto and the parties shall work together to prepare and Issuer shall file with the SEC such amendment or supplement to the Information Statement or the Proxy Statement, as applicable, in consultation with and subject to review by APLD Intermediate as promptly as practicable and, to the extent required by Law, cause such amendment or supplement to the Information Statement or the Proxy Statement, as applicable, to be disseminated to the holders of the Issuer Voting Stock; provided that Issuer shall incorporate all comments received from APLD Intermediate or its counsel to the extent such comments comply with applicable Law. Issuer shall provide APLD Intermediate and its counsel the opportunity to participate in all discussions or meetings (whether in-person, telephonic or otherwise) with the SEC, unless prohibited by Law. Notwithstanding the foregoing, in the event that this Agreement is terminated in accordance with the terms and conditions hereof, the parties shall not be required, after the date of termination, to prepare, file and mail the Information Statement or the Proxy Statement pursuant to this [Section 4.4\(b\)](#).

(c) If the Written Consent is not obtained by the Consent Deadline, then APLD Intermediate has the unilateral right and authority in its sole and absolute discretion to require Issuer to initiate the following procedures (collectively, the “Meeting Procedures”) upon delivery of a written notice from APLD Intermediate to Issuer (the “Proxy Notice”), and the Issuer shall, at its sole cost and expense, take each of the following actions:

i. Within three (3) business days of the receipt of the Proxy Notice, Issuer shall cause the Issuer Board to duly convene at a meeting of the Issuer Board to, or through action by written consent (the date of such approval, the “Issuer Board Approval Date”), (A) set a record date for stockholders eligible to vote at the Stockholder Meeting, which record date is (i) no less than two (2) business days after the date of the Issuer Board Approval Date, and (ii) no less than ten (10) calendar days prior to the Meeting Date, and no more than sixty (60) calendar days prior to the Meeting Date (such date, as may be extended from time to time, the “Record Date”), (B) set April 20, 2026 as the initial date for the Stockholder Meeting, subject to SEC clearance of the Proxy Statement relating to this Agreement, the Contribution and the other Transactions contemplated hereby, provided, that, if such date is not permitted under applicable Laws, then such other date as mutually agreed by the Issuer and Contributor (such date, as extended from time to time, the “Meeting Date”), and (C) recommend to the Issuer’s stockholders that such holders vote to approve the Stockholder Proposals as set forth in the Proxy Statement in accordance with subsection (v) below;

ii. Issuer shall, at its own cost and expense, engage a proxy solicitor no later than the Record Date. Issuer shall use commercially reasonable efforts to solicit proxies in favor of the Stockholder Approval and to obtain the Stockholder Approval prior to the Meeting Approval Deadline;

iii. No later than two (2) business days prior to the Record Date, Issuer shall conduct a “broker search” in accordance with Rule 14a-13 of the Exchange Act;

iv. Notwithstanding anything to the contrary contained herein, but subject to the immediately following sentence, Issuer shall not postpone or adjourn the Stockholder Meeting without the prior written consent of APLD Intermediate (which consent shall not be unreasonably withheld); provided that if at any time following the dissemination of the Proxy Statement, either Issuer or APLD Intermediate reasonably determines in good faith that the Stockholder Approval is unlikely to be obtained at the Stockholder Meeting, including due to an absence of quorum, then each of Issuer and APLD Intermediate shall have the right to require an adjournment or postponement of the Stockholder Meeting for the purpose of soliciting additional votes in favor of the Stockholder Proposals; provided, further, that no such single adjournment or postponement shall delay the Stockholder Meeting by more than ten (10) calendar days from the prior-scheduled date or to a date on or after the fifth (5th) business day preceding the End Date. Notwithstanding the foregoing, Issuer may (without the consent of APLD Intermediate) postpone or adjourn the Stockholder Meeting if (i) Issuer is required to postpone or adjourn the Stockholder Meeting by applicable Law, or (ii) after consultation with APLD Intermediate, the Issuer Board or any authorized committee thereof shall have determined in good faith (after consultation with outside legal counsel) that such postponement or adjournment of the Stockholder Meeting is required in order to give Issuer’s stockholders sufficient time to evaluate any amendment or supplement to the Proxy Statement that Issuer is required to provide to such holders under applicable Law (so long as any such supplement or amendment was provided in compliance with this Agreement); provided that no such single adjournment or postponement shall delay the Stockholder Meeting by more than ten (10) calendar days from the prior-scheduled date or to a date on or after the fifth (5th) business day preceding the End Date. Unless this Agreement has been validly terminated pursuant to Section 6.1, (A) Issuer shall submit this Agreement to the stockholders of Issuer for adoption at the Stockholder Meeting and (B) the only matters to be voted upon at the Stockholder Meeting shall be the Stockholder Proposals and routine proposals required in connection with such vote (and not any other matters).

v. Issuer shall (A) upon APLD Intermediate's request, provide APLD Intermediate reasonably detailed periodic updates concerning proxy solicitation results on a timely basis, (B) give written notice to APLD Intermediate one day prior to the Stockholder Meeting, and on the day of, but prior to the Stockholder Meeting, indicating whether as of such date sufficient proxies representing the Stockholder Approval have been obtained. Issuer shall undertake any other obligations that APLD Intermediate reasonably requests in connection with the Stockholder Meeting and/or the Stockholder Approval, and (C) take such other actions as are reasonably and customarily necessary, appropriate and convenient to conduct the Stockholder Meeting and obtain the Stockholder Approval thereat.

4.5 No Solicitation.

(a) Issuer shall not, and shall cause each of its Subsidiaries and Representatives not to, directly or indirectly (i) initiate, knowingly encourage (including by means of furnishing or disclosing information), solicit, discuss or negotiate, directly or indirectly, any Acquisition Proposal, other than with APLD Intermediate and Contributor (for the avoidance of doubt, no controlled equityholder of Issuer or member of Issuer's management will be permitted to meet with any Person with respect to an Acquisition Proposal), (ii) furnish or disclose any non-public information to any Person, other than to Contributor and/or APLD Intermediate, their respective Affiliates and their respective Representatives, in connection with an Acquisition Proposal, (iii) enter into any agreement regarding an Acquisition Proposal, other than with Contributor and/or APLD Intermediate, or (iv) enter into any agreement, arrangement or understanding that would reasonably be expected to have an adverse effect on the ability of Issuer to consummate the Contribution. Notwithstanding anything to the contrary in this Agreement, Issuer may (i) engage in discussions with potential buyers of substantially all of Issuer's assets and (ii) engage in (and consummate) the PIPE Investment.

(b) Neither Contributor nor APLD Intermediate shall, directly or indirectly, through any of its Representatives (i) initiate, knowingly encourage (including by means of furnishing or disclosing information), solicit, discuss or negotiate, directly or indirectly, any inquiry, proposal or offer (written or oral) (A) to acquire, directly or indirectly, Cloud, or any portion of Contributor's assets (whether by merger, consolidation, recapitalization, purchase or issuance of equity securities, purchase of assets, tender offer or otherwise), (B) to make any investment in, capital contribution or loan to, or reorganization, dissolution, liquidation or recapitalization of Cloud, or (C) any similar transaction or business combination involving the assets, equity, interests or capital stock of Cloud (each, a "Cloud Acquisition Proposal"), other than with Issuer (for the avoidance of doubt, no controlled equityholder of Contributor or member of Contributor's management will be permitted to meet with any Person with respect to a Cloud Acquisition Proposal), (ii) furnish or disclose any non-public information to any Person, other than to Issuer, its Affiliates and their Representatives, in connection with a Cloud Acquisition Proposal, (iii) enter into any agreement regarding a Cloud Acquisition Proposal, other than with Issuer, or (iv) enter into any agreement, arrangement or understanding that would reasonably be expected to have an adverse effect on the ability of Contributor consummate the Contribution. Notwithstanding anything to the contrary in this Agreement, no inquiry, proposal, offer, discussion, negotiation or agreement that contemplates the sale, transfer, disposition, merger, business combination, financing, restructuring or other transaction involving the Cloud as part of any proposed Sale of Applied Parent shall be restricted by this Section 4.5(b).

4.6 Regulatory Approvals; Efforts.

(a) Prior to the Closing, the parties hereto shall, and shall cause their respective Affiliates to, use their respective reasonable best efforts to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary, proper or advisable by such party under any applicable Laws to consummate and effectuate the Contribution and other transactions as contemplated herein and in the Transaction Documents, as promptly as practicable, including (i) preparing and filing all forms, registrations and notifications with any governmental authorities or third parties required to be filed to consummate the Contribution, (ii) using reasonable best efforts to satisfy the conditions to consummating the Contribution, (iii) using reasonable best efforts to obtain (and to cooperate with each other in obtaining) any consent, authorization, expiration or termination of a waiting period, permit, Order or approval of, waiver or any exemption by, any governmental authorities required to be obtained or made by the parties hereto or any of their respective Subsidiaries in connection with the Contribution or the taking of any action contemplated by this Agreement, (iv) defending any lawsuits or other legal Proceedings, whether judicial or administrative, challenging this Agreement or the consummation of the Contribution, and (v) using reasonable best efforts with respect to the execution and delivery of all such instruments, deeds, assignments or assurances and do all other things reasonably necessary or desirable to consummate the Contribution and to fully carry out the purposes or intent of this Agreement.

4.7 Securities Laws Disclosure; Publicity. Issuer shall not (i) issue a press release or (ii) file a Current Report on Form 8-K disclosing the material terms of the Transactions contemplated hereby (a “Press Release”), including forms of the Transaction Documents as exhibits thereto, with the SEC within the time required by the Exchange Act, in each case except to the extent required by applicable Law. Notwithstanding the foregoing, if such Press Release is required in accordance with applicable Law, it shall be on a form reasonably acceptable to APLD Intermediate after APLD Intermediate has had reasonable time to review and comment on such form. Issuer shall not issue any press release nor otherwise make any public statement which contains any false, defamatory, or disparaging remarks, comments, or statements concerning Contributor, APLD Intermediate, Cloud or any of its Affiliates.

4.8 Acknowledgment of Dilution. Issuer acknowledges that the issuance of the Exchanged Shares may result in dilution of the outstanding shares of Issuer Common Stock, which dilution may be substantial under certain market conditions. Issuer further acknowledges that its obligations under the Transaction Documents, including, without limitation, its obligation to issue the Exchanged Shares pursuant to the Transaction Documents, are unconditional and absolute and not subject to any right of set off, counterclaim, delay or reduction, regardless of the effect of any such dilution or any claim Issuer may have against Contributor and regardless of the dilutive effect that such issuance may have on the ownership of the other stockholders of Issuer.

4.9 Notifications of Certain Events. Subject to applicable Law and as otherwise required by any Governmental Entity, APLD Intermediate and/or Contributor, on the one hand, and Issuer, on the other hand, each shall keep the other apprised of the status of matters relating to the consummation of the Transactions contemplated by this Agreement, including promptly furnishing the other with copies of notices or other communications received by APLD Intermediate and/or Contributor or Issuer, as applicable, or any of their Subsidiaries, from any third party or any Governmental Entity with respect to this Agreement and the Transactions contemplated hereby. APLD Intermediate and/or Contributor and Issuer each shall give prompt written notice (including copies of relevant documents) to the other of any Effect (within 48 hours of a board or chief executive officer first becoming aware), individually or in the aggregate, that has had or would reasonably be expected to have a Cloud Material Adverse Effect or an Issuer Material Adverse Effect, as applicable, or of any failure of any condition to a party’s obligation to consummate the Transactions contemplated by this Agreement or the Transaction Documents; provided, however, that the failure to deliver any such notice shall not affect any of the conditions set forth in ARTICLE V or give rise to any right to terminate under ARTICLE VI, unless the underlying breach would independently result in the failure of a condition set forth in ARTICLE V to be satisfied.

4.10 Tax Matters.

(a) Tax Periods Ending on or before Closing Date. To the extent permitted by applicable Law, Issuer agrees to apply for any automatic extension of the deadline for filing any income Tax Returns that otherwise would be required to be filed before July 1, 2026. Not later than thirty (30) days prior to the due date for filing any federal income Tax Returns, for periods ending on or prior to the Closing Date that are filed after the Closing Date, Issuer shall provide APLD Intermediate with drafts of such Tax Returns. Issuer shall permit APLD Intermediate to review and comment on each such Tax Return described in this paragraph prior to filing and shall consider in good faith all of APLD Intermediate's reasonable comments timely provided.

(b) Cooperation on Tax Matters. Issuer shall cooperate fully, as and to the extent reasonably requested by APLD Intermediate, in connection with the filing of Tax Returns and any audit, litigation or other Proceeding with respect to Taxes. Such cooperation shall include the retention and (upon APLD Intermediate's request) the provision of records and information reasonably relevant to any such audit, litigation, or other Proceeding and making employees available on a mutually convenient basis to provide additional information and explanation of any material provided hereunder.

(c) Tax-Sharing Agreements. All tax-sharing agreements or similar agreements with respect to or involving Issuer, except for any such agreement or arrangement solely between or among any of Issuer and its Subsidiaries or any Tax sharing or indemnification provisions contained in any agreement agreements entered into in the ordinary course of business and not primarily relating to Tax (e.g., leases, credit agreements or other commercial agreements) shall be terminated as of the Closing Date and, after the Closing Date, Issuer shall not be bound thereby or have any liability thereunder.

(d) Transfer Taxes; Mitigation. Notwithstanding anything to the contrary contained herein, Issuer shall bear 100% of any and all liabilities for any excise, sales, use, stamp, value added, documentary, filing, recording, transfer, stock transfer, gross receipts, registration, duty, securities transactions or similar fees or Taxes or governmental charges (together with any interest or penalty, addition to tax or additional amount imposed) as levied by any Governmental Entity in connection with the Contribution (collectively, "Transfer Taxes"), regardless of the Person liable for such Transfer Taxes under applicable Law. Issuer shall, at its own expense, prepare and file the required Tax Returns and other required documents with respect to the Transfer Taxes required to be paid pursuant to the preceding sentence and shall promptly provide APLD Intermediate with evidence of the payment of such Transfer Taxes.

4.11 Transaction Litigation. Issuer shall promptly (and in any event within two business days) notify APLD Intermediate in writing of, and shall give APLD Intermediate the opportunity to participate fully and actively in the defense and settlement of, any shareholder or stockholder claim or litigation (including any class action or derivative litigation) against or otherwise involving Issuer and/or any of their respective directors or officers relating to this Agreement, the Contribution or any of the other Transactions contemplated by this Agreement (any such claim or litigation, "Transaction Litigation"). No compromise or full or partial settlement of any such claim or litigation shall be agreed to by Issuer without APLD Intermediate's prior written consent (not to be unreasonably delayed, conditioned or withheld).

4.12 Confidentiality. Any such information provided pursuant to this Agreement shall be held in confidence to the extent required by, and in accordance with, the provisions of that certain Mutual Non-Disclosure Agreement, by and between Applied Parent and Issuer, dated as of August 11, 2025 (the "Confidentiality Agreement").

4.13 Nasdaq Listing of Shares. Prior to Closing, Issuer shall apply to cause the shares of Issuer Common Stock issued in connection with the Transactions contemplated by this Agreement to be approved for listing on Nasdaq and shall timely submit a notice of listing of additional shares with Nasdaq with respect thereto.

4.14 Takeover Statutes. If any Takeover Statute is or may become applicable to the Transactions contemplated by this Agreement, Issuer, and the Issuer Board, as applicable, shall promptly grant such approvals and take such lawful actions as are necessary so that transactions contemplated by this Agreement may be consummated as promptly as practicable on the terms contemplated by this Agreement, and shall otherwise take any such lawful actions to eliminate or minimize the effects of such statute, and any regulations promulgated thereunder, on such Transactions.

4.15 Legend.

(a) Contributor agrees that all certificates or other instruments representing the Exchanged Shares issued pursuant to this Agreement will bear a legend substantially to the following effect:

THE SECURITIES REPRESENTED BY THIS INSTRUMENT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR THE SECURITIES LAWS OF ANY STATE AND MAY NOT BE TRANSFERRED, SOLD OR OTHERWISE DISPOSED OF EXCEPT WHILE A REGISTRATION STATEMENT RELATING THERETO IS IN EFFECT UNDER SUCH ACT AND APPLICABLE STATE SECURITIES LAWS OR PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT OR SUCH LAWS.

(b) In connection with any sale, assignment, transfer or other disposition of the Exchanged Shares by Contributor pursuant to Rule 144, pursuant to any other exemption under the Securities Act or pursuant to sale under an effective registration statement such that the purchaser acquires freely tradable shares and upon compliance by Contributor with the requirements of this Section 4.15, if requested by Contributor (or any Permitted Transferee), Issuer shall cause the Transfer Agent to timely remove any restrictive legends related to the book entry account holding such Exchanged Shares, and make a new, unlegended entry for such book entry Exchanged Shares, provided that Issuer has received customary representations and other documentation reasonably acceptable to Issuer in connection therewith. Subject to receipt by Issuer of customary representations and other documentation reasonably acceptable to Issuer in connection therewith (including in the case of clause (i) below, to the extent the Transfer Agent requires an opinion from counsel pursuant to clause (B) below, representations and documentation from a broker dealer acceptable to Issuer as to prospective sales pursuant to such registration statement), upon the earlier of such time as the Exchanged Shares (i) have been registered under the Securities Act pursuant to an effective registration statement, (ii) have been sold or transferred pursuant to an effective registration statement, (iii) have been sold pursuant to Rule 144, or (iv) are eligible for resale under Rule 144(b)(1) or any successor provision (without the requirement for Issuer to comply with the current public information obligations of Rule 144(c)), Issuer shall promptly upon any request therefor from Contributor accompanied by such customary and reasonably acceptable documentation referred to above (A) deliver to the Transfer Agent irrevocable instructions that the Transfer Agent shall make a new, unlegended entry for such book entry Exchanged Shares, and (B) use reasonably best efforts to cause its counsel to deliver to the Transfer Agent one or more blanket opinions to the effect that the removal of such legends in such circumstances may be effected under the Securities Act.

Reservation of Common Stock. As of the date hereof, Issuer has reserved and Issuer shall continue to reserve and keep available at all times, free of preemptive rights, a sufficient number of shares of Issuer Common Stock for the purpose of enabling Issuer to issue Issuer Common Stock pursuant to this Agreement.

4.17 Listing of Issuer Common Stock. Issuer hereby agrees to use commercially reasonable efforts to maintain the listing or quotation of the Issuer Common Stock on the Trading Market on which it is currently listed, and in connection with the execution and delivery of this Agreement, Issuer has submitted the Listing Application to Nasdaq to list or quote all of the Exchanged Shares on such Trading Market and shall not consummate the Closing until such Listing Application has been approved. Issuer further agrees, if Issuer applies to have the Issuer Common Stock traded on any other Trading Market, it will then include in such application all of the Exchanged Shares, and will take such other action as is necessary to cause all of the Exchanged Shares to be listed or quoted on such other Trading Market as promptly as possible. Issuer will then take all action reasonably necessary to continue the listing and trading of its Issuer Common Stock on a Trading Market and will comply in all respects with Issuer's reporting, filing and other obligations under the bylaws or rules of the Trading Market. Issuer agrees to maintain the eligibility of its Issuer Common Stock for electronic transfer through the Depository Trust Company or another established clearing corporation, including, without limitation, by timely payment of fees to the Depository Trust Company or such other established clearing corporation in connection with such electronic transfer.

4.18 Directors' and Officers' Indemnification and Insurance.

(a) Contributor agrees that all rights to indemnification, advancement of expenses and exculpation from liability for acts or omissions occurring on or prior to the Closing Date now existing in favor of any of the current or former directors, managers, officers or authorized person of Issuer (each an "Indemnified Party") and collectively the "Indemnified Parties"), to the extent permitted under applicable Law and required by Issuer's Organizational Documents as in effect as of the date of this Agreement shall survive the Closing Date and shall continue in full force and effect in accordance with their respective terms for a period of not less than six (6) years after the Closing Date, and in the event that any Proceeding is pending or asserted or any claim made during such period, until the disposition of any such Proceeding or claim. From and after the Closing, Contributor shall cause Issuer and its Subsidiaries to comply with and honor the foregoing obligations.

(b) Prior to or on the Closing Date, Issuer shall, at Issuer's sole cost and expense, obtain a non-cancellable (i) "tail" directors' and officers' liability, employment practices liability, and fiduciary liability insurance policies ("D&O Tail Policy") with an extended reporting period of six (6) years from the Closing Date insuring claims for conduct, acts, and omissions occurring prior to the Closing Date and (ii) "tail" products liability and cyber insurance policies ("Cyber/Products Tail Policy," and together with the D&O Tail Policy, the "Tail Insurance"), in each case, insuring events, acts, and omissions occurring before the Closing Date and on terms and conditions, including limits and retentions, no less favorable than Issuer's existing policies and in form and substance reasonably satisfactory to APLD Intermediate and Contributor.

(c) The covenants contained in this Section 4.18 are intended to be for the benefit of, and shall be enforceable by, each of the Indemnified Parties and their respective heirs and legal representatives and shall not be deemed exclusive of any other rights to which an Indemnified Party is entitled, whether pursuant to Law, Contract or otherwise.

4.19 Contractor Information. Neither Issuer, APLD Intermediate nor Contributor may rely on the failure of any condition set forth in this ARTICLE V, as applicable, to be satisfied if such failure was caused by such party's material breach of any provision of this Agreement.

ARTICLE VI. TERMINATION

6.1 **Termination or Abandonment.** Notwithstanding anything in this Agreement to the contrary, this Agreement may be terminated, and this Agreement and the Contribution may be abandoned at any time prior to the Closing Date, whether before or after, subject to the terms hereof, as follows:

(b) by either Issuer or APLD Intermediate if the Contribution shall not have been consummated on or prior to 5:00 p.m. New York City time, on July 15, 2026 (the "[End Date](#)"); provided, further, that the right to terminate this Agreement pursuant to this [Section 6.1\(b\)](#) shall not be available to a party if the failure of the Contribution to be consummated by such date shall be proximately caused by the material breach or inaccuracy of, or failure to comply with, any representation, warranty, covenant or other agreement of such party set forth in this Agreement by such party;

(c) by either Issuer or APLD Intermediate if an Order shall have been issued restraining, enjoining or otherwise prohibiting the consummation of the Contribution and such order shall have become final and nonappealable; provided that the right to terminate this Agreement pursuant to this [Section 6.1\(c\)](#) shall not be available to a party if such Order was proximately caused by the material breach or inaccuracy of, or failure to comply with, any representation, warranty, covenant or other agreement of such party set forth in this Agreement by such party;

(d) by Issuer, if Contributor, APLD Intermediate or Cloud shall have materially breached or there is any material inaccuracy in any of their respective representations or warranties, or shall have materially breached or failed to perform any of its covenants or other agreements contained in this Agreement, which breach, inaccuracy or failure to perform (i) if it occurred or was continuing to occur on the Closing Date, would result in a failure of a condition set forth in [Section 5.2\(a\)](#) or [Section 5.2\(b\)](#) and (ii) is either not curable or is not cured by the earlier of (A) the End Date and (B) the date that is thirty (30) days following delivery of written notice from Issuer to Contributor, APLD Intermediate or Cloud, as applicable, of such breach, inaccuracy or failure;

(e) by APLD Intermediate, if Issuer shall have materially breached or there is any material inaccuracy in any of its representations or warranties, or shall have materially breached or failed to perform any of its covenants or other agreements contained in this Agreement, which breach, inaccuracy or failure to perform (i) if it occurred or was continuing to occur on the Closing Date, would result in a failure of a condition set forth in [Section 5.3\(a\)](#) or [Section 5.3\(b\)](#) and (ii) is either not curable or is not cured by the earlier of (A) the End Date and (B) the date that is thirty (30) days following delivery of written notice from Contributor or APLD Intermediate to Issuer of such breach, inaccuracy or failure;

(g) by APLD Intermediate, at any time after or concurrently with the announcement of a Sale of Applied Parent.

6.2 Effect of Termination. In the event of termination of this Agreement pursuant to Section 6.1, this Agreement shall terminate (except that Section 7.1 and the provisions of the final sentence of this Section 6.2 shall survive any termination), and there shall be no other liability on the part of Issuer, on the one hand, or Contributor, APLD Intermediate or Cloud, on the other hand. In the event of termination of this Agreement, and regardless of the reason for the termination, the provisions set forth in the Confidentiality Agreement shall continue in full force and effect and any such termination shall not amend, modify, release, waive or otherwise limit any rights or obligations under the Confidentiality Agreement.

**ARTICLE VII.

Unless this Agreement is terminated in accordance with ARTICLE VI, Issuer shall pay, at the Closing, all fees and expenses of Issuer, Cloud, APLD Intermediate and Contributor, including the fees and expenses of their respective advisers, counsel, accountants, and other experts, if any, as well as all other out-of-pocket expenses incurred by such parties in connection with the negotiation, preparation, execution, and delivery of this Agreement (collectively, the “Expenses”). If this Agreement is terminated in accordance with ARTICLE VI, Issuer shall be responsible for its own Expenses, and APLD Intermediate and Contributor shall be responsible for its own Expenses and any Expenses incurred by Cloud.

7.2 Entire Agreement. 7.4 Amendments; Waivers. This Agreement may be amended only by a writing signed by Issuer and APLD Intermediate. No failure or delay by any party in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The conditions to each party's obligation to consummate the Closing are for the sole benefit of such party and may be waived by such party in whole or in part to the extent permitted by applicable Law. No waiver by any party to this Agreement will be effective unless it is in a writing signed by a duly authorized officer of the waiving party that makes express reference to the provision or provisions subject to such waiver. The rights and remedies herein provided shall be cumulative and not exclusive of any rights or remedies provided by Law.

7.5 Successors and Assigns. Neither this Agreement, nor any of the rights, interests or obligations hereunder shall be assigned by any of the parties hereto (whether by operation of Law or otherwise) without the prior written consent of each of the parties hereto, provided, however, that (a) the parties may assign their rights, interests and obligations under this Agreement, in whole or in part, to one or more Permitted Transferees, and (b) in the event of such assignment, (i) the assignee shall agree in writing to be bound by the provisions of this Agreement, including the rights, interests and obligations so assigned and (ii) the assignor shall remain responsible for the provisions of this Agreement and the performance of its obligations hereunder.

7.6 No Third-Party Beneficiaries. Nothing contained in this Agreement, expressed or implied, is intended to confer upon any Person other than the parties hereto (and their permitted assigns), any benefit, right or remedies; provided that, notwithstanding the foregoing, the Indemnified Parties are express third party beneficiaries of Section 4.18.

7.7 Captions. The article, section, paragraph and clause captions herein are for convenience of reference only, do not constitute part of this Agreement and will not be deemed to limit or otherwise affect any of the provisions hereof.

7.8 Governing Law. This Agreement shall be governed by, and construed in accordance with, the Laws of the state of New York, without giving effect to any choice of law or conflict of law rules or provisions (whether of the state of New York or any other jurisdiction) that would cause the application of the Laws of any jurisdiction other than the state of New York; provided that any matters relating to the internal governance of Issuer will be governed by, and construed in accordance with, the Laws of the state of Nevada. Any dispute relating hereto shall be heard in any state or federal court located in Manhattan in the state of New York (each a "Chosen Court" and collectively, the "Chosen Courts"), and the parties agree to the exclusive jurisdiction and venue of the Chosen Courts. Such Persons further agree that any Proceeding seeking to enforce any provision of, or based on any matter arising out of or in connection with, this Agreement or the Transactions contemplated hereby or by any matters related to the foregoing (the "Applicable Matters") shall be brought exclusively in a Chosen Court, and that any Proceeding arising out of this Agreement or any other Applicable Matter shall be deemed to have arisen from a transaction of business in the state of New York, and each of the foregoing Persons hereby irrevocably consents to the jurisdiction of such Chosen Courts in any such Proceeding and irrevocably and unconditionally waives, to the fullest extent permitted by law, any objection that such Person may now or hereafter have to the laying of the venue of any such suit, action or Proceeding in any such Chosen Court or that any such Proceeding brought in any such Chosen Court has been brought in an inconvenient forum. Such Persons further covenant not to bring a Proceeding with respect to the Applicable Matters (or that could affect any Applicable Matter) other than in such Chosen Court and not to challenge or enforce in another jurisdiction a judgment of such Chosen Court. Process in any such Proceeding may be served on any Person with respect to such Applicable Matters anywhere in the world, whether within or without the jurisdiction of any such Chosen Court. Without limiting the foregoing, each such Person agrees that service of process on such party as provided in Section 7.8 shall be deemed effective service of process on such Person. AS SPECIFICALLY BARGAINED FOR INDUCEMENT FOR EACH OF THE PARTIES HERETO TO ENTER INTO THIS AGREEMENT (AFTER HAVING THE OPPORTUNITY TO CONSULT WITH COUNSEL), EACH PARTY HERETO EXPRESSLY WAIVES THE RIGHT TO TRIAL BY JURY IN ANY LAWSUIT OR PROCEEDING RELATING TO OR ARISING IN ANY WAY FROM THIS AGREEMENT OR THE MATTERS CONTEMPLATED HEREBY.

7.9 Survival. None of the representations, warranties, covenants and agreements in this Agreement or in any instrument delivered pursuant to this Agreement shall survive the Closing, except for covenants and agreements that contemplate performance after the Closing or otherwise expressly by their terms survive the Closing.

7.10 Execution. This Agreement, and any amendments hereto, to the extent signed and delivered by means of an electronic transmission, including by a facsimile machine or via email, shall be treated in all manner and respects as an original agreement or instrument and shall be considered to have the same binding legal effect as if it were the original signed version thereof delivered in person. The words "execution," "execute," "signed," "signature," and words of like import in or related to any document to be signed in connection with this Agreement and the Transactions contemplated hereby (including without limitation waivers and consents) shall be deemed to include electronic signatures, the electronic matching of assignment terms and contract formations on electronic platforms, or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable Law, including the Federal Electronic Signatures in Global and National Commerce Act or any state Laws based on the Uniform Electronic Transactions Act. No party hereto or to any such agreement or instrument shall raise the use of electronic transmission by a facsimile machine or via email to deliver a signature or the fact that any signature or agreement or instrument was transmitted or communicated through such electronic transmission as a defense to the formation of a contract and each such party forever waives any such defense. This Agreement may be executed in separate counterparts, each of which will be an original and all of which together shall constitute one and the same agreement binding on each party hereto.

7.11 Severability. If any provision of this Agreement or the application thereof to any Person (including the officers and directors of the parties hereto) or circumstance is determined by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions hereof, or the application of such provision to Persons or circumstances other than those as to which it has been held invalid or unenforceable, will remain in full force and effect and shall in no way be affected, impaired or invalidated thereby, so long as the economic or legal substance of the Transactions contemplated hereby is not affected in any manner materially adverse to any party. Upon such determination, the parties shall negotiate in good faith in an effort to agree upon a suitable and equitable substitute provision to effect the original intent of the parties.

7.12 Remedies. The parties agree that irreparable damage would occur in the event that any of the provisions of this Agreement and the Transaction Documents were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that, without the necessity of posting bond or other undertaking, the parties shall be entitled to specific performance of the terms hereof, this being in addition to any other remedies to which they are entitled at law or equity, and in the event that any action or suit is brought in equity to enforce the provisions of this Agreement and the Transaction Documents, and no party will allege, and each party hereby waives, the defense or counterclaim that there is an adequate remedy at law.

7.13 Non-Recourse. This Agreement may only be enforced against, and any claims or causes of action that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance hereof may only be made against the entities that are expressly identified as parties hereto (including entities that become parties hereto after the date hereof, pursuant to a permitted assignment in accordance with Section 7.5), and not against any other Person, except as expressly provided in this Section 7.13. Notwithstanding anything to the contrary in this Agreement, no claim or cause of action (whether in tort, contract or otherwise) may be asserted against, and no recourse shall be had to Applied Parent or any Subsidiary of Applied Parent, other than Contributor, APLD Intermediate or Cloud, in each case in their capacities as parties hereto.

7.14 Construction. Wherever required by the context of this Agreement, the singular shall include the plural and vice versa, and the masculine gender shall include the feminine and neuter genders and vice versa, and references to any agreement, document or instrument shall be deemed to refer to such agreement, document or instrument as amended, supplemented or modified from time to time. All article, section, paragraph or clause references not attributed to a particular document shall be references to such parts of this Agreement, and all exhibit, annex, letter and schedule references not attributed to a particular document shall be references to such exhibits, annexes, letters and schedules to this Agreement. In addition, the following terms are ascribed the following meanings:

- (a) the word “or” is not exclusive;

In the event that the Company effects the separation of any portion of its business into one or more entities (each, a “NewCo”), whether existing or newly formed, including without limitation by way of spin-off, split-off, carve-out, demerger, recapitalization, reorganization or similar transaction, and any APLD Investor will receive equity interests in any such NewCo as part of such separation, the Company shall cause any such NewCo to enter into a stockholders or investor rights agreement with the APLD Investors that provides the APLD Investors with rights vis-à-vis such NewCo that are substantially identical to those set forth in this Agreement, and which agreement shall have the same ownership thresholds applicable to NewCo as are applicable to the Company in this Agreement.

Section 4.3 Preemptive Rights. From and after the Effective Date, for so long as the APLD Investors continue to Own at least ten percent (10%) of the aggregate outstanding Voting Securities, subject to the terms and conditions of this Section 4.3 and applicable securities laws, if the Company proposes to offer or sell any New Securities (a “Subsequent Financing”), each APLD Investor shall have the right to participate in each such Subsequent Financing in the amounts set forth in Section 4.3(b) below. The APLD Investor shall be entitled to apportion and/or assign the preemptive rights hereby granted to it in such proportions as it deems appropriate, among (i) itself, and (ii) its Controlled and/or Controlling Affiliates; provided that each such Controlled and/or Controlling Affiliate agrees to enter into this Agreement as an “APLD Investor” under each such agreement.

(a) The Company shall give notice (the “Preemptive Rights Notice”) to the APLD Investor, stating (i) its *bona fide* intention to offer such New Securities, (ii) the number of such New Securities to be offered, and (iii) the price and terms, if any, upon which it proposes to offer such New Securities.

(b) By notification to the Company within ten (10) days after the Preemptive Rights Notice is given, the APLD Investor may elect to purchase or otherwise acquire, at the price and on the terms specified in the Preemptive Rights Notice, up to that portion of such New Securities which equals the lesser of (A) 150% of the APLD Investor’s pro rata share of all Equity Securities outstanding immediately prior to the issuance and (B) an aggregate of 75% of the New Securities available for issuance (with an oversubscription right for any unsubscribed New Securities to the extent such oversubscription right is actually exercised). The closing of any sale pursuant to this Section 4.3(b) shall occur within the later of thirty (30) days of the date that the Preemptive Rights Notice is given and the date of initial sale of New Securities pursuant to Section 4.3(c).

(c) If all New Securities referred to in the Offer Notice are not elected to be purchased or acquired as provided in Section 4.3(b), the Company may, during the ninety (90) day period following the expiration of the periods provided in Section 4.3(b), offer and sell the remaining unsubscribed portion of such New Securities to any Person or Persons at a price not less than, and upon terms no more favorable to the offeree than, those specified in the Preemptive Rights Notice. If the Company does not enter into an agreement for the sale of the New Securities within such period, or if such agreement is not consummated within thirty (30) days of the execution thereof, the right provided hereunder shall be deemed to be revived and such New Securities shall not be offered unless first reoffered to the APLD Investor in accordance with this Section 4.3.

(d) The provisions of this [Section 4.3](#) shall apply *mutatis mutandis* to any equity securities issued by any Subsidiary of the Company; provided, however, the preemptive right described herein shall not be applicable to (i) *de minimis* amounts of equity securities issued by any Subsidiary of the Company to third parties in order to satisfy an applicable resident shareholder, director or similar legal requirement or (ii) issuances to the Company or another wholly-owned Subsidiary of the Company. Furthermore, the provisions of this [Section 4.3](#) shall not apply to any Exempt Issuance. “[Exempt Issuance](#)” means the valid issuance, subject to compliance with applicable Law and [Section 2.7](#) hereof, of shares of the Company’s Equity Securities to employees, officers, directors or other service providers of the Company pursuant to duly adopted employee benefit plans, equity incentive plans or other employee compensation plans, or other arrangements permitted by any equity plan duly adopted for such purpose.

(e) [Termination](#). The covenants set forth in this [Section 4.3](#) shall terminate and be of no further force or effect upon the closing of a Deemed Liquidation Event.

Section 4.4 [Registration Rights](#).

(a) [Registration Statement](#).

- (i) Promptly following the Effective Date but no later than [•], 2026² (the “[Filing Deadline](#)”), the Company shall prepare and file with the SEC one Registration Statement covering the resale of all of the Registrable Securities which, for the avoidance of doubt, may also register the sale or issuance of primary securities. Subject to any SEC comments, such Registration Statement shall include the plan of distribution, substantially in the form and substance, set forth in Part III of the APLD Investor’s Selling Stockholder Questionnaire, the form of which is attached hereto as **Annex I**; provided, however, that the APLD Investor shall not be named as an “underwriter” in such Registration Statement without such APLD Investor’s prior written consent. Such Registration Statement also shall cover, to the extent allowable under the Securities Act and the rules promulgated thereunder (including Rule 416), such indeterminate number of additional shares of Common Stock resulting from stock splits, stock dividends or similar transactions with respect to the Registrable Securities. Such Registration Statement shall not include any shares of Common Stock or other securities for the account of any other holder without the prior written consent of the APLD Designator; provided, however, that such Registration Statement may include up to 15,389 Warrant Shares (as defined in the Lake Street Warrant) issuable to Lake Street Capital Markets, LLC (“[Lake Street](#)”) upon the exercise of that certain Placement Agent Stock Purchase Warrant issued to Lake Street on October 30, 2025 (the “[Lake Street Warrant](#)”). Such Registration Statement (and each amendment or supplement thereto, and each request for acceleration of effectiveness thereof) shall be provided in accordance with [Section 4.4\(f\)\(iii\)](#) to the APLD Investor prior to its filing or other submission.

² **Note to Draft:** To insert the date that is 60 days after Closing.

- (ii) The Registration Statement referred to in [Section 4.4\(a\)\(i\)](#) shall be on Form S-3. In the event that Form S-3 is not available for the registration of the resale of the Registrable Securities hereunder, the Company shall (i) register the resale of the Registrable Securities on such other form as is available to the Company and (ii) so long as the Registrable Securities remain outstanding, promptly following the date (the “[Qualification Date](#)”) upon which the Company becomes eligible to use a registration statement on Form S-3 to register the Registrable Securities for resale, but in no event more than thirty (30) days after the Qualification Date (the “[Qualification Deadline](#)”), file a registration statement on Form S-3 covering the Registrable Securities (or a post-effective amendment on Form S-3 to a registration statement on Form S-1) (a “[Shelf Registration Statement](#)”) and use commercially reasonable efforts to cause such Shelf Registration Statement to be declared effective as promptly as practicable thereafter; provided that the Company shall maintain the effectiveness of the Registration Statement then in effect until such time as a Shelf Registration Statement covering the Registrable Securities has been declared effective by the SEC.

(b) [Expenses](#). The Company will pay all expenses associated with the Registration Statement, including filing and printing fees, the Company’s counsel and accounting fees and expenses, costs associated with clearing the Registrable Securities for sale under applicable state securities laws and listing fees, but excluding discounts, commissions, fees of underwriters, selling brokers, dealer managers or similar securities industry professionals with respect to the Registrable Securities being sold. The Company shall not be responsible for legal fees incurred by the APLD Investors of the Registrable Securities in connection with the performance of its rights and obligations under this Agreement or the Contribution and Exchange Agreement.

(c) [Effectiveness](#).

- (i) The Company shall use commercially reasonable efforts to have the Registration Statement declared effective as soon as reasonably practicable after the filing thereof, but in any case on or prior to the 30th calendar day following the Filing Deadline (or the 60th calendar day if the SEC reviews the Registration Statement) (the “[Effectiveness Deadline](#)”). By 5:30 p.m. (Eastern time) on the second Business Day following the date on which the Registration Statement is declared effective by the SEC, the Company shall file with the SEC, in accordance with Rule 424 under the Securities Act, the final prospectus to be used in connection with sales pursuant to the Registration Statement. The Company shall notify the APLD Investors by e-mail as promptly as practicable, and in any event, within twenty-four (24) hours, after the Registration Statement is declared effective and shall simultaneously provide the APLD Investors with access to a copy of any related Prospectus to be used in connection with the sale or other disposition of the securities covered thereby to the extent a copy of such Prospectus has not been publicly filed with the SEC.

- (ii) Notwithstanding anything to the contrary contained herein, (i) the Company shall not be required to request effectiveness of the Registration Statement, for a period of up to sixty (60) days, if (A) the Company determines in good faith that a postponement is in the best interest of the Company and its stockholders generally due to a pending transaction involving the Company (including a pending securities offering by the Company, or any proposed financing, acquisition, merger, tender offer, business combination, corporate reorganization, consolidation or other significant transaction involving the Company), (B) the Company determines such registration would render the Company unable to comply with applicable securities laws, (C) the Company determines such registration would require disclosure of material information that the Company has a bona fide business purpose for preserving as confidential, or (D) audited financial statements as of a date other than the fiscal year end of the Company would be required to be prepared; and (ii) the Company may, upon written notice to any holder of Registrable Securities included in the Registration Statement, suspend the use of the Registration Statement, including any Prospectus that forms a part of the Registration Statement, if the Company (X) determines that it would be required to make disclosure of material information in the Registration Statement that the Company has a bona fide business purpose for preserving as confidential, (Y) the Company determines it must amend or supplement the Registration Statement or the related Prospectus so that such Registration Statement or Prospectus shall not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the case of the Prospectus in light of the circumstances under which they were made, not misleading or (Z) the Company has experienced or is experiencing some other material non-public event, including a pending transaction involving the Company, the disclosure of which at such time, in the good faith judgment of the Company, would adversely affect the Company; provided, however, in no event shall holders of Registrable Securities be suspended from selling Registrable Securities pursuant to the Registration Statement for a period that exceeds 45 consecutive Trading Days or 90 total Trading Days in any 365-day period (any such suspension contemplated by this [Section 4.4\(c\)\(ii\)](#), an “Allowed Delay.”) provided, that the Company shall promptly (1) notify each APLD Investor in writing of the commencement of an Allowed Delay, but shall not (without the prior written consent of an APLD Investor) disclose to such APLD Investor any material nonpublic information giving rise to an Allowed Delay (it being understood that the notice of suspension may constitute material nonpublic information), (2) advise the APLD Investors in writing to cease all sales under the Registration Statement until the end of the Allowed Delay and (3) use commercially reasonable efforts to terminate an Allowed Delay as promptly as practicable. Upon disclosure of such information or the termination of the condition described above, the Company shall provide prompt notice to holders whose Registrable Securities are included in the Registration Statement, and shall promptly terminate any suspension of sales it has put into effect and shall take such other reasonable actions to permit registered sales of Registrable Securities as contemplated hereby.

(d) Rule 415; Cutback. If at any time the SEC takes the position that the offering of some or all of the Registrable Securities in the Registration Statement is not eligible to be made on a delayed or continuous basis under the provisions of Rule 415 under the Securities Act (provided, however, the Company shall be obligated to use commercially reasonable efforts to advocate with the SEC for the registration of all of the Registrable Securities in accordance with the SEC Guidance, including without limitation, Compliance and Disclosure Interpretation 612.09) or requires any APLD Investor to be named as an “underwriter,” the Company shall (i) promptly notify each holder of Registrable Securities thereof and (ii) make commercially reasonable efforts to persuade the SEC that the offering contemplated by the Registration Statement is a valid secondary offering and not an offering “by or on behalf of the issuer” as defined in Rule 415 and that the APLD Investor is not an “underwriter.” No such written submission with respect to this matter shall be made to the SEC to which the APLD Investor’s counsel reasonably objects. In the event that, despite the Company’s commercially reasonable efforts and compliance with the terms of this Section 4.4(d), the SEC refuses to alter its position, the Company shall (i) remove from the Registration Statement such portion of the Registrable Securities (the “Cut Back Shares”) and/or (ii) agree to such restrictions and limitations on the registration and resale of the Registrable Securities as the SEC may require to assure the Company’s compliance with the requirements of Rule 415 (collectively, the “SEC Restrictions”); provided, however, that the Company shall not name any APLD Investor as an “underwriter” in the Registration Statement without the prior written consent of such APLD Investor. Any cut-back imposed on the APLD Investor pursuant to this Section 4.4(d) shall be allocated among the APLD Investors (if more than one APLD Investor) on a pro rata basis and shall be applied first to any of the Registrable Securities of such APLD Investor as such APLD Investor shall designate, unless the SEC Restrictions otherwise require or provide or the APLD Investor otherwise agrees. In furtherance of the foregoing, the APLD Investor shall provide the Company with prompt written notice of its sale of substantially all of the Registrable Securities under the Registration Statement such that the Company will be able to file one or more additional Registration Statements covering the Cut Back Shares. From and after the date as the Company is able to effect the registration of such Cut Back Shares in accordance with any SEC Restrictions applicable to such Cut Back Shares (such date, the “Restriction Termination Date”), all of the provisions of this Section 4.4 (including the Company’s obligations with respect to the filing of a Registration Statement and its obligations to use its commercially reasonable efforts to have such Registration Statement declared effective within the time periods set forth herein) shall again be applicable to such Cut Back Shares; provided, however, that (i) the Filing Deadline for such Registration Statement including such Cut Back Shares shall be fifteen (15) Business Days after such Restriction Termination Date, and (ii) the date by which the Company is required to obtain effectiveness with respect to such Cut Back Shares shall be the 30th calendar day immediately after the Restriction Termination Date (or the 60th calendar day if the SEC reviews such Registration Statement).

(e) Other Limitations. Notwithstanding any other provision herein or in the Contribution and Exchange Agreement, with respect to any APLD Investor (as to such APLD Investor only) the Filing Deadline and the Effectiveness Deadline for the Registration Statement shall be extended and any failure to obtain or maintain effectiveness shall be automatically waived by no action of the APLD Investor, in each case, without default by the Company to such APLD Investor hereunder in the event that the Company’s failure to make such filing or obtain or maintain such effectiveness results from the failure of such APLD Investor to timely provide the Company with information requested by the Company and necessary to complete the Registration Statement in accordance with the requirements of the Securities Act (in which case any such deadline would be extended with respect to all Registrable Securities until such time as the APLD Investor provides such requested information), it being understood that the failure of such APLD Investor to timely provide such information to the Company shall not affect the rights of other APLD Investors, if any, herein.

(f) Company Obligations. The Company shall use commercially reasonable efforts to effect the registration of the Registrable Securities pursuant to Section 4.4(a)(i) in accordance with the terms hereof, and pursuant thereto the Company shall, as expeditiously as possible:

- (i) use commercially reasonable efforts to cause the Registration Statement to become effective and to remain continuously effective until such time as there are no longer Registrable Securities held by the APLD Investor (the “Effectiveness Period”) and advise the APLD Investor promptly in writing when the Effectiveness Period has expired;
- (ii) prepare and file with the SEC such amendments and post-effective amendments to the Registration Statement and the related Prospectus as may be necessary to keep the Registration Statement effective for the Effectiveness Period and to comply with the provisions of the Securities Act and the Exchange Act with respect to the distribution of all of the Registrable Securities covered thereby;

- (iii) provide via email to the APLD Investor who has supplied the Company with email addresses the Registration Statement and all amendments and supplements thereto not less than three (3) Trading Days prior to their filing with the SEC and reflect in each such document when so filed with the SEC such comments regarding the APLD Investor and the plan of distribution as the APLD Investor may reasonably and promptly propose no later than two (2) Trading Days after the APLD Investor has been so furnished with copies of such documents as aforesaid;
- (iv) furnish to the APLD Investor whose Registrable Securities are included in the Registration Statement (i) promptly after the same is prepared and filed with the SEC, if requested by such APLD Investor, one (1) copy of any Registration Statement and any amendment thereto, each preliminary prospectus and Prospectus and each amendment or supplement thereto, and each letter written by or on behalf of the Company to the SEC or the staff of the SEC, and each item of correspondence from the SEC or the staff of the SEC, in each case relating to the Registration Statement (other than any portion of any thereof which contains information for which the Company has sought confidential treatment), and (ii) such number of copies of a Prospectus, including a preliminary prospectus, and all amendments and supplements thereto and such other documents as each APLD Investor may reasonably request in order to facilitate the disposition of the Registrable Securities owned by such APLD Investor (it being understood and agreed that such documents, or access thereto, may be provided electronically);
- (v) use commercially reasonable efforts to (i) prevent the issuance of any stop order or other suspension of effectiveness and, (ii) if such order is issued, obtain the withdrawal of any such order at the earliest possible moment;
- (vi) prior to any public offering of Registrable Securities, use reasonable best efforts to assist or cooperate with the APLD Investor and such APLD Investor's counsel in connection with the registration or qualification of such Registrable Securities for the offer and sale under the securities or blue sky laws of such jurisdictions reasonably requested by the APLD Investor and do any and all other commercially reasonable acts or things necessary or advisable to enable the public offering or distribution in such jurisdictions of the Registrable Securities covered by the Registration Statement; provided, however, that the Company shall not be required in connection therewith or as a condition thereto to (i) qualify to do business in any jurisdiction where it would not otherwise be required to qualify but for this Section 4.4(f), (ii) subject itself to general taxation in any jurisdiction where it would not otherwise be so subject but for this Section 4.4(f), or (iii) file a general consent to service of process in any such jurisdiction;
- (vii) use commercially reasonable efforts to cause all Registrable Securities covered by the Registration Statement to be listed on The Nasdaq Capital Market (or the primary securities exchange, interdealer quotation system or other market on which the Common Stock is then listed);

- (viii) promptly notify the APLD Investor, at any time prior to the end of the Effectiveness Period, upon discovery that, or upon the happening of any event as a result of which, the Prospectus contains an untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing (provided that such notice shall not, without the prior written consent of the APLD Investor, disclose any material non-public information regarding the Company, with APLD Investor acknowledging that the notice itself may constitute material non-public information), and as promptly as reasonably practicable, prepare, file with the SEC and furnish to such holder a supplement to or an amendment of such Prospectus as may be necessary so that such Prospectus shall not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing;
- (ix) otherwise use commercially reasonable efforts to comply with all applicable rules and regulations of the SEC under the Securities Act and the Exchange Act, including, without limitation, Rule 172 under the Securities Act, file any final Prospectus, including any supplement or amendment thereof, with the SEC pursuant to Rule 424 under the Securities Act, promptly inform the APLD Investors in writing if, at any time during the Effectiveness Period, the Company does not satisfy the conditions specified in Rule 172 and, as a result thereof, the APLD Investors are required to deliver a Prospectus in connection with any disposition of Registrable Securities and take such other actions as may be reasonably necessary to facilitate the registration of the Registrable Securities hereunder; and make available to its security holders, as soon as reasonably practicable, but not later than the Availability Date (as defined below), an earnings statement covering a period of at least twelve (12) months, beginning after the effective date of the Registration Statement, which earnings statement shall satisfy the provisions of Section 11(a) of the Securities Act, including Rule 158 promulgated thereunder (for the purpose of this subsection 3(i), “Availability Date” means the 45th day following the end of the fourth fiscal quarter that includes the effective date of the Registration Statement, except that, if such fourth fiscal quarter is the last quarter of the Company’s fiscal year, “Availability Date” means the 90th day after the end of such fourth fiscal quarter);
- (x) if requested by the APLD Investor, (i) as soon as reasonably practicable, incorporate in a prospectus supplement or post-effective amendment such information as the APLD Investor reasonably requests to be included therein relating to the sale and distribution of Registrable Securities, including, without limitation, information with respect to the number of Registrable Securities being offered or sold, the purchase price being paid therefor and any other terms of the offering of the Registrable Securities to be sold in such offering; (ii) as soon as reasonably practicable, make all required filings of such prospectus supplement or post-effective amendment after being notified of the matters to be incorporated in such prospectus supplement or post-effective amendment; and (iii) as soon as reasonably practicable, supplement or make amendments to the Registration Statement if reasonably requested by a APLD Investor holding any Registrable Securities; and

- (xi) with a view to making available to the APLD Investor the benefits of Rule 144 (or its successor rule) and any other rule or regulation of the SEC that may at any time permit the APLD Investor to sell shares of Common Stock to the public without registration, the Company covenants and agrees to use its best efforts to: (i) make and keep adequate current public information available, as those terms are understood and defined in Rule 144, until the earlier of (A) six months after such date as all of the Registrable Securities may be sold without restriction by the holders thereof pursuant to Rule 144 or any other rule of similar effect or (B) such date as there are no longer Registrable Securities; (ii) file with the SEC in a timely manner all reports and other documents required of the Company under the Exchange Act; and (iii) furnish electronically to the APLD Investor upon request, as long as such APLD Investor owns any Registrable Securities, (A) to the extent accurate, a written statement by the Company that it has complied with the reporting requirements of the Exchange Act, (B) unless otherwise available via the SEC's EDGAR filing system, a copy of or electronic access to the Company's most recent Annual Report on Form 10-K or Quarterly Report on Form 10-Q, and (C) such other information as may be reasonably requested in order to avail such APLD Investor of any rule or regulation of the SEC that permits the selling of any such Registrable Securities without registration.

(g) Due Diligence Review: Information. If the APLD Investor is required under applicable securities laws to be described in the Registration Statement as an "underwriter," the Company shall, upon reasonable prior notice, make available, during normal business hours, for inspection and review by the APLD Investor, advisors to and representatives of the APLD Investor (who may or may not be affiliated with the APLD Investor and who are reasonably acceptable to the Company) (collectively, the "Inspectors"), all pertinent financial and other records, and all other corporate documents and properties of the Company (collectively, the "Records") as may be reasonably necessary for the purpose of such review, and cause the Company's officers, directors and employees, within a reasonable time period, to supply all such information reasonably requested by the Inspectors (including, without limitation, in response to all questions and other inquiries reasonably made or submitted by any of them), prior to and from time to time after the filing and effectiveness of the Registration Statement for the sole purpose of enabling such APLD Investor and its accountants and attorneys to conduct such initial and ongoing due diligence solely for the purpose of establishing a due diligence defense to underwriter liability under the Securities Act; provided, however, that each Inspector shall agree to hold in strict confidence and shall not make any disclosure (except to such APLD Investor) or use of any Record or other information which the Company determines in good faith to be confidential, and of which determination the Inspectors are so notified, unless (a) the disclosure of such Records is necessary to avoid or correct a misstatement or omission in the Registration Statement or is otherwise required under the Securities Act, (b) the release of such Records is ordered pursuant to a final, non-appealable subpoena or order from a court or government body of competent jurisdiction, or (c) the information in such Records has been made generally available to the public other than by disclosure in violation of this Agreement or the Contribution and Exchange Agreement. The APLD Investor agrees that it shall, upon learning that disclosure of such Records is sought in or by a court or governmental body of competent jurisdiction or through other means, except in the case such Records are sought in the course of an ordinary examination or inspection of the business or operations of such APLD Investor or its Affiliates by such governmental body of competent jurisdiction, give prompt notice to the Company and allow the Company, at its expense, to undertake appropriate action to prevent disclosure of, or to obtain a protective order for, the Records deemed confidential. Nothing herein (or in any other confidentiality agreement between the Company and the APLD Investor) shall be deemed to limit the APLD Investor's ability to sell Registrable Securities in a manner which is otherwise consistent with applicable laws and regulations. Notwithstanding the foregoing, the Company shall not disclose material nonpublic information to the APLD Investor, or to advisors to or representatives of the APLD Investor, unless prior to disclosure of such information the Company identifies such information as being material nonpublic information and provides the APLD Investor, such advisors and representatives with the opportunity to accept or refuse to accept such material nonpublic information for review and the APLD Investor, if wishing to obtain such information, enters into an appropriate confidentiality agreement with the Company with respect thereto.

(h) Obligations of each APLD Investor.

- (i) The APLD Investor shall execute and deliver a Selling Stockholder Questionnaire prior to the Effective Date. The APLD Investor shall additionally furnish in writing to the Company such other information regarding itself, the Registrable Securities held by it and the intended method of disposition of the Registrable Securities held by it, as shall be reasonably required to effect the registration of such Registrable Securities and shall execute such documents in connection with such registration as the Company may reasonably request. At least five (5) Business Days prior to the first anticipated filing date of the Registration Statement, the Company shall notify each APLD Investor of the additional information the Company reasonably requires from such APLD Investor if such APLD Investor elects to have any of the Registrable Securities included in the Registration Statement (the “Registration Information Notice”). The APLD Investor shall provide such information to the Company no later than two (2) Business Days following receipt of a Registration Information Notice if such APLD Investor elects to have any of the Registrable Securities included in the Registration Statement. It is agreed and understood that it shall be a condition precedent to the obligations of the Company to complete the registration pursuant to this Agreement with respect to the Registrable Securities of the APLD Investor that (i) such APLD Investor furnish to the Company such information regarding itself, the Registrable Securities held by it and the intended method of disposition of the Registrable Securities held by it as shall be reasonably required to effect the effectiveness of the registration of such Registrable Securities, and (ii) such APLD Investor executes such documents in connection with such registration as the Company may reasonably request, including, without limitation, a waiver of its registration rights hereunder to the extent a APLD Investor elects not to have any of its Registrable Securities included in the Registration Statement.
- (ii) The APLD Investor, by its acceptance of the Registrable Securities, agrees to cooperate with the Company as reasonably requested by the Company in connection with the preparation and filing of the Registration Statement hereunder, unless such APLD Investor has notified the Company in writing of its election to exclude all of its Registrable Securities from the Registration Statement.
- (iii) The APLD Investor agrees that, upon receipt of any notice from the Company of either (i) the commencement of an Allowed Delay pursuant to Section 4.4(c)(ii) or (ii) the happening of an event pursuant to Section 4.4(f)(viii) hereof, such APLD Investor will immediately discontinue disposition of Registrable Securities pursuant to the Registration Statement covering such Registrable Securities, until the APLD Investor is advised by the Company that such dispositions may again be made.

- (iv) The APLD Investor covenants and agrees that it will comply with the prospectus delivery requirements of the Securities Act as applicable to it or an exemption therefrom in connection with sales of Registrable Securities pursuant to the Registration Statement.
- (i) Indemnification.
 - (i) Indemnification by the Company. The Company will indemnify and hold harmless the APLD Investor and its officers, directors, members, managers, partners, trustees and employees, successors and assigns, and each other Person, if any, who controls such APLD Investor (within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) and the officers, directors, partners, members, managers, trustees and employees of each such controlling Person, against any losses, claims, damages or liabilities, and expenses (including reasonable and documented out-of-pocket attorney fees), joint or several, to which they may become subject under the Securities Act or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon (i) any untrue statement or alleged untrue statement or omission or alleged omission of any material fact contained in any Registration Statement, any preliminary Prospectus or final Prospectus, or any amendment or supplement thereof or (ii) any violation by the Company or its agents of any rule or regulation promulgated under the Securities Act applicable to the Company or its agents and relating to action or inaction required of the Company in connection with such registration, and will reimburse the APLD Investor, and each such officer, director, member, employee and each such controlling person for any legal or other reasonable and documented out-of-pocket expenses reasonably incurred by them in connection with investigating or defending any such loss, claim, damage or liability (or action in respect thereof); provided, however, that the Company will not be liable in any such case if and to the extent that any such loss, claim, damage or liability arises out of or is based upon (i) an untrue statement or alleged untrue statement or omission or alleged omission so made in conformity with information furnished to the Company by an indemnified person in writing specifically for use in the Registration Statement or Prospectus, (ii) the use by the APLD Investor of an outdated or defective Prospectus after the Company has notified such APLD Investor in writing that such Prospectus is outdated or defective or (iii) the APLD Investor's failure to send or give a copy of the Prospectus or supplement (as then amended or supplemented), if required (and not exempted) to the Persons asserting an untrue statement or omission or alleged untrue statement or omission at or prior to the written confirmation of the sale of Registrable Securities.

- (ii) Indemnification by the APLD Investor. The APLD Investor agrees to indemnify and hold harmless, to the fullest extent permitted by law, the Company, its directors, officers, employees, stockholders and each person who controls the Company (within the meaning of the Securities Act) against any losses, claims, damages, liabilities and expense (including reasonable and documented out-of-pocket attorney fees) resulting from any untrue statement of a material fact or any omission of a material fact required to be stated in the Registration Statement or Prospectus or preliminary Prospectus or amendment or supplement thereto or necessary to make the statements therein not misleading, to the extent, but only to the extent, that such untrue statement or omission is contained in any information regarding the APLD Investor and furnished in writing by the APLD Investor to the Company specifically for inclusion in the Registration Statement or Prospectus or amendment or supplement thereto. In no event shall the liability of the APLD Investor be greater than the dollar amount of the proceeds (net of all expenses paid by the APLD Investor in connection with a claim relating to this [Section 4.4\(i\)\(ii\)](#)) and the amount of any damages the APLD Investor has otherwise been required to pay by reason of such untrue statement or omission) received by the APLD Investor upon the sale of the Registrable Securities included in the Registration Statement giving rise to such indemnification obligation.
- (iii) Conduct of Indemnification Proceedings. Any person entitled to indemnification hereunder shall (i) give prompt notice to the indemnifying party of any claim with respect to which it seeks indemnification and (ii) permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party; provided, that any person entitled to indemnification hereunder shall have the right to employ separate counsel and to participate in the defense of such claim, but the reasonable and documented out-of-pocket fees and expenses of such counsel shall be at the expense of such person unless (A) the indemnifying party has agreed to pay such fees or expenses, (B) the indemnifying party shall have failed to assume the defense of such claim and employ counsel reasonably satisfactory to such person, or (C) in the reasonable judgment of any such person, based upon written advice of its counsel, a conflict of interest exists between such person and the indemnifying party with respect to such claims (in which case, if the person notifies the indemnifying party in writing that such person elects to employ separate counsel at the expense of the indemnifying party, the indemnifying party shall not have the right to assume the defense of such claim on behalf of such person); and provided, further that the failure of any indemnified party to give notice as provided herein shall not relieve the indemnifying party of its obligations hereunder, except to the extent that such failure to give notice shall materially adversely affect the indemnifying party in the defense of any such claim or litigation. It is understood that the indemnifying party shall not, in connection with any proceeding in the same jurisdiction, be liable for reasonable and documented out-of-pocket fees or expenses of more than one separate firm of attorneys at any time for all such indemnified parties. No indemnifying party will, except with the consent of the indemnified party, which shall not be unreasonably withheld, conditioned or delayed, consent to entry of any judgment or enter into any settlement that does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect of such claim or litigation.

- (iv) **Contribution.** If for any reason the indemnification provided for in the preceding paragraphs (i) and (ii) is unavailable to an indemnified party or insufficient to hold it harmless, other than as expressly specified therein, then the indemnifying party shall contribute to the amount paid or payable by the indemnified party as a result of such loss, claim, damage or liability in such proportion as is appropriate to reflect the relative fault of the indemnified party and the indemnifying party, as well as any other relevant equitable considerations. No person guilty of fraudulent misrepresentation within the meaning of Section 11(f) of the Securities Act shall be entitled to contribution from any person not guilty of such fraudulent misrepresentation. In no event shall the contribution obligation of a holder of Registrable Securities be greater in amount than the dollar amount of the proceeds (net of all expenses paid by such holder in connection with any claim relating to this [Section 4.4\(i\)](#)) and the amount of any damages such holder has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission) received by it upon the sale of the Registrable Securities giving rise to such contribution obligation.

Section 5.3 Amendment; Waiver.

(a) The terms and provisions of this Agreement may be modified or amended only with the written approval of the Company and APLD Investors holding a majority of the Voting Securities then held by all APLD Investors in the aggregate; *provided, however*, that any modification or amendment (i) to [Section 2.1](#), [Section 2.2](#), [Section 2.7](#) or this [Section 5.3](#) shall also require the approval of the APLD Designator and (ii) that would adversely affect the rights of, or impose any additional obligations on, any of the APLD Investors hereunder shall also require the approval of each of the affected APLD Investor, as applicable.

(b) Except as expressly set forth in this Agreement, neither the failure nor delay on the part of any party hereto to exercise any right, remedy, power or privilege under this Agreement shall operate as a waiver thereof, nor shall any single or partial exercise of any right, remedy power or privilege preclude any other or further exercise of the same or of any other right, remedy, power or privilege, nor shall any waiver of any right, remedy, power or privilege with respect to any occurrence be construed as a waiver of such right, remedy, power or privilege with respect to any other occurrence.

(c) No party shall be deemed to have waived any claim arising out of this Agreement, or any right, remedy, power or privilege under this Agreement, unless the waiver of such claim, right, remedy, power or privilege is expressly set forth in a written instrument duly executed and delivered on behalf of such party; and any such waiver shall not be applicable or have any effect except in the specific instance in which it is given.

Section 5.5 Assignment; Permitted Transferees.

(a) The rights and obligations hereunder shall not be assignable without the prior written consent of the other parties hereto; *provided, however*, that, each of the APLD Investors may, without the prior written consent of the Company or any other Person, assign its rights and obligations under this Agreement, in whole or in part, to any Transferee of Voting Securities held by such APLD Investor if such Transferee, to the extent not already a party to this Agreement, executes and delivers to the Company a counterparty copy of this Agreement or a joinder hereto evidencing its agreement to become a party to and to be bound by all of the applicable provisions of this Agreement as a "APLD Investor" hereunder; *provided, further*, that the rights and obligations under [Section 2.2](#) of this Agreement shall only be assignable to the extent that any right to designate Directors to the Board will not result in such Transferee receiving the right to designate more than one Director where such designation rights would result in the Transferee receiving the right to designate a percentage of the Total Number of Directors that is greater than the percentage of the aggregate outstanding Voting Securities held by such Transferee after giving effect to such Transfer. This Agreement will inure to the benefit of and be binding on the parties hereto and their respective successors and permitted assigns in accordance with this [Section 5.5](#).

(b) Any Permitted Transferee of an APLD Investor who acquires ownership of any Equity Securities must concurrently with becoming an equityholder execute and deliver to the Company a counterparty copy of this Agreement or a joinder hereto agreeing to be bound by the terms and conditions of this Agreement on the same terms as the applicable APLD Investor.

The holders of shares of Preferred Stock shall have no right to vote such shares, except (i) as determined by the board of directors of the Corporation (the "**Board of Directors**") in accordance with the provisions of Section 3 of Article FOURTH of these Articles of Incorporation, or (ii) as otherwise provided by the NRS, as amended from time to time.

1. The number of shares constituting such class or series and the distinctive designation of such class or series;
2. The dividend rate on the shares of such class or series, whether dividends shall be cumulative and, if so, from which date or dates, and the relative rights of priority, if any, of payment of dividends on shares of such class or series;

If, upon any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, the assets of the Corporation available for distribution to holders of shares of Preferred Stock of all classes and series shall be insufficient to pay such holders the full and complete preferential amount to which such holders are entitled, then such assets shall be distributed ratably among the shares of all classes and series of Preferred Stock in accordance with the respective preferential amounts, including unpaid cumulative dividends, if any, payable with respect thereto.

FIFTH. The personal liability of any director or officer of the Corporation shall be eliminated or limited to the fullest extent permitted by the Nevada Revised Statutes. EIGHTH. In furtherance and not in limitation of the powers conferred by the State of Nevada:

1. The management of the business and the conduct of the affairs of the Corporation shall be vested in the Board of Directors. The number of directors which shall constitute the whole Board of Directors shall be fixed by, or in the manner provided in, the Bylaws. Directors shall be elected by the holders of shares entitled to vote thereon at the annual meeting of shareholders and until their respective successor has been elected and qualified.
2. Notwithstanding any other provisions of these Articles of Incorporation or the Bylaws (and notwithstanding the fact that some lesser percentage may be specified by law, these Articles of Incorporation or the Bylaws), any director or the entire Board of Directors may be removed at any time, but only for cause and only by the affirmative vote of the holders of seventy-five percent (75%) or more of the voting power of the issued and outstanding stock of the Corporation entitled to vote generally in the election of directors (considered for this purpose as one class) cast at a meeting of the stockholders of the Corporation called for that purpose. Notwithstanding the foregoing, and except as otherwise required by law, whenever the holders of any one or more series of Preferred Stock shall have the right, voting separately as a class, to elect one or more directors of this corporation, the provisions of Section 2 of this Article EIGHTH shall not apply with respect to the director or directors elected by such holders of Preferred Stock.

NINTH. The period of existence of the Corporation shall be perpetual.

TENTH. No contract or other transaction between this Corporation and any other corporation, whether or not a majority of the shares of the capital stock of such other corporation is owned by this Corporation, and no act of this corporation shall in any way be affected or invalidated solely by the fact that any of the directors of this Corporation are pecuniarily or otherwise interested in, or are directors or officers of such other corporation. Any director of the Corporation, individually, or any firm of which such director may be a member, may be a party to, or may be pecuniarily or otherwise interested in any contract or transaction of the Corporation; provided, however, that the fact that he or such firm is so interested shall be disclosed or shall have been known to the Board of Directors of the Corporation, or a majority thereof; and any director of this Corporation who is also a director or officer of such other corporation, or who is so interested, may be counted in determining the existence of a quorum at any meeting of the Board of Directors of this Corporation that shall authorize such contract or transaction, and may vote thereat to authorize such contract or transaction, with the same force and effect as if he or she were not such director or officer of such other corporation or not so interested.

ELEVENTH. All of the powers of the Corporation, insofar as the same may be lawfully vested by these Articles of Incorporation in the Board of Directors, are hereby conferred upon the Board of Directors of the Corporation. In furtherance and not in limitation of that power, the Board of Directors shall have the power to make, adopt, alter, amend and repeal from time to time bylaws of this Corporation, subject to the right of the shareholders entitled to vote with respect thereto to adopt, alter, amend and repeal bylaws made by the Board of Directors; provided, however, that bylaws shall not be adopted, altered, amended or repealed by the stockholders of this Corporation, except by the vote of the holders of not less than two thirds (2/3) of the voting power of the issued and outstanding stock entitled to vote upon the election of directors.

TWELFTH. Notwithstanding the execution and filing of these Second Amended and Restated Articles of Incorporation of the Corporation, that certain Series B Certificate of Designation, which was filed with the Nevada Secretary of State on January 22, 2026, a copy of which has been attached here as Exhibit A, is incorporated herein and shall remain in full force and effect as of the effective date hereof.

THIRTEENTH.

1. To the fullest extent permitted by the laws of the State of Nevada and in accordance with NRS 78.070(8), (i) the Corporation hereby renounces all interest and expectancy that it otherwise would be entitled to have in, and all rights to be offered an opportunity to participate in, any business opportunity that from time to time may be presented to (A) Applied Digital Corporation, a Nevada corporation (together with its subsidiaries, “*APLD*”), any directors who are employees of or Affiliates (other than the Corporation or its subsidiaries) of APLD or any of their respective principals, members, directors, partners, stockholders, officers, employees or other representatives (other than any such director who is also an employee of the Corporation or its subsidiaries), or (B) any director or stockholder who is not employed by the Corporation or its subsidiaries (each such person, an “*Exempt Person*”); (ii) no Exempt Person will have any duty to refrain from (X) engaging in a corporate opportunity in the same or similar lines of business in which the Corporation or its subsidiaries from time to time is engaged or proposes to engage or (Y) otherwise competing, directly or indirectly, with the Corporation or any of its subsidiaries; and (iii) if any Exempt Person acquires knowledge of a potential transaction or other business opportunity which may be a corporate opportunity both for such Exempt Person or any of his or her respective Affiliates, on the one hand, and for the Corporation or its subsidiaries, on the other hand, such Exempt Person shall have no duty to communicate or offer such transaction or business opportunity to the Corporation or its subsidiaries and such Exempt Person may take any and all such transactions or opportunities for itself or offer such transactions or opportunities to any other person. Notwithstanding the foregoing, the preceding sentence of this Section 1 of Article THIRTEENTH shall not apply to any potential transaction or business opportunity that is expressly offered to a director, officer or employee of the Corporation or its subsidiaries, solely in his or her capacity as a director, officer or employee of the Corporation or its subsidiaries. For purposes of this Article THIRTEENTH, “*Affiliate*” means, with respect to any person, any other person that directly or indirectly controls, is controlled by, or is under common control with, such person. For purposes of this definition, “*control*” (including, with correlative meanings, the terms “*controlled by*” and “*under common control with*”) means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract, or otherwise.
2. To the fullest extent permitted by the laws of the State of Nevada, no potential transaction or business opportunity may be deemed to be a corporate opportunity of the Corporation or its subsidiaries unless (i) the Corporation or its subsidiaries would be permitted to undertake such transaction or business opportunity in accordance with these Articles of Incorporation, (ii) the Corporation or its subsidiaries at such time have sufficient financial resources to undertake such transaction or business opportunity, (iii) the Corporation or its subsidiaries have an interest or expectancy in such transaction or opportunity and (iv) such transaction or opportunity would be in the same or similar line of business in which the Corporation or its subsidiaries are then engaged or a line of business that is reasonably related to, or a reasonable extension of, such line of business.

3. To the fullest extent permitted by law, no stockholder and no director will be liable to the Corporation or its subsidiaries or stockholders for breach of any duty solely by reason of any activities or omissions of the types referred to in this Article THIRTEENTH, except to the extent such actions or omissions are in breach of this Article THIRTEENTH.

FOURTEENTH. The Corporation expressly elects not to be governed by NRS 78.411 through NRS 78.444, inclusive, as from time to time in effect or any successor provision thereto.

IN WITNESS WHEREOF, these Second Amended and Restated Articles of Incorporation have been executed by a duly authorized officer of the Corporation on this [•] day of [•], 2026.

**CERTIFICATE OF DESIGNATION
OF THE POWERS, PREFERENCES AND
RELATIVE, PARTICIPATING, OPTIONAL AND OTHER RESTRICTIONS
OF SERIES B CONVERTIBLE PREFERRED STOCK
OF EKSO BIONICS HOLDINGS, INC.**

Ekso Bionic Holdings, Inc. (the “*Corporation*”), pursuant to the provisions of Sections 78.195 and 78.1955 of the General Corporation Law of the State of Nevada, does hereby make this Certificate of Designation of the Powers, Preferences and Relative, Participating, Optional and Other Restrictions (this “*Certificate of Designation*”), does hereby state and certify that pursuant to the authority expressly vested in the Board of Directors of the Corporation (the “*Board*”) by the provisions of Third Article of the Restated Articles of Incorporation of the Corporation (the “*Articles*”), the Board duly adopted resolutions authorizing the issuance of 5,852 shares of convertible preferred stock, par value \$0.001 per share, and fixing the designation and preferences and relative, participating, optional and other special rights, and qualifications, limitations and restrictions, of a series of convertible preferred stock to be designated “Series B Convertible Preferred Stock,” as further described below. This Certificate of Designation shall be in full force and effect as of the date hereof.

Section 1.1 Designation. As of the effective date of this Certificate of Designation, there is hereby created out of the authorized preferred stock of the Corporation a series of preferred stock designated as “Series B Convertible Preferred Stock” (the “*Preferred Stock*”), par value \$0.001 per share. The following rights, powers and privileges, and restrictions, qualifications and limitations, shall apply to the Preferred Stock and the holders of the Preferred Stock (each, a “*Holder*” and collectively, the “*Holder*s”).

(a) Rank. The Preferred Stock, if entitled to the receipt of dividends or of amounts distributable upon any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Corporation (a “*Liquidation*”), ranks, with respect to the payment of any such dividends and rights upon a Liquidation: (i) prior or senior to all classes or series of common stock of the Corporation, par value \$0.001 per share (“*Common Stock*”); (ii) on parity with other classes or series of our equity securities issued in the future if, pursuant to the specific terms of such class or series of equity securities, the holders of such class or series of equity securities are entitled to the receipt of dividends and of amounts distributable upon a Liquidation in proportion to their respective amounts of accrued and unpaid dividends per share or liquidation preferences, without preference or priority of one over the other; (iii) junior to any class or series of our equity securities if, pursuant to the specific terms of such class or series, the holders of such class or series are entitled to the receipt of dividends or amounts distributable upon a Liquidation in preference or priority to the Holders; and (iv) junior to all of the Corporation’s existing and future debt.

(b) Liquidation, Dissolution or Winding Up; Certain Mergers, Consolidations and Asset Sales.

(i) Payments to Holders of Preferred Stock. Upon Liquidation, before any distribution or payment shall be made to the holders of Common Stock or any other class or series of capital stock ranking junior to the Preferred Stock, by reason of their ownership thereof, and after payment or provision for the Corporation’s debts and other liabilities, the Holders of shares of Preferred Stock then outstanding shall be entitled to be paid out of the funds and assets available for distribution to the stockholders of the Corporation, an amount per share equal to the Stated Value (as defined below) thereof, and excluding interest on any such payment. If upon a Liquidation, the funds and assets available for distribution to the stockholders of the Corporation shall be insufficient to pay the Holders of shares of Preferred Stock the full amount to which they are entitled under this Section 1.1(b)(i), the Holders of shares of Preferred Stock shall share ratably in any distribution of the funds and assets available for distribution in proportion to the respective amounts that would otherwise be payable in respect of the shares of Preferred Stock held by them upon such distribution if all amounts payable on or with respect to such shares were paid in full. The “*Stated Value*” shall mean One Thousand United States Dollars and No Cents (\$1,000.00), subject to an equitable adjustment for stock splits, stock combinations, recapitalizations and similar transactions.

(ii) Payments to Holders of Common Stock. In the event of a Liquidation, after the payment of all preferential amounts required to be paid to the Holders of shares of Preferred Stock as provided in Section 1.1(b)(i) and to the holders of shares of any other class or series of capital stock ranking senior to or on parity with the Preferred Stock, the remaining funds and assets available for distribution to the stockholders of the Corporation shall be distributed among the holders of shares of Common Stock, pro rata based on the number of shares of Common Stock held by each such holder. Upon a Liquidation, whether voluntary or involuntary, until payment in full is made to the holders of shares of Preferred Stock of the liquidation distribution to which they are entitled, (A) no dividend or other distribution shall be made to the holders of Common Stock or any other class or series of shares of capital stock of the Corporation ranking junior to the shares of Preferred Stock and (B) no purchase, redemption or other acquisition for any consideration by the Corporation shall be made in respect of the Common Stock or any other class or series of shares of capital stock of the Corporation ranking junior to the shares of Preferred Stock.

(iii) Exceptions. The consolidation or merger of the Corporation with or into any other corporation, trust or other entity, the consolidation or merger of any other corporation, trust or entity with or into the Corporation, the sale or transfer of any or all of the Corporation's assets or business or a statutory share exchange will not be deemed to constitute a Liquidation for purposes of this Section 1.1(b).

Section 1.2 Voting Rights.

(a) Except as otherwise provided herein or as otherwise required by law, the Preferred Stock shall have no separate voting rights.

(b) Holders shall vote together with the holders of Common Stock on an as converted to Common Stock basis (determined by dividing the Stated Value of such share of Preferred Stock by the Conversion Price (as defined below)), assuming the shares of Preferred Stock were converted with a Conversion Date occurring on such record or other relevant date; and the Holders will be entitled to notice of all stockholder meetings or proposed actions by written consent in accordance with the Articles, the Bylaws of the Corporation, and the General Corporation Law of the State of Nevada as if the Holders were holders of Common Stock. For the avoidance of doubt, the voting rights set forth in this Section 1.2(b) will not be limited or eliminated by the provisions in Section 1.5(d). Notwithstanding anything to the contrary in this Section 1.2, in no event shall the shares of Preferred Stock held by any Holder (together with such Holder's Attribution Parties (as defined below)) be entitled to have, on an as-converted basis and in aggregate, together with votes attributable to any other voting securities beneficially owned by such Holder and such Holder's Attribution Parties, a number of votes representing more than 19.99% of the then-combined voting power of all of the voting securities of the Corporation outstanding as of the time of such vote (the "**Voting Cap**"), provided, however, that if the Corporation's stockholders and such Holder approve the voting of the Preferred Stock above the Voting Cap, the Voting Cap will cease to apply with respect to such Holder (and such Holder's Attribution Parties). In the event that all shares of Preferred Stock held by any Holder and such Holder's Attribution Parties are not entitled to vote due to the Voting Cap, the number of votes that such Holder and such Holder's Attribution Parties are entitled to in terms of their respective shares of Preferred Stock shall be reduced on a pro rata basis such that the aggregate number of votes of the shares of Preferred Stock, after taking into account the votes attributable to all voting securities of the Corporation then held by such Holder and such Holder's Attribution Parties prior to the applicable date of determination, is equal to the Voting Cap.

(c) In any event, and notwithstanding the foregoing limitation, as long as any shares of Preferred Stock are outstanding, the Corporation shall not, without the affirmative vote of the holders of a majority of the then outstanding shares of the Preferred Stock, (i) alter, waive or change adversely the powers, preferences or rights given to the Preferred Stock or alter or amend this Certificate of Designation, (ii) authorize or create or issue any class of stock ranking as to dividends, redemption or distribution of assets upon a Liquidation senior to, or otherwise pari passu with, the Preferred Stock, (iii) increase or decrease the authorized number of shares of Preferred Stock, or (iv) amend its articles of incorporation or bylaws or file any articles of amendment, certificate of designation, preferences, limitations and relative rights of any series of preferred stock in any manner that adversely affects any rights given to this Preferred Stock regardless of whether any such action shall be by means of amendment to its articles of incorporation or by merger, consolidation or otherwise.

Section 1.3 Dividends. From and after the issuance date of such Preferred Stock, the Holders on the record date fixed for holders of Common Stock for dividends or distributions (or, in the event no such date is fixed prior to the first Preferential Dividend Record Date occurring following such dividends or distributions, on such Preferential Dividend Record Date) shall be entitled to receive, concurrently with any dividends or distributions, such dividends or distributions paid to the holders of Common Stock to the same extent as if such Holders had converted the Preferred Stock into Common Stock (without regard to any limitations on conversion) and had held such shares of Common Stock on such record date. The Preferred Stock shall not otherwise be entitled to any dividends or distributions.

Section 1.4 Conversion.

(a) Conversions at Option of Holder. Each share of Preferred Stock shall be convertible, at any time and from time to time from and after the date hereof at the option of the Holder thereof, into that number of shares of Common Stock determined by dividing the Stated Value of such share of Preferred Stock, by the Conversion Price (as defined below). Holders shall effect conversions by providing the Corporation with the form of conversion notice attached hereto as Annex A (a "**Notice of Conversion**"), and, only if the full or remaining number of shares of Preferred Stock represented by the certificate are being converted, but without delaying the Corporation's requirement to deliver shares of Common Stock in accordance with Section 1.5(c), by surrendering such certificate or certificates as soon as practicable on or following the delivery of the applicable Notice of Conversion (or an indemnification undertaking with respect to such Preferred Stock certificates in the case of its loss, theft, destruction or mutilation in compliance with the procedures set forth in Section 1.7(e)). Each Notice of Conversion shall specify the number of shares of Preferred Stock to be converted, the number of shares of Preferred Stock owned prior to the conversion at issue, the number of shares of Preferred Stock owned subsequent to the conversion at issue and the date on which such conversion is to be effected, which date may not be prior to the date the applicable Holder delivers by electronic mail such Notice of Conversion to the Corporation (such date, the "**Conversion Date**"). If no Conversion Date is specified in a Notice of Conversion, the Conversion Date shall be the date that such Notice of Conversion to the Corporation is deemed delivered hereunder. The calculations and entries set forth in the Notice of Conversion shall control in the absence of manifest or mathematical error. Shares of Preferred Stock converted into Common Stock or redeemed in accordance with the terms hereof shall be canceled and shall not be reissued.

(b) Conversion Price.

(i) The conversion price for the Preferred Stock shall equal \$8.22, subject to adjustment herein (the “**Conversion Price**”).

(c) Mechanics of Conversion.

(i) Delivery of Conversion Shares Upon Conversion. Not later than the earlier of (i) one (1) Trading Day and (ii) the number of Trading Days comprising the Standard Settlement Period (as defined below) after each Conversion Date (the “**Share Delivery Date**”), the Corporation shall use its reasonable best efforts to deliver, or cause to be delivered, to the converting Holder the number of shares of Common Stock issuable upon conversion of the shares of Preferred Stock designated in the applicable Notice of Conversion (the “**Conversion Shares**”) being acquired upon the conversion of the Preferred Stock. As used herein, “**Standard Settlement Period**” means the standard settlement period, expressed in a number of Trading Days, on Nasdaq Capital Market or other national securities exchange on which the Common Stock is listed (as applicable, the “**Principal Market**”) with respect to the Common Stock as in effect on the date of delivery of the Notice of Conversion.

(ii) Failure to Deliver Conversion Shares. If, in the case of any Notice of Conversion, such Conversion Shares are not delivered to or as directed by the applicable Holder by the applicable Share Delivery Date, such Holder shall, to the fullest extent permitted by law, be entitled to elect by written notice to the Corporation at any time on or before its receipt of such Conversion Shares, to rescind such conversion, in which event the Corporation shall promptly return to such Holder the shares of Preferred Stock delivered to the Corporation and such Holder shall promptly return to the Corporation the Conversion Shares issued to such Holder pursuant to the rescinded Notice of Conversion. In the event of such rescission, the Corporation shall be obligated to pay accrued liquidated damages but there shall be no obligation to pay liquidated damages following such rescission with respect to the prior default by the Corporation for the rescinded Notice of Conversion. In addition, if, on or after the applicable Share Delivery Date, such Holder purchases (in an open market transaction or otherwise) Common Stock to deliver in satisfaction of a sale by such Holder of Common Stock issuable upon such conversion that such Holder anticipated receiving from the Corporation, then the Corporation shall, within two (2) Trading Days after such Holder’s request and in such Holder’s discretion, either (x) pay cash to such Holder in an amount equal to such Holder’s total purchase price (including brokerage commissions and other out-of-pocket expenses, if any) for the shares of Common Stock so purchased (the “**Buy-In Price**”), at which point the Corporation’s obligation to issue and deliver such certificate or credit such Holder’s balance account with Depository Trust Company (“**DTC**”) for the shares of Common Stock to which such Holder is entitled upon such Holder’s conversion of the applicable shares of Preferred Stock shall terminate, or (y) promptly honor its obligation to deliver to such Holder a certificate or certificates representing such shares of Common Stock or credit such Holder’s balance account with DTC for such shares of Common Stock and pay cash to such Holder in an amount equal to the excess (if any) of the Buy-In Price over the product of (A) such number of shares of Common Stock, times (B) the price at which the sell order giving rise to such purchase obligation was executed.

(iii) **Obligation Absolute; Partial Liquidated Damages.** The Corporation's obligation to issue and deliver the Conversion Shares upon conversion of Preferred Stock in accordance with the terms hereof are absolute and unconditional, irrespective of any action or inaction by a Holder to enforce the same, the recovery of any judgment against any Person or any action to enforce the same, or any setoff, counterclaim or recoupment; provided, however, that such delivery shall not operate as a waiver by the Corporation of any such action that the Corporation may have against such Holder. In the event a Holder shall elect to convert any or all of its Preferred Stock, the Corporation may not refuse conversion based on any claim that such Holder or any one associated or affiliated with such Holder has been engaged in any violation of law, agreement or for any other reason, unless an injunction from a court, on notice to Holder, restraining and/or enjoining conversion of all or part of the Preferred Stock of such Holder shall have been sought and obtained, and the Corporation posts a surety bond for the benefit of such Holder in the amount of 150% of the Stated Value of Preferred Stock which is subject to the injunction, which bond shall remain in effect until the completion of arbitration/litigation of the underlying dispute and the proceeds of which shall be payable to such Holder to the extent it obtains judgment in its favor. In the absence of such injunction, the Corporation shall issue Conversion Shares in accordance with the terms of this Certificate of Designation. If the Corporation fails to deliver to a Holder such Conversion Shares pursuant to Section 1.5(c)(i) on the Share Delivery Date applicable to such conversion, the Corporation shall pay to such Holder, in cash, as liquidated damages and not as a penalty, for each \$1,000 of Stated Value of the Preferred Stock being converted, \$10 per month (and increasing to \$20 per month on the second month, but not to exceed, in aggregate, \$100 per share) for each month after the Share Delivery Date until such Conversion Shares are delivered or Holder rescinds such conversion. Nothing herein shall limit a Holder's right to pursue actual damages for the Corporation's failure to deliver Conversion Shares within the period specified herein and such Holder shall have the right to pursue all remedies available to it hereunder, at law or in equity including, without limitation, a decree of specific performance and/or injunctive relief. The exercise of any such rights shall not prohibit a Holder from seeking to enforce damages pursuant to any other section hereof or under applicable law. As used herein, "**Person**" means an individual or corporation, partnership, trust, incorporated or unincorporated association, joint venture, limited liability company, joint stock company, government (or an agency or subdivision thereof) or other entity of any kind.

(iv) **Reservation of Shares Issuable Upon Conversion.** From and after the Subscription Date until the date no shares of Preferred Stock remain outstanding, the Corporation covenants that it will at all times reserve and keep available out of its authorized and unissued shares of Common Stock for issuances pursuant to the terms of this Certificate of Designation, free from preemptive rights or any other actual contingent purchase rights of Persons other than the Holders of the Preferred Stock, not less than 100% of such aggregate number of shares of the Common Stock as shall be issuable upon the conversion of all then outstanding shares of Preferred Stock at the Conversion Price then in effect (without regard to any limitation on conversions) (the "**Required Reserved Amount**"). The Corporation shall, so long as any of the Preferred Stock remains outstanding, take all action necessary to reserve and keep available out of its authorized and unissued Common Stock, solely for the purpose of issuing shares of Common Stock with respect of the Preferred Stock pursuant to the terms of this Certificate of Designation, no less than a number of shares of Common Stock equal to the applicable Required Reserved Amount. If at any time while any of the Preferred Stock remains outstanding the Corporation does not have a sufficient number of authorized and unreserved shares of Common Stock to satisfy its obligation to reserve for issuance upon conversion of the Preferred Stock at least a number of shares of Common Stock equal to the Required Reserved Amount (an "**Authorized Share Failure**"), then the Corporation shall immediately take all action necessary to increase the Corporation's authorized shares of Common Stock to an amount sufficient to allow the Corporation to reserve the Required Reserved Amount for the Preferred Stock then outstanding. Without limiting the generality of the foregoing sentence, as soon as practicable after the date of the occurrence of an Authorized Share Failure, but in no event later than sixty (60) days after the occurrence of such Authorized Share Failure, the Corporation shall hold a meeting of its stockholders for the approval of an increase in the number of authorized shares of Common Stock. In connection with such meeting, the Corporation shall provide each stockholder with a proxy statement and shall use its reasonable best efforts to solicit its stockholders' approval of such increase in authorized shares of Common Stock and to cause its Board to recommend to the stockholders that they approve such proposal. Notwithstanding the foregoing, if during any such time of an Authorized Share Failure, the Corporation is able to obtain the written consent of a majority of the shares of its issued and outstanding Common Stock to approve the increase in the number of authorized shares of Common Stock, the Corporation may satisfy this obligation by obtaining such consent and submitting for filing with the U.S. Securities and Exchange Commission (the "**SEC**") an Information Statement on Schedule 14C. The Corporation covenants that all Conversion Shares shall, when issued, be duly authorized, validly issued, fully paid and nonassessable.

(v) Fractional Shares. No fractional shares or scrip representing fractional shares shall be issued upon the conversion of the Preferred Stock. As to any fraction of a share which the Holders would otherwise be entitled to purchase upon such conversion, the Corporation shall at its election, either pay a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the Conversion Price or round up to the next whole share. Notwithstanding anything to the contrary contained herein, but consistent with the provisions of this subsection with respect to fractional Conversion Shares, nothing shall prevent any Holder from converting fractional shares of Preferred Stock.

(vi) Transfer Taxes and Expenses. The issuance of Conversion Shares on conversion of this Preferred Stock shall be made without charge to any Holder for any documentary stamp or similar taxes that may be payable in respect of the issue or delivery of such Conversion Shares, provided that the Corporation shall not be required to pay any tax that may be payable in respect of any transfer involved in the issuance and delivery of any such Conversion Shares upon conversion in a name other than that of the Holders of such shares of Preferred Stock and the Corporation shall not be required to issue or deliver such Conversion Shares unless or until the Person or Persons requesting the issuance thereof shall have paid to the Corporation the amount of such tax or shall have established to the satisfaction of the Corporation that such tax has been paid. The Corporation shall pay all transfer agent fees required for same-day processing of any Notice of Conversion.

(d) Conversion Limitations.

(i) Beneficial Ownership Limitation. The Corporation shall not effect any conversion of the Preferred Stock, and each Holder shall not have the right to convert any portion of such Holder's Preferred Stock, to the extent that, after giving effect to the conversion set forth on the applicable Notice of Conversion, such Holder (together with such Holder's affiliates, and any Persons acting as a group together with such Holder or any of such Holder's affiliates (such Persons, collectively, the "*Attribution Parties*")) would beneficially own in excess of the Beneficial Ownership Limitation (as defined below). For purposes of the foregoing sentence, the number of shares of Common Stock beneficially owned by such Holder and its Attribution Parties shall include the number of shares of Common Stock issuable upon conversion of the Preferred Stock with respect to which such determination is being made, but shall exclude the number of shares of Common Stock which are issuable upon (i) conversion of the remaining, unconverted Stated Value of Preferred Stock beneficially owned by such Holder or any of its Attribution Parties and (ii) exercise or conversion of the unexercised or unconverted portion of any other securities of the Corporation subject to a limitation on conversion or exercise analogous to the limitation contained herein (including, without limitation, the Preferred Stock) beneficially owned by such Holder and each of its Attribution Parties. For purposes of this Section 1.5(d), beneficial ownership shall be calculated in accordance with Section 13(d) of the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder (the "*Exchange Act*"). To the extent that the limitation contained in this Section 1.5(d)(i) applies, the determination of whether the Preferred Stock is convertible (in relation to other securities owned by such Holder together with any Attribution Parties) and of how many shares of Preferred Stock are convertible shall be in the sole discretion of such Holder, and the submission of a Notice of Conversion shall be deemed to be such Holder's determination of whether the shares of Preferred Stock may be converted (in relation to other securities owned by such Holder together with any Attribution Parties) and how many shares of the Preferred Stock are convertible, in each case, subject to the Beneficial Ownership Limitation. To ensure compliance with this restriction, each Holder will be deemed to represent to the Corporation each time it delivers a Notice of Conversion that such Notice of Conversion has not violated the restrictions set forth in this paragraph and the Corporation shall be entitled to rely on such representation. In addition, a determination as to any group status as contemplated above shall be determined in accordance with Section 13(d) of the Exchange Act. For purposes of this Section 1.5(d)(i), in determining the number of outstanding shares of Common Stock, a Holder may rely on the number of outstanding shares of Common Stock as stated in the most recent of the following: (i) the Corporation's most recent periodic or annual report filed with the SEC, as the case may be, (ii) a more recent public announcement by the Corporation or (iii) a more recent written notice by the Corporation or the transfer agent of the Corporation, Vstock Transfer, LLC (the "*Transfer Agent*") setting forth the number of shares of Common Stock outstanding. Upon the written or oral request of a Holder, the Corporation shall within one (1) Trading Day confirm orally and in writing to such Holder the number of shares of Common Stock then outstanding. In any case, the number of outstanding shares of Common Stock shall be determined after giving effect to the conversion or exercise of securities of the Corporation, including the Preferred Stock, by such Holder or its Attribution Parties since the date as of which such number of outstanding shares of Common Stock was reported. The "*Beneficial Ownership Limitation*" shall be, with respect to each Holder, 9.99% of the number of shares of the Common Stock outstanding and/or the then combined voting power of all of the voting securities of the Corporation immediately after giving effect to the issuance of shares of Common Stock issuable upon conversion of Preferred Stock held by such Holder.

(ii) No Strict Construction. The provisions of this Section 1.5 shall be construed and implemented in a manner otherwise than in strict conformity with the terms hereof to correct such provisions (or any portions thereof) which may be defective or inconsistent with the intended limitations contained in Sections 1.5(d) or to make changes or supplements necessary or desirable to properly give effect to such limitations, and shall be interpreted in a way to as to be consistent with the rules and regulations of the Principal Market. The limitations contained in Sections 1.5(d) shall apply to a successor Holder of Preferred Stock.

Section 1.5 Certain Adjustments.

(a) Certain Adjustments to Conversion Price.

(i) Stock Dividends and Stock Splits. If the Corporation, at any time while the Preferred Stock is outstanding: (i) pays a stock dividend or otherwise makes a distribution or distributions payable in shares of Common Stock on shares of Common Stock or any other securities of the Corporation or the subsidiaries which would entitle the holder thereof to acquire at any time Common Stock, including, without limitation, any debt, preferred stock, right, option, warrant or other instrument that is at any time convertible into or exercisable or exchangeable for, or otherwise entitles the holder thereof to receive, Common Stock (such securities, the “**Common Stock Equivalents**”), (which, for avoidance of doubt, shall not include any shares of Common Stock issued by the Corporation upon conversion of, or payment of a dividend on, the Preferred Stock), (ii) subdivides outstanding shares of Common Stock into a larger number of shares, (iii) combines (including by way of a reverse stock split) outstanding shares of Common Stock into a smaller number of shares, or (iv) issues, in the event of a reclassification of shares of the Common Stock, any shares of capital stock of the Corporation, then the Conversion Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock (excluding any treasury shares of the Corporation) outstanding immediately before such event, and of which the denominator shall be the number of shares of Common Stock outstanding immediately after such event. Any adjustment made pursuant to this Section 1.6(b)(i) shall become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or re-classification. If the Corporation, at any time while the Preferred Stock is outstanding, authorizes and issues an additional class of common, with dividend and voting rights at a ratio different than the existing class of Common Stock (the “**New Common Stock**”), then the Preferred Stock will automatically become convertible, at the election of such Holder, into shares of the New Common Stock at an adjusted Conversion Price proportional to the then-current Conversion Price multiplied by a fraction, the numerator of which shall be the number of votes per share of the class of New Common Stock, and the denominator of which shall be the number of votes per share of the existing class of Common Stock.

(ii) Subsequent Rights Offerings. In addition to any adjustments pursuant to Section 1.6(a) above, if at any time the Corporation grants, issues or sells any common stock equivalents or rights to purchase stock, warrants, securities or other property pro rata to the record holders of any class of shares of Common Stock (the “**Purchase Rights**”), then, the holder of Preferred Stock thereof will be entitled to acquire, upon the terms applicable to such Purchase Rights, the aggregate Purchase Rights which the holder of Preferred Stock could have acquired if the holder Preferred Stock had held the number of shares of Common Stock acquirable upon complete conversion of such holder’s Preferred Stock (without taking into account any limitations or restrictions on the convertibility of the Preferred Stock and assuming the Preferred Stock are convertible as of the applicable date of determination) immediately before the date on which a record is taken for the grant, issuance or sale of such Purchase Rights, or, if no such record is taken, the date as of which the record holders of shares of Common Stock are to be determined for the grant, issue or sale of such purchase and such Purchase Right to such extent shall be held in abeyance for such Holder, so long as such Holder promptly elects to exercise such Purchase Right when notified of the applicable transaction and provides payment for the exercise of such Purchase Rights in advance (which payment shall be held in abeyance for such Holder).

(iii) Redemption Right.

(A) Upon a Trading Failure (as defined below), the Corporation shall within two (2) Business Days deliver written notice thereof via electronic mail (a “**Trading Failure Notice**”) to the Holders. At any time within five (5) Trading Days of the Holder’s receipt of a Trading Failure Notice (or at such time by which the Corporation would be required to deliver a Trading Failure Notice), such Holder may require the Corporation to redeem (a “**Redemption**”) all or any portion of such Holder’s Preferred Stock by delivering written notice thereof (“**Redemption Notice**”) to the Corporation, which Redemption Notice shall indicate the Preferred Stock such Holder is electing to require the Corporation to redeem.

(B) At any time on or after January 22, 2027, either (i) the Corporation may redeem or (ii) any Holder may require the Corporation to redeem, all or any portion of such Holder’s Preferred Stock (the “**Time-Based Redemption Right**”) by delivering a Redemption Notice to the other party, which Redemption Notice shall indicate the Preferred Stock the Corporation or the Holder is electing to redeem.

(C) Any Preferred Stock subject to redemption pursuant to this Section 1.6(b)(iii) shall be redeemed by the Corporation on the applicable Redemption Date (as defined below) in cash by wire transfer of immediately available funds at a price equal to the applicable Redemption Price (as defined below).

(D) Other than as specifically permitted by this Certificate of Designation, the Corporation may not prepay or redeem any portion of the outstanding Preferred Stock of a Holder without such Holder’s prior written consent. Upon receipt of the full Redemption Price in cash by wire transfer of immediately available funds by the Holders of then outstanding shares Preferred Stock, all such shares of Preferred Stock shall cease to be outstanding. If a Redemption Notice shall have been duly given, and if on the applicable Redemption Date, the applicable Redemption Price payable upon redemption of the shares of Preferred Stock to be redeemed on such Redemption Date is paid or tendered for payment or deposited with an independent payment agent so as to be available therefor to such Holders in a timely manner, then all rights with respect to such shares shall forthwith after the Redemption Date terminate, except only the right of the applicable Holders to receive the Redemption Price without interest.

(E) As used herein:

(1) “**Business Day**” means any day except any Saturday, any Sunday, any day which is a federal legal holiday in the United States or any day on which banking institutions in the State of New York are authorized or required by law or other governmental action to close; provided, however, for clarification, commercial banks shall not be deemed to be authorized or required by law to remain closed due to “stay at home”, “shelter-in-place”, “non-essential employee” or any other similar orders or restrictions or the closure of any physical branch locations at the direction of any governmental authority so long as the electronic funds transfer systems (including for wire transfers) of commercial banks in The City of New York generally are open for use by customers on such day.

(2) “**Redemption Date**” means:

a. with respect to a Redemption upon a Trading Failure, the date set forth in the applicable Redemption Notice, which shall not be earlier than the twentieth (20th) Business Day nor later than the ninetieth (90th) day, after the date of delivery of such Redemption Notice to the Corporation; and

b. with respect to a Redemption pursuant to the Time-Based Redemption Right, the date determined by the Corporation which shall not be later than the ninetieth (90th) day after the date of delivery of the applicable Redemption Notice to the Corporation.

(3) “**Redemption Price**” means the Stated Value of the Preferred Stock being redeemed.

(4) “**Trading Day**” means any day on which the Principal Market is open for trading.

(5) “**Trading Failure**” means (A) the suspension of the Common Stock from trading on the Principal Market for a period of ten (10) consecutive Trading Days or for more than an aggregate of twenty (20) Trading Days in any 365-day period or (B) the failure of the Common Stock to be listed on the Principal Market.

(b) Calculations. All calculations under this Section 1.6 shall be made to the nearest cent or the nearest 1/100th of a share, as the case may be.

(c) Notice to the Holders.

(i) Adjustment to Conversion Price. Whenever the Conversion Price is adjusted pursuant to any provision of this Section 1.6, the Corporation shall promptly deliver to each Holder a notice setting forth the Conversion Price after such adjustment and setting forth a brief statement of the facts requiring such adjustment.

(ii) Notice to Allow Conversion by Holder. If (A) the approval of any stockholders of the Corporation shall be required in connection with any reclassification of the Common Stock, any consolidation or merger to which the Corporation is a party, any sale or transfer of all or substantially all of the assets of the Corporation, or any compulsory share exchange whereby the Common Stock is converted into other securities, cash or property or (B) the Corporation shall authorize a Liquidation, then, in each case, the Corporation shall cause to be filed at each office or agency maintained for the purpose of conversion of the Preferred Stock, and shall cause to be delivered to each Holder at least ten (10) calendar days prior to the applicable record or effective date hereinafter specified, a written notice stating (x) the date on which a record is to be taken for the purpose of seeking such stockholder approval or (y) the date on which such reclassification, consolidation, merger, sale, transfer or share exchange is expected to become effective or close, and the date as of which it is expected that holders of the Common Stock of record shall be entitled to exchange their shares of the Common Stock for securities, cash or other property deliverable upon such reclassification, consolidation, merger, sale, transfer or share exchange, provided that the failure to deliver such notice or any defect therein or in the delivery thereof shall not affect the validity of the corporate action required to be specified in such notice. To the extent that any notice provided under this Certificate of Designation constitutes, or contains, material, non-public information regarding the Corporation, the Corporation shall simultaneously file such notice with the SEC pursuant to a Current Report on Form 8-K. The Holder shall remain entitled to convert such Holder's Preferred Stock during the 10-day period commencing on the date of such notice through the effective date of the event triggering such notice except as may otherwise be expressly set forth herein.

Section 1.6 Miscellaneous.

(a) Notices. Any and all notices or other communications or deliveries to be provided by the Holders hereunder including, without limitation, any Notice of Conversion, shall be in writing and delivered personally, by electronic mail, or sent by a nationally recognized overnight courier service, addressed to the Corporation, at the Address for Notice set forth in that certain Securities Purchase Agreement (the "**Purchase Agreement**"), dated January 20, 2026, among the Corporation and the purchasers signatory thereto, or such other address as the Corporation may specify for such purposes by notice to the Holders delivered in accordance with this Section 1.7(a). Any and all notices or other communications or deliveries to be provided by the Corporation hereunder shall be in writing and delivered personally, by electronic mail, or sent by a nationally recognized overnight courier service addressed to each Holder at the e-mail address or address of such Holder appearing on the books of the Corporation, or if no such e-mail address or address appears on the books of the Corporation, at the principal place of business of such Holder, as set forth in the Purchase Agreement. Any notice or other communication or deliveries hereunder shall be deemed given and effective on the earliest of (i) the date of transmission, if such notice or communication is delivered via electronic mail at the e-mail address required under this Section 1.7(a) prior to 5:30 p.m. (local time, based on the location of the recipient) on any date, (ii) the next Trading Day after the date of transmission, if such notice or communication is delivered via electronic mail at the e-mail address required under this Section 1.7(a) on a day that is not a Trading Day or later than 5:30 p.m. (local time, based on the location of the recipient) on any Trading Day, (iii) the second Trading Day following the date of mailing, if sent for overnight delivery via U.S. nationally recognized overnight courier service, or (iv) upon actual receipt by the party to whom such notice is required to be given.

(b) Absolute Obligation. To the fullest extent permitted by law, and except as expressly provided herein, no provision of this Certificate of Designation shall alter or impair the obligation of the Corporation, which is absolute and unconditional, to pay liquidated damages, accrued interest, as applicable, on the shares of Preferred Stock at the time, place, and rate, and in the coin or currency, herein prescribed.

(c) Lost or Mutilated Preferred Stock Certificate. If a Holder's Preferred Stock certificate shall be mutilated, lost, stolen or destroyed, the Corporation shall execute and deliver, in exchange and substitution for and upon cancellation of a mutilated certificate, or in lieu of or in substitution for a lost, stolen or destroyed certificate, a new certificate for the shares of Preferred Stock so mutilated, lost, stolen or destroyed, but only upon receipt of evidence of such loss, theft or destruction of such certificate, and of the ownership hereof reasonably satisfactory to the Corporation.

(d) Governing Law. All questions concerning the construction, validity, enforcement and interpretation of this Certificate of Designation shall be governed by and construed and enforced in accordance with the internal laws of the State of Nevada, without regard to the principles of conflict of laws thereof. Each party hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under this Certificate of Designation and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any other manner permitted by applicable law. Each party hereto hereby irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Certificate of Designation or the transactions contemplated hereby.

(e) Waiver. Any waiver by the Corporation or a Holder of a breach of any provision of this Certificate of Designation shall not operate as or be construed to be a waiver of any other breach of such provision or of any breach of any other provision of this Certificate of Designation or a waiver by any other Holders. The failure of the Corporation or a Holder to insist upon strict adherence to any term of this Certificate of Designation on one or more occasions shall not be considered a waiver or deprive that party (or any other Holder) of the right thereafter to insist upon strict adherence to that term or any other term of this Certificate of Designation. Any waiver by the Corporation or a Holder must be in writing.

(f) Severability. If any provision of this Certificate of Designation is invalid, illegal or unenforceable, the balance of this Certificate of Designation shall remain in effect, and if any provision is inapplicable to any Person or circumstance, it shall nevertheless remain applicable to all other Persons and circumstances. If it shall be found that any dividend or other amount deemed interest due hereunder violates the applicable law governing usury, the applicable rate of interest due hereunder shall automatically be lowered to equal the maximum rate of interest permitted under applicable law.

(g) Modification; Amendment or Waiver. The terms of this Certificate of Designation shall, including for the purposes of Section 78.1955 of the General Corporation Law of the State of Nevada, only be (A) amended, waived, altered or repealed, including by merger, consolidation or otherwise, by (x) the affirmative vote of the holders of a majority of the voting power of the Preferred Stock, voting as a separate class, (y) the approval of the Board and (z) the approval of the Audit Committee, if any of the holders of the Preferred Stock is considered by the Corporation to be an insider or such Audit Committee approval is required by the rules and regulations of the Principal Market or the SEC and (B) the holders of Common Stock or any other series of preferred shares of the Corporation other than the Preferred Stock shall not be entitled to vote or approve of, and such vote or approval shall not be required, for any amendment, waiver, alteration or repeal on matters that pertain only to the Preferred Stock.

(h) Tax Treatment. For U.S. federal and other applicable state and local income tax purposes, it is intended that the Preferred Stock will be treated as participating stock and not as “preferred stock” within the meaning of Section 305(b)(4) of the Internal Revenue Code of 1986, as amended, and Treasury Regulations Section 1.305-5(a). The Corporation, the Holders and their respective affiliates shall report consistently with, and shall take no positions or actions inconsistent with, the foregoing treatment unless otherwise required by applicable law.

(i) Headings. The headings contained herein are for convenience only, do not constitute a part of this Certificate of Designation and shall not be deemed to limit or affect any of the provisions hereof.

(j) Status of Converted or Repurchased Preferred Stock. If any shares of Preferred Stock shall be converted, repurchased or reacquired by the Corporation, such shares shall be retired and resume the status of authorized but unissued shares of Preferred Stock and shall no longer be designated as Series B Convertible Preferred Stock.

RESOLVED, FURTHER, that the Chairman, the president or any vice-president, and the secretary or any assistant secretary, of the Corporation be and they hereby are authorized and directed to prepare and file this Certificate of Designation of Preferences, Rights and Limitations in accordance with the foregoing resolution and the provisions of Nevada law.

IN WITNESS WHEREOF, the undersigned have executed this Certificate of Designation this 22nd day of January, 2026.

CHRONOSCALE CORPORATION
2026 OMNIBUS EQUITY INCENTIVE PLAN

1. Establishment and Purpose

1.1 The purpose of the ChronoScale Corporation 2026 Omnibus Equity Incentive Plan (as amended, restated or otherwise modified from time to time, the “**Plan**”), is to provide a means whereby eligible employees, officers, non-employee directors and other service providers develop a sense of proprietorship and personal involvement in the development and financial success of the Company (as defined herein) and to encourage them to devote their best efforts to the business of the Company, thereby advancing the interests of the Company and its stockholders. The Company, by means of the Plan, seeks to retain the services of such eligible persons and to provide incentives for such persons to exert maximum efforts for the success of the Company and its Subsidiaries.

1.2 The Plan permits the grant of Nonqualified Stock Options, Incentive Stock Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Shares, Performance Stock Units, Incentive Bonus Awards, Other Cash-Based Awards and Other Stock-Based Awards. This Plan shall become effective upon the date set forth in Section 17.1 hereof.

2. Definitions

Wherever the following capitalized terms are used in the Plan, they shall have the meanings specified below:

2.1 “**Affiliate**” means, with respect to a Person, a Person that directly or indirectly Controls, or is Controlled by, or is under common Control with, such Person.

2.2 “**Applicable Law**” means the requirements relating to the administration of equity-based awards or equity compensation plans under U.S. state corporate laws, U.S. federal and state securities laws, the Code, any stock exchange or quotation system on which the Common Stock is listed or quoted and the applicable laws of any foreign country or jurisdiction that applies to Awards.

2.3 “**Award**” means an award of a Stock Option, Stock Appreciation Right, Restricted Stock, Restricted Stock Unit, Performance Share, Performance Stock Unit, Incentive Bonus Award, Other Cash-Based Award and/or Other Stock-Based Award granted under the Plan.

2.4 “**Award Agreement**” means either (i) a written or electronic agreement entered into between the Company and a Participant setting forth the terms and conditions of an Award, including any amendment or modification thereof, or (ii) a written or electronic statement issued by the Company to a Participant describing the terms and provisions of such Award, including any amendment or modification thereof. The Committee may provide for the use of electronic, internet or other non-paper Award Agreements, and the use of electronic, internet or other non-paper means for the acceptance thereof and actions thereunder by a Participant. Each Award Agreement shall be subject to the terms and conditions of the Plan and need not be identical.

2.5 “**Board**” means the Board of Directors of the Company.

2.6 “**Cause**” means a Participant’s (i) indictment for or conviction of, or the entry of a plea of guilty or no contest to, a felony or any other crime involving dishonesty or moral turpitude or that causes the Company or its Affiliates disgrace or disrepute, or adversely affects the Company’s or its Affiliates’ operations or financial performance or the relationship the Company or its Affiliates have with their respective customers, (ii) gross negligence or willful misconduct with respect to the Company or any of its Affiliates, including, without limitation fraud, embezzlement, misappropriation, theft or dishonesty (A) in the course of Awardee’s employment or other service or (B) otherwise which is injurious to the Company or any of its Affiliates; (iii) failure to perform at a level of effort or results commensurate with such Participant’s role or responsibilities; (iv) refusal to perform any obligation or fulfill any duty (other than any duty or obligation of the type described in clause (vi) below) to the Company or its Affiliates (other than due to a disability); (v) breach of any agreement with or duty owed to the Company or any of its Affiliates; (vi) any breach of any obligation or duty to the Company or any of its Affiliates (whether arising by statute, common law or agreement) relating to confidentiality, noncompetition, nonsolicitation or proprietary rights; (vii) any breach of any policy of the Company or its Affiliates or any action that the Board, determines is reasonably likely to cause the Company or its Affiliates disgrace or disrepute; (viii) repeatedly (i.e., on more than one occasion) being under the influence of drugs or alcohol (other than over-the-counter or prescription medicine or other medically-related drugs to the extent they are taken in accordance with their directions or under the supervision of a physician) which interferes with the performance of a Participant’s duties to the Company or any of its Affiliates, or, while under the influence of such drugs or alcohol, engaging in inappropriate conduct during the performance of a Participant’s duties to the Company or any of its Affiliates; or (ix) engaging in any act or discrimination or harassment or any unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature. Notwithstanding the foregoing, if a Participant and the Company (or any of its Affiliates) have entered into an employment agreement, consulting agreement or other similar agreement that specifically defines “cause,” then with respect to such Participant, “Cause” shall have the meaning defined in that employment agreement, consulting agreement or other agreement.

2.7 “**Change in Control**” shall be deemed to have occurred if any one of the following events shall occur, in a single transaction or in a series of related transactions:

(i) Any Person becomes the beneficial owner (as defined in Rule 13(d)-3 under the Exchange Act) of shares of Common Stock representing more than 50% of the total number of votes that may be cast for the election of directors of the Company; or

(ii) The consummation of any (a) merger, consolidation, acquisition, reorganization, statutory share exchange or other business combination in which either the Company or any of its subsidiaries is a party, (b) sale or other disposition of all or substantially all of the Company’s assets, in one or a series of related transactions, or (c) a combination of the foregoing transactions (each, a “**Transaction**”), other than a Transaction (A) involving only the Company and one or more of its now or hereafter existing subsidiaries, (B) immediately following which the shareholders of the Company immediately prior to the Transaction continue to hold a majority of the voting power in the resulting or surviving entity, or (C) following which the Incumbent Directors at the time of the execution of the initial agreement or other action of the Board providing for such Transaction continue to constitute a majority of the directors of the resulting or surviving entity; or

(iii) Within any twelve (12)-month period beginning on or after the Effective Date, the persons who were directors of the Company immediately before the beginning of such period (the “**Incumbent Directors**”) shall cease (for any reason other than death) to constitute at least a majority of the Board (or the board of directors of any successor to the Company); provided that any director who was not a director as of the date hereof shall be deemed to be an Incumbent Director if such director was elected to the Board by, or on the recommendation of or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually or by prior operation of the foregoing unless such election, recommendation or approval was the result of an actual or threatened election contest of the type contemplated by Rule 14a-11 promulgated under the Exchange Act or any successor provision; or

(iv) The shareholders of the Company approve a plan of complete liquidation or dissolution of the Company.

Notwithstanding the foregoing, (i) no event or condition shall constitute a Change in Control to the extent that, if it were, a penalty tax would be imposed under Section 409A of the Code; provided that, in such a case, the event or condition shall continue to constitute a Change in Control to the maximum extent possible (e.g., if applicable, in respect of vesting without an acceleration of distribution) without causing the imposition of such penalty tax and (ii) no Change in Control shall be deemed to have occurred, and no rights arising upon a Change in Control as provided in the Plan or any Award Agreement shall exist, to the extent that the Board so determines by resolution adopted and not rescinded prior to the Change in Control; *provided, however*, that no such determination by the Board shall be effective if it would cause a Participant to be subject to a penalty tax under Section 409A of the Code.

2.8 “**Code**” means the Internal Revenue Code of 1986, as amended. For purposes of this Plan, references to sections of the Code shall be deemed to include references to any applicable regulations thereunder and any successor or similar provision.

2.9 “**Committee**” means the committee of the Board delegated with the authority to administer the Plan, or the full Board, as provided in Section 3 of the Plan. With respect to any decision relating to a Reporting Person, the Committee shall consist solely of two or more directors who are disinterested within the meaning of Rule 16b-3 promulgated under the Exchange Act, as amended from time to time, or any successor provision. The fact that a Committee member shall fail to qualify under any of these requirements shall not invalidate an Award if the Award is otherwise validly made under the Plan. The Board may at any time appoint additional members to the Committee, remove and replace members of the Committee with or without cause, and fill vacancies on the Committee however caused.

2.10 “**Common Stock**” means the Company’s Common Stock, par value \$0.001 per share.

2.11 “**Company**” means ChronoScale Corporation, a Nevada corporation, and any successor thereto as provided in [Section 15.8](#).

2.12 “**Continuous Service**” means that the Participant’s service with the Company or an Affiliate, whether as an employee, director or consultant, is not interrupted or terminated. A change in the capacity in which the Participant renders service to the Company or an Affiliate as an employee, director or consultant or a change in the entity for which the Participant renders such service, provided that there is no interruption or termination of the Participant’s service with the Company or an Affiliate, will not terminate a Participant’s Continuous Service; provided, however, that if the entity for which a Participant is rendering services ceases to qualify as an Affiliate, as determined by the Committee, such Participant’s Continuous Service will be considered to have terminated on the date such entity ceases to qualify as an Affiliate. For example, a change in status from an employee of the Company to a consultant of an Affiliate or to a director will not constitute an interruption of Continuous Service. Notwithstanding the foregoing, a leave of absence will be treated as Continuous Service for purposes of vesting in an Award only to such extent as may be provided in the Company’s (or an Affiliate’s) leave of absence policy, in the written terms of any leave of absence agreement or policy applicable to the Participant, or as otherwise required by Applicable Law or permitted by the Committee. Unless the Committee provides otherwise, or as otherwise required by Applicable Law, vesting of Awards shall be tolled during any unpaid leave of absence by a Participant.

2.13 “**Control**” means, as to any Person, the power to direct or cause the direction of the management and policies of such Person, or the power to appoint directors of the Company, whether through the ownership of voting securities, by contract or otherwise (the terms “**Controlled by**” and “**under common Control with**” shall have correlative meanings).

2.14 “**Date of Grant**” means the date on which an Award under the Plan is granted by the Committee, or such later date as the Committee may specify to be the effective date of an Award.

2.15 “**Disability**” means a Participant being considered “disabled” within the meaning of Section 409A of the Code and Treasury Regulation 1.409A-3(i)(4), as well as any successor regulation or interpretation.

2.16 “**Effective Date**” means the date set forth in [Section 17.1](#) hereof.

2.17 “**Eligible Person**” means any Person who is an employee, officer, director, consultant, advisor or other service provider of the Company or any Subsidiary, or any Person who is determined by the Committee to be a prospective employee, officer, director, consultant, advisor or other service provider of the Company or any Subsidiary.

2.18 “**Exchange Act**” means the Securities Exchange Act of 1934, as amended.

2.19 “**Fair Market Value**” of a share of Common Stock shall be, as applied to a specific date (i) the closing price of a share of Common Stock as of such date on the principal established stock exchange or national market system on which the Common Stock is then traded (or, if there is no trading in the Common Stock as of such date, the closing price of a share of Common Stock on the most recent date preceding such date on which trades of the Common Stock were recorded), or (ii) if the shares of Common Stock are not then traded on an established stock exchange or national market system but are then traded in an over-the-counter market, the average of the closing bid and asked prices for the shares of Common Stock in such over-the-counter market as of such date (or, if there are no closing bid and asked prices for the shares of Common Stock as of such date, the average of the closing bid and the asked prices for the shares of Common Stock on the most recent date preceding such date on which such closing bid and asked prices are available on such over-the-counter market), or (iii) if the shares of Common Stock are not then listed on a national securities exchange or national market system or traded in an over-the-counter market, the price of a share of Common Stock as determined by the Committee in a manner consistent with Section 409A of the Code and Treasury Regulation 1.409A-1(b)(5)(iv), as well as any successor regulation or interpretation.

2.20 “**Incentive Bonus Award**” means an Award granted under [Section 12](#) of the Plan.

2.21 “**Incentive Stock Option**” means a Stock Option granted under [Section 6](#) hereof that is intended to meet the requirements of Section 422 of the Code and the regulations promulgated thereunder.

2.22 “**Nonqualified Stock Option**” means a Stock Option granted under [Section 6](#) hereof that by its terms does not qualify, or is not intended to qualify, as an Incentive Stock Option.

2.23 “**Other Cash-Based Award**” means a contractual right granted to an Eligible Person under [Section 13](#) hereof entitling such Eligible Person to receive a cash payment at such times, and subject to such conditions, as are set forth in the Plan and the applicable Award Agreement.

2.24 “**Other Stock-Based Award**” means a contractual right granted to an Eligible Person under [Section 13](#) representing a notional unit interest equal in value to a share of Common Stock to be paid and distributed at such times, and subject to such conditions as are set forth in the Plan and the applicable Award Agreement.

2.25 “**Outside Director**” means a director of the Board who is not an employee of the Company or a Subsidiary.

2.26 “**Participant**” means any Eligible Person who holds an outstanding Award under the Plan.

2.27 “**Person**” shall mean, unless otherwise provided, any individual, partnership, firm, trust, corporation, limited liability company or other similar entity. When two or more Persons act as a partnership, limited partnership, syndicate or other group for the purpose of acquiring, holding or disposing of Common Stock, such partnership, limited partnership, syndicate or group shall be deemed a “Person”.

2.28 “**Performance Goals**” shall mean performance goals established by the Committee as contingencies for the grant, exercise, vesting, distribution, payment and/or settlement, as applicable, of Awards.

2.29 “**Performance Shares**” means a contractual right granted to an Eligible Person under [Section 10](#) hereof representing a notional unit interest equal in value to a share of Common Stock to be paid and distributed at such times, and subject to such conditions, as are set forth in the Plan and the applicable Award Agreement.

2.30 “**Performance Stock Unit**” means a contractual right granted to an Eligible Person under [Section 11](#) hereof representing a notional dollar interest as determined by the Committee to be paid and distributed at such times, and subject to such conditions, as are set forth in the Plan and the applicable Award Agreement.

2.31 “**Plan**” has the meaning given to such term in [Section 1](#) hereof.

2.32 “**Reporting Person**” means an officer, director or greater than ten (10) percent stockholder of the Company within the meaning of Rule 16a-2 under the Exchange Act, who is required to file reports pursuant to Rule 16a-3 under the Exchange Act.

2.33 “**Restricted Stock Award**” means a grant of shares of Common Stock to an Eligible Person under [Section 8](#) hereof that are issued subject to such vesting and transfer restrictions and such other conditions as are set forth in the Plan and the applicable Award Agreement.

2.34 “**Restricted Stock Unit Award**” means a contractual right granted to an Eligible Person under [Section 9](#) hereof representing notional unit interests equal in value to a share of Common Stock to be paid and distributed at such times, and subject to such conditions, as are set forth in the Plan and the applicable Award Agreement.

2.35 “**Securities Act**” means the Securities Act of 1933, as amended.

2.36 “**Stock Appreciation Right**” or “**SAR**” means a contractual right granted to an Eligible Person under [Section 7](#) hereof entitling such Eligible Person to receive a payment, upon the exercise of such right, in such amount and at such time, and subject to such conditions, as are set forth in the Plan and the applicable Award Agreement.

2.37 “**Stock Option**” means a contractual right granted to an Eligible Person under [Section 6](#) hereof to purchase shares of Common Stock at such time and price, and subject to such conditions, as are set forth in the Plan and the applicable Award Agreement.

2.38 “**Subsidiary**” means an entity (whether or not a corporation) that is wholly or majority owned or controlled, directly or indirectly, by the Company; provided, however, that with respect to Incentive Stock Options, the term “Subsidiary” shall include only an entity that qualifies under section 424(f) of the Code as a “subsidiary corporation” with respect to the Company.

3. [Administration](#)

3.1 [Committee Members](#). The Plan shall be administered by the Committee; provided that the entire Board may act in lieu of the Committee on any matter, subject to Section 16b-3 Award requirements referred to in [Section 2.9](#) of the Plan. If and to the extent permitted by Applicable Law, the Committee may authorize one or more Reporting Persons (or other officers) to make Awards to Eligible Persons who are not Reporting Persons (or other officers whom the Committee has specifically authorized to make Awards). Subject to Applicable Law and the restrictions set forth in the Plan, the Committee may delegate administrative functions to individuals who are Reporting Persons, officers, or employees of the Company or its Subsidiaries.

3.2 Committee Authority. The Committee shall have such powers and authority as may be necessary or appropriate for the Committee to carry out its functions as described in the Plan. Subject to the express limitations of the Plan, the Committee shall have authority to determine the Eligible Persons to whom, and the time or times at which, Awards may be granted, the number of shares, units or other rights subject to each Award, the exercise, base or purchase price of an Award (if any), the time or times at which an Award will become vested, exercisable or payable, the performance criteria, performance goals and other conditions of an Award, the duration of the Award, and all other terms of the Award. Subject to the terms of the Plan, the Committee shall have authority to amend the terms of an Award in any manner that is not inconsistent with the Plan (including without limitation to determine, add, cancel, waive, amend or otherwise alter any restrictions, terms or conditions of any Award, or extend the post-termination exercisability period of any Stock Option and/or Stock Appreciation Right); provided, no such action shall materially and adversely affect the rights of a Participant with respect to an outstanding Award without the Participant's consent (for purposes of the foregoing, any action that causes an Incentive Stock Option to be treated as a Nonqualified Stock Option shall not be considered to have adversely affected a Participant's rights). Notwithstanding anything herein or in any Award Agreement to the contrary, the Committee shall retain the discretion to adjust, up or down, or add, remove or otherwise modify, waive or suspend, any Performance Goals, either on a formula or discretionary basis or any combination thereof, with respect to an outstanding Award in any respect without the Participant's consent. The Committee shall also have authority to approve forms of Award Agreement, interpret the Plan, to make all factual determinations under the Plan, and to make all other determinations necessary or advisable for Plan administration, including, without limitation, to correct any defect, to supply any omission or to reconcile any inconsistency in the Plan or any Award Agreement. The Committee may prescribe, amend, and rescind rules and regulations relating to the Plan. The Committee's determinations under the Plan need not be uniform and may be made by the Committee selectively among Participants and Eligible Persons, whether or not such persons are similarly situated. The Committee shall consider such factors as it deems relevant in making its interpretations, determinations and actions under the Plan including, without limitation, the recommendations or advice of any officer or employee of the Company or such attorneys, consultants, accountants or other advisors as it may select. All determinations, interpretations, exercises of authority or other actions made by the Committee or Company under the Plan and any Award Agreement shall be taken or made by the Committee or Company, as applicable, in their sole and absolute discretion, and shall be final and binding on all persons, including, without limitation, the Company and all Participants.

3.3 No Liability; Indemnification. Neither the Board nor any Committee member, nor any Person acting at the direction of the Board or the Committee, shall be liable for any act, omission, interpretation, construction or determination made in good faith with respect to the Plan or any Award or Award Agreement. The Company and its Subsidiaries shall pay or reimburse any member of the Committee, as well as any other Person who takes action on behalf of the Plan, for all reasonable expenses incurred with respect to the Plan, and to the full extent allowable under Applicable Law shall indemnify each and every one of them for any claims, liabilities, and costs (including reasonable attorney's fees) arising out of their good faith performance of duties on behalf of the Company with respect to the Plan. The Company and its Subsidiaries may, but shall not be required to, obtain liability insurance for this purpose.

4. Shares Subject to the Plan

4.1 Plan Share Limitation.

(a) Subject to adjustment pursuant to Section 4.3 and any other applicable provisions hereof, the maximum aggregate number of shares of Common Stock which may be issued under all Awards granted to Participants under the Plan shall be 22,500,000 shares. In no event will the aggregate number of shares of Common Stock that may be issued upon the exercise of Incentive Stock Options exceed 22,500,000.

(b) Shares of Common Stock issued under the Plan may be either authorized but unissued shares or shares held in the Company's treasury. To the extent that any Award payable in shares of Common Stock is forfeited, canceled, returned to the Company for failure to satisfy vesting requirements or upon the occurrence of other forfeiture events, or otherwise terminates without payment being made thereunder, the shares of Common Stock covered thereby will no longer be counted against the foregoing maximum share limitations and may again be made subject to Awards under the Plan pursuant to such limitations. Awards settled in cash shall not count against the foregoing maximum share limitation. Shares of Common Stock that otherwise would have been issued upon the exercise of a Stock Option or SAR or in payment with respect to any other form of Award, but are surrendered in payment or partial payment of the exercise price thereof and/or taxes withheld with respect to the exercise thereof or the making of such payment, will no longer be counted against the foregoing maximum share limitations and may again be made subject to Awards under the Plan pursuant to such limitations. This Section 4.1(b) shall be construed and interpreted in accordance with the requirements of Section 422 of the Code.

4.2 Outside Director Limitation. Subject to adjustment as provided in Section 4.3, the aggregate Fair Market Value of Awards granted under the Plan to any Outside Director during any calendar year shall not exceed \$750,000 (inclusive of any cash awards to an Outside Director for such year that are not made pursuant to the Plan); provided that in the case of a new Outside Director, such amount shall be increased to \$1,000,000 for the initial year of the Outside Director's term.

4.3 Adjustments. If there shall occur any change with respect to the outstanding shares of Common Stock by reason of any recapitalization, reclassification, stock dividend, extraordinary dividend, stock split, reverse stock split, or other distribution with respect to the shares of Common Stock, or any merger, reorganization, consolidation, combination, spin-off or other similar corporate change, or any other change affecting the Common Stock, or any other corporate transaction directly or indirectly affecting the Awards or the Performance Goals or the Company's financial performance, condition or results of operations, the Committee shall, in the manner and to the extent that it deems appropriate and equitable to the Participants and consistent with the terms of the Plan, cause an adjustment to be made in (i) the maximum numbers and kind of shares provided in Section 4.1 hereof, (ii) the numbers and kind of shares of Common Stock, units, or other rights subject to then outstanding Awards, (iii) the price for each share or unit or other right subject to then outstanding Awards, (iv) the performance measures or goals relating to the vesting of an Award, including without limitation, any Performance Goals, and (v) any other terms of an Award that are affected by the event to prevent dilution or enlargement of a Participant's rights under an Award. The Committee shall also make appropriate adjustments in the terms of any Awards to reflect or relate to such changes and to modify any other terms of outstanding Awards, such as modifying performance goals and changing the length of any performance period without Participant consent. Notwithstanding the foregoing, in the case of Incentive Stock Options, any such adjustments shall, to the extent practicable, be made in a manner consistent with the requirements of Section 424(a) of the Code.

Notwithstanding the foregoing, to the extent of any conflict between this Section 4.3 and the terms of any Award Agreement, this Section 4.3 shall control, unless such Award Agreement specifically references that it controls over this Section 4.3.

5. Participation and Awards

5.1 Designation of Participants. All Eligible Persons are eligible to be designated by the Committee to receive Awards and become Participants under the Plan. The Committee has the authority to determine and designate from time to time those Eligible Persons who are to be granted Awards, the types of Awards to be granted and the number of shares of Common Stock or units subject to Awards granted under the Plan. In selecting Eligible Persons to be Participants and in determining the type and amount of Awards to be granted under the Plan, the Committee shall consider any and all factors that it deems relevant or appropriate.

5.2 Determination of Awards. The Committee shall determine the terms and conditions of all Awards granted to Participants in accordance with its authority under Section 3.2 hereof. An Award may consist of one type of right or benefit hereunder or of two or more such rights or benefits granted in tandem or in the alternative. To the extent deemed appropriate by the Committee, an Award shall be evidenced by an Award Agreement as described in Section 15.1 hereof.

6. Stock Options

6.1 Grant of Stock Option. A Stock Option may be granted to any Eligible Person selected by the Committee. Subject to the provisions of Section 6.6 hereof and Section 422 of the Code, each Stock Option shall be designated by the Committee as an Incentive Stock Option or as a Nonqualified Stock Option.

6.2 Exercise Price. The exercise price per share of a Stock Option shall not be less than 100% of the Fair Market Value of a share of Common Stock on the Date of Grant, subject to adjustments as provided for under Section 4.3.

6.3 Vesting of Stock Options. The Committee shall prescribe the time or times at which, or the conditions upon which, a Stock Option or portion thereof shall become vested and/or exercisable in an Award Agreement or as otherwise may be adjusted from time to time, including by way of adjustment contemplated by this Plan. The requirements for vesting and exercisability of a Stock Option may be based on the Continuous Service of the Participant for a specified time period (or periods) and/or on the attainment of a specified performance goal (or goals) established by the Committee. The Committee may accelerate the vesting or exercisability of any Stock Option at any time. The Committee may allow a Participant to exercise unvested Nonqualified Stock Options, in which case the shares of Common Stock then issued shall be Restricted Stock having analogous vesting restrictions to the unvested Nonqualified Stock Options.

6.4 Term of Stock Options. The Committee shall prescribe in an Award Agreement the period during which a vested Stock Option may be exercised, provided that the maximum term of a Stock Option shall be ten (10) years from the Date of Grant. A Stock Option may be earlier terminated as specified by the Committee and set forth in an Award Agreement upon or following the termination of a Participant's Continuous Service for any reason, including by reason of voluntary resignation, death, Disability, termination for Cause or any other reason. Except as otherwise provided in this Section 6 or in an Award Agreement as such agreement may be amended from time to time upon authorization of the Committee, no Stock Option may be exercised at any time during the term thereof unless the Participant is then in Continuous Service. Notwithstanding the foregoing, unless an Award Agreement provides otherwise:

(a) If a Participant's Continuous Service terminates by reason of his or her death, any Stock Option held by such Participant may, to the extent then exercisable, be exercised by such Participant's estate or any Person who acquires the right to exercise such Stock Option by bequest or inheritance at any time in accordance with its terms for up to one (1) year after the date of such Participant's death (but in no event after the earlier of the expiration of the term of such Stock Option or such time as the Stock Option is otherwise canceled or terminated in accordance with its terms). Upon expiration of such one-year period, no portion of the Stock Option held by such Participant shall be exercisable and the Stock Option shall be deemed to be canceled, forfeited and of no further force or effect.

(b) If a Participant's Continuous Service terminates by reason of his or her Disability, any Stock Option held by such Participant may, to the extent then exercisable, be exercised by the Participant or his or her personal representative at any time in accordance with its terms for up to one (1) year after the date of such Participant's termination of Continuous Service (but in no event after the earlier of the expiration of the term of such Stock Option or such time as the Stock Option is otherwise canceled or terminated in accordance with its terms). Upon expiration of such one-year period, no portion of the Stock Option held by such Participant shall be exercisable and the Stock Option shall be deemed to be canceled, forfeited and of no further force or effect.

(c) If a Participant's Continuous Service terminates for any reason other than death, Disability or Cause, any Stock Option held by such Participant may, to the extent then exercisable, be exercised by the Participant up until ninety (90) days following such termination of Continuous Service (but in no event after the earlier of the expiration of the term of such Stock Option or such time as the Stock Option is otherwise canceled or terminated in accordance with its terms). Upon expiration of such 90-day period, no portion of the Stock Option held by such Participant shall be exercisable and the Stock Option shall be deemed to be canceled, forfeited and of no further force or effect.

(d) To the extent that a Stock Option of a Participant whose Continuous Service terminates for any reason other than Cause is not exercisable, such Stock Option shall be deemed forfeited and canceled on the ninetieth (90th) day after such termination of Continuous Service or at such earlier time as the Committee may determine.

6.5 Stock Option Exercise. Subject to such terms and conditions as shall be specified in an Award Agreement, a Stock Option may be exercised in whole or in part at any time during the term thereof by notice in the form required by the Company, and payment of the aggregate exercise price by certified or bank check, or such other means as the Committee may accept. As set forth in an Award Agreement or otherwise determined by the Committee, at or after grant, payment in full or in part of the exercise price of an Option may be made: (i) in the form of shares of Common Stock that have been held by the Participant for such period as the Committee may deem appropriate for accounting purposes or otherwise, valued at the Fair Market Value of such shares on the date of exercise; (ii) by surrendering to the Company shares of Common Stock otherwise receivable on exercise of the Option; (iii) by a cashless exercise program implemented by the Committee in connection with the Plan; (iv) subject to the approval of the Committee, by a full recourse, interest bearing promissory note having such terms as the Committee may permit and/or (v) by such other method as may be approved by the Committee. Subject to any governing rules or regulations, as soon as practicable after receipt of written notification of exercise and full payment of the exercise price and satisfaction of any applicable tax withholding pursuant to Section 16.5, the Company shall deliver to the Participant evidence of book entry shares of Common Stock or Common Stock certificates in an appropriate amount based upon the number of shares of Common Stock purchased under the Option. Unless otherwise determined by the Committee, all payments under all of the methods indicated above shall be paid in United States dollars or shares of Common Stock, as applicable.

6.6 Additional Rules for Incentive Stock Options.

(a) Eligibility. An Incentive Stock Option may only be granted to an Eligible Person who is considered an employee under Treasury Regulation §1.421-1(h) of the Company or any Subsidiary.

(b) Annual Limits. No Incentive Stock Option shall be granted to an Eligible Person as a result of which the aggregate Fair Market Value (determined as of the Date of Grant) of the stock with respect to which Incentive Stock Options are exercisable for the first time in any calendar year under the Plan and any other stock option plans of the Company or any Subsidiary would exceed \$100,000, determined in accordance with Section 422(d) of the Code. This limitation shall be applied by taking Incentive Stock Options into account in the order in which granted.

(c) Ten Percent Stockholders. If a Stock Option granted under the Plan is intended to be an Incentive Stock Option, and if the Participant, at the time of grant, owns stock possessing ten percent (10%) or more of the total combined voting power of all classes of Common Stock of the Company or any Subsidiary, then (i) the Stock Option exercise price per share shall in no event be less than 110% of the Fair Market Value of the Common Stock on the date of such grant and (ii) such Stock Option shall not be exercisable after the expiration of five (5) years following the date such Stock Option is granted.

(d) Termination of Employment. An Award of an Incentive Stock Option shall provide that such Stock Option may be exercised not later than three (3) months following termination of employment of the Participant with the Company and all Subsidiaries, or not later than one (1) year following death or a permanent and total disability within the meaning of Section 22(e)(3) of the Code, as and to the extent determined by the Committee to be necessary to comply with the requirements of Section 422 of the Code.

(e) Disqualifying Dispositions. If shares of Common Stock acquired by exercise of an Incentive Stock Option are disposed of within two (2) years following the Date of Grant or one (1) year following the transfer of such shares to the Participant upon exercise, the Participant shall, immediately following such disposition, notify the Company in writing of the date and terms of such disposition and provide such other information regarding the disposition as the Company may reasonably require.

7. Stock Appreciation Rights

7.1 Grant of Stock Appreciation Rights. A Stock Appreciation Right may be granted to any Eligible Person selected by the Committee. Stock Appreciation Rights may be granted on a basis that allows for the exercise of the right by the Participant or that provides for the automatic payment of the right upon a specified date or event.

7.2 Base Price. The base price of a Stock Appreciation Right shall be determined by the Committee; provided, however, that the base price for any grant of a Stock Appreciation Right shall not be less than 100% of the Fair Market Value of a share of Common Stock on the Date of Grant, subject to adjustments as provided for under Section 4.3.

7.3 Vesting Stock Appreciation Rights. The Committee shall prescribe the time or times at which, or the conditions upon which, a Stock Appreciation Right or portion thereof shall become vested and/or exercisable in an Award Agreement or as otherwise may be adjusted from time to time, including by way of adjustment contemplated by this Plan. The requirements for vesting and exercisability of a Stock Appreciation Right may be based on the Continuous Service of a Participant for a specified time period (or periods) or on the attainment of a specified performance goal (or goals) established by the Committee. The Committee may accelerate the vesting or exercisability of any Stock Appreciation Right at any time.

7.4 Term of Stock Appreciation Rights. The Committee shall prescribe in an Award Agreement the period during which a vested Stock Appreciation Right may be exercised, provided that the maximum term of a Stock Appreciation Right shall be ten (10) years from the Date of Grant. A Stock Appreciation Right may be earlier terminated as specified by the Committee and set forth in an Award Agreement upon or following the termination of a Participant's Continuous Service for any reason, including by reason of voluntary resignation, death, Disability, termination for Cause or any other reason. Except as otherwise provided in this Section 7 or in an Award Agreement, as such agreement may be amended from time to time upon authorization of the Committee, no Stock Appreciation Right may be exercised at any time during the term thereof unless the Participant is then in Continuous Service.

7.5 Payment of Stock Appreciation Rights. Subject to such terms and conditions as shall be specified in an Award Agreement, a vested Stock Appreciation Right may be exercised in whole or in part at any time during the term thereof by notice in the form required by the Company and payment of any exercise price. Upon the exercise of a Stock Appreciation Right and payment of any applicable exercise price, a Participant shall be entitled to receive an amount determined by multiplying: (i) the excess of the Fair Market Value of a share of Common Stock on the date of exercise of the Stock Appreciation Right over the base price of such Stock Appreciation Right, by (ii) the number of shares as to which such Stock Appreciation Right is exercised. Payment of the amount determined under the immediately preceding sentence may be made, as approved by the Committee and set forth in the Award Agreement, in shares of Common Stock valued at their Fair Market Value on the date of exercise, in cash, or in a combination of shares of Common Stock and cash, subject to applicable tax withholding requirements set forth in Section 16.5. If Stock Appreciation Rights are settled in shares of Common Stock, then as soon as practicable following the date of settlement the Company shall deliver to the Participant evidence of book entry shares of Common Stock or Common Stock certificates in an appropriate amount.

8. Restricted Stock Awards

8.1 Grant of Restricted Stock Awards. A Restricted Stock Award may be granted to any Eligible Person selected by the Committee. The Committee may require the payment by the Participant of a specified purchase price in connection with any Restricted Stock Award. The Committee may provide in an Award Agreement for the payment of dividends and distributions to the Participant such times as paid to stockholders generally or at the times of vesting or other payment of the Restricted Stock Award. If any dividends or distributions are paid in stock while a Restricted Stock Award is subject to restrictions under Section 8.3 of the Plan, the dividends or other distributions shares shall be subject to the same restrictions on transferability as the shares of Common Stock to which they were paid unless otherwise set forth in the Award Agreement. The Committee may also subject the grant of any Restricted Stock Award to the execution of a voting agreement with the Company or with any Affiliate of the Company.

8.2 Vesting Requirements. The restrictions imposed on shares of Common Stock granted under a Restricted Stock Award shall lapse in accordance with the vesting requirements specified by the Committee in the Award Agreement or as otherwise may be adjusted from time to time, including by way of adjustment contemplated by this Plan. Upon vesting of a Restricted Stock Award, such Award shall be subject to the tax withholding requirement set forth in Section 16.5. The requirements for vesting of a Restricted Stock Award may be based on the Continuous Service of the Participant for a specified time period (or periods) or on the attainment of a specified performance goal (or goals) established by the Committee. The Committee may accelerate the vesting of a Restricted Stock Award at any time. If the vesting requirements of a Restricted Stock Award shall not be satisfied, the Award shall be forfeited and the shares of Common Stock subject to the Award shall be returned to the Company. In the event that the Participant paid any purchase price with respect to such forfeited shares, unless otherwise provided by the Committee in an Award Agreement, the Company will refund to the Participant the lesser of (i) such purchase price and (ii) the Fair Market Value of such shares on the date of forfeiture.

8.3 Restrictions. Shares granted under any Restricted Stock Award may not be transferred, assigned or subject to any encumbrance, pledge, or charge until all applicable restrictions are removed or have expired, unless otherwise allowed by the Committee. The Committee may require in an Award Agreement that certificates representing the shares granted under a Restricted Stock Award bear a legend making appropriate reference to the restrictions imposed, and that certificates representing the shares granted or sold under a Restricted Stock Award will remain in the physical custody of an escrow holder until all restrictions are removed or have expired.

8.4 Rights as Stockholder. Subject to the foregoing provisions of this Section 8 and the applicable Award Agreement, the Participant to whom a Restricted Stock Award is made shall have all rights of a stockholder with respect to the shares granted to the Participant under the Restricted Stock Award, including the right to vote the shares and receive all dividends and other distributions paid or made with respect thereto, unless the Committee determines otherwise at the time the Restricted Stock Award is granted.

8.5 Section 83(b) Election. If a Participant makes an election pursuant to Section 83(b) of the Code with respect to a Restricted Stock Award, the Participant shall file, within thirty (30) days following the Date of Grant, a copy of such election with the Company (directed to the Secretary thereof) and with the Internal Revenue Service, in accordance with the regulations under Section 83 of the Code. The Committee may provide in an Award Agreement that the Restricted Stock Award is conditioned upon the Participant's making or refraining from making an election with respect to the Award under Section 83(b) of the Code.

9. Restricted Stock Unit Awards

9.1 Grant of Restricted Stock Unit Awards. A Restricted Stock Unit Award may be granted to any Eligible Person selected by the Committee. The value of each stock unit under a Restricted Stock Unit Award is equal to the Fair Market Value of the Common Stock on the applicable date or time period of determination, as specified by the Committee. A Restricted Stock Unit Award shall be subject to such restrictions and conditions as the Committee shall determine. A Restricted Stock Unit Award may be granted together with a dividend equivalent right with respect to the shares of Common Stock subject to the Award, which may be accumulated and may be deemed reinvested in additional stock units, as determined by the Committee. If any dividend equivalents are paid while a Restricted Stock Unit Award is subject to restrictions under Section 9 of the Plan, the Committee may provide in the Award Agreement for such dividend equivalents to immediately be paid to the Participant holding such Restricted Stock Unit Award or pay such dividend equivalents subject to the same restrictions on transferability as the Restricted Stock Units to which they relate.

9.2 Vesting of Restricted Stock Unit Awards. On the Date of Grant, the Committee shall determine any vesting requirements with respect to a Restricted Stock Unit Award, which shall be set forth in the Award Agreement or as otherwise may be adjusted from time to time, including by way of adjustment contemplated by this Plan. The requirements for vesting of a Restricted Stock Unit Award may be based on the Continuous Service of the Participant for a specified time period (or periods) or on the attainment of a specified performance goal (or goals) established by the Committee. The Committee may accelerate the vesting of a Restricted Stock Unit Award at any time. A Restricted Stock Unit Award may also be granted on a fully vested basis, with a deferred payment date as may be determined by the Committee or elected by the Participant in accordance with rules established by the Committee and in compliance with Applicable Law including Section 409A of the Code.

9.3 Payment of Restricted Stock Unit Awards. A Restricted Stock Unit Award shall become payable to a Participant at the time or times determined by the Committee and set forth in the Award Agreement, which may be upon or following the vesting of the Award. Payment of a Restricted Stock Unit Award may be made, as determined by the Committee, in cash or in shares of Common Stock, or in a combination thereof as described in the Award Agreement, subject to applicable tax withholding requirements set forth in Section 16.5. Any cash payment of a Restricted Stock Unit Award shall be made based upon the Fair Market Value of the Common Stock, determined on such date or over such time period as determined by the Committee. Notwithstanding the foregoing, unless specified otherwise in the Award Agreement, any Restricted Stock Unit, whether settled in Common Stock or cash, shall be paid no later than two-and-a-half (2 ½) months after the later of the calendar year or fiscal year in which the Restricted Stock Units vest. If Restricted Stock Unit Awards are settled in shares of Common Stock, then as soon as practicable following the date of settlement, the Company shall deliver to the Participant evidence of book entry shares of Common Stock or Common Stock certificates in an appropriate amount.

10. Performance Shares

10.1 Grant of Performance Shares. Performance Shares may be granted to any Eligible Person selected by the Committee. A Performance Share Award shall be subject to such restrictions and conditions as the Committee shall specify in a Participant's Award Agreement or as otherwise may be adjusted from time to time, including by way of adjustment contemplated by this Plan. A Performance Share Award may be granted with a dividend equivalent right with respect to the shares of Common Stock subject to the Award, which may be accumulated and may be deemed reinvested in additional stock units, as determined by the Committee. Any shares of Common Stock issued to a Participant under this Section 10.1 may be subject to any restrictions deemed appropriate by the Committee.

10.2 Value of Performance Shares. Each Performance Share shall have an initial value equal to the Fair Market Value of a Share on the Date of Grant. The Committee shall set performance goals that, depending on the extent to which they are met over a specified time period, shall determine the number of Performance Shares that shall be issued to a Participant.

10.3 Earning of Performance Shares. After the applicable time period has ended, the number of Performance Shares earned by the Participant over such time period shall be determined as a function of the extent to which the applicable corresponding performance goals have been achieved. This determination shall be made solely by the Committee. The Committee may reduce the number of Performance Shares that may vest upon achievement of Performance Goals, modify any Performance Goals in a manner the Committee deems appropriate, or waive any performance or vesting conditions relating to a Performance Share Award.

11. Performance Stock Units

11.1 Grant of Performance Stock Units. Performance Stock Units may be granted to any Eligible Person selected by the Committee. A Performance Stock Unit Award shall be subject to such restrictions and conditions as the Committee shall specify in a Participant's Award Agreement or as otherwise may be adjusted from time to time, including by way of adjustment contemplated by this Plan.

11.2 Value of Performance Stock Units. Each Performance Stock Unit shall have an initial notional value equal to a dollar amount determined by the Committee. The Committee shall set performance goals that, depending on the extent to which they are met over a specified time period, will determine the number of Performance Stock Units that shall be settled and paid to the Participant.

11.3 Earning of Performance Stock Units. After the applicable time period has ended, the number of Performance Stock Units earned by the Participant, and the amount payable in cash, in shares or in a combination thereof, over such time period shall be determined as a function of the extent to which the applicable corresponding performance goals have been achieved. This determination shall be made solely by the Committee. The Committee may reduce the number of Performance Stock Units that may vest upon achievement of Performance Goals, modify any Performance Goals in a manner the Committee deems appropriate, or waive any performance or vesting conditions relating to a Performance Stock Unit Award.

11.4 Form and Timing of Payment of Performance Stock Units. The Committee shall pay at the close of the applicable Performance Period, or as soon as practicable thereafter, any earned Performance Stock Units in the form of cash or in shares of Common Stock or in a combination thereof, as specified in a Participant's Award Agreement, subject to applicable tax withholding requirements set forth in Section 16.5. Notwithstanding the foregoing, unless specified otherwise in the Award Agreement, all Performance Stock Units shall be paid no later than two-and-a-half (2 ½) months following the later of the calendar year or fiscal year in which such Performance Stock Units vest. Any shares of Common Stock paid to a Participant under this Section 11.4 may be subject to any restrictions deemed appropriate by the Committee. If Performance Stock Units are settled in shares of Common Stock, then as soon as practicable following the date of settlement the Company shall deliver to the Participant evidence of book entry shares of Common Stock or Common Stock certificates in an appropriate amount.

12. Incentive Bonus Awards

12.1 Incentive Bonus Awards. The Committee may grant Incentive Bonus Awards to such Participants as it may designate from time to time. The terms of a Participant's Incentive Bonus Award shall be set forth in the Participant's Award Agreement or as otherwise may be adjusted from time to time, including by way of adjustment contemplated by this Plan. Each Award Agreement shall specify such general terms and conditions as the Committee shall determine.

12.2 Incentive Bonus Award Performance Criteria. The determination of Incentive Bonus Awards for a given year or years may be based upon the attainment of specified levels of Company or Subsidiary performance as measured by pre-established, objective performance criteria determined by the Committee. The Committee shall (i) select those Participants who shall be eligible to receive an Incentive Bonus Award, (ii) determine the performance period, (iii) determine target levels of performance, and (iv) determine the level of Incentive Bonus Award to be paid to each selected Participant upon the achievement of each performance level. The Committee generally shall make the foregoing determinations prior to the commencement of services to which an Incentive Bonus Award relates, to the extent applicable, and while the outcome of the performance goals and targets is uncertain. The Committee shall have the power to adjust, modify, increase, decrease or otherwise change any of the foregoing determinations from time to time.

12.3 Payment of Incentive Bonus Awards.

(a) Incentive Bonus Awards shall be paid in cash or Common Stock, as set forth in a Participant's Award Agreement. Payments shall be made following a determination by the Committee that the performance targets were attained and shall be made within two and one-half months after the later of the end of the fiscal or calendar year in which the Incentive Award is no longer subject to a substantial risk of forfeiture.

(b) The amount of an Incentive Bonus Award to be paid upon the attainment of each targeted level of performance shall equal a percentage of a Participant's base salary for the fiscal year, a fixed dollar amount, or such other formula, as determined by the Committee. The Committee may reduce the size of any Incentive Bonus Award that the Participant may vest in upon achievement of Performance Goals, modify any Performance Goals in a manner the Committee deems appropriate, or waive any performance or vesting conditions relating to an Incentive Bonus Award.

13. Other Cash-Based Awards and Other Stock-Based Awards

13.1 Other Cash-Based and Stock-Based Awards. The Committee may grant other types of equity-based or equity-related Awards not otherwise described by the terms of this Plan (including the grant or offer for sale of unrestricted Shares) in such amounts and subject to such terms and conditions, as the Committee shall determine and specify in a Participant's Award Agreement or as otherwise may be adjusted from time to time, including by way of adjustment contemplated by this Plan. Such Awards may involve the transfer of actual shares of Common Stock to a Participant, or payment in cash or otherwise of amounts based on the value of shares of Common Stock. In addition, the Committee, at any time and from time to time, may grant Other Cash-Based Awards to a Participant in such amounts and upon such terms as the Committee shall determine and specify in a Participant's Award Agreement or as otherwise may be adjusted from time to time, including by way of adjustment contemplated by this Plan.

13.2 Value of Cash-Based Awards and Other Stock-Based Awards. Each Other Stock-Based Award shall be expressed in terms of shares of Common Stock or units based on shares of Common Stock, as determined by the Committee. Each Other Cash-Based Award shall specify a payment amount or payment range as determined by the Committee. If the Committee exercises discretion to establish performance goals, the value of Other Cash-Based Awards that shall be paid to the Participant will depend on the extent to which such performance goals are met.

13.3 Payment of Cash-Based Awards and Other Stock-Based Awards. Payment, if any, with respect to Other Cash-Based Awards and Other Stock-Based Award shall be made in accordance with the terms of the Award, in cash or shares of Common Stock as the Committee determines.

14. Change in Control

14.1 Effect of a Change in Control.

(a) The Committee may, at the time of the grant of an Award and as set forth in an Award Agreement, provide for the effect of a “Change in Control” on an Award. Such provisions may include any one or more of the following: (i) the acceleration or extension of time periods for purposes of exercising, vesting in, or realizing gain from any Award, (ii) the elimination, suspension, adjustment or other modification of performance or other conditions related to the payment or other rights under an Award, (iii) provision for the cash settlement of an Award for an equivalent cash value, as determined by the Committee, or (iv) such other modification or adjustment to an Award as the Committee deems appropriate to maintain and protect the rights and interests of Participants upon or following a Change in Control. To the extent necessary for compliance with Section 409A of the Code, an Award Agreement shall provide that an Award subject to the requirements of Section 409A that would otherwise become payable upon a Change in Control shall only become payable to the extent that the requirements for a “change in control” for purposes of Section 409A have been satisfied.

(b) Notwithstanding anything to the contrary set forth in the Plan, unless otherwise provided by an Award Agreement, upon or in anticipation of any Change in Control, the Committee may and without the need for the consent of any Participant, take one or more of the following actions contingent upon the occurrence of that Change in Control: (i) cause any or all outstanding Stock Options and Stock Appreciation Rights held by Participants affected by the Change in Control to become vested and immediately exercisable, in whole or in part; (ii) cause any or all outstanding Restricted Stock, Restricted Stock Units, Performance Shares, Performance Stock Units, Incentive Bonus Award and any other Award held by Participants affected by the Change in Control to become non-forfeitable, in whole or in part; (iii) cancel any Stock Option or Stock Appreciation Right in exchange for a substitute option in a manner consistent with the requirements of Treasury Regulation. §1.424-1(a) or §1.409A-1(b)(5)(v)(D), as applicable (notwithstanding the fact that the original Stock Option may never have been intended to satisfy the requirements for treatment as an Incentive Stock Option); (iv) cancel any Restricted Stock, Restricted Stock Units, Performance Shares or Performance Stock Units held by a Participant in exchange for restricted stock or performance shares of or stock or performance units in respect of the capital stock of any successor corporation; (v) redeem any Restricted Stock held by a Participant affected by the Change in Control for cash and/or other substitute consideration with a value equal to the Fair Market Value of an unrestricted share of Common Stock on the date of the Change in Control; (vi) terminate any Award in exchange for an amount of cash and/or property equal to the amount, if any, that would have been attained upon the exercise of such Award or realization of the Participant's rights as of the date of the occurrence of the Change in Control (the "**Change in Control Consideration**"); provided, however that if the Change in Control Consideration with respect to any Option or Stock Appreciation Right does not exceed the exercise price of such Option or Stock Appreciation Right, the Committee may cancel the Option or Stock Appreciation Right without payment of any consideration therefor; and/or (vii) take any other action necessary or appropriate to carry out the terms of any definitive agreement controlling the terms and conditions of the Change in Control or that the Committee otherwise deems appropriate, necessary, advisable or convenient in order to further the intent and purposes of such Change in Control, including, without limitation, cancel any unvested Award without payment of any consideration therefore. Any such Change in Control Consideration may be subject to any escrow, indemnification and similar obligations, contingencies and encumbrances applicable in connection with the Change in Control to holders of Common Stock. Without limitation of the foregoing, if as of the date of the occurrence of the Change in Control the Committee determines that no amount would have been attained upon the realization of the Participant's rights, then such Award may be terminated by the Company without payment. The Committee may cause the Change in Control Consideration to be subject to vesting conditions (whether or not the same as the vesting conditions applicable to the Award prior to the Change in Control) and/or make such other modifications, adjustments or amendments to outstanding Awards or this Plan as the Committee deems appropriate, necessary, advisable or convenient. In taking any of the actions permitted under this [Section 14](#), the Committee will not be obligated to treat all Awards, all Awards held by a Participant, all Awards of the same type, or all portions of Awards, similarly.

(c) The Committee may require a Participant to (i) represent and warrant as to the unencumbered title to the Participant's Awards, (ii) bear such Participant's pro rata share of any post-closing indemnity obligations, and be subject to the same or similar post-closing purchase price adjustments, escrow terms, offset rights, holdback terms and similar conditions as the other holders of Common Stock, and (iii) execute and deliver such documents and instruments as the Committee may reasonably require for the Participant to be bound by such obligations. The Committee will endeavor to take action under this [Section 14](#) in a manner that does not cause a violation of Section 409A of the Code with respect to an Award.

15. General Provisions

15.1 Award Agreement. To the extent deemed necessary by the Committee, an Award under the Plan shall be evidenced by an Award Agreement in a written or electronic form approved by the Committee and to the extent applicable, setting forth the number of shares of Common Stock or units subject to the Award, the exercise price, base price, or purchase price of the Award, the time or times at which an Award will become vested, exercisable or payable and the term of the Award. The Award Agreement may also set forth the effect on an Award of termination of Continuous Service under certain circumstances. The Award Agreement shall be subject to and incorporate, by reference or otherwise, all of the applicable terms and conditions of the Plan, and may also set forth other terms and conditions applicable to the Award as determined by the Committee consistent with the limitations of the Plan. Award Agreements evidencing Incentive Stock Options shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 422 of the Code. The grant of an Award under the Plan shall not confer any rights upon the Participant holding such Award other than such terms, and subject to such conditions, as are specified in the Plan as being applicable to such type of Award (or to all Awards) or as are expressly set forth in the Award Agreement.

15.2 Forfeiture Events/Representations. The Committee may specify in an Award Agreement at the time of the Award that the Participant's rights, payments and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events shall include, but shall not be limited to, termination of Continuous Service for Cause, violation of Company policies, breach of noncompetition, confidentiality or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental to the business or reputation of the Company. The Committee may also specify in an Award Agreement that the Participant's rights, payments and benefits with respect to an Award shall be conditioned upon the Participant making a representation regarding compliance with noncompetition, confidentiality or other restrictive covenants that may apply to the Participant and providing that the Participant's rights, payments and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture or recoupment on account of a breach of such representation. Notwithstanding the foregoing, the confidentiality restrictions set forth in an Award Agreement shall not, and shall not be interpreted to, impair a Participant from exercising any legally protected whistleblower rights (including under Rule 21 of the Exchange Act). Notwithstanding anything to the contrary contained herein or in any Award Agreement, any amounts paid hereunder shall be subject to recoupment in accordance with The Dodd-Frank Wall Street Reform and Consumer Protection Act and any implementing regulations thereunder, any "clawback" policy adopted by the Company, as in effect from time to time, or as is otherwise required by Applicable Law.

15.3 No Assignment or Transfer; Beneficiaries.

(a) Awards under the Plan shall not be assignable or transferable by the Participant, except by will or by the laws of descent and distribution, and shall not be subject in any manner to assignment, alienation, pledge, encumbrance or charge. Notwithstanding the foregoing, the Committee may provide in an Award Agreement that the Participant shall have the right to designate a beneficiary or beneficiaries who shall be entitled to any rights, payments or other benefits specified under an Award following the Participant's death. During the lifetime of a Participant, an Award shall be exercised only by such Participant or such Participant's guardian or legal representative. In the event of a Participant's death, an Award may, to the extent permitted by the Award Agreement, be exercised by the Participant's beneficiary as designated by the Participant in the manner prescribed by the Committee or, in the absence of an authorized beneficiary designation, by the legatee of such Award under the Participant's will or by the Participant's estate in accordance with the Participant's will or the laws of descent and distribution, in each case in the same manner and to the same extent that such Award was exercisable by the Participant on the date of the Participant's death.

(b) Limited Transferability Rights. Notwithstanding anything else in this Section 15.3 to the contrary, the Committee may provide in an Award Agreement that an Award in the form of a Nonqualified Stock Option, share-settled Stock Appreciation Right, Restricted Stock, Performance Share or share-settled Other Stock-Based Award may be transferred, on such terms and conditions as the Committee deems appropriate, either (i) by instrument to the Participant's "Immediate Family" (as defined below), (ii) by instrument to an inter vivos or testamentary trust (or other entity) in which the Award is to be passed to the Participant's designated beneficiaries, or (iii) by gift to charitable institutions. Any transferee of the Participant's rights shall succeed and be subject to all of the terms of the applicable Award Agreement and the Plan. "**Immediate Family**" means any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, and shall include adoptive relationships.

15.4 Rights as Stockholder. A Participant shall have no rights as a holder of shares of Common Stock with respect to any unissued shares of Common Stock covered by an Award until the date the Participant becomes the holder of record of such securities. Except as provided in Section 4.3 hereof, no adjustment or other provision shall be made for dividends or other stockholder rights, except to the extent that the Award Agreement provides for dividend payments or dividend equivalent rights.

15.5 Employment or Continuous Service. Nothing in the Plan, in the grant of any Award or in any Award Agreement shall confer upon any Eligible Person or Participant any right to continue in Continuous Service, or interfere in any way with the right of the Company or any of its Subsidiaries to terminate the employment or other service relationship of an Eligible Person or Participant for any reason at any time.

15.6 Fractional Shares. In the case of any fractional share or unit resulting from the grant, vesting, payment or crediting of dividends or dividend equivalents under an Award, the Committee shall have the authority to (i) disregard such fractional share or unit, (ii) round such fractional share or unit to the nearest lower or higher whole share or unit, or (iii) convert such fractional share or unit into a right to receive a cash payment.

15.7 Other Compensation and Benefit Plans. The amount of any compensation deemed to be received by a Participant pursuant to an Award shall not constitute includable compensation for purposes of determining the amount of benefits to which a Participant is entitled under any other compensation or benefit plan or program of the Company or any Subsidiary, including, without limitation, under any bonus, pension, profit-sharing, life insurance, salary continuation or severance benefits plan, except to the extent specifically provided by the terms of any such plan.

15.8 Plan Binding on Transferees. The Plan shall be binding upon the Company, its transferees and assigns, and the Participant, the Participant's executor, administrator and permitted transferees and beneficiaries. In addition, all obligations of the Company under this Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

15.9 Foreign Jurisdictions. The Committee may adopt, amend and terminate such arrangements and grant such Awards, not inconsistent with the intent of the Plan, as it may deem necessary or desirable to comply with any tax, securities, regulatory or other laws of other jurisdictions with respect to Awards that may be subject to such laws. The terms and conditions of such Awards may vary from the terms and conditions that would otherwise be required by the Plan solely to the extent the Committee deems necessary for such purpose. Moreover, the Board may approve such supplements to or amendments, restatements or alternative versions of the Plan, not inconsistent with the intent of the Plan, as it may consider necessary or appropriate for such purposes, without thereby affecting the terms of the Plan as in effect for any other purpose.

15.10 No Obligation to Notify or Minimize Taxes. The Company will have no duty or obligation to any Participant to advise such holder as to the time or manner of exercising an Award. Furthermore, the Company will have no duty or obligation to warn or otherwise advise such holder of a pending termination or expiration of an Award or a possible period in which the Award may not be exercised. The Company has no duty or obligation to minimize the tax consequences of an Award to the holder of such Award.

15.11 Corporate Action Constituting Grant of Awards. Corporate action constituting a grant by the Company of an Award to any Participant will be deemed completed as of the date of such corporate action, unless otherwise determined by the Committee or the Board, regardless of when the instrument, certificate, or letter evidencing the Award is communicated to, or actually received or accepted by, the Participant. In the event that the corporate records (e.g., Board or Committee consents, resolutions or minutes) documenting the corporate action constituting the grant contain terms (e.g., exercise price, vesting schedule or number of shares) that are inconsistent with those in the Award Agreement as a result of a clerical error in the papering of the Award Agreement, the corporate records will control and the Participant will have no legally binding right to the incorrect term in the Award Agreement.

15.12 Change in Time Commitment. In the event a Participant's regular level of time commitment in the performance of the Participant's services for the Company and any Affiliates is reduced (for example, and without limitation, if the Participant is an employee of the Company and the employee has a change in status from a full-time employee to a part-time employee) after the date of grant of any Award to the Participant, the Committee has the right to (i) make a corresponding reduction in the number of shares subject to any portion of such Award that is scheduled to vest or become payable after the date of such change in time commitment and (ii) in lieu of or in combination with such a reduction, extend the vesting or payment schedule applicable to such Award. In the event of any such reduction, the Participant will have no right with respect to any portion of the Award that is so reduced or extended.

15.13 Substitute Awards in Corporate Transactions. Nothing contained in the Plan shall be construed to limit the right of the Committee to grant Awards under the Plan in connection with the acquisition, whether by purchase, merger, consolidation or other corporate transaction, of the business or assets of any corporation or other entity. Without limiting the foregoing, the Committee may grant Awards under the Plan to an employee or director of another corporation who becomes an Eligible Person by reason of any such corporate transaction in substitution for awards previously granted by such corporation or entity to such person. The terms and conditions of the substitute Awards may vary from the terms and conditions that would otherwise be required by the Plan solely to the extent the Committee deems necessary for such purpose. Any shares of Common Stock subject to these substitute Awards shall not be counted against any of the maximum share limitations set forth in the Plan; provided, that, these substitute Awards issued in connection with the assumption of, or in substitution for, outstanding Options that are intended to qualify as Incentive Stock Options shall be counted against the number of shares of Common Stock set forth in Section 4.1(a) that may granted as Incentive Stock Options.

16. Legal Compliance

16.1 Securities Laws. No shares of Common Stock will be issued or transferred pursuant to an Award unless and until all then applicable requirements imposed by Federal and state securities and other laws, rules and regulations and by any regulatory agencies having jurisdiction, and by any exchanges upon which the shares of Common Stock may be listed, have been fully met. As a condition precedent to the issuance of shares pursuant to the grant or exercise of an Award, the Company may require the Participant to take any reasonable action to meet such requirements. The Committee may impose such conditions on any shares of Common Stock issuable under the Plan as it may deem advisable, including, without limitation, restrictions under the Securities Act, as amended, under the requirements of any exchange upon which such shares of the same class are then listed, and under any blue sky or other securities laws applicable to such shares. The Committee may also require the Participant to represent and warrant at the time of issuance or transfer that the shares of Common Stock are being acquired only for investment purposes and without any current intention to sell or distribute such shares. All Common Stock issued pursuant to the terms of this Plan shall constitute “restricted securities,” as that term is defined in Rule 144 promulgated pursuant to the Securities Act, and may not be transferred except in compliance herewith and with the registration requirements of the Securities Act or an exemption therefrom. Certificates representing Common Stock acquired pursuant to an Award may bear such legend as the Company may consider appropriate under the circumstances.

16.2 Incentive Arrangement. The Plan is designed to provide an on-going, pecuniary incentive for Participants to produce their best efforts to increase the value of the Company. The Plan is not intended to provide retirement income or to defer the receipt of payments hereunder to the termination of a Participant’s employment or beyond. The Plan is thus intended not to be a pension or welfare benefit plan that is subject to Employee Retirement Income Security Act of 1974 (“ERISA”), and shall be construed accordingly. All interpretations and determinations hereunder shall be made on a basis consistent with the Plan’s status as not an employee benefit plan subject to ERISA.

16.3 Unfunded Plan. The adoption of the Plan and any reservation of shares of Common Stock or cash amounts by the Company to discharge its obligations hereunder shall not be deemed to create a trust or other funded arrangement. Except upon the issuance of Common Stock pursuant to an Award, any rights of a Participant under the Plan shall be those of a general unsecured creditor of the Company, and neither a Participant nor the Participant's permitted transferees or estate shall have any other interest in any assets of the Company by virtue of the Plan. Notwithstanding the foregoing, the Company shall have the right to implement or set aside funds in a grantor trust, subject to the claims of the Company's creditors or otherwise, to discharge its obligations under the Plan.

16.4 Section 409A Compliance. To the extent applicable, it is intended that the Plan and all Awards hereunder comply with the requirements of Section 409A of the Code or an exemption thereto, and the Plan and all Award Agreements shall be interpreted and applied by the Committee in a manner consistent with this intent in order to avoid the imposition of any additional tax under Section 409A of the Code. Notwithstanding anything in the Plan or an Award Agreement to the contrary, in the event that any provision of the Plan or an Award Agreement is determined by the Committee, to not comply with the requirements of Section 409A of the Code or an exemption thereto, the Committee shall have the authority to take such actions and to make such interpretations or changes to the Plan or an Award Agreement as the Committee deems necessary, regardless of whether such actions, interpretations, or changes shall adversely affect a Participant, subject to the limitations, if any, of Applicable Law. If an Award is subject to Section 409A of the Code, any payment made to a Participant who is a "specified employee" of the Company or any Subsidiary shall not be made before the date that is six (6) months after the Participant's "separation from service" to the extent required to avoid the adverse consequences of Section 409A of the Code. For purposes of this Section 16.4, the terms "separation from service" and "specified employee" shall have the meanings set forth in Section 409A of the Code. In no event whatsoever shall the Company be liable for any additional tax, interest or penalties that may be imposed on any Participant by Section 409A of the Code or any damages for failing to comply with Section 409A of the Code.

16.5 Tax Withholding.

(a) The Company shall have the power and the right to deduct or withhold, or require a participant to remit to the Company, the minimum statutory amount to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Plan, but in no event shall such deduction or withholding or remittance exceed the minimum statutory withholding requirements unless permitted by the Company and such additional withholding amount will not cause adverse accounting consequences and is permitted under Applicable Law.

(b) Subject to such terms and conditions as shall be specified in an Award Agreement, a Participant may, in order to fulfill the withholding obligation, (i) tender previously-acquired shares of Common Stock or have shares of stock withheld from the exercise, provided that the shares have an aggregate Fair Market Value sufficient to satisfy in whole or in part the applicable withholding taxes; and/or (ii) utilize the broker-assisted exercise procedure described in Section 6.5 to satisfy the withholding requirements related to the exercise of a Stock Option.

(c) Notwithstanding the foregoing, a Participant may not use shares of Common Stock to satisfy the withholding requirements to the extent that (i) there is a substantial likelihood that the use of such form of payment or the timing of such form of payment would subject the Participant to a substantial risk of liability under Section 16 of the Exchange Act; (ii) such withholding would constitute a violation of the provisions of any law or regulation, or (iii) such withholding would cause adverse accounting consequences for the Company.

16.6 No Guarantee of Tax Consequences. Neither the Company, the Board, the Committee nor any other Person make any commitment or guarantee that any federal, state, local or foreign tax treatment will apply or be available to any Participant or any other Person hereunder.

16.7 Severability. If any provision of the Plan or any Award Agreement shall be determined to be illegal or unenforceable by any court of law in any jurisdiction, the remaining provisions hereof and thereof shall be severable and enforceable in accordance with their terms, and all provisions shall remain enforceable in any other jurisdiction.

16.8 Stock Certificates; Book Entry Form. Notwithstanding any provision of the Plan to the contrary, unless otherwise determined by the Committee or required by any Applicable Law, rule or regulation, any obligation set forth in the Plan pertaining to the delivery or issuance of stock certificates evidencing shares of Common Stock may be satisfied by having issuance and/or ownership of such shares recorded on the books and records of the Company (or, as applicable, its transfer agent or stock plan administrator).

16.9 Governing Law. The Plan and all rights hereunder shall be subject to and interpreted in accordance with the laws of the State of Texas, without reference to the principles of conflicts of laws, and to applicable Federal securities laws. This Agreement to arbitrate is entered into in accordance with the Federal Arbitration Act. Any controversy or claim arising out of or relating to (i) a Participant's employment with the Company or a Subsidiary or Affiliate and/or (ii) the Plan, or the breach thereof, shall be settled by arbitration administered by JAMS in accordance with its Employment Arbitration Rules before a single arbitrator in Dallas, Texas, and judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. The Company and the Participant will each be responsible for their own attorneys' fees and expenses incurred in connection with any such arbitration. The decision arrived at by the arbitrator shall be binding upon all parties to the arbitration and no appeal shall lie therefrom, except as provided by the Federal Arbitration Act. These arbitration procedures are intended to be the exclusive method of resolving any claim or dispute arising out of or related to this Plan, including the applicability of this Section; provided, however, that any party seeking injunctive relief in connection with a breach or anticipated breach of the Plan will do so in a state or federal court of competent jurisdiction within Dallas, Texas. Neither an application for temporary emergency relief, nor a court's consideration of granting such relief shall (i) constitute a waiver of the right to pursue arbitration under this provision or (ii) delay the appointment of the arbitrator(s) or the progress of arbitration proceedings. Each Participant knowingly, voluntarily and expressly waives any and all rights to initiate, participate in, or receive money or any other form of relief from any class, collective or representative proceeding and agrees each arbitration proceeding shall proceed on an individualized basis.

16.10 Reduction of Excess Parachute Payments. Except as may be provided in an employment or severance compensation or other service agreement between the Company and the Participant, if, in connection with a Change in Control, a Participant's payment of any Awards will cause the Participant to be liable for federal excise tax under Section 4999 of the Code levied on certain "excess parachute payments" as defined in Section 280G of the Code ("Excise Tax"), then the payments made pursuant to the Awards shall be reduced (or repaid to the Company, if previously paid or provided) as provided below:

(a) If the payments due upon a Change in Control under this Plan and any other agreement between a Participant and the Company, exceed 2.99 times the Participant's "base amount," as defined in Section 280G of the Code, a reduced payment amount shall be calculated by reducing the payments to the minimum extent necessary so that no portion of any payment, as so reduced or repaid, constitutes an excess parachute payment.

(b) Whether payments are to be reduced pursuant to this Section 16.10, and to the extent to which they are to be so reduced, will be determined solely by the Company and the Company will notify the Participant in writing of its determination.

(c) In no event shall a Participant be entitled to receive any kind of gross-up payment or Excise Tax reimbursement from the Company.

17. Effective Date, Amendment and Termination

17.1 Effective Date. The effective date of the Plan shall be the date on which the Plan is approved by the requisite percentage of the holders of the Common Stock of the Company; provided, however, that Awards granted under the Plan subsequent to the approval of the Plan by the Board shall be valid if such stockholder approval occurs within one (1) year of the date on which such Board approval occurs.

17.2 Amendment; Termination. The Board may suspend or terminate the Plan (or any portion thereof) at any time and may amend the Plan at any time and from time to time in such respects as the Board may deem advisable or in the best interests of the Company or any Subsidiary; provided, however, that (a) except as expressly permitted pursuant to Sections 3.2, 4.3, 10.3, 11.3, 12.3, and 14.1, no such amendment, suspension or termination shall materially and adversely affect the rights of any Participant under any outstanding Awards, without the consent of such Participant, provided that no modification or amendment of any Incentive Stock Option shall require a Participant's consent as a result of such modification or amendment causing such Incentive Stock Option (i) to become a Nonqualified Stock Option or (ii) to be considered granted as of the date of such modification or amendment pursuant to Section 424 of the Code and Treasury Regulations Section 1.424-1(e), (b) to the extent necessary and desirable to comply with any Applicable Law, regulation, or stock exchange rule, the Company shall obtain stockholder approval of any Plan amendment in such a manner and to such a degree as required, and (c) stockholder approval is required for any amendment to the Plan that (i) increases the number of shares of Common Stock available for issuance under the Plan, or (ii) changes the persons or class of persons eligible to receive Awards. The Plan will continue in effect until terminated in accordance with this Section 17.2; *provided, however*, that no Award will be granted hereunder on or after the 10th anniversary of the date of the Plan's initial adoption by the Board (the "**Expiration Date**"); *but provided further*, that Awards granted prior to such Expiration Date may extend beyond that date.

CONFIDENTIAL

Ekso Bionics Holdings, Inc.

San Rafael, CA 94901

Members of the Ekso Bionics Holdings, Inc. Board of Directors:

We understand that Ekso Bionics Holdings, Inc., a Nevada corporation (“Issuer” or “Ekso Bionics”), plans to enter into a Contribution and Exchange Agreement (the “Agreement”) by and among Issuer, APLD Intermediate HoldCo LLC, a Delaware limited liability company (“Contributor” or “Applied Digital”), and Applied Digital Cloud Corporation, a Nevada corporation and wholly owned subsidiary of Contributor (“ChronoScale”).

Pursuant to a draft of the Agreement, dated as of February 14, 2026, Contributor will contribute to Issuer all of the issued and outstanding Equity Interests of ChronoScale, in exchange for 138,216,820 shares of Issuer Common Stock (the “Exchanged Shares” and such contribution, the “Contribution” and, together with the other transactions contemplated by the Agreement, the “Transactions”). In connection with, and as a condition to the consummation of, the Transactions, Issuer intends to complete a private placement of shares of Issuer Common Stock or preferred stock of Issuer that is convertible into Issuer Common Stock in such amount as shall be determined by, and on terms acceptable to, Contributor (the “PIPE Investment”). For purposes of this opinion, and with your consent, we have deemed the aggregate consideration to be the shares of Issuer Common Stock issued to Contributor (the “Consideration”). The terms and conditions of the Agreement are more fully set forth in the Agreement. Any term not otherwise defined in this letter shall have the meaning ascribed to it in the Agreement.

You have requested our opinion as to the fairness, from a financial point of view, of the Consideration to be issued by Issuer to Contributor in connection with the Transactions. We have not been requested to opine as to, and our opinion does not in any manner address, the underlying business decision to proceed with or effect the Transactions.

We, as a customary part of our investment banking business, engage in the valuation of businesses and their securities in connection with mergers and acquisitions, underwriting and secondary distributions of securities, private placements and other valuations for estate, corporate, and other purposes. We will receive a fee from Issuer for providing this opinion which is not contingent upon the consummation of the Transactions. Further, Issuer has agreed to reimburse our expenses and indemnify us against certain liabilities that may arise in relation to our engagement. Over the period from 2024 through 2026, we have provided a range of investment banking and advisory services to the Issuer, including acting as financial advisor and placement agent in connection with follow-on and registered offerings, warrant-related advisory matters, and private placement transactions. In connection with these engagements, we have received, in the aggregate, approximately \$810,000 in cash fees, customary expense reimbursements, and equity-linked compensation in the form of warrants to purchase 29,627 shares of Issuer Common Stock. Over the period from 2022 through 2025, we have also provided investment banking and advisory services to the Contributor, including serving as a co-manager in connection with its initial public offering and a Rule 144A convertible debt offering, as well as acting as financial advisor and agent with respect to its at-the-market equity program. In connection with these engagements, we have received, in the aggregate, approximately \$780,000 in cash fees. In the ordinary course of our business, we and our affiliates may actively trade securities of Issuer or Contributor for our own account or the account of our customers and, accordingly, we may at any time hold a long or short position in such securities. Other than the aforementioned services, we have not performed financial advisory or investment banking services for Issuer or Contributor in the past three years. In the future, we may provide other financial advisory and investment banking services to Issuer and Contributor for which we would expect to receive compensation.

In connection with our review of the Transactions, and in arriving at our opinion, we have among other things:

- Reviewed a draft of the Agreement dated February 14, 2026, which was provided to us on February 14, 2026;

- Reviewed the historical and projected divisional financials for the Business for the calendar years 2025 through 2029, on a stand-alone basis prepared and furnished to us by Applied Digital,
- Attended financial and operational diligence calls with Ekso Bionics and Applied Digital's management to discuss the financial projections, key assumptions, and business prospects for ChronoScale;
- Analyzed public information with respect to certain other companies in lines of business that we believe to be comparable to that of ChronoScale, in whole or in part, including an analysis of current public market prices and resulting valuation statistics;
- Reviewed the financial terms, to the extent publicly available, of certain other transactions involving the acquisition of companies we believe to be comparable to ChronoScale, in whole or in part;
- Performed a discounted cash flow analysis based on financial projections for ChronoScale prepared and furnished to us by Applied Digital's management; and
- Performed other research and analysis and considered such other factors as we deemed appropriate.

In addition, we have conducted such other analyses, examinations and inquiries and considered such other financial, economic and market criteria as we have deemed necessary and appropriate in arriving at our opinion.

We have relied upon and assumed, without assuming liability or responsibility for independent verification, the accuracy and completeness of all information that was publicly available or was furnished, or otherwise made available, to us or discussed with or reviewed by or for us. We have further assumed that the financial information provided has been prepared on a reasonable basis in accordance with industry practice, and that management of neither Issuer nor the Contributor is aware of any information or facts that would make any information provided to us incomplete or misleading. Without limiting the generality of the foregoing, for the purpose of this opinion, we have assumed that with respect to financial forecasts, estimates and other forward-looking information reviewed by us, that such information has been reasonably prepared based on assumptions reflecting the best currently available estimates and judgments of the management of Issuer and Contributor as to the expected future results of operations and financial condition of each company and have not evaluated or otherwise tested such financial forecasts, estimates and other forward-looking information or the underlying assumptions. We express no opinion as to any such financial forecasts, estimates or forward-looking information or the assumptions on which they were based.

In connection with our opinion, we have assumed and relied upon, without independent verification, the accuracy and completeness of all of the financial, legal, regulatory, tax, accounting and other information provided to, discussed with or reviewed by us. Our opinion does not address any legal, regulatory, tax or accounting issues.

In arriving at our opinion, we have assumed that the Agreement will be in all material respects identical to the last draft of each such Agreement reviewed by us. We have relied upon and assumed, without independent verification, that (i) the representations and warranties of all parties set forth in the Agreement and all related documents and instruments that are referred to therein are true and correct, (ii) each party to the Agreement will fully and timely perform all of the covenants and agreements required to be performed by such party thereunder, (iii) the Transactions will be consummated pursuant to the terms of the Agreement without amendment of any term or condition thereof the effect of which would be in any way meaningful to our analysis, and (iv) all conditions to the consummation of the Transactions will be satisfied without waiver by any party of any conditions or obligations thereunder the effect of which would be in any way meaningful to our analysis. Additionally, we have assumed that all the necessary regulatory approvals and consents required for the Transactions will be obtained in a manner that will not adversely affect Issuer or the contemplated benefits of the Transactions to Issuer.

In arriving at our opinion, we have not performed any appraisals or valuations of any specific assets or liabilities (fixed, contingent, or other) of Issuer or Contributor, and have not been furnished or provided with any such appraisals or valuations, nor have we evaluated the solvency of Issuer or Contributor under any state or federal law relating to bankruptcy, insolvency, or similar matters. The analyses performed by us in connection with this opinion were going concern analyses. We were not requested to opine, and no opinion is hereby rendered, as to whether any analyses of Issuer or Contributor, other than as a going concern, is appropriate in the circumstances and, accordingly, we have performed no such analyses. Without limiting the generality of the foregoing, we have undertaken no independent analysis of any pending or threatened litigation, regulatory action, possible unasserted claims or other contingent liabilities, to which Issuer, Contributor, ChronoScale, or any of their respective affiliates is a party or may be subject, and at the direction of Issuer and with its consent, our opinion makes no assumption concerning, and therefore does not consider, the possible assertion of claims, outcomes or damages arising out of any such matters.

This opinion is necessarily based upon the information available to us and facts and circumstances as they exist and are subject to evaluation on the date hereof; events occurring after the date hereof could materially affect the assumptions used in preparing this opinion. We are not expressing any opinion herein as to any change in the price at which shares of Issuer's common stock may trade following announcement of the Agreement or at any future time. We have not undertaken to reaffirm or revise this opinion or otherwise comment upon any events occurring after the date hereof and do not have any obligation to update, revise or reaffirm this opinion.

Consistent with applicable legal and regulatory requirements, Lake Street Capital Markets, LLC ("Lake Street") has adopted policies and procedures to establish and maintain the independence of our research departments and personnel. As a result, our research analysts may hold views, make statements or investment recommendations and/or publish research reports with respect to Issuer and the Transactions that differ from the views of our investment banking personnel.

This opinion is furnished pursuant to our engagement letter dated January 14, 2026. This opinion is directed to the Board of Directors of the Issuer for its use in connection with its consideration of the Transactions and is not intended to be and does not constitute a recommendation to any shareholder of Issuer. Furthermore, we express no opinion as to any other aspect or implication (financial or otherwise) of the Transactions, or any other agreement, arrangement or understanding entered into in connection with the Transactions or otherwise, including, without limitation, the fairness of the amount or nature of, or any other aspect relating to, any compensation or consideration to be received by or otherwise payable to any officers, directors or employees of any party to the Transactions.
